

# The Semi-Weekly Tribune.

VOLUME VIII.—NUMBER 33.

GREAT FALLS, MONTANA, SATURDAY MORNING, DECEMBER 20, 1890.

PRICE FIVE CENTS

### What Shall I Buy

### FOR A CHRISTMAS PRESENT?

For my husband or brother, as the case may be, is now worrying the minds of many of the ladies of Great Falls and vicinity.

**We Have Solved the Problem.**

By purchasing an exceptionally large and exceedingly pretty stock of holiday neckwear, handkerchiefs, silk mufflers and silk suspenders which have just been opened and can now be inspected at our store.

### One of the Prettiest as well as the Most Useful

Presents to give any man, be he husband or brother, or one of the other class of young men, is a dozen fine linen handkerchiefs, with his initial embroidered on the edge. We have them in fine imported German linens, as well as elegant French hemstitched, \$3.50 to \$6.00 per dozen.

### Another Very Appropriate Present

As well as useful, something that always strikes the fancy of a man, is a half dozen elegant neckties. We have just opened the richest, as well as latest styles of neckwear ever shown in Great Falls. Each tie is handsomely encased in a beautiful box, made expressly for the holiday trade, and especially appropriate for an Xmas gift. We venture to say that nothing would be appreciated more by the average man, young or old, than six rich and tasty neckties for his Christmas gift. The thought suggests itself at once to his mind, upon receiving such a present, that the fair giver possesses such rare virtues as economy and good taste, as a "thing of beauty is a joy forever," the gift will be longer appreciated than something not so useful. We have ties in all the latest shapes, including the latest "puff," "teck" and "four in hand"—all put up in single boxes.

### And Still Another Appropriate Xmas Present

Is a pair of fine silk embroidered suspenders. We have a beautiful assortment of them, each one encased in a box by itself. Just the thing for a pretty, useful and inexpensive gift to your husband.

### Now as to Silk Mufflers and Handkerchiefs

We will only say here that we can show you most anything in this line manufactured. Our line of Japanese silks is complete at any price from 50¢ to \$1.50.

### Now Would a Pair of Pretty Slippers be

For him? You know the old one are looking rather worn and it does one good to see the comfort he takes in his slippers. They can't cost much and besides being appropriate as a Xmas gift they are certainly very useful. Each time they are put on, on an evening, as he seats himself in his comfortable easy chair he invariably thinks how thoughtful you were to get him a present, which is not only very handsome, but contributes so much to his comfort.

### Now a Seal Skin Cap is Expensive

But then it is really a cheap article in the long run after all, when one considers that a good seal skin cap will last a life time. We have some of the richest things in seal in the market, from \$5 to \$15.

### And if you Want Something Extraordinary

Buy him an elegant mink overcoat. We have them in the different styles of mink. These with heavier collars and cuffs, cloth outside and mink or seal inside, and the richest things in the fur line, and would be an everlasting garment as well as the most appropriate and useful present one could give or receive.

Don't hesitate in coming in and looking at what we offer for the holiday purchaser. We will take pleasure in showing you our stock, whether you purchase or not.

Very Respectfully,

## The Boston

CLOTHING AND SHOE HOUSE.

Next door to 1st Nat'l Bank.

## CONGRESSIONAL HAPPENINGS.

### An Agreement Reached for the Adoption of a Measure to Relieve the Country.

### 2 PER CENT BOND PROJECT ELIMINATED.

### The Various Requirements and Provisions of the Bill as Finally Passed.

### The Committee on Rules Instructed to Prepare a Report on the Closure Rule.

WASHINGTON, Dec. 17.—The third caucus of republican senators upon the state of business was held tonight, and resulted in an agreement. The basis was the adoption of a financial scheme reported by the caucus committee, with the exception of the two per cent. bond project, which was eliminated. So the measure will provide for the purchase of twelve million dollars of the silver bullion surplus, the reduction of the compulsory requirement of bond deposits by national banks, the extension of the national bank circulation to the full amount of their bond deposits, the replacement of the deficiency in the national bank circulation below \$100,000,000 by treasury notes based on silver bullion purchases, the provision for free coinage when silver is maintained at par for one year, provisions for change on conversion of gold coin into bars, and the recoinage of subsidiary silver coins. This measure was not satisfactory in every detail to all the senators, but was accepted as the best possible compromise. The measure was recommended to the caucus committee, with instructions to perfect it in form and give it over to the finance committee which will report it to the senate at an early day. The caucus also instructed the committee on rules to prepare and report through Chairman Aldrich the closure rule. It is understood it will be framed in lines of the rule proposed at the last session by Senator Hoar and will provide for the ordering of the previous question on any pending proposition after a reasonable time is allowed for debate. This rule will not be reported until the financial bill has been presented to the senate by the finance committee. No provision was made for the adoption of extraordinary measures to secure action by the senate upon the proposed rule, and future developments are expected to shape the policy of the majority in that respect.

While the financial bill is in process of construction the debate on the election bill is expected to continue. Friends of this measure were satisfied with the programme agreed upon, as they thought they saw in the proposed new closure rule the means of securing final action upon their favorite bill.

### Petroleum at Chinook.

ST. PAUL, Dec. 17.—A special from Chinook, Mont., says: Petroleum has been struck in an artesian well here at a depth of 815 feet and is flowing in considerable quantities. Experts in charge are from the Pennsylvania oil region and say many of the best wells in that state opened up but not as good first indications as at this well.

### Bank Failure at Spokane Falls.

SPOKANE FALLS, Dec. 17.—The doors of the Spokane National bank, one of the largest institutions of the city were not opened this morning. For nearly a year it has been known among bankers the bank was in financial straits, and more than once other banks have helped it out. They did so this time, but finally decided the bank would have to suspend.

### Mississippi Methods.

BROOKHAVEN, Miss., Dec. 17.—In a shooting scrape which occurred fifteen miles from here this afternoon at Bowen, Will Blue, Dave McKee and Bob Apple Whitehead were mortally wounded. The fight grew out of killing of a cousin of McKee by Blue at a party in Jefferson county a short time ago. All parties are young men.

### He Hid His Face to the Authorities.

WEST PLAINS, Mo., Dec. 17.—Considerable excitement prevails at Summerville, a small village near here. Some time ago a man living near town shot and killed the marshal who was trying to place him under arrest. The murderer escaped to his home, behind which is a large cave in which he now is armed to the teeth and boasts that there are not men enough in the state to capture him. He has a small terrier dog chained near the entrance to the cave which gives an alarm when any one approaches. A large reward is offered for his capture.

### Trouble Feared.

FINNEN, S. D., Dec. 17.—White Buffalo Man, who lives on the Bad river, west of here, came into town today. He says the Bad river Indians are all glad of Sitting Bull's death. White Buffalo Man says a messenger from Sitting Bull's camp will no doubt visit the Bad Land hostilities today and when they hear of Sitting Bull's death they will kill every white man they see. He says the government must now capture and disarm them or great trouble will come.

### Relating to U. S. Senator.

HONORARY, Idaho, Dec. 17.—The log legislature in joint session today took two ballots for United States senator without an election. The first ballot resulted: Dubois 17; Shoup 9; McConnell 8; Claggett 8; Mayhew (dem.) 5; Stevenson (dem.) 5. On the second ballot, Dubois 17; Shoup 15; McConnell 8; Claggett 2; Mayhew 5; Stevenson 5.

### Blue Line of Pictures, Framed and Unframed at Colkins & Feathersly's.

## OVER A PRECIPICE.

### Five Men Fall a Distance of Two Thousand Five Hundred Feet.

PARIS, Dec. 17.—News of a horrible accident in the Alps has been received from Nice. Seven Alpine chassiers who were working under command of officers at a new fortress on the summit of Mount Scharlach, between La Brega and Reville, were swept with their superior by a sudden blast over a precipice into the abyss. Five of the men and officer fell a distance of 2,500 feet. Their bodies were recovered in a frightful mutilated condition. Two of the men managed to cling to some rocks and so escaped death.

### Floods on Vancouver.

VICTORIA, B. C., Dec. 17.—Recent heavy rains on Vancouver Island caused the low-lying lands in the neighborhood of Cowichan to be flooded and trains coming to Victoria from Nanaimo had to travel over two miles in two feet of water. Indians in the vicinity have had to break camp and are traveling around the submerged district in canoes. It is still raining heavily in the neighborhood of Cowichan and fears are entertained that if the water rises much higher a number of barns and farm houses will be swept away by a big boom of logs (over seven million feet) being driven down the Cowichan river. They have drifted out of the proper channel and many will be lost. A bridge over the Cowichan river was carried away.

### Commissioners Appointed.

DULUTH, Dec. 17.—Hon. C. B. Buckman, of St. Paul, and L. M. Wilcots, of Duluth, appointed by the U. S. court to estimate damages to property by the overflowage from dams on the upper Mississippi, left here today with a party to view the grounds. They will meet at Grand Rapids tomorrow. Col. Goodnow did not arrive.

### Not Criminally Responsible.

MINNEAPOLIS, Dec. 17.—Engineer Ketchum of the Omaha road was this afternoon found by the municipal court not criminally responsible for the accident causing the death of Mrs. Slayton and Mr. and Mrs. Todd.

### Disaster in Ohio.

WARREN, O., Dec. 17.—The mills of the Ohio Powder Co. paper and wheel house blew up. Jas. Kerr and Wm. Lewis, employes, were killed. By fortunate chance, 60 employes were at dinner and thus escaped. The works were located 13 miles from Warren and the shock was plainly felt here.

### County Treasurer Gone Wrong.

CENTRALIA, Mo., Dec. 16.—It has just been learned that J. C. Gillespie, treasurer of Boone county is short \$30,000 in his accounts. The county will lose nothing as his bondsmen are amply able to make good the amount. Gillespie assigned all his property to his bondsmen.

### Trouble Yet Imminent.

BISMARCK, Dec. 16.—The country is terribly wrought up over Sitting Bull's killing, and instead of an easy feeling, now that the old Sioux warrior is dead, much apprehension is felt. One hundred or more followers of Sitting Bull, who are swarming over the country will terrorize settlers on the frontier, and it is feared many innocent families will suffer on account of the action of the military authorities.

### Another Big Failure.

CLEARFIELD, Pa., Dec. 16.—This place is simply wild over the assignment of Wm. A. Wallace today. The debts are given as \$350,000 and assets probably \$400,000. The Clearfield county bank was not a regular banking institution. It was originally a state bank and afterwards became a private bank and went into liquidation. Wallace took the assets and paid the debts of the bank and has since conducted it as a collection and exchange banking office. Its depositors are secured by mortgage and judgment bonds, with ample real estate and mine security.

### CONDENSED TELEGRAMS.

Bar silver, \$1.07.

Floods did \$600,000 damage on Vancouver Island.

Col. Charles Fuller died at Appleton, Wis.

A house in Bombay collapsed killing thirty persons.

It is feared Parnell may lose his eyes. A storm does much damage in New York harbor.

Koch lymph is being tried on lepers.

Eighteen men were killed in a mine in Belgium.

The poet Whitman celebrated his 83d birthday.

The house passed the appointment bill for 256 representatives in the house.

The heaviest snowfall in five years at Pittsburg.

The independent party convention at Cincinnati is postponed.

Helena, Mont., board of trade resolved in favor of free coinage.

James N. Henry of Chittabong, Ont., is discovered to be in default of \$40,000.

L. M. Sullivan, the Irish savoy, sailed from New York for Liverpool.

## SNOW BLOCKADE IN THE EAST

### Railroads and Street Car Lines Tied Up and Telegraph Wires Rendered Useless.

### ALL BRANCHES OF TRADE DAMAGED.

### The Dangers of a Sudden Flood Imminent Which May Prove Most Disastrous.

### The Heaviest Fall of Snow Experienced in Five Years—The End Not Yet.

PITTSBURGH, Pa., Dec. 16.—This city being almost a storm center has suffered most severely from present outbreaks. The heavy snow of last night blocked the street car lines and railroads, and tonight the situation is far worse. The telegraph and telephone wires were useless, and the afternoon papers were drenched with water by one of the heaviest snowfalls which this city was for a time being completely shut off. Monetary damage has been very great, all branches of trade, especially street car lines, which have practically suspended, paralyzing business and causing a total stoppage of operations in oil and stock exchange. Telegraph, telephone and electric light wires were down on almost every street, but so far the only damage resulting have been three horses killed, two drivers knocked unconscious from their seats and a street car filled with frightened passengers, set ablaze in a moment. Reports from country districts show even greater damage owing to lack of facilities for transportation.

MENARD, Pa., Dec. 17.—Two feet of snow are reported with complete blockade of lumber business along the Blue and Laurel Ridge mountains. West Virginia and eastern Ohio have suffered fearfully, and there, as here, the situation is growing worse.

Latest this afternoon the thermometer ran up to 45 degrees and the snow fall changed to drizzling rain. This redoubled the fears of a sudden flood, which was the greatest calamity now feared. At 6 o'clock, however, the rain changed to a heavy wet snow which is still falling at 11 o'clock and outside of a few weak roofs crashed in by the weight, no extensive damage is reported. This is by far the heaviest storm experienced here for five years and the present indications are that even this record will be completely eclipsed. The average fall is rapidly nearing the two foot line. Apologies have just been sent out by the port office and railroad departments to effect that all mails will be several hours late. Electric light wires have fallen on other lines and burst out the police switch boards and telephones. As a result the outgoing police districts are isolated and a system of messenger service is kept up. Millions of tons of coal are lying in the backyard from the dam, and should a leak that ensue the greatest damage will be along the rivers. At this hour the thermometer registers two degrees above freezing.

### A Dakota Bank Suspends.

HURON, S. D., Dec. 16.—A profound sensation occurred here this morning by a notice on the door of the Huron National bank announcing its suspension. Until last week this bank has been considered one of the most substantial in the state. The suspension was forced by the withdrawal of deposits during the last sixty days amounting over sixteen thousand dollars. President Huser is completely prostrated and Vice-President Fowler is in a terrible condition of nervous excitement. Both declare that provision has been made to pay every dollar and all drafts and outstanding checks. No blame is attached to the bank officers.

### Pleasant Birthday Celebration.

The railroad men of Great Falls and vicinity, accompanied by their wives and also number of prominent citizens of the city, assembled at the residence of Supt. J. A. Mayers on the west side last night and had a regular good time. The occasion was the anniversary of Mrs. Mayers' birth, and with the aid of the west side glee club the party made it an occasion long to be pleasantly remembered. The glee club rendered the following selections: Instrumental duet, organ and clarinet, Mrs. Flaherty and Mr. Cleeland; song, "Tramp, Tramp," Miss Mary Mayers; duet, "Do they Miss me at Home," Mrs. Dellabaugh and Miss Pandy; song, "Ly-don," Mrs. Williams; recitation, Beata Cleeland; song, Mrs. Flaherty; instrumental duet, Mrs. Flaherty and Mr. Cleeland.

The glee club gave a modern version of Cinderella dramatized, in which part of Cinderella was taken by Lucy Mayer; Miss Lucretia (Luzard), Annie Mayer; Miss Clotilda (Buzard), Mabel Cleeland; Prince Charming, Emily Cleeland; Father (Buzard), Jas. Dellabaugh.

The Royal Band was composed of Ruby Dellabaugh, Alice Holbrook, Mable Moik, Frank Ervart, Earl Dellabaugh and Harry Wilkinson.

After the programs all joined heartily in disposing of the delicate refreshments which were prepared, and then departed for their homes wishing that such occasions might occur more frequently.

If you can't come in the day time, come in the evening; goods and prices don't change when the sun goes down at the New York Cash Bazaar.

Just received another big lot of Handkerchiefs at Conrad's.

The Great Falls meat company has just received a supply of fresh asser trout.

A new line of Diamond goods at J. A. Robinson's, next door to Kaspery's.

## AFFAIRS OF THE CITY.

### A Large Amount of Business Transacted Last Night.

The city council met in regular session Tuesday eve with Mayor Dickerson, Aldermen Webster, Bridges, Rowen, Gerin, Fletcher and Albrecht in attendance. The minutes of the previous meeting were read and approved.

A petition from residents of the north side who read asking the passage of an ordinance prohibiting the establishment of a saloon north of Central avenue without the consent of the council. Referred to ordinance committee.

An ordinance amending ordinance No. 47 and providing that connections with the sewers shall be made by property owners in order of the council was read the first time and referred.

Alderman Bridges reported favorably on the sidewalk from Park drive to the depot of the north side of Central avenue, providing the railroad company would build their portion of the same. Report was accepted and the city clerk instructed to communicate with the railroad authorities.

The petition for a lateral sewer to the new Tribune building was granted and the city engineer instructed to proceed with its construction at once.

Robt. Heffer was granted a license as house drainer.

Mr. Bridges from the committee on fire department, reported in favor of the acceptance of the bids of W. S. Nobb & Co. for material as follows: Five hundred feet Kureka Co's 2 1/2 inch N. T. brand cotton hose at 65 cents a foot; 100 feet Paragon brand at 90 cents; 4 1/2 inch Calaban flexible play pipe at \$15 each; one E. S. Preston & Co's hose wagon at \$500. On behalf of the committee, Mr. Bridges also recommended the purchase of the following additional material: One dozen hose handles and suspenders, two dozen steel suspenders, one dozen smoke protectors, 2 lanterns, 8 rubber fire coats, 1 electric wire cutter and one set of harness. The report was accepted and the committee instructed to purchase the apparatus.

Judge Hux asked and was granted two weeks absence. Judge Winters was appointed to act as police magistrate during his absence.

Alderman Bridges reported adversely on the bill of the water company for hydrants on account of extension of mains. The report was accepted.

In regard to the petition of the Great Falls Realty company for a permission to have a projection of their building slightly beyond the inner line of the sidewalk, the city attorney asked until the next meeting to prepare the necessary agreement, which will be something in the nature of a franchise. This was granted.

The following bills, favorably reported by the auditing committee were allowed: Employees of the city engineer's office, \$28.85; Frank Ervin, \$8.50; J. J. Richardson, \$28.18; Leader Publishing company, \$28.11; John Clanson, superintending building of jail, \$45.70.

The bill of Bach, Cory & Co. for a rebate of taxes to the amount of \$300 was allowed. It appeared the assessor returned the full value of their merchandise and other property without giving credit for the indebtedness of the firm, contrary to law, as explained by the city attorney and by T. E. Brady who represented Messrs. B. C. & Co. A rebate on the same basis was allowed by the county commissioner.

City Marshal Treat reported that Chas. Moore, a member of the police force, was not attending faithfully to the duties of his office and on motion he was discharged. The mayor appointed J. W. Russell to fill the vacancy and the appointment was unanimously confirmed.

The Carpenters' union was given authority to hold their meetings in the office of the police magistrate.

The marshal asked for certain amendments to the vagrancy ordinance that would give him wider authority. He wants authority to arrest saloon "slappers" and others who have no visible means of support. Referred to the ordinance committee.

The council then adjourned.

## MINING NOTES.

### Activity in Bonanza Wolf, Dry Wolf and Wharf Districts.

There is considerable activity in and around the Wolf Creek district. There are about fifty miners in this locality engaged in working assessments, developing mines and taking out ore.

The Piers and Higby company are working the Gold Dust and Dry Wolf lodes, also the Piers & Higby lode, from which regular shipments of high grade ore are being made to pay development work.

The Cascade company has miners engaged working assessments, and during the progress of the vote the Democratic members took their hats and overcoats and left the hall, showing a disposition to break a quorum on the next vote. A motion to adjourn was lost, yeas 19, nays 14.

At the suggestion of Blount, of Virginia, it was agreed that after two hours' debate tomorrow, the previous question should be considered as ordered, and the house adjourned.

### Attorney General Miller in Trouble.

INDIANAPOLIS, Dec. 16.—An effort is being made to have the federal grand jury, now in session, to indict W. H. H. Miller, attorney general of the United States. The charge brought against him is he sent through the mails a private letter over his official frank. Last summer, it is alleged, the attorney general wrote a private letter to J. T. Robinson of this city upon political matters. The letter was given publicity by the recipient at the time. Among other things it purports to say that "The Gresham business is giving no concern at this end of the line." The democratic county central committee got possession of the letter and used it as a campaign document at the last election. Now the charge is made that the envelope in which that letter was mailed did not bear a postage stamp. The law provides that any public officer who shall use a "franked" official envelope for any other than official business shall be fined \$500. The grand jury has been notified of the alleged violation and will probably hear witnesses tomorrow.

### MINES OF ROCK CREEK.

The principal mines now being worked on Rock creek are the Moulton, Dakota, Ingersoll and Cumberland, all of which have been worked for some time. It was incorporated three months ago by E. R. Clingan, D. McDonald, John Lead and Dunc. McCowan, the latter being general manager. The incorporators have agreed to do \$4,000 worth of development work, before placing any stock on the market. Two shifts will be put on at once and the tunnel will be driven with all possible speed.

All kinds of Candles for the Holidays at Frank Ervin's.

## BLOODY BATTLE WITH INDIANS

### Two Officers and Fifty Soldiers Killed—The Redskins Routed With Terrible Losses.

### THE RED MEN PENNED IN THE BAD LANDS

### The People Near Bismarck Terribly Wrought Up and Feeling Un-easy.

### Fears That a War for Revenge May Yet Sweep Over the Country.

DENVER, Dec. 16.—A news courier from the camp near Daly's ranch has the following from Rapid City, Dak.: A rancher just arrived in great haste to our commanding officer and reports that a command of cavalry has been attacked and two of the officers and fifty men were killed, but the Indians were repulsed with heavy loss. The number of Indians killed is not known. The Indians were put to rout. This report is probably correct. It is not known whose command it was. It is probably that of Maj. Tupper of the Sixth cavalry and his three troops of 140 men. Our command marches to their assistance tomorrow.

### Sitting Bull as a Leader.

CHICAGO, Dec. 16.—The general topic of conversation at army headquarters today was the death of Sitting Bull. Assistant Adjutant General Corbin, who, in Gen. Miles' absence, has charge of the army headquarters, was very jubilant all day. "Sitting Bull was never recognized as a chief," said Gen. Corbin, "he was a great man to promise great things to the Indians of his tribe, but was a scoundrel and a coward and only kept his men together by constant agitation. In the Meishah craze he was able to keep the young bucks excited, but now that he is dead, I believe hostilities will cease. Otherwise his men have very little confidence in him as a leader. If the Indians should insist on fighting, it will only last a few days. Gen. Brooke has them pinned in the Bad Lands, and therefore has the advantage over them. There are very few ranches in that part of the country and it will be impossible for the braves to make raids. I received a telegram from Gen. Miles stating that he had left St. Paul and would be at the scene of trouble soon."

From information received from Standing Rock agency it appears that police officers under Capt. Peckert went to Sitting Bull's camp and demanded his arrest, whereupon the chief ordered his men to protect him, and shoot the officers. No more outbreaks are expected, but during the week the commanding officers at the different agencies will be instructed to ask for the surrender of all hostile Indians, and it is expected they will obey orders.

### In the House.

WASHINGTON, Dec. 16.—Dunnell, of Minnesota, called up in the house today as a privileged question, the appointment bill, and briefly explained its provisions. The bill appeared, he said, in response to the requirements of the constitution, and was based upon the eleventh census, which showed a gratifying increase in the population of the United States. There was a diversity of opinion among the members of the house as to whether the present representation should stand, or whether it should be increased. Some difference of opinion had also been shown in the committee, but it had finally been decided to accept 336 as the proper number. This number had been selected because it had been found to be the number first reached between 332 and 375, that would secure to every state at least its present representation. With 336 members the ratio of population would be 173,001. If the present representation were retained, many states would lose one or more members. Dunnell said he would call for the previous question at 5 o'clock. The hour of 5 o'clock having arrived, Dunnell demanded the previous question. Blount, of Georgia, interjected a motion to adjourn, and during the progress of the vote the Democratic members took their hats and overcoats and left the hall, showing a disposition to break a quorum on the next vote. A motion to adjourn was lost, yeas 119, nays 145.

At the suggestion of Blount, of Virginia, it was agreed that after two hours' debate tomorrow, the previous question should be considered as ordered, and the house adjourned.

### Attorney General Miller in Trouble.

INDIANAPOLIS, Dec. 16.—An effort is being made to have the federal grand jury, now in session, to indict W. H. H. Miller, attorney general of the United States. The charge brought against him is he sent through the mails a private letter over his official frank. Last summer, it is alleged, the attorney general wrote a private letter to J. T. Robinson of this city upon political matters. The letter was given publicity by the recipient at the time. Among other things it purports to say that "The Gresham business is giving no concern at this end of the line." The democratic county central committee got possession of the letter and used it as a campaign document at the last election. Now the charge is made that the envelope in which that letter was mailed did not bear a postage stamp. The law provides that any public officer who shall use a "franked" official envelope for any other than official business shall be fined \$500. The grand jury has been notified of the alleged violation and will probably hear witnesses tomorrow.
