We are now prepared to show a complete line of tailor-made garments in Three and Four-button Outwray Frocks, square cut, as well as Outwray Suits, in elegant imported Wemstedt, comprising almost every conceivable pattern. These goods are thoroughly made in every respect, being thoroughly shrunk in the piece before making and lined and trimmed with the best possible material. These garments are in every way as good as any made to order suits and not over half the price.

Fall Overcoats!

A "nobby" and tasty line of these goods just opened in all styles, including the latest fad, the English Box Cut. Now is the right time. Get one of these garments.

Gloves! Gloves!

In this department we simply have everything, including light Ousters, Undressed Kids, light Seal Pups for driving, as well as elegant English Dogskin Drivers. We think we can suit any one in the glove line.

Hats! Hats!

Everything in Hats from a Crusher to a Knox.

Shoes! Shoes!

Our line of Men's and Boys' Shoes is undoubtedly the most complete in Great Falls. Our \$2.50 Shoe in Congress, Lace and Button cannot be equaled. Our \$3.50, \$4.50 and \$5.50 Calf sewed goods are the best value that can possibly be shown. In hand-sewed goods we are headquarters.

Fall Underwear!

In this department we have selected the best line of goods the market affords, and are selling them at prices heretofore unheard of.

Now as to Prices.

We want to say right here that we guarantee our prices to be as low if not lower than any concern in Montana. We don't keep shoddy goods, so we can't sell goods for almost nothing, but we will give you VALUE RECEIVED every time you make a purchase.

Give us a call and get our prices before purchasing.

EMPEROR AND CZAR TO MEET

They and Their Ministers Will Hold An Important Conference.

SOCIALISTIC BUGBEAR APPEARS,

Russia Relates in Her Persecution of the Hebrews—Strong Demonstrations.

A German Conservative Praises the Emperor William as a Good Young Man.

(Copyrighted 1890 by New York Associated Press) BERLIN, August 16.—The German iron clad fleet and the imperial yacht Hohenzollern were sighted off Memel this morning. They stopped for Emperor William's dispatches and then proceeded northwest for Revel where they are timed to arrive tomorrow. The Russian squadron, consisting of 18 vessels, under command of Grand Duke Alexis, will fire a salute upon the arrival of the German vessels. Grand Duke Vladimir, of the St. Petersburg Genadier, of which the Kaiser is an honorary colonel, will form a guard of honor. The emperor's stay at Revel will be very brief. The whole circumstances of the emperor's entrance into Russia are to militate against monarchism and his meeting with the czar will be in a general spirit of cordiality. At noon the emperor will start for Nivna. That city is already decorated with flags and garlands. Triumphant arches have also been erected. The villa belonging to M. Polowinski, a wealthy landowner and large manufacturer, has been placed at the disposal of the emperor and will be the scene of a meeting which is destined to become historic. The imperial conferences at which Chancellor von Capri and M. de Giers will be present, are expected to last over three days. If the emperor fails to persuade the czar to adopt a permanent policy of peace, the conditions to be arranged through a revision of the Berlin treaty, by another European congress, rapid developments leading toward a European conflict are deemed certain to follow. The Russian government appears to be acting in full concert with the French authorities. The holiday leave of the Russian ambassador at Paris, was stopped in order to have him remain at his post in communication with M. Ribot, regarding what passes between Emperor William and the czar. Sir R. D. Morier, British ambassador to Russia, passed through here on a train to-night, returning to his post at St. Petersburg, from London, to watch the negotiation.

Soft Words for the Kaiser. BERLIN, August 16.—Herr Ritter, a free conservative member of the lower house of the Prussian diet, in a speech at Wausenburg today, praised Emperor William. No German, he said, devoted himself so exclusively with every fiber of his being and with his heart to further the national welfare. The cordiality power of the emperor was modifying the demands of workmen. The world of labor was beginning once again to bow to the sacredness of law. The speech will draw the attention of the whole country.

Caution in Germany. BERLIN, August 16.—The minister of the interior has sent a circular to the authorities relative to the measures to be adopted to restrain the socialist propaganda on the expiration of the special law against socialists. The circular directs the severe application of the ordinary laws against them. The police must not hesitate to dissolve meetings at which seditious speeches are made or to suppress doubtful associations. The Volksblatt, commenting on the circular, says: "If the law of oppression disappears, the policy of repression continues." A progressive party regrets the issuing of the special measures against socialists. A scheme to organize the socialist party meets with hostile criticism from several organs. The coming congress may end in a rupture in the ranks of the party.

Russia Held in Check. BERLIN, August 16.—It appears that it was Baron von Moltke who was the medium of the intervention against the persecution of the Jews, which led to the abandonment of the decree. The relations of the leading Jewish financial houses of Germany and Austria towards the Russian government were such as to render the success of the rancorous probable. The Jewish firms in Paris influenced the French government to operate upon the Russian authorities. Even the advice of the French might not have availed unless it had been backed by intimidation that the Jewish bankers in Paris would join the German and English financial combination against Russian stocks. The Rothschilds took the initiative in a protest and followed it up with energetic action, but assurance was obtained that the existing condition of the Russian Jews would not be made worse.

Win. Hutchinson of Benton, Illinois, while dealing in cattle and horses in Texas last September was taken with a very severe attack of cholera morbus and very severe cholera, he supposed, from a change of drinking water. A local druggist advised him to take Chamberlain's Colic, Cholera and Diarrhoea Remedy. The second dose, he says, effected a complete cure, and he now takes pleasure in recommending it to others. For sale at 25 and 50 cents per bottle, by Lapeyre Bros.

Graham and Wheat Flour, Corn Meal and Buckwheat Flour always on hand at Gray Bros., family grocers.

THE ARID LAND HUNGER.

A Circular About the Law of 1888 Which is Being Repealed.

WASHINGTON, August 16.—Commissioner Groff of the general land office has issued a circular giving in full the recent opinion of the attorney general, which annuls the construction placed upon the law of 1888, known as the arid land law, by the Interior. Attention is again directed to the department circular of August 8, 1890, in which there are instructions not to permit the entry of any part of the arid region, which might come within the operation of the act of October 2, 1888.

Although in any case, says the commissioner, there be at the time no designation of the land involved, as a selection for a site or sites for reservoirs, ditches or canals for irrigation purposes, or as land thereby made susceptible of irrigation, that fact is not to be construed as showing that the land is open to entry, although not yet so selected, it may be liable to such selection under the said act, which is held to withdraw all lands so liable to disposal. Absolute obedience to the order is enjoined.

Crystal Mill Burned. MINNEAPOLIS, August 16.—Crystal mill at Shingle creek, was destroyed by fire about 1 o'clock this morning. Crystal mill was one of the oldest in Minnesota. It had a daily capacity of 2,000 barrels. It was owned by ex-Alderman Henry Oswald. John C. Oswald was also interested in the property.

An Atrocious Act. PITTSBURGH, August 16.—All doubt in regard to the placing of cross ties on the Baltimore & Ohio railroad, that caused the frightful wreck at Osceola station Thursday night has been removed. The act was evidently for the purpose of robbery.

Completing the Census. WASHINGTON, August 16.—The census office today practically completed the population of the United States. There are, however, about 1,200 enumeration districts returns which have not been received. In consequence of the delay an announcement of the population of the several states cannot be made for some days yet. The count up to this time shows an aggregate of 62,955,954.

The total according to Porter's estimate, will be about 64,000,000, an increase of about 30 per cent during the decade. During the coming week the entire force of the census office, except such as will be engaged in computations, will be employed in settling the accounts of the enumerators.

Bought More Cracker Factories. CEDAR RAPIDS, Iowa, August 16.—For some time the American Biscuit Co. and the New York Biscuit Co. have been negotiating for the purchase of the Shaver & Dow cracker factories, located here and Des Moines. The New York company, however, made the best proposition and the deal was completed yesterday. The purchase price is not known. Mr. Shaver will continue as local manager.

Double Tracking the Lake Shore. GOSHEN, Ind., August 13.—The Lake Shore is laid out for double tracking entire system from Toledo to Chicago. It is thought that before winter the track will be laid. The trackmaster will begin work at once on the bridge.

A Great Fire. PROVIDENCE, R. I., August 16.—A fire started in the Dannel Print Works at Pawtucket at 7 o'clock this morning. The works were principally owned by Boston and New York parties. All the old works, covering about three acres, were burned. The new buildings, covering an acre, were saved, but in a damaged condition. The print works and drying department were totally destroyed. All the costly printing machinery and 500 brass rolls engraved were lost. Loss, \$350,000.

Paper Mill Burned. APPLETON, Wis., August 16.—The machine paper mill of the Patton Paper company burned this afternoon. Loss \$150,000; insurance \$75,000. Seventy-five men are thrown out of employment.

Incidents of the strike. NEW YORK, August 16.—The cost of maintaining the Pinkerton force in Albany and vicinity will be about \$10,000 per day. Last evening a number of Pinkerton men, stationed on the track in the northern section of this city, were stoned by persons hidden in or about houses in that neighborhood. Five men received injuries and were taken to hospital. Pinkerton men in the Union station where their wounds were dressed by physicians. Two men received severe scalp wounds. A fragment of brick was taken from the wound of one. It is not known whether persons who threw the missiles were strikers.

Superintendent Bissel said that the company had succeeded in sending eight freight trains west and five south from West Albany. He thought the outlook good. The 8:30 train out of Albany collided with a freight train two miles west of Schenectady last night. Engineer Isaac Vrooman and his fireman were killed.

Cigar Makers Strike. CLEVELAND, O., August 16.—A general strike of local cigar makers for an advance was inaugurated last night. Four hundred men are out.

Nickel Plate Moving. FORT WAYNE, Ind., August 16.—A secret meeting of all the train men on the Nickel Plate has been called for tomorrow, to take place at Bellevue, Ohio. The meeting will include engineers, firemen, switchmen and brakemen. It cannot be ascertained for what purpose the meeting has been called, but as the Nickel Plate is part of the Vanderbilt system, it is surmised that matters pertaining to the strike will be discussed.

ANTI-LOTTERY BILL PASSED

No Opposition to it in the House of Representatives.

IT NOW GOES TO THE SENATE.

Three Acres of Buildings Destroyed By a Fire at Pawtucket. R. I.

The Manitoba Railroad Leased to the Northern Pacific for a Limited Years.

WASHINGTON, August 16.—All important amendments adopted by the senate in committee of the whole were agreed to and the river and harbor bill was passed today. Senators Frye, Dolph and Hanson were appointed conferees. The conference bill on the Chickamauga military park was presented and agreed to. In the course of the debate on the lottery bill in the house, Wilkinson of Louisiana, in supporting the measure, admitted the pollution which the Louisiana lottery had brought upon the state; but attributed the pollution to the days of reconstruction. The people of Louisiana looked with gladness to the time when lotteries would be prohibited in that state, but the revenue to the state had been too great to be resisted without a struggle. When the Louisiana legislature met the very elements themselves had conspired to give the Louisiana lottery company a charter. Floods had borne down from the north and west. The lottery company could afford to pay for a new charter, far better than the state of Louisiana could afford to accept. The price had not been accepted and he thought that for it. All sense of honor and shame in his state was not dead. He had been asked how the lottery company had secured two-thirds of the legislature in favor of submitting a constitutional amendment to the people two years hence. Every solitary republican member had voted in favor of that proposition. There had been other members who had thought it their duty to submit the matter to the people. That some members of the legislature had been bought and sold, he had not a shadow of a doubt, but he believed that he could count those members on the fingers of one hand. He was as confident as he was that he stood here, that the lottery scheme would be overwhelmingly defeated and that his vote would be cast for the anti-lottery bill.

Evans, of Tennessee, in advocating the bill, dropped into statistics and stated that the chance of the ticket holder in the Louisiana lottery to draw the capital prize was 1 in 67,000.

Hansbrough, of North Dakota, favored the bill and in reference to the recent attempt to establish a lottery in that state, thanked God that his people had not yet reached that condition of poverty that they were even willing to sell their honor and manhood. The bill was then passed without division.

Hays, of Iowa, who had voted in the affirmative for the purpose, entered a motion to reconsider the vote by which the house passed the McKay bill. The house then adjourned.

A Railroad Leased. WINNIPEG, August 16.—It was definitely learned today, and is announced as an accomplished fact that the Manitoba railway has been leased to the Northern Pacific for 100 years. The lease takes the shape of a traffic arrangement.

Turkish Severity. CONSTANTINOPLE, August 16.—A court martial which has been trying persons implicated in rioting at the Armenian church at Koumbah condemned the ringleaders to death and sentenced others to terms of imprisonment.

BRIEF TELEGRAMS. The Wash. Strike at Chicago Ended. Surgeon General John Moore, U. S. A., has been placed on the retired list.

The Wash. strikers at Chicago have been paid off. They have resumed work. In a minority report Congressman Haines of Iowa held that the anti-lottery bill was unconstitutional, unnecessary, dangerous and gives too much power to the postmaster general.

Boys played with fire near Columbus, Ind.; as the result farmer Josiah Beatty lost his home and farm buildings with contents valued at \$40,000.

Heavy rains are helping the Oklahoma crops. The Saratoga winners yesterday were: Void, Reclaire, Sir John, Ben Harrington and Hydy.

Levi Troyer and wife, Goshen, Ind., were fatally injured by a train Friday.

Senator Quay's resolution limiting action in the senate this season was not received yesterday on account of an objection by Edmunds.

The Michigan Central officials say they see no sign of a strike.

Three arrests already have been made for tarring and feathering Editor Bentley, of Azusa, Cal. News and three more will follow.

Charles Pratt, the Blind, Neb., murderer, was lynched late Friday night.

Phelps Perrin was found guilty of the Hurley, Wis., robbery, Friday night. The amount stolen was \$40,000.

After belching six and a half days the Twentieth Ohio republican congressional convention has nominated on the 381st ballot V. A. Taylor, of Cuyahoga county.

Crops Destroyed.

HALLOCK, Minn., August 16.—Reports just received from south of Klinton and Marshall counties say that several thousand acres of crops were totally destroyed by a hail and wind storm at 2:30 p. m. yesterday.

Two Trains Wrecked.

ALTON, Ill., August 16.—A wreck occurred last evening on the St. Louis, Alton & Springfield railroad near Clifton Terrace. A passenger and a work train, running 30 miles an hour, met on a curve on the bluff several miles from here. It is miraculous that both trains did not go over the embankment into the river. Both engines are completely wrecked, as was also the car on the work train and the mail car. The passengers all escaped with nothing more than bruises, but the others faced worse. Both engineers jumped and saved themselves.

Peace in Guatemala.

CITY OF MEXICO, August 16.—A dispatch says that Honduras supports Guatemala. The Guatemalan peace negotiations are nearly concluded. Everything is quiet. The rumors of the flight or resignation of President Barillas are unfounded.

Prize Fight in New Orleans.

NEW ORLEANS, August 16.—Felix Vasquez a New Orleans giant, who earned a reputation by whipping the "St. Joe Kid" and lost it by falling on an easy victim to Kilrain, defeated Mike Rodon, the "Caucus," before the Columbia athletic club for an \$800 purse, tonight.

THE GREAT WHEAT MARKETS.

Cushing, of Plattsmouth; attorney general, John G. Higgins, of Grand Island; commissioner of public lands, Jacob Biglock, of Imperial; superintendent of instruction, C. D. Bakerstrom, of Nebraska City.

A Villainous Attempt. PRESSBURG, August 15.—Attempt to wreck a Baltimore & Ohio excursion train twenty miles from here resulted in a bad wreck and death of an engineer and an unknown tramp.

Did you see those suits at Strain Bros. clothing store at \$47?

NEW SILVER LAW AT WORK.

Congress Lays the Tariff Aside—The River and Harbor Bill Taken Up.

FULL PUBLICITY WILL BE GIVEN

An Alleged Widow of Millionaire Davis Appears With a Will.

Uncle Sam Begins to Purchase Silver on a Large Scale.

WASHINGTON, August 15.—It was announced at the treasury department this afternoon that today's offers for the sale of silver at rates ranging from \$1.14 to \$1.15 1/2, and that the departments accept all offers at prices below \$1.15. It is now understood that hereafter the same publicity will be given to government silver transactions as is now given to its bond operations.

The Old, Old French Claims.

WASHINGTON, August 15.—The senate committee on appropriations today completed the consideration of the general deficiency appropriation bill and reported it to the senate with a number of amendments, which with one exception, do not largely increase the total of the bill as it comes from the house. This exception is the provision for the payment of French speculation claims, aggregating \$1,231,688. Among the additions to the bill are the following: For post-offices at Dayton, Ohio, \$10,000; heating apparatus and elevators for the Pittsburgh court-house, \$110,000; judgments and awards on account of Fox and the Wisconsin overflood, \$120,000.

Improving the Missouri.

WASHINGTON, August 15.—The senate proposes to insert an item of \$350,000 for improving the Missouri river between Fort Benton and Silver City, with a provision for two ice houses.

WHAT'S

In a Name?

Shakespeare says, "A rose without a name would smell as sweet," nevertheless, just at the close of this last decade of the nineteenth century, in the year of grace 1890, there is quite a good deal in a name. A clothier without a name and reputation is heavily handicapped in the race for trade. People like to buy from dealers whose established record is a guarantee for fairness and honesty.

Our name, A. NATHAN, The One-Price Clothier, has been before the public of Northern Montana for years and has an established reputation for honesty, fair-dealing and hearty endeavor to please customers.

The reputation of a clothier is the accumulated evidence of many transactions with many customers. A good name can only be founded on continued merit in merchandise and fairness in dealing. We can be surprised in neither.

Our name has a value to you. It specifies a place where you can save money by buying better goods for less money than elsewhere. Try us and see if this good name is not well deserved.

Perhaps you may hear our customers speak of the tailor made clothing we carry, the work of Stein, Block & Co., wholesale tailors. There is so much in them to talk about it can't be half told. The fit, the fabric, the fashion, that extreme "finesse of finish" you can't find in other makes. When we call their suits tailor made, we mean every suit is made as much by hand as possible, no machine button holes or flimsily sewed on buttons, but enough said.

The name Stein, Block & Co., wholesale tailors, attached to all their work, speaks for itself. Our fall goods are coming in. We are receiving the best goods of every kind in our line that can be found.

The latest styles in hats, neck wear and handkerchiefs continually in stock. Shirts in quality, style, pattern, workmanship and prices that will suit you.

While we carry the best goods to be obtained, we also carry an immense stock of goods to suit all kinds of trade. We do not carry the cheapest grades, but will sell you good goods at prices that will surprise you; cheaper than the cheapest grades can be bought elsewhere. It will be to your interest to see our stock. Stop in when you can. We'll be glad to see you whether you purchase or not.

If you cannot come yourself send your order and it will receive immediate attention. Don't forget that we guarantee the price of every thing we sell. Yours respectfully,

A. NATHAN,

The One-Price Clothier.
