From all accounts the rain and snow of Sunday last covered almost the entire reservation. It was a general rain and the ground received a good soaking. The snow disappeared before noon except in a few places and all the water went into the soil.

Since the rain the first of the week it has kept those in town who have such a thing as a lawn, pretty busy with a lawn mower. Quite a number of Ronan residents are proud of their lawns and are exerting themselves to have them remain beautiful.

W. G. Hyer has sold his ranch near the Flathead river in 21-21 to W. M. Kinney, the transaction having been consummated Tuesday last. Mr. Hyer will sell his personal property at public sale on the 16th, after which himself and Mrs. Hyer will remove to California.

T. L. Bateman was up from Ravalli Saturday last and while here stated that he was assembling his teams and wagons preparatory to operations in Glacier park this season. He expects to have his outfit there by the first of June, as the season in the park opens on June 15th.

A. Sutherland returned Sunday last from a trip to Butte and Anaconda. He accompanied a son, A. Sutherland of Polson, to Butte, where the latter is in a hospital receiving treatment for brain trouble. He also attended the state Sunday school convention at Anaconda while away.

Dr. W. R. Sheen is having the ground cleared for the erection of a residence on his homestead near the mountain east of town. After a struggle lasting over two years the Doctor was allowed an approved homestead entry for 80 acres which had heretofore been classed as timber land and when he has cleared the land of the stumps he will have one of the best places in this section. The soil is deep and with two creeks crossing it, it is well supplied with water.

Spencer Sterling, one of the efficient clerks in the A. M. Sterling Co. store, will leave on June

The annual Mothers' Day services will be held at the forks of Crow and Mud creeks next Sunday. The morning services will commence at 11 and a picnic dinner will be served at noon. Little Jack Crawford met with another accident the first of the week. His mother was carrying him across the street when she fell and threw Jack against a fence post. His leg was seriously injured and he has not been able to use it since. Dr. Putney was called and attended to the injury and says that while the leg was not broken it received a bad strain which will take time to relieve.

## MONTANA SUFFRAGISTS WERE BUSY, MAY 2

Votes for Women was the slogan throughout Montana, Saturday, May 2nd. Governor Stewart made a big hit when he set aside May 2nd as Woman's Day. Thousands of the fair females took part in the suffrage demonstration throughout the state. Following are a few that have reported:

In Butte an automobile parade, the stores decorated, a round-up in front of the court house, with W. J. McCormick, of Missoula, speaker, and a chorus of one hundred girls.

In Livingston, a number of local attorneys delivered addresses to a large meeting and the ball was kept rolling both afternoon and evening.

White Sulphur Springs, a card party to raise money.

Deer Lodge, an open-air meeting and picture show.

Glendive, an automobile parade of cars driven by women and led by a brass band, and a large meeting with Miss Jane Thomson of Chicago, as speaker.

Forsyth, a food sale and a special edition of the Forsyth Times.

Big Timber, a public reception with program.

Helena, a mass meeting in the auditorium, a chain of teas and a large central tango tea.

Missoula, a meeting on the court house steps with Mrs. Tyler Thompson, Miss Mary Stewart and Miss Rankin as speakers, with a brass band.

Back to the Woods.

The Bug—Whither goest thou, brother? The Cricket—Well, you've heard of the cricket on the hearth? There ain't no more hearths around here, so I've got to emigrate.
