"SAFETY FIRST"—In Spending

We thoroughly believe in "safety first." It's the right thing to know and do. The original "safety first" movement started generations ago with the good old rule of making the INCOME more than cover the OUT-GO and saving continually for a comfortable old age. You will never regret joining the "safety first" movement in spending.

LEMIRE BROS. CASH STORE

Charley DeGrush and wife, the former the cook at the Sterling hotel, left Wednesday for a week's visit in Missoula.

Geo. Covalt, Mrs. Louise Covalt, Miss Elizabeth Klebe and Mr. and Mrs. Claude Wagner drove to Missoula this morning to attend the track meet.

John Nadrau spent the first of the week in Kalispell, returning yesterday. He was accompanied by A. L. Robinson of Kalispell, who is looking over the valley.

E. L. McConnell on Friday last bought the F. W. Delaney forty west of Ronan. The price paid was not made public but is understood to be entirely satisfactory to both parties.

The meeting of the Leon Ladies' Aid which was to have been held last week at Mrs. Haid's, was postponed for two weeks, at which time the ladies will be entertained by Mrs. Haid.

John Bishop, living north of Ronan, made commutation proof on his homestead last Saturday. Mr. Bishop was one of the first to file after the reservation was opened to settlement and has a choice piece of land in the timbered section.

A fire scare occurred at the home of Mr. and Mrs. Bert Flatten Wednesday evening. A pan of grease in the oven of the stove exploded and caused a flame to spread throughout the kitchen. Prompt and effective work prevented a conflagration.

Floyd J. Logan was up from Missoula last Friday and sold a new Ford to Percy M. Ross. Mr. Logan is placing all the Fords he gets from the factory as fast as they arrive, which indicates that the Ford still holds its place as one of the most popular cars on the market.

A dollar will buy twenty nickel smokes, and you'll puff them all away within a week or less. And that same dollar would buy an encyclopedia of knowledge if invested in a subscription to this paper. Mount a little higher on the ladder, brother, and toss a plunk.

The devastating cecideworm has been found again in the Pacific northwest. The cecideworm is so small that it can rarely be detected by the naked eye, but it is remarkably destructive. It ravages onion fields and feeds upon bulbs, rye, oats, hemp, potatoes, strawberries, etc., and thrives best in moist regions where the temperature varies little like the Pacific northwest and Holland. Once a crop has become infected with these nematodes, there is no known cure.

Mrs. Stansbury and Mrs. Mason entertained the Good Cheer club last Friday night at the home of the former. In the absence of Mrs. Brandjord, Miss Titus was chairman for the evening. "Present Day Writers" was the subject and readings were given by each member from some of the best present day books. Following the program a very pleasant evening was spent and the usual good lunch served. The next meeting, which will be the last until September, will be with Mrs. White and Mrs. Swee at the home of the former, on Tuesday night, May 18.

School Notes

Our boys are in Missoula taking part in the interscholastic track meet this week. Miss Savage, Thelma Brown, Marie Myers and Ross Lemire also drove down to Missoula in Mr. Lemire's car. They come back to St. Ignatius tonight where our debating team will meet the Arlee debating team.

An ice cream social will be given by the school industrial club in the central school building, Monday afternoon, May 17, from two until five. An exhibit of school work will be given in connection with the social.

Next week is exam week. Alma Myers is substituting in Miss Savage's room during her absence.

Don't forget that I also carry Pictorial Patterns.

Mary Duplessis

Two auto loads left Ronan Wednesday afternoon for Missoula to attend the track meet. Ross Lemire drove one car carrying Miss Savage, Marie Myers and Thelma Brown. Dr. Resner took Walter Fisher, Melvin Dix, Erban LaFontaine and Harold Resner. Fisher, Dix and LaFontaine will take part in the meet, representing the Ronan high school.

At the first of May meeting of the board of county commissioners it was decided that the reservation needed a deputy sheriff and a salary of \$85 per month was voted. Wm. Engle has been serving under appointment by Sheriff Whitaker for some time without pay, but commencing May 1st he will receive the salary stated. Sunday last the Missoulian, in mentioning the fact that the commissioners had decided to place the officer under salary, said: "Mr. Engle has proven himself a splendid officer and his appointment under salary will be appreciated by the reservation folks."

A party of Ronan people, composed of Mr. and Mrs. J. A. Lemire, Mr. and Mrs. H. E. Stansbury, Mr. and Mrs. E. H. Rathbone, Mrs. Hazel M. Putney and J. H. Rathbone, spent Sunday last at Stevensville with Mr. and Mrs. Jas. McConnell and family and A. M. Thornburgh. The Lemire's and Stansbury's made the drive from Ronan to Stevensville Sunday morning, while the others left here Saturday night and drove as far as Missoula. The day was one continual round of pleasure, winding up with a big dinner at the Bitter Root Inn, given by the hosts, after which, accompanied by the McConnell's

The Creator and the Farmer

In six days God created heaven and earth. The farmer has continued the work ever since. By his labor and his thought he has improved the family of every useful plant—the grass and the grain, the berry and the fruit. The ancient Sun, the gentle rain, and the softly blowing wind—these are his mighty allies.

It would be a sacrilege to offer anything but the highest grade of implements for this noble work. So we offer the best the human mind has evolved:

The Oliver Chilled Plow
The Osborne Harrow
The Kentucky Drill
The Chatham Fanning Mill.

Trade! TRADE!

If you wish to trade your ranch for 5 and 10 acre orchard tracts adjoining Missoula, or for residence or town lots, we invite correspondence. We have some very desirable propositions.

Also town lots in Ronan to trade. Money to loan on land not under the irrigation system.

THE Camel of Extravagance has absolutely no chance of passing through the eye of the Needle of Success. EXTRAVAGANCE means WASTE, and waste is the NATURAL ENEMY OF SUCCESS. The person who spends his money immoderately, lavishly, recklessly, will naturally NEVER succeed. The secret of success is MODERATION, not excess. The money prodigal very rarely has a fatted calf killed for him. Be MODERATE with your money. GUARD it well.
