

The Semi-Weekly Tribune.

VOLUME VI.—NUMBER 135.

GREAT FALLS, MONTANA, SATURDAY, APRIL 26, 1890.

PRICE FIVE CENTS.

Sole Agents in Great Falls for the Knox Hat.

Boys' Flannel Shirts,
Boys' Waists, Boys' Suits.

Gloves! Gloves!
Gloves! Gloves!

How can you get gloves, a pair that is light, soft and at the same time desirable? We have solved the problem. We have only just received an invoice of what is considered the same of perfection in a driving glove. They are made from seal pup skins, by a California factory, who make a specialty of tanning and making up these skins into fine gloves. Each pair is warranted to wear and fit and, beyond doubt, the best glove for its purpose ever placed on the market. We are sole agents for them here in Great Falls. Drop in and look at them, they are beautiful and no mistake. Our stock of fine kids and castor gloves is now complete at all prices from \$1.00 to \$2.50. In heavy gloves and mitts we take the lead. Our dogskin, heavy gloves for workmen, are the strongest and most satisfactory goods in the market. Also a complete line of books, in plymuth and oil-tan.

Spring Suits! Spring Suits!

Ah, "This is where we shine!" Everyone who has looked at our tailor-made garments for spring, pronounces them beautiful and they fit like gloves. If you, my reader, want a new suit this spring, don't fail to inspect our line before buying, because we can save your money.

HATS! HATS! HATS!!!

Well, we should say so! We can safely say that in this department we have the most complete assortment of fine goods, medium grades and cheap, that could be found anywhere in Montana. Our stock comprises in stiff hats, such celebrated makes as the Knox and Battersby's best English goods. In soft hats we have a complete assortment, including Stetson's goods in all grades. In short our hat stock is complete in every detail.

SHOES! SHOES!

Our shoe stock is now one of the best assorted in Montana, it is complete including makes, at the lowest possible prices.

THE BOSTON,

Andrew Jensen, Prop'r.

Next Door to First National Bank

F. M. MORGAN

ARCHITECT,

Office—Third floor of the Minot building, 12 1/2, Great Falls, Mont.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by Lapeyre Bros.

PASSED BOTH HOUSES.

The World's Fair Bill Now Goes to the President for His Signature.

Senate Amendment Providing for a Naval Display Concurred in by the House.

WASHINGTON, April 24.—The senate, after further discussion, adopted Mr. Hoar's naval review amendments. The section reads: Sec. 5. That the president is hereby empowered to order a naval review in New York harbor in April, 1893, and to extend to foreign nations an invitation to send ships of war to join the United States navy in rendezvous at Hampton Roads and proceed thence to said review. An amendment was also adopted prohibiting the sale of intoxicants within the limits of the exposition grounds. The bill was then reported from the committee of the whole and passed by a vote of 48 to 18. The senate then, at 10 p. m., adjourned.

NOW GOES TO HARRISON.

Senate Amendments Concerned in by the House.

WASHINGTON, April 24.—The house has concurred in the senate amendments to the world's fair bill, and the bill, having passed both houses, goes to the president for action.

CONGRESSIONAL PROCEEDINGS.

The Senate.
WASHINGTON, April 24.—Among the bills introduced were the following: By Mr. Sherman—For the creation of additional barracks at Columbus, Ohio, at a cost of \$75,000. By Mr. Gibson—For the prevention of adulteration and misbranding of drugs, and for the prevention of poisonous or injurious adulterations. Mr. Plumb's resolution for the increase of treasury bullion purchases was presented in the senate and Mr. Hoar offered as an amendment a further resolution that free coinage was essential to a sound financial policy, and all laws limiting the coinage of silver ought to be repealed. The resolution went over for the present and Mr. Mitchell addressed the senate on his proposed constitutional amendment for the election of senators by the popular vote.

STRIKE IS INEVITABLE.

Amicable Adjustment of Differences Between Miners and Operators Impossible.

BRIDGE, Ind., April 24.—The Brazil Coal company, the largest firm of operators in Indiana, has posted notices of a 5 per cent. reduction from May 1 to Nov. 1. The present rate is 50 cents. The miners, acting with the National Miners' union, have demanded 80 cents and an amicable adjustment is impossible. The general strike which the National union has ordered for the second week in May at the Columbus scale is not held at any point in Indiana, Illinois, Ohio, Western Pennsylvania, or West Virginia is inevitable.

NOT QUANTITIES FOR EIGHT HOURS.

New York, April 24.—In summarizing the results of a general inquiry among the workmen of this city, the *Evening Post* says it was the opinion generally of workingmen that while the demand for a working day of eight hours would be urged by a few unions, the majority, by force of arrangements into which they had entered with employers, would be contented from taking any part in the movement.

QUARRYMEN AFFLICTED.

JOLIET, Ill., April 24.—A general lay off of quarrymen in the Desplains valley quarries was started Monday in consequence of the carpenters' strike. Sanger & Co., leading by laying off 150 men. It will extend to all the quarries and materially affect other business which depends upon the carpenter work in the progress of general building.

SULLIVAN AND JACKSON.

The California Club Will Give a Purse of \$25,000 for a Fight Between the Two Fighters.

SAN FRANCISCO, April 24.—At the meeting of the members of the California Athletic club an informal decision was reached to match Sullivan and Jackson for a purse of \$25,000. No agreement as to when the fight will take place was reached, but five or six months hence seemed to be the prevailing opinion. The proposition will be formally brought before the club at the next meeting.

OUTLAW KILLED AND DISPOSED.

SALT LAKE, Utah, April 24.—Deputy Marshal Bush arrived in Salt Lake Sunday from Southwestern Utah, where he had ridden a cattle thief. At Bluff City he arrested a man named Bowen, a noted outlaw and desperado. When he attempted to arrest "Bloody" Bowen, the leader of the outlaws, Bowen pulled a revolver, but the marshal was too quick for him and shot him down. The gang was completely broken up.

CARNET IN CORONAS.

ATLANTA, Ga., April 24.—Upon his arrival here President Carnot was greeted by a number of ladies who welcomed him by performing the coronation ceremony of stroking his path with rice and corn. During the day the president visited the birth place of Napoleon I. Carnot has started for Boston, where he will inspect the fortifications and visit the large factories and other industries established there.

THE BEST PLASTERERS OF LOWELL, MASS., HAVE RECEIVED A DEMAND FROM THEIR UNION FOR AN INCREASE OF 25 CENTS PER DAY IN WAGES TO TAKE EFFECT JUNE 1.

Wine for Family Use.
The time has come when everybody can drink wine as it is now sold by the Great Falls Liquor Co., at Wetzell's old brand, as follows: Claret and White wine, \$3 per doz.; Claret per gallon, \$1; White wine, per gallon, \$1.50. Goods delivered to all parts of the city.

ARE YOU MADE miserable by Indigestion, Consumption, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by Lapeyre Bros.

THE BOARD OF TRADE.

Interesting Talk on the Roads Around Great Falls—Remarks by D. R. Maguire.

The meeting of the Board of Trade Wednesday was attended by Messrs. Jensen, Tock, Shur, Dunn, Collett, Kingsbury, Wegner, Pomeroy, Worland, Collins, Webster, Bach, Cory & Co. and others. Mr. Myers acted the executive committee has selected Mr. Pomeroy as secretary. Mr. Wegner moved that the report be accepted. Carried.

Mr. Jensen from the committee on transportation asked for more time, which was granted.

A letter was received from Ralph Wagner of the American Economist relative to making known the resources of Great Falls.

Another letter was read containing an account on Great Falls. The first letters of each line spelled out together: "Great Falls is the commercial and manufacturing metropolis of North Montana."

An offer was also received to insert advertisements relative to Great Falls. Mr. Ellis was heard on this subject.

On motion of Mr. T. E. Collins this matter was referred to the executive committee.

The president referred to need of better roads in some directions, and invited county commissioners Wegner and Livingston to speak thereon.

Mr. Wegner gave a clear, interesting statement relative to the progress of the Sun river bridges and the roads that are projected or in course of construction.

On motion of Mr. McKnight seconded by Mr. Collins, Mr. Willard of Bach, Cory & Co. was admitted to membership and placed on the transportation committee.

The president invited Mr. D. R. McGinnis, who had done so much for this region, to speak.

Mr. McGinnis spoke eloquently of the water power, the coal fields and the vast stores of precious metals. It is an open page to those who will read it that here you will have the largest city between the Mississippi and the Pacific ocean. All you have to do is to look ahead. The water power and coal represents so many sources of strength that need only man's industry to call them forth. He would also like to make known the new region that is being opened by the Belt Mountain railroad. People are here in a country just bursting its bounds. It has a broad, boundless prospect (applause).

Mr. Collins said that such talks as Mr. McGinnis' and the general signs of growth should inspire further effort to advance Great Falls. He urged that roads be built to Smith river and the Highwood region. He felt that the people owed thanks to the park commission and the city council for the work it had done in tree planting.

The president said that material for the dam had been bought and work would proceed actively.

NOTICE ON CORA CREEK.

Resistant Rainfall—Some Ranches Well Stocked With Outland Horses.

CORA, April 24.—H. L. Descombes, Cora's merchant, reports business as very good. The residents of Cora and vicinity have been favored by the weather bureau as the valleys were visited by a welcome rainfall on Saturday night.

Preston & Street have a fine ranch of 350 acres at the head of Cora Creek, where they are extensively engaged in the raising of thoroughbred horses and cattle. They are enterprising ranchmen and will do well in this place. They have several buildings, and will soon erect more.

Mr. and Mrs. Preston came here from New York years ago, and are much thought of by the people in the vicinity. Mrs. Preston is an accomplished and entertaining woman and makes things pleasant for those who have the good fortune to visit the ranch. They have about 100 head of horses.

G. Wells has a fine ranch on Cora Creek, the greater part of it is under cultivation, Mr. Adams is superintending and during Mr. Wells' absence Mr. J. D. Richards & Co. have the contract to supply meat to the new railroad, and are kept busy most of the time. Mr. Richards has a fine ranch on Cora Creek, and a band of about 300 horses.

Dr. Wittman's office is in the Collins' block, Central avenue.

HELENA'S DILEMMA.

Helena is debating the question as to which is the better policy, to spend \$100,000 in advertising that as the biggest town on earth, or to spend the money in substantial manufacturing enterprises, and then let the people see the big money being made in the place. The latter course is the one that is being followed.

FOR RHEUMATISM THERE IS NOTHING BETTER THAN CHAMBERLAIN'S PAIN EXPELLER.

Helena is debating the question as to which is the better policy, to spend \$100,000 in advertising that as the biggest town on earth, or to spend the money in substantial manufacturing enterprises, and then let the people see the big money being made in the place. The latter course is the one that is being followed.

GROUP ROOPIING COUGH AND BRONCHITIS IMMEDIATELY RELIEVED BY SHILOH'S CURE. For sale by Lapeyre Bros.

While the columns of the Graphic are open to any and all unobjectionable advertisements, yet it is quite impossible for us to appear knowingly of the merits of the various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a noteworthy exception is the celebrated Chamberlain's Cough Remedy. This our universally known medicine, has been advertised in the Graphic for four or five years, but not until recently had we any personal knowledge of its wonderful efficacy, which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In this writers family this medicine has on several occasions relieved a child of a cough, and the number of families in Kimball and vicinity in which this remedy has been used, will illustrate its efficacy as a specific for coughs and colds of every nature. For sale by Lapeyre Bros.

FUNERALS EVERY DAY.

Dreadful Epidemic of Diphtheria Raging at Vining, Minn.—Sixty Deaths Already.

Bayou Sara Leaves Broken and the Town in Ruins—New Orleans Leaves Giving Away.

Panics at a Mexican Bull Fight Caused by a Collapse of the Seats—Eight Readers Injured.

FERGUS FALLS, Minn., April 24.—Diphtheria has been raging at Vining since last fall, with very fatal results. It is a little station on the Northern Pacific road, but there have been forty deaths during the winter and twenty since April 1, an average of one a day. The settlement is made up of Scandinavians and a physician of that nationality has attended them. No effort has been made to stay the spread of the disease, and to some he claimed it was not diphtheria. The authorities finally sent for a physician of this city, who went out and investigated it and reports it diphtheria. The day before he reached there two public and largely attended funerals were held. There are a dozen cases now, but an effective quarantine will be established.

THE TOWN IN RUINS.

By the Breaking of the Levee Bayou Sara Is Ruined Submerged.

BAYOU SARA, La., April 24.—The levee broke at 12:30 a. m., and the town is in ruins. No house escaped damage or destruction by the deluge. Many of the people have had nearly all their household effects ruined. Boats and rafts are the only means of communication. The people were exhausted by their efforts to save the levee and are now in despair. Heavy rain all day has added to the gloom. Most of Pointe Coupee is also flooded from a break in the Taylor levee. The Fanny Power levee will probably be a serious one. The large levees still hold, but the outlook is bad. Only one house in town is above water. The Fanny Power levee has been broken. Another break has occurred at Red Store, four miles above here.

RODENT FLOATING ABOUT.

VICKSBURG, Miss., April 24.—A correspondent has just returned from a trip up the Sandifer river delta by boat. He describes the scenes in the overflowed region as pitiful. He thinks the loss of life has been greater than heretofore reported. He says that he saw a man and a woman and four negroes. The bodies had to be left where they were, as there was no way to bury them.

NEW ORLEANS FLOODED.

NEW ORLEANS, April 24.—A southeast gale, accompanied by rain, raged here all day, causing high tide along the Gulf shore, and a six inches in the river. About noon the levee gave way just above the sugar house on S. Wilkinson's myrtle grove plantation. In twenty minutes the break was said to be fifty feet wide. The water was in the levee through an irresistible torrent. The levee some thirty miles below the city was pretty high, and much damage will result from its crevasse. At about 7 o'clock the bank of the old canal near Delix street, in this city, succumbed to the pressure of water and gave way. Unless stopped soon the water will flood the center of the city as far up as Clarence street. The bulkhead at Orleans canal above Carrollton, the upper suburb of this city, is giving away under the pressure of the back water, and the upper streets so far are being covered with water.

AMPHITHEATRE COLLAPSED.

Terrible Panic at a Mexican Bull Fight—Readers Injured.

CITY OF MEXICO, April 24.—At the conclusion of a bull fight at Guadalupe, on Sunday, a section of the amphitheatre collapsed, precipitating thousands of people through in an irresistible torrent. The levee some thirty miles below the city was pretty high, and much damage will result from its crevasse. At about 7 o'clock the bank of the old canal near Delix street, in this city, succumbed to the pressure of water and gave way. Unless stopped soon the water will flood the center of the city as far up as Clarence street. The bulkhead at Orleans canal above Carrollton, the upper suburb of this city, is giving away under the pressure of the back water, and the upper streets so far are being covered with water.

IMPLEMENT WORKS IN ASKES.

OTTAWA, Ill., April 24.—The King & Hamilton Implement works, at this place, were destroyed by fire. The flames started shortly after 10 o'clock, and in less than an hour the entire building, with the exception of the paint shop, was destroyed. It is thought that the fire originated in the pattern room on the second floor. The works were running full force and the place was heavily stocked with wagons and farm implements, all of which were destroyed. The loss will probably reach \$70,000.

SIX PASSENGERS WERE INJURED.

CAIRO, Ill., April 24.—The north-bound passenger train on the St. Louis, Arkansas and Texas railroad was derailed near Hibbard, sixteen miles below here, and six of the twenty-three passengers were injured, but none fatally. An unlocked switch was the cause.

BURNED FOR THE THIRD TIME.

BRAZIL, Ind., April 24.—For the third time in three years the business portion of Knightville, two miles east of here, was burned Monday. The principal loss was D. C. Davis on general store, residence and saloon. Loss, \$25,000; insurance light.

THEODORE THOMAS TO MARRY.

NEW YORK, April 24.—Theodore Thomas left for Chicago Monday and on May 19 he will be married to Miss Rose Fay sister of Amy Fay, one of the best violin pupils. Mr. Thomas is a widower of 54, his first wife having died two years ago. Miss Fay is about 30. She is decidedly musical in her tastes.

TOO LOVELY FOR ANYTHING, BUT JUST THE THING FOR YOU. Our Dress Goods, we mean.

NEW YORK'S CASH BEZAR.

The largest stock of fresh candies in the city, all hand made, at Wells and Busch's.

All kinds of House Furnishings at the Bee Hive.

Some folks don't trade with us; some folks lose money. Who's out of pocket?—New York Cash Bezar.

Ladies can get a nice pair of shoes very cheap at Strain Bros., Second street.

NO MONEY FOR THE JOURNAL.

The Mandamus Proceedings Fail—Legislature Action Necessary.

HELENA, April 24.—[Special to the TRIBUNE.]—The long fought mandamus case of the Journal Publishing Co. vs Ed Kenney, state auditor, was decided by the supreme court this morning against the Journal. The action was brought to recover the money due the company for the state printing and compel the auditor to audit the accounts.

MISSALEMENTS CORRECTED.

The Purchase of Land at Three Forks—The Refinery Will Come Here.

HELENA, April 24.—[Special to the TRIBUNE.]—This morning's Independent has a statement to the effect that Marcus Daly bought property at Three Forks for a refinery and that the Great Northern has offered to refund Mr. Daly all his paid for it. Also that Mr. Hill had conferred with Mr. Daly.

This is all guess work, or worse. In fact there is no foundation for it. To show how far the Independent is off its base we may state that President Hill of the Great Northern was not here or at Anaconda at all.

Further, our correspondent can affirm on the best of authority that the Anaconda company has not bought the Three Forks property. It was bought by the Northern Pacific railway company and proffered to the Anaconda company free if they would build their refinery at that place. This they have not as yet agreed to do, and it has leaked out that there is but little probability of anything of the kind occurring.

The refinery will be built at Great Falls, where, almost, ample water power and other facilities can be secured. Less than one month will prove my prediction a good one.

Marcus Daly is now at home in good health and the matter will be decided by him in the time I have mentioned.

DEATH OF FREDERICK AMME.

The Noted Violinist Succumbed to a Severe Attack.

Tuesday night Frederick Amme, the popular leader of the Park orchestra, was in his accustomed place and played his parts well. Little did anyone think that before the sun arose he would be called away by the Master. He remained at his post until the theatre closed, about 12:30, and then went to his room. About 3 p. m. he was taken with hemorrhage of the bowels and lost strength rapidly. Manager Gerls was sent for and when he arrived Fritz said to him "John, this is the last call. The good-bye." He lost strength rapidly and passed away at 5:30 a. m. Mr. Amme has been troubled with dropsy for several months.

THE MUSICIAN LAID TO REST.

Last Honors Paid to Frederick Amme by His Associates and the Public.

The funeral services of Frederick Amme occurred Thursday morning at 10 o'clock. The body was tenderly placed in a beautiful wicker casket. On this was a wreath and his favorite violin, Albert Zabler, Wm. J. Martin, H. M. Luther and Mr. Hanson, the pall-bearers, placed the casket in the hearse. The procession then formed with the Park Theatre band of thirteen pieces leading. Following this came the music of "John, this is the last call. The good-bye." This was of his own composition, the last remains of Fritz Amme were carried to the grave. The procession, headed by the band, marched with slow and stately tread up Central avenue, and as the last strains were wafted to the listener, it seemed as an invitation away from the cares, the troubles and sorrows of this world to the quiet rest and peace of the great beyond. Rev. W. B. Combe delivered a beautiful sermon at the grave.

AN IMPORTANT LAND DEAL.

Some Acre Property Sold at a Good Figure.

A deed has been placed on record by which T. E. Collins transfers to A. E. Dickerman and Dr. Crutcher 90 acres of land adjoining West Great Falls, and near the temporary Great Northern stock yards. The price paid was \$10,000.

CITY FATHERS ASSEMBLED.

The Telephone Ordinance is Passed at Last.

The old board met Tuesday eve probably for the last time. There was a look of weariness and desperation on the faces of the conscript fathers when the Dyas telephone ordinance reappeared. Hamlet was not more anxious when he saw his father's ghost. The council wrestled with the ordinance, amendments and all, and passed it.

The general business was not great. The following bills were ordered paid: E. Datcher, \$8; Goodrich Lumber Co., \$47.28; H. Criss \$8; Journal Publishing Co., \$19.55; trees and labor in planting same \$30.00.

Tusk & Hustler's bond was referred to a committee with power to act. Leave was given to build the big blocks now under way. The gasoline check was returned to him on motion of Alderman Clinton. Alderman Webster opposed the motion, but the vote stood three to two. Mr. Hustler was allowed to make \$20 feet of pipe in Helena. An ordinance was introduced to pay for the use of hydrants on May and November 1, instead of January and July 1st.

Mr. J. G. Gibson explained the work of the park commission in tree planting. He stated that the work had been done well and efficiently.

If you want something for a bad cold, try the old-fashioned Hoarhound candy at the Candy Factory. Wells & Busch.

For lame back, side or chest, use Shiloh's Forest Plaster. Price 25 cents. For sale by Lapeyre Bros.

HUSTLED FROM A PULPIT.

Another Chapter Added to the Evangelical Church Row in Chicago.

A Sermonnaire Indolgent in Sunday School and One Minister and His Faction Ejected.

Three Kentucky Desperados Shot Down by Enemies in Ambush—Farmers' Fatal Fight.

CHICAGO, April 23.—As a result of the division in the Illinois conference of the Evangelical church, a row occurred Sunday in the Humboldt Park church. Sunday ended the church year, and each conference had appointed a minister to succeed Rev. Mr. Morley. As the above mentioned church, the Rev. John Vester came from the Wisconsin street conference, and the Rev. Heilman from the Sheffield from the Sheffield avenue faction. Both were on hand to take possession and underlook to dismiss the Sunday school. Mr. Vester and his friends at once made angry protest, and a general scuffling resulted. Mr. Vester was seized by a number of angry men and unceremoniously hustled into the street. It is probable that the affair will be carried to the courts.

DESPERADOS DROPPED.

Three Kentucky Outlaws Killed by Enemies at Ambush.

CATLEBURG, Ky., April 23.—Three brothers, John, Smith and William Baiden, three desperados known throughout this section, were shot by a gang headed by James Brown, on Pigeon creek, eight miles from here, Friday. The trouble which led to the killing dates back several years when Brown forced John Baiden from his bed and made him run for his life. Since then Baiden has been on a still hunt. Friday Brewer gathered a party of friends and waited for the outlaws in ambush. Firing was not begun until the three brothers were in close gunshot. John and Smith being killed outright and William frightfully wounded. He is not expected to survive, but was placed in the Catleburg House. His wounds are serious but it is expected between the two factions. For several years the Baidens have been branded as outlaws and a reward of \$200 each set on their heads.

FIGHT FOR RAILS—BOTH WITH DUE.

LITTLE ROCK, Ark., April 23.—News of a fatal stabbing affray was received here from Hempstead county, J. V. Hildreth and Tony Cooper, two farmers, while rebuilding a fence fell out about the ownership of some rails, and knives were used. Cooper was stabbed to death on the spot, and Hildreth received wounds from which he cannot recover.

WHAT JERRY KNOWS OF FARMING.

Some Pertinent Advice to the Growers from Secretary Bank.

NEW YORK, April 23.—A special to The World from Washington says Secretary Bank is about to issue an address to the farmers of the country explaining how the depression in agriculture can be remedied. He attributes the present state of affairs in part to carelessness in culture, and says that in these days of world-wide competition a successful farmer must be as well trained and careful in business as the store keeper, and his equal in intelligence and general education.

The secretary also thinks that the farmer does not study the market reports as carefully as he should, and recommends that he avail himself of the information supplied by the agricultural department. He thinks that farmers should not acquire more land than they can profitably cultivate.

After touching upon the question of mortgages, transportation, the middleman, marketing, farm products, and combinations to control the market, the secretary makes a long argument in favor of higher duties on farm products. In the case of the country exports of agricultural products amount to \$280,373,738, the greater part of which, probably \$250,000,000, might be, with proper special duties, secured on our own soil. He thinks that the problem can be solved by the imposition of high rates of duty on agricultural products.

JAPANESE DISASTERS.

Usual Accounts of Big Catastrophes—An American Vessel Wrecked.

SAN FRANCISCO, April 23.—Steamers Sunday brought Yokohama news to April 1. More disastrous fires have occurred in Japan. On March 29, 900 houses were burned at Aomori. The day after over 500 buildings were destroyed at Nispori and over 300 at Mimuro. The latter fire raged six hours.

The American ship Glendon, from New York, loaded with 68,000 cases of cocoon, lies on the rocks at Kenosaki, Japan. She was blown ashore March 29. The steamer Omaha went to her assistance but could not get near enough to tow her off. If the weather continues fine both cargo and vessel may yet be saved.

The third Japanese national exhibition was opened by the emperor on March 31.

POPE WAS NOT CAUGHT.

LOUISVILLE, Ky., April 23.—W. H. Pope, the defaulting bank cashier, is still at large. President James A. Leach, of the Louisville City National bank Sunday received the following dispatch:

Louisville, N. M., April 20.—The man held here is not Pope. Will write J. Jones. [Signed.] Mr. Jones was formerly a resident of Louisville and knows Pope well.

RAILROADERS READY TO STRIKE.

NEW YORK, April 23.—A special to The World from Pittsburg, says: The railroad difference here are unsettled. It has been decided to order a strike at 6 o'clock Tuesday evening if the railroads do not mean while make satisfactory concessions. This statement is made on the authority of the grand chief of the Federated Order of Railroad Employees, who says the strike will be led from New York to Chicago.

MAYOR BRADFORD.

HELENA, April 23.—Mayor Bradford was inaugurated last evening. He has appointed R. B. Smith city clerk and attorney and John Brady street commissioner.

THE PLEA'S GRANTING.

The Great Falls Tribune has enlarged from a folio to a quarto. We are glad to see the Tribune prosper and hope yet to see Jerry Collins governor of Montana.
