NOW THAT SPRING HAS ARRIVED.

"Look, Edward, our nice neighbor is getting a lot of garden and lawn utensils."
"Final! We won't have to buy any!"
—Rehse in New York World

Training John.
A California woman in training a new Chinese servant to wait on the door had her daughter ring the bell and present her card. The next afternoon a friend called and handed her card to the Celestial, who pulled out of his sleeve the card the daughter of the house had presented the afternoon before and carefully compared the two. "Tickee no matchee!" he exclaimed, handing back the visitor's card. "No can come in!"—Philadelphia Ledger.

Way of Modern Fathers.
"Yes, before papa would consent to my marrying George he insisted on looking up his past life."
"Mercy! That was risky."
"But he didn't go very far. He stopped just as he found that George was the only nephew of three rich uncles."

Natural Supposition.
"Johnny," the teacher asked, "can you tell me anything about Christopher Columbus?"
"He discovered America."
"Yes. What else did he do?"
"I s'pose he went home and lectured about it."—Chicago Record-Herald

SHORT AND SHARP.

Judicious silence is an eloquent indication of wisdom.

It takes a quick witted man to know when to say nothing.

All things come to the other fellow if you sit down and wait.

Too many men are expecting to catch a ride on the road to success.

Killed and Maimed.
That an average of fifty miners are instantly killed every year in the Amalgamated mines of Butte and that an average of ten grievously maimed, are carried to the hospitals of Butte from the mines every day of the year, was developed in sworn testimony before the federal industrial commission at its hearing held in Butte in July. Accident statistics prove that casualties may be reduced between 75 and 90 per cent. Initiative Measure No. 7 is designed to stop such slaughter.
