

FATAL DUEL WAS FOUGHT AT RHYOLITE

C. K. Smith Shot to Death by John Cyty Sunday as Out- come of Trouble Over a Mining Claim.

(Special to the Bonanza.)

RHYOLITE, Nov. 23.—A shooting scrape, resulting in the death of one man and the wounding of another, occurred yesterday afternoon near the Keane Wonder mine, the participants being C. Kyle Smith and John Cyty.

The trouble arose over ground which was being worked by Cyty and which is also claimed by the Gold Crest Mining company, in which Smith, Senator Stewart and others are interested. During the duel Smith was killed, being shot four times, and Cyty was wounded slightly in the arm and stomach, both scratches. News was telephoned to Rhyolite and Dr. Bowen took an automobile and brought Cyty to the hospital. An undertaking went out and embalmed the body of Smith and it will remain at the Keane Wonder until officers arrive from Independence, California, the affair occurring just across the line in that state.

C. Kyle Smith, the dead man, was a pioneer in the Bullfrog district and was interested in many properties in the South Bullfrog or Keane Wonder district. He was also district recorder for that section. Only recently he returned from a summer's trip from the northern camps for the purpose of doing the annual work on the ground in question.

John Cyty, the other man involved, is also an old-timer here. He was the original locator of the Bill Bell property and only recently lost control by losing 250,000 shares of stock, worth at the time 10 cents per share at a roulette wheel presided over by Dick Jones in the Stock Exchange saloon.

Smith, the man killed, was widely known over both California and Nevada and has relatives in the former state.

The trouble between Cyty and the Gold Crest company is of long standing and it has been feared for some time that trouble would be the result of the mixup.

The evening express train, coming from Chinanfu, was derailed on a bridge while running at high speed. The engine and several forward coaches plunged in the river below and nearly all the Chinese passengers were either drowned or severely injured. The bridge was badly damaged. Traffic will be interrupted for several weeks.

BALKAN OUTLOOK CLEARING

(By Associated Press.)

SOFIA, Nov. 23.—Representatives called today upon M. Poprikoff, the foreign minister, to inquire as to the state of the negotiations at Constantinople and to offer counsel for conciliation. Poprikoff responded to the effect that Bulgaria had done its utmost to come to term and found Turkey equally reasonable. Settlement, however, he said, is now impeded mainly by stockholders of the Oriental railway, who are dissatisfied with the Bulgarian offer, which Turkey has already accepted.

It is hoped here that British and Russian diplomacy, which has been steadily exerted in favor of peace, will find means to surmount this difficulty. Turkey, it is understood, accepted an offer of \$8,000,000 for the Oriental property.

Englang is to Increase Home Army

(Associated Press.)

LONDON, Nov. 23.—Speaking in the house of lords tonight Field Marshal Lord Roberts expressed conviction that lack of military force sufficient to make hopeless any attempt of invasion would in all probability be the cause of the loss of Great Britain's supremacy at sea. In a studied speech he pointed out the comparative ease with which Germany could land an army on the shores of England. Under present conditions England would be forced, he said, to submit to the most humiliating demands. He disclaimed all hostility to or fear of Germany, but declared the defense of the island required immediate attention.

Lord Roberts' speech caused a sensation in the house. The Earl of Crewe remarked on the seriousness of such statements in the presence of the high strung condition of European nerves, saying he feared they might be regretted. Lord Roberts' resolution to the effect that the defense of the islands necessitated the immediate attention of the government, and to make the army so strong and efficient that the most formidable nation will hesitate before making an attempt at a landing was adopted by a vote of seventy-four to thirty-three.

MARKET IS STILL INACTIVE

(By Associated Press.)

NEW YORK, Nov. 23.—Today's business at the stock exchange was the smallest for any day since the election, its total of 732,400 shares the only daily total below a million shares that has occurred for a full day in that period. There was quite a volume of selling orders in the market at its opening, and as an after effect of last week's fall, those made the opening prices lower. At its lowest level professional traders on the floor were disposed to work for recovery on the ground that the fall had reached such an extent as to invite a rebound. On its recovery there was a marked dwindling of the demand, which served as notice of reluctance as yet to renew purchases of stocks on a large scale. Bonds were irregular.
