

## LADIES NIGHT AT THE EAGLES

WILL BE INTERESTING SESSION OF POPULAR ORGANIZATION.

Tonight is "ladies' night" at the Eagles headquarters in the Butler building, and there promises to be a very interesting session. A very fine program has been prepared with discriminating care, so that the birds may have a good old time, in which the lady guests may participate without good taste being encroached on. The committee of arrangements comprise Ed. Walker, P. H. McCarran and Harry Downs.

## PERSONAL MENTION

H. J. Hall is back from Rawhide. E. Marks returned from Rawhide yesterday. E. Q. Yates returned yesterday from Los Angeles. Sam Bernhard and Mo Selig left yesterday for San Francisco. Zeb Kendall will be a passenger for Rawhide tomorrow morning. George Brotherton, forest ranger from Belmont, is in the city on business. J. H. Davidson, who formerly resided here, was an arrival in the city yesterday. Corporal Alfred Kells of the regulars, is visiting his sister, Mrs. Letson Balliett. Mrs. S. B. Cohen was one of the arrivals on yesterday morning's train from the coast. Prof. Dinsmore, who has been here for the past few days, leaves for Reno this morning. W. B. Pittman returned from Goldfield yesterday, and will go to Rawhide tomorrow morning. W. B. Parsons, superintendent of the Desert mill, was a passenger from San Francisco yesterday morning. Edward Gofford, who has been to Rawhide for some time, returned yesterday, very well pleased with the camp. Cal Brougher, the old timer, and one of the big owners in the Belmont, was an arrival from San Francisco yesterday. W. F. McDonald will leave for Mina in his auto today, and from Mina will continue to Rawhide tomorrow, meeting the train leaving here in the morning. H. C. Jones, an old timer of Tonopah, arrived from Los Angeles on Wednesday, and will leave for Rawhide this morning. Mr. Jones contemplates making his headquarters at Rawhide. The Nugget flyer left for Round Mountain yesterday afternoon, having as passengers Colonel Johnson, W. F. Madigan, Maurice Moran, Jas. Travers and Charles Cole, the engineer of the Nugget. W. W. Booth returned yesterday from Rawhide, where he had been for several days. Mr. Booth is another of the enthusiasts on the new gold field, which he predicts will be the greatest in the State. A team bearing a number of residents of Round Mountain left for the "biggest feeling" camp in the world yesterday. In the party being Mr. and Mrs. John Williams, S. Murray, Charles Osborn, Joe Alexander, Charles Lohman, William Cook and Mike Dorregan.

## FORMER MERCHANT TALKS OF RAWHIDE

Day by day the good news from Rawhide increases. Every man coming from there brings a story somewhat different from the man who preceded him, but all of the same character. All agree that the camp is the best in the State, and the best on the coast. One of the arrivals from there yesterday was E. Marks, the former Tonopah merchant. His visit out was for the purpose of effecting better freight facilities with the railroad, for as it is now, he cannot get in nearly as many goods as he needs. "We have a store there now," said he, "which is thirty by fifty feet, and we have ordered the lumber to extend it another fifty feet. We have not the room to accommodate the business that we are doing, and at that we could do three times as much business as we are doing if we could only get the freight in." Rawhide will make the biggest camp in the State, and she is today the busiest on the coast. "They just made a strike on the Royal Tiger of eight inches of ore that will go as high as \$1000 a ton. This was on the old Stinson lease. The ground in that neighborhood is all looking good; in fact, there is not a place in the camp that is not looking good. There are lots of people going in there. There were fifty went out of Schurz this morning. The people are so impatient to get into the camp that they are insisting on the autos and stages running in the night as well as the day. "There is considerable money in the camp. The new comers bring it, and there is a good deal left there by investors making deals. There are transactions going on all the time, properties changing hands with the usual rapidity of the boom camp. All the saloons are doing more business than they can very well attend to. You have to fight your way to the bar in nearly all the saloons." H. J. Hall of this city is another who has become an investor and a permanent locator in Rawhide. Mr. Hall is putting up a corrugated iron building. Part of the building is to be devoted to the wholesale and retail liquor business, and the rest to a warehouse.

## BELMONT MINE IN GOOD SHAPE

Morgan Tillinghast, vice-president and general manager of the Belmont Mining Company, has been here for several days from Philadelphia, and is very well pleased with the condition of the Belmont mine. "I was kept informed of what was going on," said he, "but I found things in better shape than I was even led to believe. Mr. Brady has a mine there now, and when I left here, if you will remember, I told you that we did not have a great deal of ore in the mine. I am not boasting of what we have now, but we have some, and we are getting it out in satisfactory shape. Our principal work, however, is to reach the south vein which Mr. Brady opened up on the eight hundred level on the lower depths. We are going to follow it through to the ten hundred, if it is there, and I don't think that there is much danger of our not finding it. "We have not attempted to do much with the find on the nine hundred, for we are desirous of proving up the south vein before doing anything else. That is Mr. Brady's idea and I agree with him. You can imagine what it will mean to the Belmont to trace the south vein as far below as the 1000 level. We will have a pretty nice looking property." The Jim Butler, under the direction of Alec Johnson, the superintendent, is going after the ore beyond the belt of the dacite intrusion. Work is being carried on on the Fraction and the Wandering Boy and the shafts are down not more than 500 or 600 feet. Mr. Johnson expects to get through the dacite at this depth through the extremities of the intrusion and is working toward that end. On the Rescue, they are working on the 550 level, developing the ground toward the Belmont, in the hope of catching the south vein of the Belmont.

## NOTABLE DECISION BY JUDGE O'BRIEN

FOREIGN CORPORATIONS MUST COMPLY WITH LAWS OF THE STATE. Because the Liberty and Justice Mining Company and the Granny Gold Mining Company of Manhattan are foreign corporations doing business under the laws of South Dakota, they have been non-suited in their adverse suit against the Manhattan Consolidated Company. The decision in the case has been handed down by Judge O'Brien, and if the ruling stands the foreign corporations doing business in this country had better change their charters and get in under the laws of Nevada. The contention was made that by the charter of the plaintiff companies, they had no authority to do business in the State of their birth, and that, therefore, they should not be allowed to do business in any other State. It was a novel point, and the court sustained it. Another point raised was that of reciprocity. According to the laws of South Dakota, certain requirements must be performed before a corporation with a foreign charter can do business there. The same applied to a foreign corporation attempting to do business in this State. Nevada has a law, whereby, when the laws of a State impose more than the ordinary obligations or requirements upon a corporation from another State, the same requirements shall be enforced against corporations under charter from that State. South Dakota requires that there shall be many steps taken before a corporation of Nevada can sustain a suit against a corporation of that State. It was argued that this rule should apply to the Liberty and Justice, and the Granny, and it was so decided. The suit against the Manhattan Consolidated was for the possession of the Silver Pick claim, which it was claimed was snatched on the company's ground. The point as to whether it is or not, was not reached, the suit being shut off by technicalities. The Christian Endeavor Society will give a basket social Friday evening, February 28th, at the Presbyterian church. A program will be given, beginning at 7:45 p. m., after which the baskets will be sold at auction. All are cordially invited. 21

## TO ESTABLISH A UNIFORM COURSE

PROF. CLAUDE SCHOER RETURNS FROM MEETING AT RENO. Claude Schoer, principal of the high school, has returned from Reno, where he went to attend a meeting of the high school principals of the State. The purpose of the convention was to establish a uniform course of study in the schools of the State, there being no such thing as uniformity at the present time. A committee comprising five university professors, five high school principals, and the five deputy superintendents of schools, was appointed to arrange the course, and to report at the Academic Field Day meeting at Reno in May. The new system will go into effect for the fall term. Dame Rumor was busy with the name of Principal Schoer during his absence, to the effect that Cupid had fouled him in this greatest of all years, leap year, and had emmeshed him in his snares. It was with apparent regret that Mr. Schoer denied the soft impeachment, and said that he would endeavor to have better luck the next time.

## JAMES T. SHAW BECOMES BENEDICT

MARRIES THE NIECE OF WILS BROUGHER AT CARSON CITY. James T. Shaw, who became known to Tonopah through his connection with the State Bank & Trust Company, as the chairman of the rehabilitation committee, was married on Wednesday noon to Miss Laura Thompson, niece of Wils Brougher. The wedding took place at the home of Mr. and Mrs. Wils Brougher, the Rev. C. H. Powell officiating. United States District Attorney Sam Platt was the best man, while the bride was attended by Miss Ida Brougher, a cousin of the bride. Only the immediate families and a few friends were at the ceremony, and a wedding breakfast was spread after the ceremony.

## ELKS TO GIVE CHARITY BALL

WILL OBSERVE FIRST ANNIVERSARY OF LODGE IN THIS MANNER. The first anniversary of the local lodge of Elks will be observed by a charity ball. The anniversary of the lodge falls on Sunday, April 26th, so that the ball will be either on Saturday night or on Monday night. The proceeds from the ball are to be devoted to charity, the disposition of the funds to be decided upon later by the committee.

## BASKET SOCIAL THIS EVENING

CHRISTIAN ENDEAVOR SOCIETY WILL GIVE INTERESTING PROGRAM. The basket social of the Christian Endeavor Society of the Presbyterian church, which is to be held in the church tonight, gives promise of being a very successful affair. The ladies in charge are working zealously in the cause, and are sparing no effort to make it one of the most pleasant gatherings ever held in the church. A most excellent literary and musical program has been prepared, and the entertainment is to commence at 7:45. All are cordially invited to attend the social, and at the end of the entertainment there will be a deal of fun over the auctioning of the baskets.

## WILL LOSE SIGHT OF BOTH EYES

S. B. COHEN WILL PASS THE REST OF HIS LIFE IN BLINDNESS. Mrs. S. B. Cohen, wife of the merchant who attempted to commit suicide two weeks ago, returned from San Francisco yesterday. The would-be suicide will recover, but he will be totally blind. He was placed in a private hospital, where it was found necessary to perform an operation on his eye. The bullet that ploughed through the head of Cohen, cut through the ball of his right eye, and severed the optic nerve in the left eye.

## BUTLER CHANGES ITS BILL TONIGHT

The Butler theater has another change of bill for tonight, when an unusually strong bill will be presented. The chief feature of the program will be "Bluebeard," in colors; "A Judicial Drama," also colored, which is a tale of love, murder and the pursuit and hanging of the wrong man. "Elephants of India," is an exhibition of a band of trained pachyderms, who go through all kinds of stunts, and wind up by shooting the chutes. "Music Forward," is a sketch in black art. The illustrated songs are, "Neath the Boughs of the Old Maple Tree," and "Snuggle up Closer."

## STOCK EXCHANGE SUSPENDS BROKER

SAN FRANCISCO, Feb. 27.—Geo. A. Reiner, a stock broker, was yesterday suspended from membership in the San Francisco Stock and Exchange Board. His debts are said to aggregate \$5000. A. L. Hudgens, Nat Boas and W. A. Muir, members of the same board, are said to be the principal creditors. Caller Joseph L. King announced the suspension of Reiner for thirty days and all creditors having claims against him were notified to file them with the secretary of the organization within that time. It is generally reported that Reiner was among the "shorts" caught in the recent sharp rise of Great Bend and Combination Fraction. He is now in Los Angeles, but before departing turned over his seat in the mining exchange to the three creditors named. Five year old claret at \$1.50 per gallon. H. J. Hall & Co. Advertise in The Bonanza.

## RAILROAD TRAVEL

Trains leave and are due to arrive at TONOPAH Effective December 5. (Local or Pacific Time.) ALL TRAINS RUN DAILY. East and West via Miss. No. 23. No. 24. 8:10 a.m. Lv.
