

SAY, don't you want a nice pair of hand sewed Shoes for fall? We have just opened an elegant line of fine Cork Sole Hand Sewed French Calf Shoes in Lace and Congress, made by the best factories in America. The cork soled shoe is the thing for fall and winter. They keep the feet dry and warm and do away with the wearing of an overshoe. Have you seen the new English last? The Piccadilly toe shoe is the latest style out and we have them in French Calf and Patent Leathers. They are elegant for fine wear and fit to perfection.

Don't fail to see our Men's Shoe stock, for there is nothing in town to equal our fine makes.

We have a few Ladies' Fine Hand Sewed Shoes left, which we are selling at less than one-half price. A good chance for the ladies to get a pair of shoes at a very small cost.

FOR SWEET CHARITY'S SAKE.

Mexico's Fairest Inaugurate a Bull-Fight Which Proves Very Profitable.

EIGHT DEAD BOVINES ENOUGH FOR DIAZ.

Be Literally Dismayed at the Hands of a Mob Determined on a Lynching.

So at Least Says Coronor Allison Speaking of Omaha's Late Unpleasantness.

Diaz Goes to a Bull-Fight.

CITY OF MEXICO, Oct. 13.—The revival of bull-fighting in the City of Mexico yesterday was in the name of charity. A committee of ladies of this capital with Mrs. Diaz, wife of the president, at their head organized the show for the benefit of sufferers from floods in Spain. It was one of the greatest spectacles of the Mexican national sport ever witnessed on the North American continent. The time set was 2:30 p. m. It is estimated that 12,000 persons were present. Two military bands were present and four companies of infantry served to insure good order. Nine bulls of celebrated breed were killed amid the raptures of the spectators. The animals had been trained for the occasion and many of the matadors had narrow escapes. President Diaz and his party left the ring during the killing of the eighth bull. The funderillos that had been stuck into the bulls were after the fight sold by peddlers at extravagant prices. This was one of the greatest fights that Mexico has seen for years and the amount received for admission fees is supposed to reach \$25,000.

Scared to Death.

OMAHA, Oct. 13.—George Smith, the colored rape fiend who is generally supposed to have been strangled to death by a mob of infuriated lynchers, died from fright. At least that is what Assistant Coronor Dr. Allison declared under oath today, and on the strength of it County Attorney Mahoney asked for a continuance of the preliminary examination of the lynchers so that he could amend the indictment to suit this phase of information. The court granted the request and continued the case until Friday. Dr. Allison made a post mortem examination of Smith's body, and while there were sixteen wounds and bruises on the head and his back was broken in three places, the doctor testified that the contracted condition of the heart and appearances indicated that death resulted from some great mental emotion and he was satisfied that Smith died of fright.

Railroads Not Justifying.

CHICAGO, Oct. 13.—Railroad men are not so joyful over the outlook as they were a month ago. They had expected that by this time they would be put to their utmost exertions to provide cars enough to move east bound freights out. Instead of that they find there has not been any strain whatever on the capacity of their roads. Not only is the business of railroads dull but the volume is actually decreasing from week to week and what is more surprising it falls short of that recorded for corresponding periods in 1890 which was regarded as an off year. The falling off can no longer be attributed to water competition for lake shipments during the past two weeks have decreased even more than shipments by rail. East-bound movement of dead freight by railroads, including both through and local consignments, amounted to 56,516 tons, against 60,105 for the preceding week, a decrease of 3,589 tons, and against 67,363 for the same period last year, a decrease of 10,847 tons. At the same time lake shipments fell away from 103,125 tons for the preceding week to 52,679 tons for last week. Shipments of flour, grain, and provisions from Chicago to the seaboard by roads in the control of the traffic association aggregated 23,063 tons, against 25,449 for the preceding week, a decrease of 2,386 tons, and against 34,016 for the corresponding week of 1890, a decrease of 10,953 tons. Vanderbilt lines carried 53 per cent of this traffic, Pennsylvania lines 26, Chicago & Grand Trunk 11, and Baltimore & Ohio 10.

IN REGULAR SESSION.

Council Meets—The Usual Water Main Petitions—Ordinances, Discussions, Etc.

Council met last evening. There were present Aldermen Gaunt, Tracy, Burgardt, Fletcher, Beachley and Carrier, Mayor Hotchkiss presiding.

An ordinance to establish the grades of First and Second avenues north, Central avenue and First and Second avenues south was read.

Also an ordinance granting to the Western Union Telegraph company the privilege of placing its poles in the city. The ordinance retains the right of regulating the changing and placing of poles. It also expressly stipulates that the grant is not exclusive. Fire alarm wires and boxes may be attached to the poles free of charge.

Also a petition asking the extension of the water main on Eighth avenue south from Ninth to Eleventh street; one asking an extension of the water main on Seventh avenue north one block; also one stating that the dump of city garbage under the Fifteenth street bridge should be removed before the piers for the new bridge were built. The foul nature of the materials placed on the dump and in the river was emphatically commented on. This was referred to the streets, alleys and sidewalks committee with power to act.

A report was read from the city engineer and telephone manager stating that they had measured the wire of the new fire alarm system and that it was seven and seven-tenths miles in extent. On motion the fire committee was directed to procure a suitable alarm bell.

A recommendation from the fire marshal recommending the allowance to Fred Arthur, who took ill at a fire of his time lost was read. It was moved that the auditing committee confer with the gentleman to see what was best.

The auditing committee recommended the following bills:

Howard Crosby	830 00
Great Falls Water Power and Townsite company	32 40
James Mansfield	65 00
R. E. Wolf	5 00
John A. Boos	312 00
Rocky Mountain Telephone company	15 00
Great Falls Water Power company	4678 00

A bill of the Great Falls Lumber company was referred to the street committee, and those of Ernest Crutcher and the Great Falls Iron company to the park commissioners.

On motion the sidewalks on First avenue were ordered raised or lowered in accordance with the grade.

The clerk was directed to issue a certificate to the water company stating the amount of mains put in and accepted by the city.

On motion the payment of the health officer and poundmaster was suspended. The matter of the obstruction of the sidewalk by the placing of roads thereon and by leaving open cellar doors to the manifest danger and hindrance of pedestrians was discussed. The sidewalk in the vicinity of Strain Bros' store was ordered fixed and the cellar door closed.

A request for a permit to build a coal shed near a house on Sixth avenue south by C. Wegner was read. This was allowed.

The city engineer was authorized to grade Fourth avenue south from Second to Fourth street. He was also given permission to put the street in shape between the fountain and depot so that the railroad could gravel the same.

Council then adjourned.

Around About the Courts.

In the recorder's office were filed: A deed from the Townsite to Stephen Spitzley for lots 1 and 2, block 252, consideration \$3,300.

McGowan on the Committee.

OMAHA, Oct. 13.—The third semi-annual session of the trans-Mississippi congress convened this afternoon with about 100 delegates present.

The congress was called to order by Gov. Prince of New Mexico. After welcome addresses and responses thereto a committee on credentials, permanent organization and order of business was named including the following: Iowa, W. C. Jones, Judge Gregory and A. C. Ploesterer; Minnesota, J. A. Thompson; Montana, C. H. Mould and Martin McGinnis; Nebraska, C. S. Chase and R. M. Oakley; South Dakota, K. G. Phillips and John O. Brennan. Then the convention adjourned till tomorrow.

The Rumor Discredited.

WASHINGTON, Oct. 13.—The report from London that the United States naval squadron in Chilean waters displayed enmity to the congressional navy during the recent civil war in that country is wholly discredited at the navy department. One officer of high rank said he had positive information that while Admiral Brown, who commanded the squadron, was compelled to pursue a neutral course during the struggle, his personal sympathies and convictions were altogether with the congressionals.

Misappropriated.

NEW YORK, Oct. 13.—Deputy Sheriff Stevens found and served upon John Hoey, the deposed president of Adams Express company at Delmonico's this morning a summons in the suit brought by Henry Sanford. Hoey's successor in his official capacity to recover over \$200,000 alleged to have been misappropriated.

An Informal Dinner.

CHICAGO, Oct. 13.—This evening at Kinsley's James W. Scott, president of the American Newspaper Publishers' association, tendered an informal dinner to members of the executive committee of that organization, members of the special committee of the association under whose charge the typesetting machine contest has been conducted, members of the daily newspaper association of Chicago, and a number of other newspaper men. An informal business talk upon general newspaper and association matters followed the discussion of the menu.

THE SLAUGHTERED SAILOR BURIED.

Refugees at the American and Spanish Legations to Be Given Safe Conduct.

Hanton Easily Defeats McLean in a Three-Mile Race in Outrigged Skiffs.

SAN PEDRO, Oct. 13.—It is officially stated that the government has given in final form that it will soon issue safe conduct to those persons who have taken refuge in the American and Spanish legations. The government recognized right of asylum in a letter to Egan, the United States minister. The Spanish minister is acting in conjunction with Egan.

The sailor of the United States steamer Baltimore who was killed by Chilean sailors in a street brawl a few days ago was buried at Valparaiso today. There was no hostile demonstration of any kind. Another will probably die. Captain Schley of the Baltimore and the local authorities of Valparaiso are investigating as to the cause of the trouble. It has already been ascertained that the Chilean mob made the attack and that the onslaught was a very brutal one. The Chileans were all armed with knives and pistols, whereas the Americans had but few weapons and were slow in using them. Chilean sailors and boatmen and others about the waterfront are still showing bitter and relentless feeling toward Americans and making all manner of threats.

Hanton Defeats McLean.

VANCOUVER, B. C., Oct. 13.—Hanton defeated Alex McLean here today in a three-mile race in outrigged skiffs by 200 yards. Hanton gave McLean thirty feet the start, but before 100 yards were covered he had passed him and was never afterward harassed. The water was in splendid condition and the three miles were made in 25:31 1/2.

A Raging Gale.

DURHAM, Oct. 13.—A gale has been raging with unusual fierceness about Queenstown and vicinity. About thirty crafts, large and small, mostly fishing smacks and small coasters, have been driven ashore in that vicinity. The German brig Hoffman has been towed to Portsmouth in a disabled condition. She lost a seaman in the gale. The villages of Ballacreeva and Baltray in Ireland are flooded. Their inhabitants had to be assisted to escape by boats and many being taken from windows of their houses died only in their night dresses.

Hard on Women Voters.

CHICAGO, Oct. 13.—In accordance with the opinion rendered by the county attorney, the board of election commissioners today issued instructions to clerks and judges in the coming election for county officers to the effect that only such women as have received a certificate of naturalization from some court of record in this state prior to January 1, 1870, are entitled to register. The new Australian ballot law under which this election will be held provides that women may vote for superintendent of schools, but its wording is such as to admit the construction given it. Under this ruling the women are disfranchised as there are not in all probability half a dozen women in the city and county who can cast their ballots under the ruling made. Some of the women have already organized to push for their rights under the law and a sharp fight is expected.
