

# State Returns Come Slowly

(Special to the Bonanza.)  
 RENO, Nov. 4, 10:30 p. m.—The state vote in Nevada, so far as is known at this hour is as follows:  
 For United States Senator—Newlands 4177, Flanigan 3771.  
 For Congress—Bartlett 4317, Maxson 2846.  
 For Supreme Justice—Brown 3833, Talbot 3310.

# GOLD PRIZE HAS A BIG ORE SHOOT

SEVEN TROUGHS (Nev.), Nov. 4.—Several weeks' careful surface work at the Moran strike on the Gold Prize, a mile and a half north of Vernon, has revealed an ore zone of a magnitude and richness that easily surpasses all previous surface discoveries in the Seven Troughs district. The facts furnished by Ed Moran are substantiated by incredible exposures of values over a wide area. Mr. Moran said:  
 "I have the formation exposed for 140 feet by five long surface trenches. The work done reveals an ore zone fifty feet wide for the entire distance of 140 feet uncovered in which the great ore body is practically continuous. In everyone of the trenches is the same network of quartz veins carrying shipping values and spec-

men ore and the material that fills the space between these stringers and veins is a low grade phonolitic porphyry. The quartz stringers range in thickness from two inches to three feet. On the west side of the gold-bearing zone is a three-foot quartz body and here I believe the values will run into an enormous and rich body of ore. As incredible as the statement may seem, I have reasons to believe, from numerous panning and assays, that if the whole fifty feet of width were shot loose, the coarser material, the quartz, would average shipping ore. The phonolitic zone is about 200 feet wide and the gold zone appears right in the heart of it. It has been traced for 1500 feet north and south and values have already been found for 1000 feet along its course."

## PIOCHE PROPERTY CHANGES HANDS

Considerable interest in the Desert Prince property at Pioche has been taken by H. W. Rand of Portland, Oregon, who recently purchased the mine, and work is under way. This is a very promising property, consisting of seven claims and a large fraction. One hundred dollar assays are obtained at grass roots, and with a thorough development, as Mr. Rand and his local associates, Schoddy and Hurley, are sure to give it, there will be one more shipper added to the list of great mines of Pioche. There first work will be putting up good buildings, then a shaft will be sunk 100 feet in close proximity to the known ore shoot, then cross-cutting to the vein. They are all live ones, and there will be something doing on the Desert Prince from the first ring of the gong until the ore body is pierced at the 100-foot mark.

## CHARLIE FERRELL WINS IN RENO

(By Associated Press.)  
 RENO, Nov. 4.—While the returns are not complete from the state it is safe to say that Bryan carries it by less than 1000. United States Senator Newlands, Democratic, will be returned by a small majority. Bartlett, Democrat, for congress, wins by a heavy plurality over Maxson, Republican.  
 The legislature will be slightly Democratic. C. P. Ferrell, for sheriff of Washoe county, wins from "Big Bill" Wilson by 4 to 1.

## COWBOY KILLS TRAIN WORKMAN

EL PASO (Tex.), Nov. 4.—While under the influence of liquor, Jesse Ake, a cowboy working on a ranch north of Engle, New Mexico, rode up to a Santa Fe work train, which was moving at the rate of twenty miles an hour, and roped Ramon A. Raagon, one of the Mexican laborers who was aboard, dragging him from the car, the fall killing the Mexican. Ake galloped off toward the Organ mountains. A charge of murder has been made against him, and officers at Hillsboro, Las Cruces and other New Mexico points have been ordered to take his trail.

## ELECTION NEWS WAS SENT OUT BY TELEPHONE

All the mining camps in Nye and Esmeralda county with telephone service were furnished the election returns as fast as they were received in this city. Mr. F. G. Waterhouse, manager of the Southern Nevada Consolidated Telephone and Telegraph company, kept all the offices open and it was through his courtesy that the returns were furnished. Mr. Waterhouse was the first to flash the election of Taft to Manhattan, Round Mountain, Rhyolite, Beatty and a number of other camps, where the news was received with great enthusiasm.

## CUBAN LEADER DIES.

SANTIAGO, Nov. 4.—Thomas Estrada Palma, the first president of the Cuban republic, died tonight.

## TAFT CARRIES WEST VIRGINIA

(By Associated Press.)  
 CINCINNATI, Nov. 4.—While fuller figures received this afternoon showed that Taft carried West Virginia by a safe plurality of several thousand, the state ticket may go through with him with the exception of Bennett, the Democratic nominee for governor, who is having the better of the argument over probably half the state.  
 These figures show that Bennett had over 1000 plurality, but the figure is so small that the Republicans have found satisfaction in possibly overturning that amount and have claimed the entire state ticket.

## OHIO FOR TAFT.

CINCINNATI, Nov. 4.—A plurality of about 50,000 for Judge Taft, the Republican candidate for president, was the election day expression of voters in Ohio.

## WINGFIELD IN TOWN.

George Wingfield came over from Goldfield yesterday on business, and while here expressed himself as well pleased with the result of the election.

## PENNSYLVANIA CONGRESSMEN.

(By Associated Press.)  
 PHILADELPHIA, Nov. 4.—The complete returns show that the next Pennsylvania delegation to congress will be thirty-seven Republicans and five Democrats.

Cooke's deserted wife, who is making her home with her father, Elmer A. Clarke, of No. 521 Prospect avenue, Hartford, Connecticut, offered last March to take the first son and bring him up with her own children. To this offer the Whaley girl sent the swift reply: "Give up my child? I would see him dead first."

## AWFUL MISTAKE OF YOUNG WOMAN

DENVER (Colo.), Nov. 4.—Laboring under the impression that she had taken poison instead of salts, Ellen Baxter, a pretty stenographer, startled the roomers in the Kenmore, 1448 Welton street, early Sunday morning by rushing into the hallway and crying for help. The police surgeon was notified, but before the ambulance reached the house Miss Baxter discovered that she had in reality taken the salts. The services of Police Surgeon Ackley were not required.

## ANOTHER SON-OF-A-GUN.

NEW YORK, Nov. 4.—A second son has been born to Jere Knode Cooke, unfrocked rector of St. George's Episcopal church, Hempstead, Long Island, and Floretta Whaley, for whom he deserted his wife and fled to California. The second child was born on October 1, although news of the event has just reached former friends of the pair in this city. Cooke and the girl, who was only 17 years old when they eloped, are in dire poverty, it is understood.

The Whaley girl's grandmother, Mrs. Kaziah Whaley, who is a trustee of a \$1000 bequest to Floretta, has repeated offered to give her a home in Hempstead if she will renounce the ex-preacher. Her overtures have brought only indignant refusals from the girl.

Cooke's deserted wife, who is making her home with her father, Elmer A. Clarke, of No. 521 Prospect avenue, Hartford, Connecticut, offered last March to take the first son and
