

## THE LAST RAIL IS LAID.

Great Falls & Canada Railway  
Completed to Leth-  
bridge.

## THE FIRST TRAIN OF COAL TOMORROW

The Republican Club Does not Desire  
the Proceedings of a Public  
Meeting Published.

John Gerin Finds Iron Ore on His  
Premises and is Excited  
About it.

Today the first through train over the  
Great Falls & Canada railway will start  
from Lethbridge loaded with coal for the  
Montana markets. The opening of this  
road is of more than ordinary importance  
to Great Falls. Traversing, as it does, a  
great stock region and which promises to  
become an agricultural region, it will be  
the means of adding to our already large  
shipments and the rapid development of  
a section of country so large and fertile  
as the state of Ohio. North of the line  
the country is also fair and will be made  
fruitful. The road will carry to the  
Great Falls smelters the ores from the  
mines of the Sweet Grass hills. These  
mines have already yielded some very  
rich ore and with development may show  
a mineral region second to none in Mont-  
ana.

The Lethbridge coal fields will furnish  
abundant freight to keep the road busy,  
and with the added competition will give  
the people good coal at a reasonable rate,  
while at the same time removing the  
danger of a coal famine. The intercourse  
will give the people better opportunities  
for becoming acquainted, and of exchanging  
commodities. This will result in an  
increased volume of business for both  
countries and prosperity will thereby be  
augmented.

Commenced about June 15th it is com-  
pleted Oct. 31—over two hundred miles  
of grading and track laying done in about  
105 days. This is a record of which the  
builders may well feel proud.

The people of Lethbridge are making  
elaborate preparations to welcome the  
excursion from Great Falls which will be  
announced in a few days.

## THE REPUBLICAN CLUB.

The Very Zealous County Clerk, as Ser-  
geant-at-Arms, Excludes the  
Tribune Reporter.

Everybody got to the republican meet-  
ing at Anson hall tonight—Great Falls  
Leader, Oct. 1.

On the strength of this public invita-  
tion a representative of the Tribune  
went to the hall. While looking over the  
audience and casting about for a conven-  
ient seat, Howard Crosby, the officious  
clerk and recorder, came up and told  
him he was not wanted there and for him  
to get out of the room. The Tribune  
representative asked if it was not a  
public meeting, and without answering,  
Crosby said: "We don't want you here  
and you are not going to stay," and push-  
ing the speaker to the door, and the latter  
left the building.

There was no desire whatever to in-  
trude on a private meeting and the re-  
porter was sent there only on the suppo-  
sition that it was a public one. If it was  
private, the over zealous county official  
might have acted gentlemanly in the  
premises; if public, our republican  
friends must greatly fear publication of  
the proceedings of their local pow-wow.  
In this respect the democrats are en-  
tirely different. The meetings of the  
Gibson club are also to be reported in  
the Leader reporter is as welcome there  
as anyone else. We have nothing to be  
ashamed of and nothing to hide.

## The T. L. Ranch Sold.

While C. S. Gibson was in Great Falls  
Monday, the sale of the T. L. ranch to  
the Sands Land & Cattle company was  
closed. This body of 1,900 acres joins  
the company's lands near Choteau and is  
a valuable tract. The affairs of this com-  
pany are in a prosperous condition and  
under Mr. Taylor's management, is one  
of the solid institutions of Choteau  
county.

## Another Fund.

John Gerin was seen Wednesday rushing  
up town with a chunk of ore in his hand.  
The ore was a fair sample of iron. It is  
said that while men were digging the  
trench for water mains on his lot on  
Fourth avenue north, they found this  
sample. The neighborhood is excited  
and it is said John has staked off a min-  
eral claim, also that a company is organ-  
izing to prospect for lead. C. A.  
Morton has a fine specimen of the rock  
on his veranda.

## The Greatest Mining Camp.

Butte City is not only the greatest min-  
ing camp in the United States, but in the  
world. Scattered over an area of nine  
square miles is the richest mineral re-  
gion yet known. To give the people of  
Great Falls an opportunity to see this  
camp an excursion will be run next Sun-  
day to Helena, Boulder Spring and Butte.  
The train will leave Great Falls at 11 p. m.  
Traveling Passenger Agent Hubbard  
will conduct the excursion and this is a  
guaranty that it will be a success.

## A Conservative Opinion.

Mr. and Mrs. T. Z. Cowles of St. Paul,  
are in the city. Mr. Cowles is the man-  
aging editor of the Pioneer Press and is  
combining pleasure with business on his  
trip. A visit to the great dam, the giant  
spring and Rainbow falls opened his eyes  
with surprise at the magnificent resources  
of the town, and the natural wonders  
near. He predicts much from the devel-  
opment and use of the great water and  
wisely suggested that more attention  
should be directed to the development of  
the iron mines and the establishment of  
more foundries and furnaces. Today  
they will pass on to Helena.

## The World Enriched.

The facilities of the present day for the  
production of everything that will con-  
duce to the material welfare and comfort  
of mankind are almost unlimited and  
when Syrup of Pigs was first produced  
the world was enriched with the only  
perfect laxative known, as it is the only  
remedy which is truly pleasing and re-  
freshing to the taste and prompt and  
effective to cleanse the system gently in  
the Spring time or, in fact, at any time  
and the better it is known the more popu-  
lar it becomes.

If the reader want first choice of the  
largest stock of goods and the  
winter wraps in the city, they can be  
seen at the New Cash Bazaar.

## IMPORTANT TO DEMOCRATS.

Synopsis of the Registry Laws for the  
Guidance of Voters.

Registry agents are required to register  
the names of all persons legally qualified  
to vote when called upon to do so at their  
respective offices between the hours of 2  
p. m. and 8 p. m. on all legal days from  
and after the 15th day of September to  
the 5th day of October, and between 10  
a. m. and 10 p. m. from the 5th day of  
October to and including the 15th day of  
October.

Every person applying to register must  
take an oath, first, that he is a citizen of  
the United States; that he is or will be  
before election day, 21 years of age, and  
that he has resided, at least one year in  
Montana and 30 days in the county, and  
that he has not registered elsewhere in  
Montana for this electoral year; or,  
2d. If he was born out of the United  
States, an oath that prior to the date of  
the adoption of the constitution (Oct. 1,  
1889), he had declared his intention to  
become a citizen, and had resided in  
Montana at least six months, and in the  
county at least 30 days.

Under our state constitution, to enable  
one born out of the United States to re-  
gister and vote at the coming election,  
he must either, in addition to the other  
qualifications required, be a full citizen,  
or he must have been admitted to citi-  
zenship prior to the date of the election,  
the first day of October, 1890; and to en-  
title him to vote on that day he must  
have previously declared his intention,  
and also have resided in Montana six  
months, and in the county 30 days before  
Oct. 1, 1890.

Those who have taken out only their  
first papers since Oct. 1, 1890, are not en-  
titled to register or vote at the coming  
election.

Not those who had taken out their  
first papers before October 1, 1890, but  
who had not been six months in Montana  
or thirty days in the county before that  
date.

The registry books and lists are re-  
quired to be open at any time for inspec-  
tion by any qualified voter.

When a naturalized citizen, or a person  
who has declared his intention to become  
such prior to the adoption of the consti-  
tution, applies to be registered he must  
produce his certificate of naturalization or  
declaration of intention. If such certi-  
ficate has been lost, destroyed or beyond  
his reach for the time being he can make  
oath to the fact and have his name  
registered, providing he is in no other  
wise disqualified.

Registry agents are required within  
seven days after the close of registration  
to post in at least fifty public and con-  
spicuous places, alphabetically arranged  
lists of the registered voters in each re-  
elect.

Registry agents are also required to give  
notice in said lists that they will receive  
objection to the right to vote on the part  
of any person so registered until six  
o'clock p. m. on the seventh day previous  
to the day of election. Also request that  
persons whose names may be erroneously  
entered in said lists to appear at his office  
and have such error corrected. It would  
be well for each person to see the list and  
see that his name appears upon the same,  
and is properly spelled.

Objections to the right of any person  
registered to vote may be made by a qual-  
ified elector. Such objections must be  
made in writing under oath, giving  
grounds for such objections, etc., and the  
same deposited with registry agent.

Any registered elector moving from one  
election district to another within  
Montana, prior to the day of the coming  
election, may apply to the registry agent,  
before whom he has already been regis-  
tered, at any time prior to the last day of  
registration, have his name erased, and  
shall be entitled to receive from him a  
state registry certificate. Such certificate  
shall entitle him to have his name regis-  
tered in any other precinct or county in  
the state, provided he will have resided  
in such precinct 30 days prior to election.  
In case an elector who has received such  
a certificate, and for good cause been un-  
able to register a second time anywhere  
within the state before the closing regis-  
tration, may offer to vote within the  
county where he resides and was regis-  
tered, or in any precinct in the county,  
but not the precinct where he lives and  
was registered. The judges of election  
shall challenge such person and put him  
under oath to prove his qualifications and  
identity, and if he can be proved as the  
person so challenged shall establish his  
identity and qualifications he shall upon  
the surrender of his certificate to the  
judges of election, be entitled to have his  
name entered in the lists and to vote.

All persons entitled to vote must regis-  
ter now for the coming election, even if  
they registered last year for the election  
of 1890.

## SPRAY OF THE FALLS.

[From Wednesday's Daily.]

F. W. Hilday, the Otter creek wool-  
grower, is at the Park hotel.

A license to wed was yesterday issued  
to L. L. Harn and Ida Meeker.

John Sullivan, the genial host of the  
Grand Union at Benton, is in the city.

It is said that 50 of the men at Sand  
Coulee went to work yesterday. They  
accepted the terms offered by the com-  
pany.

J. F. Wegner, the stanch democrat of  
Craig, is in the city. He is still com-  
pelled to use a crutch and cane as a result  
of the accident in the National Park.

Contractors Whitte & Latta are build-  
ing a house for Dr. Longway on Sixth  
avenue south. They have also commenc-  
ed a house for W. Wescott on Second  
avenue south.

A drive through the outskirts of town  
reveals the fact that more buildings are  
in course of construction than at any  
time during the past season. The greater  
number are neat comfortable homes  
which are an ornament to the town.

In the suit of W. E. Kern vs. David Graham  
wherein Kern claimed damages for in-  
juries done to his team and buggy by  
running into Graham's fence, the jury  
decided that Kern should not only not  
receive damages but should pay the costs  
of the suit.

[From Thursday's Daily.]

W. A. Webster, Jas. Willmott and V. S.  
Warden have been appointed notaries  
public.

Miss Annie Taylor, who has been visit-  
ing Miss Vaughn, went up to Sun river  
crossing yesterday.

The horse sales have opened at Miles  
City and much interest is manifested.  
There are about 800 horses on sale.

The assessment of Choteau county this  
year will be about \$5,000,000, an increase  
of about \$800,000 over that of last year.

The Montana hotel at Anaconda re-  
opens today. The new manager is Chas.  
W. Loomis, formerly of Syracuse, New  
York.

G. W. E. Griffith of Denver, who is in the

## city, is the gentleman who purchased of

Robt. Vaughn recently 40 acres south-  
east of the city for \$30,000.

The track of the Great Falls & Canada  
is completed to Lethbridge. The first  
coal train will leave there for Great Falls  
today and arrive tomorrow.

Rene Curia, late of Butte, and a  
thorough miner, has gone to Nelhart  
where he will be foreman of the Queen  
of the Hills, on which work will begin in  
a few days.

C. A. Burg of Livingston, register of  
the new land office at Lewistown, arrived  
by stage from the latter place today. He  
says the office will be opened and ready  
for business about the 15th.

The Montana & Wyoming railroad  
company with a capital of \$5,000,000 has  
been incorporated. It is supposed to  
have some indefinite relation to a pro-  
posed line from Helena to Castle.

S. A. Shaw of Oka, who recently locat-  
ed at that place to engage in wool grow-  
ing, arrived in the city yesterday. Mr.  
Shaw's first experience in staging he says  
is not very pleasant, but he has formed a  
good opinion of Montana.

H. H. Nelson, the Cascade wool-grower  
and stockman, started for St. Paul yester-  
day for a short visit. He has lately been  
through New Mexico and is much inter-  
ested in their irrigation schemes. If ir-  
rigation will accomplish here only a part  
of what it does for that country, Montana  
will soon take front rank as an agricul-  
tural state.

Wide awake buyers will appreciate  
Conrad's Bargains this week.

A few more of those \$10 suits left for  
\$9, at Strain Bros.

## SHE WAS POISONED!

Not by anything she drank or took, but  
by bad blood. Is it any wonder she  
feels "blue"? In most cases blue  
or woman feels unhappy. Life seems  
dark. The heart is heavy. Bad blood is  
carrying its poison all over the body, and  
we call it "blue."

Read these experiences:

Mrs. C. C. Hutchinson, of Pittsboro, Pa.,  
says: "I consider Dr. Acker's English  
Blood Purifier the best medicine in the  
world, not only for blood troubles, but  
also for dyspepsia, with which I have  
been afflicted."

"Both my wife and myself firmly be-  
lieve that Dr. Acker's English Blood Purifier  
is the best of all blood medicines, and will  
remove all impurities of the blood."

in all parts of America. It is a pure,  
honest medicine, not a cheap sarsaparil-  
la. Try it today.
