A BUSY DAY FOR W. H. TAFT

(By Associated Press.)
TOPEKA (Kas.), Oct. 3.—Beginning at Syracuse, on the western line of Kansas, at 6 o'clock this morning, and ending at Topeka with two monster meetings tonight, William H. Taft today reached the climax in crowds and enthusiasm of his campaign trip began eleven days ago at Cincinnati. In fourteen speeches delivered during the day and evening by Taft, he not only talked of tariff, trusts and labor, but furnished Kansas farmers an itemized account of the increased profits they made in the last year because of the operation of the principle of protection, as he termed it, over what they made under Democratic enforcement of free trade.

And Mack Says All Such Cases Will Be Prosecuted

HIGH GRADE ORE NEAR WADSWORTH

RENO, Oct. 3.—The old town of Wadsworth yesterday awakened from its long slumber and experienced a mining excitement. A prospector named Packard entered Wadsworth early yesterday morning with some ore that fairly glistened with gold and reported that he had discovered a large ledge of high grade gold ore at Black Warrior peak, a short distance from Pyramid lake. It is the opinion of many that the gold discovery is on the Pyramid reservation and that even though the stamperers locate claims, they will be unable to work them until the reservation is thrown open to the public as the Walker Lake reservation was a few years ago.

NEW YORK, Oct. 3.—Norman E. Mack, chairman of the Democratic national committee, said today before leaving for the west that a special fund of \$5000 has been appropriated and set apart for the purpose of punishing any person or corporation which endeavors to coerce its employees in the national election. Mack explained that numerous complaints have been received by the national committee from employees throughout the country that they have been threatened with dismissal if they persisted in support of the Democratic ticket.

AND HOW ABOUT THIS?
RENO, Oct. 3.—The Gazette of last evening claims that it has uncontrovertible evidence that straight from the headquarters of the Harriman lines the word has been passed out that all employees of the great wizard, who is Roosevelt's arch enemy, are expected to cast their votes for Bryan.

The message has been delivered with utmost secrecy, but two men employed in the Sparks shops have stated that they have received such instructions. They also state that they intend to vote according to their own belief, despite the instructions from headquarters.

This attempted dictation from the big interests who are opposed to the Roosevelt policies has been looked for by Republicans who have realized that the Harrimans and Rockefellers of the country would prefer Bryan to Taft, because with a Republican congress a Democratic president would be practically powerless, and no further hostile legislation could be enacted.

It was thought that the message would be deferred until later in the campaign, but evidently the powers have acted earlier than was expected, in a frantic effort to stem the tide of votes that is setting in toward Taft.

The instructions have been quietly discussed among the railroad employes for the last twenty-four hours, but the general impression is that they will resent the attempted dictation. The order will undoubtedly win votes for Taft, because it arrays all the plutocratic wealth on the side of Bryan against Taft and the Roosevelt policies.

BRYAN'S RECORD IS SHATTERED

(By Associated Press)
EVANSVILLE (Ind.), Oct. 3.—Long distance records for stump speaking during the present campaign were shattered today by James S. Sherman, the Republican vice presidential candidate, and Congressman Nicholas Longworth, who traveled through two states delivering speeches. In his address here tonight Sherman replied to Bryan's question, "Shall the People Rule?"

GOVERNMENT BUYS SILVER.

WASHINGTON, Oct. 3.—Yesterday the treasury department purchased 125,000 ounces of silver at 51. Of this purchase 77,000 ounces will be delivered at Philadelphia and the remainder at New Orleans.

NOTED WRITER IS DEAD

SAN FRANCISCO, Oct. 3.—Robert A. Smyth, one of the best known sporting writers of the country, died here today after an illness of about three months, death resulting from cancer of the stomach. Smyth was a native of County Cork, Ireland, and a son of a noted Irish sportsman. He went to Australia while a lad, coming to San Francisco nearly twenty years ago, and making a name for himself as a bicycle racer. From this he turned to newspaper work, joining the sporting staff of the San Francisco Examiner fifteen years ago, and five years later accepting a position as sporting editor of the San Francisco Call, which he filled until retired last July on account of ill health. He was 43 years of age and leaves a mother and sister here.

BILL HEARST AFTER BAILEY

(By Associated Press.)
EL PASO (Texas), Oct. 3.—Declaring he would "give one final review of Senator Bailey's spectacular career and then resign him into the hands of his constituents to be reverently reposed upon the vacant Democratic slab beside the late Mr. Haskell of Oklahoma," W. R. Hearst carried the fight against the junior senator from Texas into his own state, when tonight he read in the course of a speech, letters from J. W. Bailey to H. C. Pierce of the Standard Oil company, and a copy of a note for \$8000, and extracts from a speech by Bailey in defense of Joseph Sibley.

OLD ROAD WILL BE OPENED

RENO, Oct. 3.—Superintendent Manson, Chief Engineer Thomas Fitzgerald and Assistant Superintendent Rowlands of the Salt Lake division of the Oregon Short Line arrived in Sparks yesterday morning in the private car "Buena Ventura." They left last night for Mina where they will attend to matters preparatory to resuming traffic over the old narrow gauge railroad from Mina to Candelaria. The road was built in the early days of Candelaria when that camp was one of the booming mining towns of Nevada.

For the last five years the road has been idle owing to the lack of traffic but on the request of several mining companies in the neighborhood of the old town who have guaranteed sufficient tonnage the railroad company has decided to resume operations. The needed repairs will be rushed to completion as the first shipment of ore will be made about October 10. Superintendent Manson yesterday said: "Everything is running along very smoothly with us; we are having no accidents or wrecks and since the settlement of the labor troubles in the eastern coal fields last Monday we have no fears of a fuel famine."

THAW'S TRIAL COSTLY

NEW YORK, Oct. 3.—The total cost to New York county of the prosecution of Harry K. Thaw for shooting Stanford White has been \$54,837, according to papers submitted by District Attorney Jerome to Justice Mills today. The purpose of Jerome's application to Justice Mills was to have the approaching trial on the question of Thaw's mental condition transferred from Westchester to New York county. The paper stated that trial in Westchester county will entail a greater expense than in New York county.

BROWN WAS VERY FOND OF ACTRESS

NEW YORK, Oct. 3.—A. O. Brown of the bankrupt brokerage firm of A. O. Brown and company, which did a business which ran into many millions every year until its recent collapse, testified today in the bankruptcy proceedings that, besides giving a costly automobile to Edna Wallace Hopper last March, he, in the same month, presented her with an insurance policy for \$25,000 on his life, which was originally made payable to his wife, now dead. The little actress had her name substituted for that of Mrs. Brown as beneficiary.

PITTSBURG LOOKS TO BE THE WINNER

Defeat of New York Saturday May Cost That Team the National Pennant.

NEW YORK, Oct. 3.—So close down will be the finish of the race for the pennant in the National baseball league that any one of the three leading teams—Pittsburg, Chicago or New York—may win. The defeat of New York today was costly for that team, for even by winning the three remaining games New York has to play with Boston, Pittsburg can win the pennant by winning the last game of the season from Chicago.

On the other hand, if Chicago defeats Pittsburg and New York wins its remaining games, New York can do no better than to tie with Chicago. It thus seems the game between Pittsburg and Chicago today will be the crucial test of the entire season, disposing entirely of the chances of one or the other of the two clubs. If Pittsburg loses the game that team will be behind Chicago in the final team standing. The tie game played by New York and Chicago September 23, has yet to be finally decided. The results of today's games were as follows:

Philadelphia — Philadelphia, 3; New York, 2.
Brooklyn—Brooklyn, 2; Boston, 0.
St. Louis—Pittsburg, 3; St. Louis, 2.
Cincinnati—Chicago, 16; Cincinnati, 2.

AMERICAN LEAGUE.

In the American league pennant race, now drawing to a close, Detroit has gained a substantial lead and appears to have the championship in its grasp. Today's games resulted as follows:

New York—New York, 2; Washington, 1 (first game); New York, 3; Washington, 2 (second game).
Philadelphia — Philadelphia, 8; Boston, 7 (first game); Boston, 5; Philadelphia, 0 (second game).
Detroit—Detroit, 6; St. Louis, 0.
Cleveland—Chicago, 3; Cleveland, 2.

CONSUMPTION MAY BE CARRIED IN BEEF AND MILK

(By Associated Press.)
WASHINGTON, Oct. 3.—A signal victory was today won by the opponents of the theory advanced by Dr. Robert Koch, the German scientist, minimizing the danger of human infection from bovine tubercle bacilli, when the sixth triennial international congress on tuberculosis, just before final adjournment, placed itself squarely on record in opposition to the views of the German savant. The body by unanimous vote adopted a resolution recognizing the "possibility" of human infection from bovine tubercle bacilli. An entirely unexpected, but one of the most pleasant surprises of the closing scenes of the congress was the appearance for the first time during the proceedings of President Roosevelt. The president's appearance was greeted by tremendous applause and he delivered a characteristic address. Secretary of the Treasury Cortelyou presided at the closing session.

One Killed But Some Records Broken

NEW YORK, Oct. 3.—At Brighton Beach track and amid the wildest scenes, George Robertson, driving a Simplex car, No. 6, flashed across the finish line at 10:30 tonight, the winner of the second international twenty-four hour automobile race of the Motor Racing association. Harry Cobe, driving a fifty-horse power Lozier machine, was second; Montague Roberts, at the wheel of a seventy-two-horse power Thomas, third. Six cars finished, all being American. The foreign cars, two French and one Italian, were put out of the contest by accidents, as were three American cars. The final score of the leaders follows: Simplex, 1177; Lozier, 1125, and Thomas, 1115 miles. The best previous record was 1107 miles. One dead, five injured and half a dozen costly racing automobiles smashed into worthless masses, and all speed records for circular tracks shattered—this tells of the great twenty-four hour automobile race which ended tonight, in brief words.

BEVERIDGE TO OPEN STATE CAMPAIGN AT SACRAMENTO

SACRAMENTO, Oct. 3.—United States Senator Albert J. Beveridge of Indiana will open the Republican national and state campaign in Sacramento on Thursday evening, October 8. This will be the only speech made by him in the state. It had been announced that Beveridge would speak at San Francisco, but the assignment has been changed.

WILLIAM JENNINGS BRYAN IS HOME AGAIN

(By Associated Press.)
LINCOLN (Neb.), Oct. 3.—William J. Bryan tonight got among his home folks and attended a monster Democratic rally in the Auditorium here, over which he presided. The principal speaker of the evening was Senator Gore of Oklahoma. At the close of Senator Gore's remarks Bryan spoke briefly, expressing thanks for the interest manifested in him and touching on a few issues of the campaign.
