## THE ALLIANCE GOBBLED UP.

### The People's Party Quietly Absorbs Both Factions of the Farmers' Alliance.

### A Call for a National Convention Will be Issued Today.

### W. J. Florence, the Actor, Dies at Philadelphia His Death a Great Surprise.

### Captured the Alliance.

INDIANAPOLIS, Nov. 19. The people's party has captured the alliance which has split on the sub-treasury scheme. These are the net results of today's sessions of the various farmers' organizations now gathered here. The evidence of the split was made public before that of the capture. When the supreme council of the alliance met this morning everybody but the delegates were excluded from the hall. Even Congressman Jerry Simpson had to go. Then the protest of the anti sub-treasury people was taken up and a somewhat animated debate occurred as to the best means of disposing of it with the least possible friction. Finally after two hours of wrangling the committee of the anti sub-treasury was informed that it could not be heard unless it furnished the council with a copy of its protest. This it refused to do unless it could present its protest in person and that ended all negotiations between the two wings of the alliance. The protest, which is very long, was in substance as follows:

Protests set forth that its authors are a committee of the farmers and laborers union convention held in St. Louis in September, composed of R. W. Nichols of Missouri; P. J. Pattello of Texas; B. F. Passmore of Mississippi; J. W. Crews of Tennessee; and U. I. Hall, W. S. McAlister and W. Pope Yeaman at large, which was appointed to memorialize the supreme council of the farmers' alliance and industrial union by way of setting forth the objections of the convention to certain declarations of principle and demands hitherto made the supreme council. This committee after its organization, prepared the views of the convention touching the principles and demands of the supreme council, from which a large number of members of the F. A. & I. U. dissented. The memorial respectfully and earnestly protests against any action of the supreme council that proposes to commit the Farmers Alliance and Industrial Union to the proposition that provision be made by the federal congress for government loans of money to individual citizens upon farm mortgages as security or to demand for a government ownership or control of railroad property and transportation. Such schemes are unconstitutional and impracticable, conflicting with the spirit of the alliance movement and tending to government paternalism and state socialism. Then follows the argument on that question and continues. The government ownership of railroads implies one of two other schemes. Either the government must take the railroads from the owners by force or buy them for more than they are worth. It would foster political corruption and would be an arbitrary interference with private rights in many senses. The three schemes favor strongly of class legislation. The committee expresses its desire to cooperate with the alliance in carrying out its principles of securing a safe currency; reducing the hand of trusts and monopolies; helping farmers and laborers in securing a honest ballot and a fair court; and selecting for places of public honor and emolument honest and capable men who regard public office not as a private advantage but as a public trust.

The executive committee of the sub-treasury party will proceed to Texas, where 137 sub-alliances have already declared against the sub-treasury scheme and will begin the work of organizing a new alliance. A call for a national convention will probably be issued tomorrow. The capture of the alliance by the people's party was practically accomplished two or three days ago but the full extent of the capture was not apparent until today when President Polk was unanimously re-elected and J. H. Loucks of South Dakota was chosen vice-president; J. H. Turner was re-elected secretary and Treasurer and J. E. Willets of Kansas, national lecturer. George F. Washburn of the national executive committee of the people's party stated that the leaders of that party were jubilant over the election of President Polk. Of the four great leaders in the alliance Livingstone, McCune, Terrell and Polk, the latter was regarded as the one favorable to independent political action. Polk in his annual address Tuesday night so severely condemned the two old parties, and in the address as well as between the lines, so strongly indicated his tendencies towards the people's party movement that the election of either one of the gentlemen mentioned would have been regarded as a blow to the people's party, while on the other hand the reelection of President Polk is regarded as a greater victory for the people's party. The election of Loucks of South Dakota as vice-president is regarded as a greater victory from the fact that he is a member of the national committee of the people's party. The fact that a large number of the farmers' alliance delegates are also members of other industrial organizations and are working together would indicate that the trend of their action was toward the unification of all and in the direction of independent political action.

## TOO MUCH SMUGGLING.

### Supervising Special Agent of the Treasury Department Makes His Annual Report.

### The Department has too Much Territory to Cover With the Present Force of Officers.

### Manufacturing Opium in Victoria and Then Smuggling it into the United States.

### The Supervising Agents Report.

WASHINGTON, Nov. 18. A. K. Tingle, supervising special agent of the treasury department, in his annual report to the secretary of the treasury, shows that during the past fiscal year special agents seized goods to the value of \$142,236 and recovered \$225,629 on account of seizures, fines, duties, etc. He gives several instances of fraudulent importation and refers to the difficulties under which agents conduct their operations. Tingle says the work of the office has not been accomplished without some irritation and instances criticism in the public press, inspired, doubtless, by those whose invoices have been called in question, as well as by merchants of unquestioned integrity who have unadvisedly been given complaints of the agents of foreign manufacturers seeking the admission of their goods at fictitious values to the manifest loss of revenue and injury to honest trade. It is unfortunately true that the public officers, on account of such opposition and criticism, some times shrink from a performance of their plain duty. A serious question is the great difficulty under the present conditions of enforcing the laws against smugglers who make the Dominion of Canada the base of their operations. The number of officers for collecting duty upon this long line of frontier does not exceed twenty, and the present customs appropriation will not admit of any material increase of this force. It is apparent that their efforts to prevent smuggling are in some degree futile. A similar condition of affairs exists upon the long boundary line between the United States and Mexico. The district of Puget sound, comprising many islands within a few miles of the British territory and a long line of water front furnishes good facilities for smuggling and clandestine introduction of Chinese, against which the customs officers have vainly contended. I am reliably informed that during the last year 125,000 pounds of crude opium were imported and manufactured at Victoria making about 70,000 pounds of the prepared article for smoking purposes and that nearly every pound of it was smuggled into the United States. It is more profitable to take the risk of occasional capture and confiscation than to pay the enormous duty of \$12 per pound, which is prohibitive of legitimate importations and is the essential basis of the smuggler's profit. Reduce the duty to \$1 per pound and his occupation will be gone. The present arrangement benefits the Canadian government, which collects \$1 per pound upon the crude opium used in the manufacture of the prepared article. Our tariff act of 1890 admits crude opium containing 9 per cent of morphine free, but imposes a duty of \$12 per pound upon opium of a lower grade, such as is used in the preparation of the drug for smoking purposes; the same rate as is now imposed upon prepared opium. The practical effect of this is that the revenue formerly derived from imported opium is turned over to Canada and to the smugglers. It were better to declare all opium free of duty than to leave the present laws on our statute book. The enormous profits in opium smuggling are due entirely to the high duty and have induced the employment of large capital and a great number of bold, skillful men have been led to engage in an illicit traffic made so alluring by the existing laws.

### Blew Out the Gas.

MINNEAPOLIS, Nov. 18. Yesterday afternoon two well-dressed young men walked into the Hotel Warwick on Washington avenue south and registered as "George Mahoney, Princeton, Minn." and "Fred Foley, Miami, N. D." They were assigned to Room 12 and retired about 11 o'clock last night. About 5 o'clock this morning a boarder who works nights and was on his way to his room on the same floor, detected a strong smell of gas coming out of Room 12. He notified the night clerk, who proceeded to the room, and on forcing the door open found the room full of gas and the men unconscious. Five minutes after the discovery Mahoney died, but Foley showed some signs of life and was hastily conveyed to the City hospital. It is evident the men had been at Minto thrashing, as Mahoney had in his pocket a stationary engineer's license taken out at Minto, Aug. 24. His home is at Princeton, as was indicated in a letter received by him from his sister, while he was at Minto. She calls him Will in the letter. When found Foley lay on the outside of the bed and he undoubtedly blew out the gas on retiring.

### Damages Wanted.

CHICAGO, Nov. 19. Early in September the members of the board of county commissioners of Reno county, Kan., jointly swore out a warrant against E. E. Wise and H. A. Cristy of Chicago, charging them with having embezzled some \$250,000 of the funds of the Hutchinson and Southern railroad company. Wise was arrested on the charge, being in Reno county at the time, and after a full hearing before the district court of Reno county, November 27, was discharged. Cristy was never arrested. Wise has now commenced a suit for malicious prosecution against the three county commissioners, A. J. Lusk, W. E. Hutchinson and George A. Vandevort for \$100,000 in the United States circuit court for the district of Kansas.

### A Vessel Sunk.

CONSTANTINOPLE, Nov. 19. A collision occurred this morning on the Bosphorus between the British steamer Rugby bound from Odessa for Shields and the British vessel Edlethorp from Port Said bound for Odessa. The Edlethorp was so badly damaged the water poured into her in tremendous volumes and she went to the bottom almost immediately. A steam launch belonging to the Russian embassy prevented what would otherwise have been a serious loss of life. As it is, only three of the sailors of the Edlethorp are reported missing. The captain of the Edlethorp is dead. The Rugby sustained serious damage but the full extent of her injury is not known at present.

## A DAY OF REWARD

### Last Sunday was a day of well-earned emulation and satisfaction to many an honest, persevering miner in the Seibart region, especially to those who for years have toiled and worked to bring before the world the unapproachable mineral resources of the Belt mountains, destined in a few short years to excel all empires in the world in the output of rich minerals.

### JOE CONRAD, with the same feeling of satisfaction, offers the finest line of Dry Goods at the lowest prices of any house in the state, knowing full well that the daily crowds who buy so freely of him recognize the fact that his store is the Headquarters and the true Mecca for those who would get all they can and the best they can for their money.

### Last week we advertised Ladies' and Misses 75 cent shoes at 55 cents per pair. Did they sell? Well, just ask our salesman at the counter. It surprised us all and as it gave such thorough satisfaction we shall for this week continue to sell them at 55 cents per pair.

### And Shoes, both Ladies' and Gents, are equally so. No house in the state outside of Joe Conrad's ever sold so many shoes in one week. We are going to sell this week a Ladies' \$2.50 buttoned Kid shoe at \$1.75. Remember the price, \$1.75 per pair. They are wearers and are stylish. Now for the Gents' Show. Our line is fine. We carry, or we try to carry, a grade of Shoes to give thorough satisfaction, and out of our many good lines we have taken our \$2.50 shoes to sacrifice at \$1.65 per pair. This price is only for one week and if you want to buy a pair of \$2.50 shoes at \$1.65 you want to travel hither.

We are always harping on Black Dress Goods. You know we make a specialty of Priestley's goods, the very best in the world. Our range of prices is wide. We can please all. We can say the same of Colored Dress Goods and Silks. Joe Conrad's Silks and Velvets are the leaders. We guarantee our Silk. And then Dress Trimmings, such as Neckties, Feather Trimmings, Hand made Silk Trimmings, Pearl Trimmings, Swans-down, and dozens of other makes and styles. Corsets are something we sell hundreds and hundreds of. In fact we do one of the largest Corset trades in the west or southwest. The reason is we keep what the people want, viz: Dr. Warner's Corsets, at the price the people want to pay. We can fit the tall, the slim, the short, the stout, and in fact any shape. About Gloves, we feel flattered at the quantity and the quality we sell. You know Joe Conrad warrants all gloves from \$1.50 per pair up. So our customers feel perfectly safe in buying of us. Munsing Underwear has a wonderful reputation for being satisfactory goods and so we carry a full line and we sell them as low as any house in the country. Table Linens, Towels, Toweling, etc., very necessary goods to a good housewife and we ask every lady to give our stock of these goods a close inspection. On your way to this counter you will no doubt pass our Calico and Gingham counter, and as you pass take a look at our Prints at a cents per yard. We only carry the best quality. Carpets, Soyuzo Rugs, Ingrain Rugs, Blankets and Comfortables. We take pleasure in showing this stock, they are beautiful, almost a work of art. Furs, Coats, Jackets, Shawls, etc., all in one room and all at our uniform low prices. Now, ladies, we do not propose to give chromos in order to get your trade, but we do give the largest stock, the best assorted stock, the lowest prices, the best goods and the best service in the country. See!

Yours very truly,  
JOE CONRAD.

## SPECIAL SALE

### Half Wool Challie, French Sateen and Silkalene

### All Go for 10 Cents a Yard

### JUST THE THING

### To Make a Fine Comfortable

These Goods are from 32 to 40 inches wide and cannot be bought elsewhere for twice this money. All pretty designs and handsome colorings.

Our large sales on Dress Goods and Jackets still continue, and new ones are arriving to take their place daily, thus enabling us to have something new almost every day for your inspection. We have taken a number of orders for seal garments, all of which have proved very satisfactory, as those who have purchased will testify. Our stock is very complete, notwithstanding the heavy drain and inroads on it made daily by our rapidly increasing trade. Remember, we carry no second-hand or shoddy goods.
