GREAT FALLS, MONTANA, FRIDAY, SEPTEMBER 21, 1894.

## SANCTION ASKED

The Japanese Parliament Called Together for a Short Special Session

## TO APPROVE SOME ACTIONS

of the Government—Newspaper Men May Go to the Front with the Army.

YOKOHAMA, Sept. 21.—A receipt has been issued convoking a special session of the Japanese parliament at Hiroshima, Oct. 15, for seven days to discuss matters requiring the sanction of parliament.

A letter from Tien Tsen says the Chinese fleet landed 7,000 troops on the banks of the Yalu in spite of the attack of the Japanese squadron. The letter adds that the Chinese ships engaged in the battle off the Yalu river were short of ammunition. They were ordered by Admiral von Hannekin to ram the Japanese vessels, but the order was too late, as the Japanese were already retiring.

The foreign department of Japan has given notice that duly accredited newspaper correspondents may hereafter accompany the military forces of the empire, and will receive all the consideration that can reasonably be given by the commanders of troops.

## The Story Denied.

LONDON, Sept. 21.—Officials of the Japanese legation deny the story cabled via Vancouver, B. C., to the effect that the Kow Shing affair had been settled by the Japanese government apologizing and paying \$75,000 indemnity. They add that Japan holds the sinking of the transport fully justified.

## MUST GO BACK.

Conspirator Ceinfigo Will Be Extradited to Nicaragua.

WASHINGTON, Sept. 21.—If Gen. Ezeta is coming to Washington, as reported, to intervene in behalf of Ceinfigo, held by Judge Morrow for extradition on the charge of murder, his visit will likely be fruitless. While the secretary of state cannot absolutely grant extradition papers by the action of the United States commissioner or court, this power to reverse his findings is exercised only where a very strong case is made out or where accused, or new evidence is presented. The hearing before Judge Morrow regarded as being very full and fair, and it is extremely improbable that anything Gen. Ezeta can adduce will move the state department to refuse Ceinfigo's extradition.

## KNIVES THE WEAPONS.

And Both Were Literally Covered With Cuts.

DUBLIN, Ga., Sept. 21.—Robert Clemens and James Pullen fought a duel to the death with knives near Blackville, Ga., last night, without witnesses, seconds or physicians. A quarrel began at a blind tiger, which was renewed on the way home by Pullen, who, falling behind Clemens, drove his knife into the latter's neck. Though faint from the loss of blood, Clemens drew his knife and slashing began in earnest. After cutting each other for fully fifteen minutes both fell in the grass in a dying condition. They were found later and removed to their homes. Neither can live. The bodies of both are literally covered with stabs and cuts.

## MICHIGAN MYSTERY.

A Coroner's Jury Trying to Unravel a Recent Murder.

ALLEGAN, Mich., Sept. 21.—A coroner's jury is holding a secret inquest upon the remains of Ira Hurd, shot by his wife, as she claims, through accident, on Saturday night. The revolver with which she claims to have fired the fatal shot, it transpires, was not discharged at all but one bullet had been extracted. It is generally believed the shot was fired by another person, who was with Mrs. Hurd at the time.

## TWO MORE NAUGHTY MEN

Named as Co-respondents in the Glasscock-Stewart Scandal.

WASHINGTON, Sept. 21.—The attorneys on behalf of Charles Glasscock in the suit for divorce naming Senator Stewart as co-respondent have asked leave to include the affidavits offered by Senator Stewart as evidence of the intimacy of Mrs. Glasscock with W. B. Abell and James Scobb, these two persons thus being brought into the case as additional co-respondents.

## A SMALL BOY HURT.

An 8-Year-Old Son of Mr. and Mrs. Bitner Run Over Sunday Afternoon.

An accident occurred Sunday afternoon at the corner of First avenue south and Third street which resulted in the

serious injury of a little boy named Bitner, who lives on the West side. He was passing along the street when a team driven rapidly by three men named Ole Nelson, Gilbert Moe and Owen Landy passed him. Accounts differ as to whether the boy tried to "catch on" to the passing buggy or was simply standing so near that the wheels struck him; but at any rate he was knocked down and the buggy passed over him, while the men drove on without stopping. Detective Gerin saw the accident and started in pursuit of the team, catching the men near the court house. The occupants declared that they knew nothing about the boy being run over and Detective Gerin, after taking their names, returned with the buggy to the spot where the accident took place. The boy had been meantime carried into the Board of Trade saloon, and Mr. Gerin took him to Dr. Weitman's office where his injuries were attended to. The doctor found that no limbs were broken but the boy's knee and ankle were hurt. After bandaging the injured parts the little fellow was taken to his home on the West Side.

## THROWN OUT OF COURT.

The Alleged Newspaper Libel on the Whisky Trust.

NEW YORK, Sept. 21.—The examination of Daniel C. Demeritt and Alexander C. Laseer, publishers of the Daily Financial News, charged by President Joseph B. Greenhut of the whisky trust, with criminal libel, was held before Judge Ryan in the Tombs yesterday. "I understand," said the justice, "that while the case has been pending in this court, the complainant went before the grand jury, which failed to find an indictment. That ends the matter. The case is dismissed."

## SENTENCED TO THIRTY DAYS.

Six Railroad Men in Butte Stand Convicted by United States Judge Knowles.

The Penalty Is Thirty Days Imprisonment and One Hundred Dollars Fine.

BUTTE, Sept. 21.—In the United States court today Judge Knowles sentenced Messrs. Calderhead, Walker, Garvin, Dye, Barton and Boomer to be imprisoned in the county jail for a period of 30 days and pay a fine of \$100 each. These are the men charged with interfering with the running of the Montana Union trains during the recent strike here.

## RADICAL CHOSEN.

To Occupy the Seat of Casimer Perrier in the Chamber of Deputies.

PARIS, Sept. 21.—The result of the second ballot in the district of Nugent Sur Seine, to fill the vacancy in the chamber of deputies caused by the election of M. Casimer Perrier to the presidency has resulted: Bachimont radical, 4,986; Robert, republican, 4,582. At a balloting on September 6 M. Robert received 3,083; Bachimont 3,261. A second ballot was necessary, as Robert did not receive a majority over his two competitors.

## FOUR POISONED.

Breakfast Coffee That Was Doctored With Arsenic.

MEMPHIS, Tenn., Sept. 21.—Mrs. Mattie Osborne, her four children and W. E. Hunt, a boarder in the family, were poisoned this morning by arsenic in the coffee which Mrs. Osborne had prepared. Mrs. Osborne, her son Willie and her daughter Mattie and Hunt are in a critical condition. There is no clue to the mystery.

## WILL HOLD OVER.

The Supreme Court Decides County Commissioners Will Serve Full Term.

HELENA, Sept. 21.—On a test case involving the question of the tenure of county commissioners elected in 1892, the supreme court today decided unanimously that the commissioners then elected must serve for the full term of four years.

## GAINED THEIR POINT.

Eight Hundred Garment Workers Return to Work.

BOSTON, Sept. 21.—Eight clothing contractors today signed the agreement submitted by the striking garment workers and 800 strikers returned to work. More will sign this afternoon.

## International Cricket.

PHILADELPHIA, Sept. 21.—Play in the cricket match between Lord Hawkes' eleven and the Philadelphia eleven was resumed today with the Englishmen at the bat. They finished the second innings with a score of 235. As they have a lead of 253 the Americans must play a remarkable game to beat them.

## Corn Destroyed.

BROOKLYN, Sept. 21.—The corn ship Glenselin is lying at the bottom of East river, where she was sunk shortly after midnight to extinguish a fire that broke out last night. The loss on the cargo is \$25,000, while the vessel is thought to be damaged \$20,000.

## GO IT STRAIGHT

Montana Democrats Sit Down Very Hard on the Much-Talked-Of Fusion.

## THE DEMOCRATIC CANDIDATES

Frank E. Corbett for Congress and L. A. Luce for Associate Justice.

HELENA, Sept. 25.—W. R. Kenyon, chairman of the democratic central committee, called the convention to order at 2:15. The first division occurred over the election of temporary chairman. The Deer Lodge delegation, through W. M. Thornton, nominated H. L. Frank of Butte. T. E. Collins nominated W. P. Downing of Cascade county. The roll was called by counties and the vote resulted as follows:

For Frank—Beaverhead, 8; Custer, 9; Dawson, 3; Deer Lodge, 28; Flathead, 10; Jefferson, 13; Madison, 7; Meagher, 1; Missoula, 21; Ravalli, 9; Silver Bow, 40; Yellowstone, 8—163.

For Downing—Cascade, 19; Chouteau, 7; Fergus, 9; Gallatin, 16; Granite, 10; Lewis & Clarke, 35; Msagher, 12; Park, 17; Teton, 3; Valley, 2—130.

Mr. Frank was declared elected and was escorted to the platform. He made the customary speech of acceptance.

Edward Norris was elected secretary, and the call for the state convention was then read.

The committees on permanent organization and order of business and that on resolutions were then appointed, the members being called by the chairman of each delegation as the county was called.

On motion of Col. O'Leary of Deer Lodge it was agreed that all resolutions presented to the convention be presented to resolutions committee without being read before the convention. This looked like a gag rule, and J. H. Cole of Granite county and a Silver Bow delegate were quick to take offense. Cole moved to reconsider the vote by which O'Leary's motion had been passed, stating that he wanted to be able to introduce resolutions at any time, and especially if the resolutions committee did not report back resolutions presented to them. He had seen specimens of "gag law" before, and he didn't want to see it tried in this convention. His motion to reconsider was lost, however, by a vote of 113 to 105, a two-thirds vote being necessary to reconsider. The convention then took a recess until 4 o'clock.

## The Ticket Nominated.

HELENA, Sept. 25.—The democratic state convention reassembled at the auditorium this afternoon and W. G. Downing of Cascade was chosen permanent chairman. Frank E. Corbett of Silver Bow county was nominated for congress, and Hon. L. A. Luce of Bozeman for the supreme bench, both by acclamation and cheers. Corbett made a rattling speech. The platform endorses Cleveland and the administration, is for free silver; election of senators by popular vote; recognizes the wisdom of the constitutional provision requiring no religious test, and favors the establishment of tribunals for the arbitration of differences between employers and employes. Ex-State Senator E. D. Matts was nominated for joint representative for Deer Lodge and Missoula. The convention adjourned with three cheers for the ticket. In the evening Corbett spoke to a large crowd in front of the Hotel Helena.

## Connecticut Democrats.

NEW HAVEN, Conn., Sept. 25.—The democratic state convention met today. The only candidates for governor are Morris B. Beardsley of Bridgeport, and Ernest Cady of Hartford. The platform reported endorses Cleveland and condemns the A. P. A. The informal ballot for governor resulted: Cady 245, Beardsley 190. Waller I. Beardsley's name was then withdrawn and the nomination of Cady made unanimous. Beardsley was nominated for lieutenant governor by acclamation.

## New York Democrats.

SARATOGA, Sept. 25.—Senator Murphy called the democratic state convention to order at 12 m. Senator Hill was named for temporary chairman amid intense enthusiasm. Miss Susan B. Anthony and other woman suffragists are here to urge the adoption of a plank in favor of extending the ballot to women. Senator Hill made an extended address on taking the chair and the convention at 2:30 adjourned until noon tomorrow.

## FIFTY MILLIONS

Is the Value of Brooklyn Property Claimed by J. W. Little et al.

NEW YORK, Sept. 25.—Joseph W. Little, of No. 35 Butler street, Brooklyn, has laid claim formally to a tract of land

in the heart of Brooklyn, that has for years been in the possession of others.

The land is at least worth about \$50,000,000 and the present holders will soon be called upon to prove their titles in court. Mr. Little claims to have discovered a document which gives him and the other heirs of the late John Van Dyke a clear title to all the property which formerly constituted Red Hook lane, and which is now covered throughout its entire extent by costly dwellings, apartment houses, stores and hotels. The first suit in ejectment will be begun against the owners of the Grand Union hotel, at Court and Harrison streets. If Mr. Little is successful in this case every property owner involved will be made to defend similar suits.

## THE CZAR'S HEALTH.

Has an Effect Upon the Money Market of Europe.

LONDON, Sept. 25.—The European bourses are affected by the news of the czar's health, as he is recognized as one of the strongest supporters of peace and it is feared, in the event of his death, his successor would seize the opportunity to secure the naval ports on the Pacific and enlarge the Russian boundaries in the direction of Kamers at the expense of China, either of which steps it is believed would easily precipitate a war. On the other hand, a dispatch from St. Petersburg today denies that Russian troops have gone to Corea, or that Russia has the intention of doing anything calculated to disturb the peace of Europe.

## GOV. M'KINLEY ON HIS ROUNDS

The Apostle of Protection Makes a Tariff Speech at Indianapolis.

Sugar Trust and Sugar Legislation the Principal Topic Discussed.

INDIANAPOLIS, Sept. 25.—Gov. McKinley in a speech here today upon public affairs opened with a eulogistic reference to the administration of President Harrison, under which he said the country prospered as it had never prospered before or since. The address was devoted almost wholly to a discussion of the tariff, especially the effect of the democratic tariff law. The governor presented a phase of the law recently passed which was a startling surprise to the audience. The sugar schedule, he said in effect, provides for a continuation of the treaty of 1875, made with the king of the Hawaiian islands, under which all sugar from the islands was admitted free. This provision was inserted by the senate. It gives the sugar trust an advantage which has not heretofore been suspected. The sugar production of the Hawaiian islands is under the control of the sugar trust. That country is the field of its primary operations. The democratic party took away from the sugar raisers of the United States a bounty of \$10,000,000 a year and bestowed a bounty of \$6,000,000 a year on the sugar producers of the Hawaiian islands, giving them an advantage over not only the sugar producers of the United States but of the whole world outside of those islands. The revolt of Louisiana planters against the party which had smitten them so heavily was referred to by Gov. McKinley, who pointed out that it was the republican party, so freely accused of sectionalism, that had conferred the benefits upon them, that had been opposed by democratic statesmen and been removed as soon as they had the opportunity to do so.

## NEW YORK DEMOCRATS.

Ex-Secretary Whitney as a Candidate for Governor.

NEW YORK, Sept. 25.—Ex-Secretary Whitney is expected to arrive from Europe tonight or Wednesday morning. More than ordinary interest attaches to the home-coming of Mr. Whitney at this time from the fact that the democratic leaders of New York have been in communication with him by cable.

There are some who believe that Whitney will be the democratic candidate for governor. But there is no authority for stating his position one way or the other until he has set his foot in New York. The ex-secretary is understood to have cabled to friends in this city that he had reached no conclusion with respect to the governorship, and that he would not commit himself until he had taken in the situation in New York.

## Runaway Cars.

CHICAGO, Sept. 25.—A panic occurred among cable car passengers today when four heavily loaded trains loosened by a slip of the cable dashed down the incline in the Van Buren street tunnel and crashed into each other at the bottom. The passengers were hurled in all directions, but none were seriously hurt.

## HILL IS THE MAN

Named by the Democratic Convention for the Next Governor of the State of New York.

## BY UNANIMOUS NOMINATION

Secured at One of the Most Exciting Democratic Conventions Ever Held.

SARATOGA, Sept. 26.—The Tammany aspirants were thrown into a condition bordering on panic today when the Associated Press bulletin announcing that Whitney had declined the nomination for governor was read.

Senator Hill said: "I supposed he would decline to accept."

Lieutenant Governor Sheehan said: "The situation now is rather mixed. We have wasted valuable time chasing a shadow."

J. D. Crimmins, a personal friend of Whitney, has received a message stating that Whitney declined for personal reasons.

At the headquarters of other candidates the news caused great rejoicing. The Thatcher people at once began to assert that their candidate would be nominated on the first ballot, and some Tammany people expressed the same belief. The Buffalo people, on the other hand, asserted that a candidate should be chosen from western New York, and that Lockwood could unite all factions. Adherents of Cook of Rochester also declared that their man could be named on the first ballot. Senator Hill declined to say he was for any candidate. The report was started that Bourke Cockran would stampede the convention in Hill's favor. Mayor Gilroy said: "I see nothing but Hill." The Gaynor boom picked up a little, but it is conceded that there is little hope for it. At 11 o'clock it was Hill or Thatcher, the latter in case Hill refuses to accept. The democratic leaders are alleged to have decided upon the nomination of John Boyd Thatcher for governor. It is also reported that when the time comes for nominations Thomas F. Grady will declare the "Tigers" call for a tremendously big man, and will thereupon name Senator Hill.

The committee on platform for two hours discussed the endorsement of the tariff and the proposition advanced by Mr. Sheehan to condemn the income tax. Bourke Cockran declared under no circumstances shall the party endorse the tariff bill as a whole, instead, it should declare for some features. This caused a long wrangle which continued until the time for the convention to assemble. Just as the convention was about to convene a new name was added to gubernatorial candidates, that of Judge Barnard, of Poughkeepsie.

The report of the permanent organization recommending Senator Hill for permanent chairman, was adopted. Lieut. Gen. Sheehan, chairman of the committee on platform, pleading a cold handed up the platform to be read by the clerk. Senator Hill called the convention to order at 1:50, when some routine business had been disposed of the convention was ready to nominate a candidate for governor.

Galen R. Hill proposed Thatcher for the office in highly eulogistic speech. After Hill finished delegate Reynolds from Allegheny rose and said: "Mr. Chairman, I desire from Allegheny county to put in nomination our first and only choice David Bennett Hill." In an instant there was pandemonium—delegates were standing on chairs, crowding the aisles, shouting toward the platform, yelling themselves hoarse shouting "Hill, Hill." The senator stood pounding the gavel, his face pale and his lips shut. He hammered vigorously, but as he did so, the din increased. "Three cheers for the next governor of the state," shouted a man in the rear and up went a mighty shout. After five minutes of this remarkable scene there was some order restored and Hill said, "I am grateful to the democrats for this showing of their good will, and their faith, but I can not accept the nomination you offer me. I must say no to you." Again the tumult broke out and again Hill was unable to stop it. He banged with his gavel and appealed to the band to play. The band played but its music was drowned by the shouting of the delegates. At 2:50 the call of the roll by counties on nominations for governor began. Senator Guy arose and attempted to stampede the convention for Hill. The enthusiasm was running high, everybody shouting "Hill!" and Bourke Cockran took the platform and seconded his nomination. The roll call proceeded but the delegations were shouting for Hill and every county voting for him. In the meantime Hill was consulting Senator Murphy and Col. Williams. At 3:30 the clerk announced the entire vote for D. B.

Hill and declared Hill the nominee of the party for governor. Lockwood was nominated for lieutenant governor. Judge Gaynor was nominated by acclamation for judge of the court of appeals. A resolution to appoint a committee of five to notify the candidates of their nomination was adopted amid laughter. The convention, after giving three rousing cheers for the ticket, adjourned.

## The Remedy Killed Him.

HITCHCOCK, Kan., Sept. 26.—Charles D. Martin, son of Senator John Martin, receiver of the Hutchinson National bank, died today of peritonitis and appendicitis. It was determined yesterday that it was necessary to perform an operation and Senator Martin was wired to come at once and bring Dr. McClintock. The senator and the doctor arrived at 12:20 a. m., immediately after which the operation was performed. The patient never rallied.

## ASSASSINATED.

Well Known Citizen of Cleveland Mysteriously Murdered.

CLEVELAND, Sept. 25.—James B. Caven general freight agent of the Valley Railroad (B. & O.) was shot and killed in the street by an unknown person last night. Five bullets pierced his body. Parties living near the scene of the murder heard the shots and a woman scream. The police have not secured the slightest clue. Caven was a widower, 50 years of age, and resided with his daughter in Kennard street. He was a man of exemplary habits, as far as known.

## STRIKE COMMISSION MEETS

Only Two Unimportant Witnesses Appear Before the Body to Testify.

Kernan Makes a Suggestion as to the Arbitration Part of the Report.

WASHINGTON, Sept. 26.—The United States commissioners appointed by the president to investigate the Chicago strike, consisting of Commissioner of Labor Wright, ex-Commissioner of Labor Kernan and Judge Worthington, re-assembled in this city to-day to hear any further testimony which should be volunteered. Only two witnesses appeared. One was A. J. Ambler of this city, who claimed that his wife owned the Pullman truck patents, which were the basis of Pullman's gigantic fortune, and asked to be heard on questions arising out of this claim. The other was a local temperance enthusiast. The commission refused to go into those questions. Kernan suggested that in pointing any remedies for the settlement of future differences the plan must necessarily imply, if it does not in terms, make a condemnation of one side or both.

## WORK UNDER WAY.

Pullman Ex-Employees' New Co-operative Colony Has Started.

CHICAGO, Sept. 26.—The new co-operative colony scheme in opposition to the Pullman Company has finally taken shape. This week 50 Pullman and Kensington families, the first installment toward establishing the new colony, will start for Kansas. The plan promises well. The committee, Lew Meyers, C. O. Allen and W. Weiman, went out as an advance guard, has examined the ground a reported favorably. The traveling expenses are defrayed out of the funds advanced by Mrs. Lease, Governor Lewelling, Percy Daniels and others who are interested in the scheme. The factory will be near Lawrence, Kan. The enterprise will be carried out on purely co-operative lines, the parties in created, whether as backers or employees, sharing in the profits equally. The employees will at first receive their pay chiefly in stock of the new concern, and in that way acquire their interest in it.

Though car building might naturally be expected to be the chief if not the only product of this factory such will not be the case. The Pullman workmen have among their number men skilled in many varieties of work, from cabinet-making to plain carpenter work, gas-fitting, and blacksmithing. All will find something to do at the new works, and, at least at the start, car building will not monopolize their efforts.

## TWO ROUNDS

Was All It Took for Fitzsimmons to Knock Creedon Out.

NEW ORLEANS, Sept. 26.—There was a large attendance at the glove contest to-night between Fitzsimmons and Creedon, but the audience was disappointed one for it only took Fitzsimmons two rounds, and not very interesting ones at that to knock Creedon out.

## Metal Market.

NEW YORK, Sept. 26.—Bar silver 63 3/4 cents. Lead, \$3.05.
