

A Lumber Famine.

It appears to be impossible to get lumber into Tonopah in quantities at all equal to the demand. The fault is said to lie with the Carson & Colorado Ry. which seems wholly unable to handle the traffic which this camp has created. There is now and always has been a scarcity of lumber of every description, and especially of large timbers, which are used in mining operations. The store keepers claim that they have ordered such material but that it is being held at Mound House until the C. & C. Ry. people find it convenient to haul it into Sodaville. At present there is not a stick of lumber that can be had for love or money. Parties who are contemplating building and have accumulated a small nucleus which they hope to be able to add to until they have enough to construct a house, are refusing fancy prices for their holdings. How long this state of affairs will continue it is impossible to say.

LOCAL LAONICS.

The County Commissioners meet Monday.

Frank Golden returned to Carson yesterday.

Pheby Bros. have an ad in this issue. Read it.

James Cheek of Austin arrived here yesterday.

S. A. Knapp and a Mr. Shear arrived from Hawthorne today.

Mr. Kilpatrick expects to open his restaurant about July 2nd.

Kendall & Carey are having built on an addition to their saloon.

Barney McMahon is erecting a business building on Main street.

Work is now being pushed on the Silver Age tunnel site west of town.

Trib is a liniment tried and true. Maybe its just the right thing for you.

District Attorney Oddie leaves for Belmont to-morrow on official business.

Wm. Douglass and Ed Brown of Douglass were arrivals on Monday's stage.

Buser & Carter have completed the blacksmith shop building for Dunn & McGinnis.

Deputy Sheriff Powers has given a couple of undesirable men notice to leave town. They left.

Frank Butler has returned from Eureka and brings a fine lot of horses for the livery stable.

J. G. Booker, the surveyor, and Miss Virginia Moore were married in Hawthorne on June 21st.

Sawle & Hollis have the contract to build the new jail in Tonopah. All of the material is on the ground.

It is said the C. & C. R. Co. are having additional rolling stock made for their increasing freight traffic.

W. C. Humphrey, mine host of Crow Springs Station, will shortly establish a liquid refreshment booth.

We are going to have a jolly good time on the 4th and invite you one and all to join with us in the festivities.

G. E. Raycraft, of Gardnerville, Nevada, a Tonopah leaser, left for Carson and home on yesterday's stage.

Let each citizen appoint himself a committee of one to aid in making the first Fourth of July in Tonopah a success.

Mr. O. A. Turner, has a well written interview in the Grass Valley Herald-Union, regarding the Tonopah mines.

E. A. (Brick) Pomeroy, D. A. McDonald, G. W. Cloud, Jas. Lazarovich and Geo. Bonovich arrived from Delamar last Monday.

This camp is out of ore sacks, lumber, powder, coal and other things too numerous to mention. Will somebody come to our rescue?

Thomas Egan, mining recorder for this district, will leave for Austin to-morrow to be gone two weeks. He has appointed W. W. Booth deputy who will act in his stead during his absence.

THE MINES ARE SOLD.

The Most Important Sale That Has Been Made in Years in this State.

The Buyers to Build a Railroad.

Yesterday the first payment of \$50,000 down was made to the Tonopah Mining Company by the Philadelphia syndicate, the purchasers of the Tonopah mines, consisting of eight locations, all now being worked by leasers. The eastern capitalists who have safely and wisely invested their wealth in the above named mines before making the first payment sent Mr. John F. Anderson, a mining expert of note, and Mr. O. A. Turner a practical mining man of Grass Valley, Cal., here to further examine the properties and ascertain positively if the richness and large permanent ledges do actually exist. While here both gentlemen made a minute examination of the property and the mines adjoining and after doing so Mr. Anderson stated to a BONANZA reporter that the discovery was not only phenomenal but the surface showings and the present outlook of the mines was the wonder of the 19th century. "Before leaving the east, he said, I could not believe that such ledges, both in richness and size, could exist, I was agreeably surprised to find that the report sent by Mr. Turner to my associates had been found correct in every detail. Had he estimated the group to be worth \$5,000,000 he would not have over done it. The half has not been told of this rich camp. I want to say right here, the mines of Tonopah with their large permanent ledges are the richest in the mining west today."

When asked of the company's proposed work, he replied: "The first thing my people will do will be to place you in communication with the outside world by constructing a railroad to your town which in a short time will become a promising city. The property will be worked on a large scale. Only first-class miners will be employed of which your State has an abundance."

The price paid is \$336,000. Fifty thousand down, \$100,000 Sept. 30th and \$186,000 Dec. 30th.

The principal owner is John W. Woodside, president of a tobacco trust. John F. Anderson, O. A. Turner and several Philadelphia millionaires are also heavy shareholders.

Several of our local would-be promoters are very sore over the fact of their inability to interest their "people" in the Tonopah mines before a deal was made. Being on the ground and well aware that a great discovery had been unearthed, they made desperate efforts to impress mining men with whom they were in touch with the real facts. It seems to have been a case of a thing being "too good to be true," and they were forced to stand by and see one of the greatest bonanzas of the country pass out of their grasp at a figure which represents only a small fraction of its true value. These would be investors who have failed to come to the front when a great opportunity presented itself, will no doubt drop their money into some proposition of doubtful value later on, but such is the way of the world. We are fortunate in having such affable gentlemen, as the purchasers are, among us. They are typical western men. Let all assist them in making their work pleasant.

A new strike is also reported on the Valley View by John May and his partners, high assays from a large ledge having been obtained.

A news stand and stationery store will be added to the BONANZA office. All of the leading dailies, magazines and illustrated periodicals can be had at the news stand.

Mr. W. Marsh, who has been prospecting new ground north of the Mispah ledge, reports a new strike on his lease. He has obtained assays as high as 826 ounces in silver and \$245. in gold from his ledge.

The Ball Game.

The base ball game to be played on the 4th of July on the public square grounds in Tonopah will be interesting and exciting from start to finish. Already considerable money has changed hands and before the game is finished it is safe to predict that a large sum will be wagered. The married men seem to be the choice at 8 to 10. The single men say they will scoop and keep a scooping their weak opponents on the day of the game. The following is the line up of the teams:

Married Men.	Single Men.
Wm. Tamblyn pitcher	C L Booth
Fred Massey catcher	Tom Leigh
Joe Smith 1st b	Jim Smith
M. Howard 2nd b	A. Crocker
E. Brown 3rd b	Ed Kapp
Joe Little s stop	E. Johnson
Al Timpson 1 field	H. Miller
Tom Kendall c field	A. Whitman
J. Raycraft r field	J. McDonald
D. Fitzpatrick sub	W. Thorn

ADDITIONAL LOCALS.

Don't kick a mule when he is down—he is liable to get up some day.

Walter Ober, who was quite sick yesterday is much better today.

Sawle & Hollis have a three room cottage contract for Charles Carr.

Mr. Axtel Nelson, of Nelson, B. C. is the guest of Cal Brougher.

Mrs. Sinclair remembered the poor printer last Monday. It was a box of fruit. Many thanks.

Wm. Easton and Charles Little of Austin arrived here last evening and will remain a day or two.

Once more, clean up Main street and the back lots on which the business buildings are erected.

Several very rich finds have been made by the various leasers this week. As depth is attained the ledges continue to carry their richness.

Trib is a clean, convenient, economical, mild yet powerful and most effective liniment for sprains and bruises, burns and bites. Six ounces, fifty cents.

The dispute between Frank Golden and his associates over the Shendal lease has been amicably adjusted. Golden gave up ten feet off of the east end of the Shendal lease to his partners, retaining the balance.

Ore is piling up and more teams are needed to haul it to Sodaville. This condition of affairs will become worse instead of better as soon as the whims which have been ordered arrive. Will somebody please come to our rescue?

The Bodie Miner says that the BONANZA has changed the spelling of Tonopah. You are wrong neighbor. It was the press throughout the State and the Miner that misspelled the word Tonopah. It is not Tonopah but Ton-o-pah.

The Power Bros. and Geo. W. Ludd, took three nuggets out of their placer claim at Klondike during the past month of the following values: \$18 75; \$17 50 and \$12 40. They have a dry washer in operation and a 28 day clean up netted them \$303.

An indication of the activity prevailing in this camp is the fact that a rush order has been sent to San Francisco for an even half dozen Davis whims for the use of various leasers who wish to expedite the extraction of their ore during the remaining time of their leases. The whims have been shipped by Josua, Hendy & Co. and they will be set up and put to use immediately upon their arrival.

The BONANZA was not started to boom this camp, it needs no boom. The bullion product is ample proof that it is the most phenomenal discovery ever made on the Pacific coast. Tonopah will grow as the mines are developed. We want no boom and are not seeking one. If you are hunting for days pay keep away from Tonopah as there is no day work here. If you desire to lease and abide by the result and have money to pay your way while you are seeking the golden treasure we advise you to come along.

THE CELEBRATION.

Independence Day to be Honored in a Patriotic Manner in Tonopah.

The Exercises-Sports and Dance.

The committee of arrangements have completed their arduous duties and promise the people of this fast growing town a good old time rousing celebration of our National Day. Mr. Robert Gordon—Bob Gordon—has been wisely selected to deliver the oration on that day, and that his speech will be one of eloquence and a rare treat to our people is simply writing it mild. There are few men on the coast that can equal in composition and oratory our genial and esteemed fellow townsman, Mr. Robert Gordon. The ladies and gentlemen vocalists in town have organized a glee club and will render national songs. The program is published in another column. A free dance at Kendall & Cary's pavillion will close the festivities of the day. Our people extend an invitation to all the residents of the State. The bars are down so all can pass through. We are going to have a pleasant time and desire you to participate with us in a jolly good time. So come along.

The Bodie Miner says that this journal does not say anything about the large number of idle men in this camp. The reason we have not printed such a saying is because the BONANZA will be truthful at all times. There are no idle men here only those coming in every day. It takes the new comers about two days to select their ground and the next day following finds them drilling away.

Change in Management.

S. P. Santos, of Ione, has purchased of Mr. and Mrs. W. Ober, the Tonopah restaurant. Mr. Santos is well known and that he will conduct a first class restaurant is an assured fact. Sunday chicken dinners will be a specialty. The proprietor asks for a share of the public patronage.

The Pavilla Family.

This celebrated family troupe gave a first class show Thursday and Friday evenings in Shirley's hall. Their acting was good, their farces, button splitters and the children were very clever in their turns. They are good entertainers and far above the average troupes.

NEW TO-DAY.

Notice to the Public.

NOTICE IS HEREBY GIVEN THAT ON and after July 1, board at the undersigned place of business will be \$65 per month; by the day \$1 25; single meals 50 cents.

The reason of the raise in board is the cost of water and freight rates being so high. We are compelled to do this or close our business.

S. P. SANTOS,
LITTLE & FERGUSON,
ADDIE MCAFEE,
STIMLER & NAY.

Tonopah, June 29, 1901.
