MONTANA'S GALLANT KNIGHT.

Col. Charles D. Curtis Risks Life and Limb in the Service of a Lady.

SEVERELY, BUT NOT FATALY HURT.

Another Mexican Revolution on the Tapis—Its Leaders Notorious N'er Do Wells.

An Inflammatory Circular, Though a Hoax as Yet, Ground for a Mexican War.

Brave Colonel Curtis.

HELENA, Sept. 17.—[Special to the TRIBUNE.] Col. C. D. Curtis, ex-postmaster of Helena, had his left leg broken in two places and was badly cut about the head and body about 5 o'clock this evening, by a runaway horse hitched to Lindsay & Co.'s delivery wagon.

The horse was headed for the sidewalk and the colonel, who was standing in the doorway of Lang's hardware store, jumped out to save a woman and her child. He succeeded, but the horse struck him, knocking him down the stairs into the basement of the hardware store.

His injuries, while serious, are not necessarily fatal. The lady whom he so gallantly risked his life to save, is the wife of R. A. Praser, bookkeeper for T. C. Power & Co. She was slightly bruised. The child was not injured.

Another Mexican Hoax.

LAREDO, Tex., Sept. 17.—Last night while the plazas in this city in the Neva Laredo were crowded with people some party unknown distributed among the crowd a dodger printed in Spanish, called "the plan of revolution."

It set forth that Mexico was in the toils of a second Santa Anna, referring to President Diaz, and that all the liberty-loving people should join in a revolution to secure his overthrow. The plan went on to name Caterina Garcia as the chief leader of the revolution and Ruse Sandoval of border fame as commander-in-chief of the army. Sandoval is the man who crossed the river near here some months ago with seven others and was scooped in by the civil authorities, assisted by the United States troops. He was acquitted for lack of evidence as to his motive. Caterina Garcia is also the possessor of a savory reputation and his record is not enviable. Several years ago he became mixed up in politics on this side of the river. On account of being a Mexican citizen he was slapped in the public street and had to leave the city. Since then he has been mixed up in several squabbles always getting the worst of it and once he was shot in Rio Grande city over an election squabble. He secretly has published a small paper on a ranch in Neuces county and now is wanted here for a libel on account of articles published in that paper.

Last night after the circular was offered to a man named Benson the foreman of Garcia's paper was arrested on the plaza here, as he is a confidante in a libel suit. He is in jail unable to give bail. The general opinion here is that the whole thing is a hoax, and the report sent out last night that Garcia had crossed to Mexico with fifty men is discredited here by all the people who know him. It is known that Sandoval is not with him, but is in Galveston. There may be some scheme connected with the report and a portion of it is believed to be for the prevention of Garcia's arrest by officers of this country who are out for him.

Miss Ava Succeeds.

CINCINNATI, Sept. 17.—Miss Ava's appearance as a lecturer in a dime museum gives no support to the theory that the woman is insane. Her lecturers are models of discretion. She makes no assertion that can offend any one but puts in vivid light, the fact that from Chicago she has been brought to Cincinnati without her knowledge or consent and that she made her escape from some house in Cincinnati last Friday night. On the other hand she denies having said some of the disagreeable things attributed to her in the papers.

Notified to Stop.

BOSTON, Sept. 17.—The savings bank commissioners today notified the United States Savings, Loan & Building company of St. Paul to refrain from transacting further business in Massachusetts until the law is complied with and permission of the board is granted them to resume. The commissioners claim that the concern is conducted in violation of a state law.

RAPID DIVORCE CASE.

Suit, Trial and a Decree of Divorce Granted in One Hour.

CHICAGO, Sept. 17.—Gertrude Whiting Potter, daughter of O. W. Potter, the multi-millionaire vice president of the Commercial National bank and President of the North Chicago rolling mill, has added another incident to her romantic and meteoric career. Yesterday morning she was the wife of Lee Rust. Today she is divorced. The divorce was not obtained by Miss Potter. It was secured by her boy-husband, a groom of three months. The way in which the separation was granted was the same manner in which many notable cases have been run through Chicago courts. The object was secrecy and that secrecy was not accomplished is not because the judge, lawyer and Potter's family did not try. Rust ceased to be Miss Potter's husband at 5:10 o'clock yesterday afternoon.

The suit of Rust was begun, tried and decree granted with an hour. The judge who obligingly unhitched the marital strap which bound the two fond young hearts together was Judge Horton. Neither Miss Potter, Potter, Mrs. Potter, nor in fact any member of the Potter family was present to see untied the knot which was secretly put together by Rev. M. J. Warte in Beloit, Wis., June 6. The groom of young Rust's suit and reason for the marriage legally annulled was that Lee Rust was under age and therefore incapable in law of contracting a legal marriage. This was sufficient to set the union aside. Mrs. Rust or Miss Potter in answer to the petition of young Rust admitted the facts of the marriage were as set forth and the testimony of the petitioner and his father was all that was necessary to secure the decree.

AGGRESSIVE BRITONS.

England Scheming to Take Possession of the Sandwich Islands.

NEW YORK, Sept. 17.—A Washington special says: Senor Celso Calvar Marono, the well-known Italian-American residing here and acting as agent in this country of the national party of Hawaii, corresponding to Chilean congressionals today laid before the president a letter that he recently received from a correspondent in Honolulu asserting in the most positive terms that England is now planning to take possession of the kingdom. The writer said that some action on the part of the United States is necessary; that the queen is favorable to British interests and ready to countenance the move when made. The president was interested by the letter and asked Senor Marono to communicate with Secretary Blaine.

Bank Defaulters Arrested.

MARSHFIELD, Ore., Sept. 17.—Edward Albertson, the defaulting secretary of the Fidelity Trust company of Tacoma, and Fred Chandler, his accomplice, were arrested last night four miles below Gardiner, Oregon. The men were surprised by officers and ordered to throw up their hands. Chandler slowly complied; Albertson reached for his revolver but one of the officers shot him before he could draw it. The shot took effect in Albertson's arm inflicting a flesh wound. The two men then surrendered and were taken to Gardiner. Chandler talks freely and exonerates all others except himself and Albertson from complicity in the robbery but will not give the details leading up to the robbery of the bank.

Unanimous Democrats.

GRAND ISLAND, Sept. 17.—It was nearly 9 p. m. and hotter than Texas when the Nebraska state democratic convention came to order here this evening, that it was feared, would last till day light.

The strenuous missionary work, persistently continued to head off a possible serious split regarding the attitude of the party towards the farmers, particularly on the railroad question, was apparently to a large extent responsible for the extraordinary late start. Chairman Ogden of the state central committee nominated Frank P. Ireland for temporary chairman.

Four secretaries were chosen and the temporary organization made permanent. Judge J. H. Brody for member of state supreme court was put before the convention and carried it with vim and absolute unanimity. Gannon of Omaha nominated Lawyer P. A. Brogan for regent of the state university. Capt. S. F. Heneker, a farmer, was also nominated and both he and Brogan like Brody were selected by acclamation. This completed the ticket, all without the slightest suspicion of a hitch. It was decided that the central committee should fill any vacancies on the ticket.

Incendiary Fires.

WORCESTER, Mass., Sept. 17.—Fires which broke out at 11 o'clock this evening destroyed the buildings and stock in C. Baker & Co's lumber yard on Manchester street. Two locomotives on the Boston & Maine railroad adjoining were also burned. The loss is roughly estimated at \$100,000. The fire was incendiary and Patrick McShary was arrested on suspicion.

SOME CRAFTY CALIFORNIA CONVICTS

Plot to Blow Up San Quentin Prison With Dynamite and Murder Their Guards.

Another Chicago Marriage Nullified—Divorces Granted to Order on Request.

The Floods in Spain.

MADRID, Sept. 17.—The number of people who perished in the floods in the province of Toledo is now placed at 2,300 and the number of lives lost in other localities at 200. In addition many were injured. The destruction of the grape, olive and maize crops in the flooded districts is in itself a serious evil coming as it does in addition to bad harvests in most of the provinces and their complete failure in Aragon and a portion of Catalonia where the distress in rural districts is intense. It is estimated that the total loss from floods including the destruction of crops, damage to property, railway's loss of traffic, etc., will amount to little short of \$1,000,000.

Desperate Convicts.

SAN FRANCISCO, Sept. 17.—The Examiner prints a story to the effect that a plot has been discovered by which the convicts in San Quentin prison proposed to blow up the prison with dynamite, kill the guards and escape. Some of the dynamite, half a dozen revolvers and a large number of cartridges are said to be in the warden's possession, having been found in the cells of seven convicts, now closely guarded in solitary confinement. It is believed a considerable amount of dynamite and a large number of weapons are yet concealed about the prison in some place unknown to the guards.

The Memphis Burned.

MEMPHIS, Sept. 17.—The Memphis theatre, the oldest one in the city, was burned this morning. The theatre was owned by Jacob Friedman of Boston and was under the management of Ellis Lubrie of this city. The loss is about \$45,000 and the insurance \$24,500. The fire was of incendiary origin. Losses to occupants of the building amount to \$2,000. The janitor and property man narrowly escaped.

The Corn Huskers Win.

KANSAS CITY, Sept. 17.—Representatives of the Western Baseball association met here today in extra session. It was voted that the season closed last Sunday when Omaha disbanded. On that day the Sioux City club had first place among the four clubs, Kansas City, Sioux City, Omaha and Denver, which had remained in the league after Milwaukee went to the American association. It was therefore voted that the championship pennant belonged to the corn huskers and it was so awarded. This action terminated the baseball season and all games played hereafter will be exhibition games.

Is It Constitutional?

WASHINGTON, Sept. 17.—The case of the United States against John L. Rapier and the two cases of the United States vs. George S. Dupre will come up for argument at the October term of the United States supreme court.

Each of these cases is an application for a discharge by writ of habeas corpus from arrest for an alleged violation of the anti-lottery legislation of the United States. The charge against Rapier and Dupre in one indictment was the mailing of a newspaper containing an advertisement of the Louisiana lottery and the other indictment was the mailing of a letter concerning the lottery. Judgments of lower courts was against the defendants and the cases were appealed to the supreme court.

Attorney General Miller has prepared a brief which he will submit in behalf of the government when the cases are heard. He argues strongly and lengthily for the constitutionality of the law.

Poorly Insured.

HASTINGS, Minn., Sept. 17.—Fire broke out in the weighing house of Smith & Thompson's this afternoon, and spread rapidly. The building with the warehouse adjoining and Strong & Miller's elevator, all filled with grain, were destroyed and also the electric light works. A strong wind was blowing and further damage was prevented only after hard work. The loss aggregates \$100,000. Insurance will not exceed \$20,000.
