MINERS' UNION GETTING READY

PREPARING FOR GRAND FIESTA DURING THE HOLIDAYS.

The Miners' Union is preparing for its Christmas fiesta, and is going to have the usual good time despite the hard times. There will be a merry time for the children in the afternoon of Christmas day, when there will be lots of "goodies" dispensed, and this will include all children in Tonopah who want to come.

In the evening there will be a concert in the hall for the miners and their friends, which will last from 7 to 8 o'clock, after which there will be a jolly smoker. The committee of arrangements comprises Alex Maln, chairman; Fred Lombard, Stewart Macdonald, J. Benn and Branch Smith.

NEW ADVERTISEMENTS.

DEPUTIES RETURN WITH PRISONERS

SILVER BOW MEN ARE CHARGED WITH THREATS AGAINST LIFE.

Deputy Sheriffs George Swasey and Bud Carberry returned last night from Silver Bow with four men under arrest, charged with threats against life. The arrests are the culmination of the claim jumping at Silver Bow, where bad men and guns figured in the attempt to hold property which did not belong to the men who are charged. In fact there seems to have been a great deal of indiscriminate claim jumping in Silver Bow, where there have been recently great ore discoveries made.

The men who were brought in are E. Lemke, C. Anderson, Mike Rosenovitch and Ike Greganovich. These men, with two others, are charged with having made threats against the life of C. W. Girten. According to Swasey and Carberry, the crowd has the whole town terrorized. The officers got into Silver Bow after dark, and resolved to get their men before doing anything else. Swasey was armed with a Winchester and Carberry had a double-barreled shotgun. They were obliged to go about a mile and a half to the camp of the men, where they were informed, two of the men were.

These were Lemke and Anderson, and as soon as they threw back the flap of their tent the officers had them covered, and their arrest was easy. Going back to town with their prisoners, they encountered Greganovich, who carried a big saw with him, which the officers took for a rifle. He got behind a tree and the officers covered him and called upon him to surrender. He seemed to be looking for a gun, and Carberry cracked him on the head with his gun, dropping him. A revolver and a knife were found on him.

The deputies got the three men into the town and then they had another experience. A man came down from the camp with a 30-30 rifle to rescue the prisoners. The two officers got the drop on him and took his gun away from him, and also found on him a revolver, both of which weapons they confiscated. They let the man go on the promise of his turning up Mike Rosenovitch on the following morning, and he kept faith with the officers.

The party arrived here last night in two spring wagons, and were out in the driving snow storm. All hands were almost frozen to death, and even the prisoners were glad to get in. They were very well behaved prisoners, too, according to the officers. The two other men who are wanted are said to be in Tonopah. The preliminary hearing will be held today.

HOLDING HUSBAND PENDING TRIAL

OAKLAND, Dec. 10.—Louis J. Carmen, who was to have departed today for Kansas City with the remains of his wife, Vernie Carmen, for the murder of whom Mark A. Wilkins is being held, was compelled to postpone the trip and will be detained here until the authorities have sufficient assurance that he will be present to offer his testimony when the case comes to trial.

Carmen has been cited to appear in Judge Gary's court in East Oakland tomorrow morning, when it will be determined whether he will be placed under a bond to insure his appearance when Wilkins is tried for the murder of his wife, the date of which has not been set. Had this action not been taken, the authorities say they would have had no guarantee that Carmen would return, as it would be impossible to get legal action even through an extradition. The matter will probably be adjourned tomorrow and Carmen will be allowed to take the remains to Kansas City, and later to Sheffield, Mo., where they will be interred in the family plot.

RAILWAY BEGINS WAR ON TRAMPS

SACRAMENTO, Dec. 10.—The migration of tramps and hoboes to California is far greater than for many years. The railway companies are having great trouble in preventing the traveling gentry from taking possession of trains and running things with a high hand. To keep hobo travel under control the Southern Pacific Company has established a special police service and practically every train has an authorized officer of the company aboard. Within the last ten days, according to a report of the detective and police departments of the Southern Pacific Company, over 400 hoboes have been arrested and turned over to the civil authorities, while several hundred more have been driven from the trains, yards and depots.

The company has doubled its police duty on all the coast runs and the hoboes there have sent warning to their comrades to keep clear of all trains running between Port Costa and Oakland and all other routes going to the bay cities. Most of the tramps are heading for the southern part of the State, but they get "ditched" along the way and spend a great part of the winter in the cities of Northern California. The railroad officials state they will wage an unrelenting war against the tramps for the reason that they commit burglaries, breaking open cars and destroying what they do not steal.

WILL SHORTEN NEVADA ROUTE

RENO, Dec. 10.—Harriman will soon make another move to better the Central Pacific lines through Nevada, this time shortening the distance of the road near Battle Mountain. This is the information brought here by R. C. Blossom, a well known business man and stock raiser of northern and county. The proposed cut-off will begin at a point five miles west of Battle Mountain and terminate fourteen miles east of Argenta. It will not only cut three miles from the track distance and eliminate a bad grade, which has always been a source of trouble, but will open several large tracts of land comprising in the neighborhood of 50,000 acres.

Work is to begin shortly and it is hoped to have the new route ready for travel by summer. The Western Pacific will run within five miles of Battle Mountain, and will also open considerable acreage. It will run through the 22,000-acre Blossom ranch for a distance of nine miles.

MURDERER IS GRANTED RE-TRIAL

(By Associated Press.)
SAN FRANCISCO, Dec. 10.—William Helm, who was convicted and sentenced to be hanged for the commission of a murder in Fresno county, was granted a new trial by the Supreme Court today. The defendant was accused of murdering a farmer and his wife, who camped by the roadside, and it was alleged the motive for the crime was larceny. The evidence was circumstantial and because of a prior murder, public feeling was much aroused. There was great difficulty in securing a jury. After this conviction, the defendant moved for a new trial on the ground that he was obliged to exhaust all his peremptory challenges before a full panel was secured.

COURT HEADS OFF GRAFTERS' PLANS

(By Associated Press.)
CLEVELAND, Dec. 10.—Owen N. Wilcox was today appointed receiver of the Cleveland and Sharon Electric Railroad Company by Judge Strimple in the Common Pleas court. The appointment is alleged to have headed off a plan of financiers behind the road to enrich themselves at the expense of the smaller stockholders.

SEVEN YEARS FOR STEALING CLOTHING

P. W. Bennett, who was found guilty of stealing his roommate's clothing, was yesterday sentenced to seven years imprisonment in the State penitentiary. The limit for grand larceny is fourteen years. Attorney Rose, for the defendant, made a plea for mercy, and the plea was considered by Judge O'Brien, who said that he was determined to make an example of the prisoner for the reason that thievery in a mining camp was one of the crimes that was not to be tolerated, it being the greatest boast of a mining camp that it was honest.

HAVE SEASONABLE LINE OF GOODS

The snow has begun to fly, and we have winter upon us in earnest. Always in the market for sunshine or stormy weather, Ryan and Stenson have just what you want in the way of comfortable clothing for the season, rubber goods, overcoats, arctics, and the like. There is a sale on now for these goods, and you want to get around to the store today, for they will go fast. Don't let the snow fool you again as it did last night, when it set in without warning, and is apt to continue. Those who come early get the pick, but there are plenty of good things to go around.

M'CURDYS ARE STILL IN HIDING

NEW YORK, Dec. 10.—The American this morning quotes Louis A. Thebaud, son-in-law of Richard A. McCurdy, former president of the Mutual Life Insurance Company, as saying that both Mr. McCurdy and his son, Robert, are very ill and that it is probable that neither will recover. According to the interview, Mr. Thebaud refused to state where the former insurance men are, further than to say that they are in France.

"I don't know just where they are," said Mr. Thebaud. "I have not heard from them directly for some time. They are over there somewhere, heartbroken and sick. Why don't people let them alone? Have they not suffered enough already? Haven't enough false charges been made against them? Aren't they entitled to rest and peace now. Let them be forgotten."

GILLETT CONFERS WITH BANKERS

(By Associated Press.)
SAN FRANCISCO, Dec. 10.—Gov. Gillett this evening had an informal conference with men identified with the banking interests. Later he said he would recommend that the banks of the State be divided into four districts and that no bank commissioner examine the banks of a district twice in succession.
