

PLEASED WITH ROUND MOUNTAIN

C. H. NAZRO CONSIDERS IT THE BEST CAMP IN THE STATE.

C. H. Nazro arrived from Round Mountain yesterday, after spending a number of days in the gold camp. Mr. Nazro is much pleased over the condition of affairs in Round Mountain; in fact he is enthused to the point of putting up a mill there, but cannot see his way clear yet to get the water to operate the mill. If he secures any water at all, it will have to be through the Round Mountain Hydraulic Mining company, and he has not been successful in getting what he thinks are good terms from that company.

"Round Mountain is beyond a doubt one of the best camps in the state of Nevada," said Mr. Nazro, "and it is my ambition to put up a custom mill there. It would be a good investment for me, and it would be a good thing for the camp, for they have come to a milling proposition, notwithstanding the high grade that they have been turning out. I have been disappointed in my dealings with the Round Mountain Hydraulic Mining company, and have been unable to come to terms with them, and of course I cannot get any water without its coming through them."

"The camp has a fine showing, and its future is assured. There are some of the finest properties in the camp that one would want to look at, and there will be lots of work for a mill, and that is the work that they have come to."

SUDDEN CHANGE IN THE WEATHER

The cold days have come. At least one of them was in evidence yesterday. It was cold enough to bring out the furs, and to make summer togs distinctly passe.

It was getting pretty cold at this time last year, colder than it is at the present; but the indications are that we are not going to have so severe a spell this winter. The sudden change yesterday caught many unawares, but no time was lost in getting into the proper wrappings, and the gray clouds and shivery weather were set at defiance. Sleigh bells will soon be in order.

DISTRICT ATTORNEY REMOVES OFFICES

District Attorney Pat McCarran yesterday had his offices removed from the Nyco building to the court house. The reason for the move as stated by Mr. McCarran, is that the increase of work compelled most of his attention at the court house. Mr. McCarran's predecessor had his office in the court house, and it is those rooms which will now be occupied.

PERSONAL MENTION

W. C. Russell returned yesterday from a trip to Rawhide.

C. H. Nazro was an arrival yesterday from Round Mountain.

J. F. Stebbins, a well known mining man of Round Mountain is in the city.

Congressman George A. Bartlett will return from Carson this morning.

President T. B. Riekey of the State Bank and Trust company arrived here from Goldfield yesterday and proceeded to Blair.

C. H. Mace, field engineer for Messrs. Shockley and Douglass, has returned from a trip of several weeks to the Rogue river country in southern Oregon.

M. O. Corey, formerly in the auditor's office of the Oregon Shore Line, arrived here from Salt Lake yesterday to take a position in the Nevada First National bank.

James McCambridge left yesterday morning for Rhyolite, where he will put in the winter. Mr. McCambridge is an oldtimer of Tonopah and this will be his longest absence from here since his first advent.

C. O. Olive, a banker of Round Mountain, arrived in the city yesterday, and will remain over pending the hearing of the injunction suit against the Round Mountain Hydraulic Mining company.

Mrs. Wm. F. Pinter, mother of Mrs. T. S. Jacobs, who recently became the mother of twins, arrived yesterday morning from Louisville, Kentucky. Mrs. Pinter feels much elated over the fact that she is a grandmother.

PROJECT RAILWAY TOWARDS TONOPAH

The management of the Nevada Northern railroad has announced intention of building its line to Goldfield and possibly other Nevada points, says the Salt Lake Tribune. One of the principal reasons for the extending of this line, is said to be the desire of the smelting company at McGill, to be within easy reach of fluxing ores for that immense plant, whose combined furnace power will be the largest in the world, reducing 15,000 tons of ore daily. It is learned that the railroad company will begin work on the extension of this line in ample time for its completion by the time that the smelter is ready to be blown in, and indications at the present time are that the Guggenheims are going to be an important factor in the construction of railroads that tap the larger camps of Nevada, and that Ely will be the center of all of its Nevada smelting interests.

These facts tend to show the magnitude of the plans that are mapped out for the future of Ely and in addition to what is being done for the camp by the Guggenheims alone, a number of other large interests are already arranging for the development of great mining properties that have unquestionable merit. Among the Utah colony that is interested extensively in that camp, and all of whom are well known in the mines of this state are Col. E. A. Wall, David Keith, Thomas Kearns, the Bambergers, W. W. Armstrong, George Gunn and others.

These facts tend to show the magnitude of the plans that are mapped out for the future of Ely and in addition to what is being done for the camp by the Guggenheims alone, a number of other large interests are already arranging for the development of great mining properties that have unquestionable merit. Among the Utah colony that is interested extensively in that camp, and all of whom are well known in the mines of this state are Col. E. A. Wall, David Keith, Thomas Kearns, the Bambergers, W. W. Armstrong, George Gunn and others.

GIBSON JURY FAILS TO AGREE

GOLDFIELD, Nov. 14.—The Gibson jury failed to agree, and were discharged shortly after noon yesterday. Gibson was remanded to jail to await the result of an effort to secure bail, which will be made by his attorneys this morning at 10 o'clock.

The failure on the part of the jury to reach a verdict came as a disappointment to both prosecution and defense, who confidently expected this undesirable conclusion would be avoided.

The jury received the case from the hands of Judge Langan on Monday afternoon at 4:26 o'clock. They retired to the district court room, in the custody of the sheriff's deputies, and at once commenced their labors.

While little or nothing can be learned of the actual work done, yet it is known that the jury recognized from about midnight, that agreement was utterly impossible.

After thirteen ballots upon the guilt or innocence of the defendant, the jury stood 8 to 4 in favor of finding Gibson guilty. Every man being honest and conscientious in his belief, remaining firm, and it became apparent that time was being uselessly consumed in laboring further.

Judge Langan being convinced of this fact, promptly discharged them.

It is understood that the bone of contention causing the breach in the opinions of the jurors was the question as to whether Gibson or Maunsell, the deceased, precipitated the difficulty, and it is thought if this matter could have been settled the jury could have possibly reached a verdict.

TONOPAH LADY RAWHIDE BROKER

Mrs. Belle Dormer, the Tonopah booster, has opened up the first brokerage office in Rawhide, and is doing a rushing business. She is one of Nevada's most energetic ladies, and has made both money and success in the brokerage business.—Rawhide Rustler.

ROCK THROWER HEAVILY FINED

For disturbing the peace of Tonopah, Philip Quantlich and Mike Colock were yesterday fined by Judge Brissell \$42 each. The two visitors from the shores of the Mediterranean got into trouble over a card game, and then went out side and fought a duel with rocks. They pumpled up different kind of rocks in lieu of going to jail.

THANKSGIVING PROCLAMATION

State of Nevada—Thanksgiving Proclamation—The time is near at hand when, according to the custom of our people, a day should be set apart and devoted to thanksgiving, prayer and praise to Almighty God for the many blessings bestowed upon us during the year fast drawing to a close:

Now, therefore, I, John Sparks, governor of the state of Nevada, do hereby designate and declare Thursday, the 28th day of November, A. D. 1907, Thanksgiving day.

To the Supreme Ruler of the universe, during the year, we have everything to be thankful for. He has given us sunshine and showers and natural conditions for the production of bountiful crops from an inexhaustible soil. He has given us pure air to breathe, productive of health and happiness. Neither pestilence nor calamities have come through His dispensation. For which all we should be humbly grateful.

The people of this state, as in the case of many others, are financially distressed, but this is not attributable to God. The avaricious tendency of man is responsible for the misery and distress now prevailing. It is, however, to be hoped that the cloud will soon be dispersed and business resume normal conditions, conservative and safe for the benefit of all classes.

On Thanksgiving day, as you meet in family and friendly reunion, remember the poor and needy with gifts of comfort and joy.

Given under my hand and the great seal of the state of Nevada, at the capitol, in Carson City, this 12th day of November, A. D. 1907.

JOHN SPARKS, Governor.

By the Governor: W. G. DOUGLASS, Secretary of State.
By J. W. Legate, Deputy.

LOOK AROUND YOUR OFFICE

For ledgers, daybooks, in fact for anything that may be lacking in your office, go to the Bonanza bindery. We have samples of the style of work which is turned out, but for the matter of that one does not have to visit the bindery. There are samples of our work in nearly all the offices in the city.

Our work stands as the best recommendation of the character of the stuff that we turn out. We can do anything in our line that can be done in any of the big cities, can do it as well, and give better service in the matter of prompt delivery than any other institution of the kind in the State.

Give us a trial. We will do the rest.

AGED MINING MAN ARRESTED

OAKLAND, Nov. 14.—John F. Davis, aged 70, a chemist and vice president of the Grand Consolidated Improvement company, a Nevada mining concern, was arrested today on complaint of George W. Brown of 1170 East Fourteenth street, who is the president of the same concern. He charged Davis with having obtained money by false pretenses, alleging that his partner contracted to build a combination rock crusher and pulverizer and received \$300 cash. He said that the contract was entered into on July 6, 1906, and that the machine was to be ready for use within six weeks. Brown is 80 years old. He has engaged San Francisco attorneys to prosecute his business associate. He reported today when obtaining the warrant for Davis' arrest that Davis was about to leave for Nevada. Davis was arrested at his home, 1453 Grove street, by Detective Green.

Notice to Grand Jury

You are hereby notified to appear in the County Commissioners' rooms at the court house in Tonopah on Friday morning, Nov. 15th, at 11 o'clock a. m.

P. A. McCARRAN, District Attorney.

FRED DANBERG ILL. Fred Danberg, one of the most popular and wealthiest young men in the state, is reported as being quite ill at his ranch near Minden. Danberg is well known in this city. He was at one time state senator from Douglas county and is president of the H. F. Danberg Land and Livestock company.

ROUND MOUNTAIN HYDRAULIC GOLD

A small clean-up from the Round Mountain Hydraulic Mining company was sent to the government assay office at Carson on last Monday. The estimated value of the shipment was in the neighborhood of \$3000.

Round Mountain has the better of the smelters in this, that it is not necessary to wait two or three months for the return money. The money comes back in about ten days after the shipment is made.

TAXES

You are hereby notified that your State and County taxes for the year of 1907 are due and payable. If not paid December 2, 1907, 10 per cent and all cost will be added by law.

R. F. GILBERT, Treasurer of Nye County, Nevada.

GUILD MEETING.
 There will be a meeting of St. Mark's guild (Friday) afternoon, November 15, at the guild hall.

Rings Dyspepsia Tablets do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist for a free trial. Sold by Tonopah Drug Co.

SIMPLEX MACHINE BREAKS RECORD

ARRIVES FROM LOS ANGELES IN NINETEEN AND ONE HALF HOURS.

A 70-horsepower Simplex machine, owned by Malcolm Macdonald and Donald B. Gillies, arrived here yesterday from Los Angeles, piloted by "Shorty" H. T. Kutzkau and Jed Newkirk. The record from the angel city was broken by several hours, and the boys were coming all the time. The running time was nineteen and a half hours. Shorty held the previous record which he made in Macdonald's other Simplex. The route taken was by way of Mojave, Freeman and Owens river valley.

Shorty says that the new machine is the finest thing that ever happened, and that she covers the ground like a bird. The Simplex is the best on the desert, for it has been constructed on lines which have been made from observation and experience on the desert, and it has been many months in construction.

NOTICE.

FOR THE PURPOSE OF RECEIVING SIGNATURES TO AGREEMENT WITH ITS DEPOSITORS, THE NYE AND ORMSBY COUNTY BANK WILL BE OPEN DAILY FROM 9 A. M. TO 5 P. M., AND FROM 7 P. M. TO 9 P. M. ALL DEPOSITORS ARE REQUESTED TO CALL AT ONCE, IN ORDER TO FACILITATE THE EARLY OPENING OF THE BANK.
