Local Brevities

Mrs. Geo. Thorn of Everett, Wash., is visiting her sister, Mrs. James Grant.

Mrs. Frank Searce of Sloan, has been visiting Mrs. Stanley Searce this week.

A. M. Sterling went down to Missoula Wednesday and is expected home today.

Mrs. J. T. Warner has been in charge of the school in place of Mr. Healey this week.

Dr. Fuhrer is having a large combined garage and barn built on the rear of his lot adjoining the hospital. Rosegg Bros. have the contract.

It seems after the official count of the votes cast in the late election in Maine that the "wets" won out by the slender margin of only 26 votes.

With an electric line almost assured, the Mission valley will develop and grow as no other section of Montana ever grew before. Keep your eye on Ronan.

S. A. Rice returned to Butte Sunday last accompanied by Joe Wolfe who will enter the employ of Mr. Rice at that place. Mr. Rice says he has a force of six men at work all the time.

The Pioneer has had on exhibition this week a sample of the Big Red Apples which can be grown in the Mission valley. These apples are from the orchard on the farm leased by Geo. Lindsay, four miles north of the Mission, and are fine specimens of apples.

Word was received from E. E. Healey, the Ronan public school principal, that his little daughter was out of danger and that he would return this week. Mr. Healey wired that it was not scarlet fever the child had, as reported, but a complication arising from a large boil.

Lemire Bros. have had carpenters at work this week extending the shelving in their store and otherwise making extra room. They have found the present quarters altogether too small for their increasing stock and trade and to keep up to the times have enlarged both store and stock.

Each and every qualified elector residing in the limits of the proposed incorporation of Ronan, who have not already signed the petition, are urged to call at the Pioneer office without delay and add their names. This is a matter of vital interest to every property owner here and none should fail to sign the petition.

A. Sutherland will have one of the most convenient and best built concrete cellars underneath his new residence one could desire. It is expected to keep out both cold and dampness and from present indications will fill the bill. Geo. Seifred had the contract on the excavation and concrete work.

Major Morgan came up from the agency yesterday and was in town over night.

Lemire Bros. bought six lots in block 7 of Clairmont's addition to Ronan on Wednesday of this week.

Dr. Fuhrer reports an 11 pound son born to Mr. and Mrs. Joseph Cone, of section 11-21-20, on Sept. 17.

15 per cent advance on town lots in Clairmont's first addition to Ronan after Oct. 1st. On sale at Lemire Bros.

Miss Elsie Bull of Kalispell, is visiting Miss Eleanor Cox this week. Wednesday they both went down to Missoula for a few days visit.

W. M. McGarrah has moved to his homestead northwest of town, and E. E. Healey and family will occupy his residence after Sunday.

Mrs. C. W. Hollingsworth and daughter, Emma, arrived in Ronan yesterday to join their husband and father, and Miss Effie Hollingsworth, a daughter and sister.

Mrs. Dr. Fuhrer has returned from her visit at Heron. She was met there Sunday last by the doctor and they returned together. Both report having enjoyed the visit.

Mrs. C. T. Welch goes to Minot, S. D. next week to visit her parents and sister. She expects to be gone a month or six weeks, and Cliff is wearing that woe-begone look already.

The rumor of small-pox at the Mission was run down yesterday and found to be untrue. The officials at the U. S. R. S. at St. Ignatius say it is only a case of chicken-pox and no apprehension of danger may be felt.

Wm. Connerly was in town yesterday morning after more grain sacks. He says he has his granaries filled and over 9,000 sacks full besides and still needs more. His grain is going better than anticipated by quite a good deal.

M. J. Benedict has arrangements consummated to build a residence in Clairmont addition. It will be just south of I. M. Brandjord's handsome new home and will be another of the many imposing new residences to be built in Ronan this year.

Thomas W. Wagner filed on a homestead in section 5, 20-21, Monday last, and Leroy Atkinson, also of Ronan, filed on a tract in the same section, township and range. These were made after relinquishments had been secured from the former homesteaders.

Balf's camp, U. S. R. S., moved the first of the week to the work east of Ronan. Part of the force will build the dam on the north fork of Crow creek and the other men will construct the flood water canal which is to convey water to the Pablo reservoir from along the mountain side. Quite a number of the men were in town Monday on their way to the new camps.

Allen Sloan brought to the Pioneer this week a pumpkin which is some pumpkins. He raised it on his ranch at Sloan's ferry and it measures 56 inches in circumference. He says that while it may be a pretty good pumpkin, the next time he comes in he intends to bring in a cabbage which he knows is fully six feet across. That would sound big in any other country, but such vegetables are common on the Flathead.

Some of the farmers living west of the river are anxious to know whether or not the ferry road is to be closed at the expiration of the time stated in a notice now appearing in this paper. To all such we would say that there is no danger of the road being closed. The board of county commissioners will see to it that there is a road open so the travel will not be obstructed, either where the road now runs or at some other place equally as accessible.

JUST ARRIVED

The largest individual shipment of Dry Goods ever brought to Ronan

Finest of Ladies Dress Goods

We invite the ladies of Ronan and vicinity to call early and inspect this stock of dress goods, and make their selections before the lines are broken

A. M. Sterling Co.

"The Old Reliable Store"

HORSES

Car Load Broke Horses FROM 1200 TO 1600 POUNDS EACH

We will have a car load of horses here in a short time and parties wishing horses will do well to see us before buying.

Brower & Hollingsworth RONAN, MONTANA.

Attorney John P. Swee goes down to Missoula today to attend district court tomorrow.

The Ladies' Aid will serve free ice cream at the church this evening. Everybody invited.

Mrs. T. J. Farrell is visiting her daughter, Mrs. A. M. Sterling, this week. She came up from Missoula Saturday last.

D. D. Hull is again in charge of the Mission pool hall, having taken it over from J. F. Byrne. Harry Carper is manager and chief book keeper.

Emil Morris, a Missoula capitalist, and A. J. Violette, a Missoula attorney, were in Ronan Wednesday and Thursday, guests at Alfred Paquette's ranch six miles west of Ronan.

Mrs. C. T. Welch entertained a number of the young ladies of Ronan last evening in honor of Miss Dagmar Swarstad. The refreshments were Welch rarebits and a delightful time was had by all.

Word was received in Ronan this week of the death of Chas. F. Geddes, formerly with the reclamation service here, at Clairmont, Wyo., on Sept. 14th. Deceased was 50 years old and had long been a sufferer from Bright's disease.

The Good Times club of Glacier View will be entertained by Mrs. A. M. Sterling at the Sterling hotel next Monday afternoon. This will be in the nature of a farewell to Mrs. Henry Troendle who leaves next week for their old home at Fairmont, Minn.

The fall rains have put the ground in fine shape for winter wheat and the farmers are taking advantage of the conditions.

It will be noticed in the items from Dixon and Moiese that the farmers in the Moiese valley have finished their threshing for this year and that all are well pleased over their first year's crop. The Moiese valley was not expected to produce much grain until the reclamation ditches were finished and water furnished the farmers there, but when it is known that crops can be raised successfully without water it adds materially to the value of all the lands in that promising valley. Some of the farmers there report yields which would be surprising in some older countries, and with the ditches completed and water in abundance to irrigate the land it will be still more profitable to own land there and to farm there.

Bids Wanted

For 100 ricks of fir and tamarack 16 inch wood, delivered in Ronan and ricked. No objection to part green wood. Right reserved to reject any or all bids. Bids received up to Oct. 10, 1911. RONAN PIONEER

Success Never Was an Accident

The marksman may accidentally hit the bull's-eye once in a great while, but, **Hard Work**, persistence, determination and practice are the prime factors that eventually win success. You have only to look about you to realize this truth. Every successful man you know—those you read about in the news columns—owe their success in no small measure to the assistance their banker was able to render in important transactions.

Well-Balanced Tools

Few men realize the importance of proper balance and "hang" in tools. It is especially necessary in tools for the home or farm, as well-balanced tools are less tiring and require less skill to obtain good results.

KEEN KUTTER
Tools and Cutlery

are all carefully adjusted and balanced to give the greatest efficiency with the least effort. The Keen Kutter Drawing Knife, for example, is absolutely unique in this particular—never has it been successfully imitated and it is recognized by experts as the most perfect drawing knife ever made. All Keen Kutter Tools fully guaranteed.

KEEN KUTTER

THE ORIGINAL AIR TIGHT HEATER

The Reason Why You Should Buy a Wilson Heater

You cannot possibly get fuel heating value from fuel if you do not use the celebrated **Wilson Hot Blast Heater**.

The patent down draft which is perfected only in the Wilson, not only lessens consumption of fuel but burns into actual heat all gasses generated.

This combination of economy efficiency makes the Wilson Hot Blast Down Draft Heater the most satisfactory heater sold.

The Wilson Heater comes in 7 different sizes. We have them all.
