(By Associated Press.) SACRAMENTO, Dec. 12.—Two men, giving their names as Gus Kessler and Fred Deroche, were arrested today on suspicion that they are the men who early this morning held up six men in the Columbia cafe, at Sixth and J streets, and fatally wounded George Smith of Woodland, a carpenter, who resisted the robbers. Both the arrested men were identified by Smith, with whom they fought, and by others involved in the holdup. Both men protest their innocence.

PETERSBURG, Dec. 12.—General Kuropatkin testified today at the court-martial of General Stoessel and other army officers, charged with needlessly surrendering Port Arthur to the Japanese, that the Japanese could have taken Port Arthur by assault in the early days of the war, as the defenses were then incomplete. On the whole Kuropatkin's evidence was favorable to Stoessel.

HOSPITAL FUND BALL A SUCCESS

GREAT CROWD ATTENDS THE W. F. OF M. DANCE AT MILLERS.

The spacious parlors of the Lindsay hotel at Millers were crowded to overflowing by the number of people who attended the dance given for the benefit of the hospital fund of the W. F. of M. last night. Two coaches carrying Tonopah guests arrived at 8:30 and six autos from the same place arrived at about the same hour. The entire populace of Millers was in attendance. The dancing hall was tastefully decorated and the reception committee did everything in their power to make the guests welcome.

The grand march, led by D. E. Green and Miss Maggie Cox, was participated in by about 100 couples, while nearly as many more were interested spectators. McGuire's orchestra of Tonopah furnished the music. At midnight a magnificent collation was served by the management of the hotel, to which all did justice.

The event was a success, both socially and financially, and too much credit cannot be given the very able and energetic work of the committee of arrangements, which consisted of W. S. Sansburns, Joseph P. White, R. J. McClelland and D. E. Williams.

MINERS DEMAND INCREASED PAY

NELSON, B. C., Dec. 12.—The application of the St. Eugene mine employees of the Consolidated Mining Company for an increase of wages, bringing the standard up to that paid in the Boundary country prior to the recent shutdown has been placed before a mutually approved board of arbitration.

The men based their application on the higher price of the necessities of life and the higher price of metals, maintaining that an increase of wages had not taken place for nine years and that the cost of living in the interval had gone up.

The company urged that there had been no great increase in the cost of living and that the higher value of metals no longer existed. Further, that the present scale was higher than that paid in Butte; that the miners of Lake Superior, of Arizona, of Butte and of Roseland had all accepted lower wages. Also that by reducing the hours of labor from ten to eight, a 25 per cent increase of wages had been given. This, however, the miners denied.

At the request of the men the next sitting of the board is to be held in Nelson, December 19.

CRIPPLE CREEK STRIKE AT AN END

DENVER, Dec. 12.—The executive board of the Western Federation of Miners yesterday officially called off the strike in the Cripple Creek district of Colorado, giving as the reason the fact that the camp is in need of skilled mine workers and now, by calling off the strike, many union men employed "in less favorable places" can go to Cripple Creek and accept work without violating their union pledges.

The board also received a message from unions in British Columbia stating that mine operators are attempting to reduce wages and asking advice in the matter. The reply was sent back to the union men to "stand pat." Acting Secretary Kirwin said: "If the reduction as threatened is made in British Columbia more than 6000 skilled miners will lay down their tools and the mining industry of the Canadian West will be crippled."

THACKER INJURED.

J. N. Thacker, the veteran Wells Fargo detective and well known in this city, where he frequently visits, was seriously injured at Lovelock several days ago. He was inspecting his cattle ranches there when run down by a runaway team. Thacker was in a buggy when a team hitched to a road scraper became frightened and ran him down. He was thrown from the buggy and sustained severe bruises and internal injuries. It was first thought he was critically injured, but is now improving and it is said will soon be out again. He was taken to San Francisco and placed in a hospital there.—Carson News.

A subscription was started by the employes of the Mizpah yesterday. The day shift contributed \$150, the night shift a like amount, the whole aggregating \$300.

POLITICAL NEWS SIGNAL FOR RISE

(By Associated Press.) NEW YORK, Dec. 12.—Today's political news received a favorable interpretation at the hands of Wall street and was signalized by many opening advances from one to two points, with Harriman stocks displaying the most activity as to strength. The action of the market alarmed short interests and they bought extensively, giving an appearance of great strength and animation to trading.

The failure of the bulls to follow up their advantage encouraged the bears to work diligently to break prices, and by concentrating their selling against certain stocks in which special considerations operated, the latter managed to bring about a general decline. Bonds were firm.
