

QUICKSILVER MINE PROVING REAL BONANZA

C. S. Work arrived in Tonopah yesterday from the Shoshone quicksilver mine, situated about two miles from Ione. Mr. Work has had charge of the work of installing retorts at the property and speaks very highly of the mine. The company has been operating two retorts of six ovens. The output at present averages between 400 and 500 pounds of quicksilver every twenty-four hours, and they have about nine tons of the mercury in flasks awaiting shipment. At present the plant is closed while the new retort is being installed and when it is finished the plant will be run to its full capacity. The dyke from which the cinnabar ore is extracted is about forty feet wide and has been exposed for a distance of over 3000 feet. The ore is of high grade quality and there is enough in sight to keep the smelter busy for years.

O. C. Kenney of Grand Junction, Colorado, has made a strike near Ione on what is known as the Phillips property, the values being gold and silver. Since the strike was made Mr. Kenney has incorporated the property and has interested the Colorado Fuel and Iron people who purchased a large block of stock. A plant will be erected and development work will be rapidly pushed.

The old Berlin mill is working night and day on ore from the mine, and have about forty men employed.

R. T. Walker, who is interested with Hanson and Benson on the Hugh Brown property near Ione, accompanied Mr. Work to this city and will spend several days here. Mr. Work will return to Ione in about two weeks, when the smelter work will be resumed.

FREES TURKISH POLITICIANS.

CONSTANTINOPLE, Jan. 26.—The members of a local political club, called the Fedakiarans, (which means "self-sacrifice for the fatherland"), who were arrested on January 12, charged with planning a demonstration hostile to the governments, were set at liberty yesterday. The charges against them are declared to have been trumped up for political purposes, and a certain revolutionary proclamation alleged to have been issued by the club has been pronounced a forgery.

Lots of fun and reasting at the hard times social. Don't cost you a cent unless you wear your good clothes. Presbyterian church, January 29.

ONE "LOST MINE" STORY WHICH IS NOT A FAKE

There is one "lost mine" story which is not a fake, whatever others may be—or perhaps it is the story of a gold deposit which white men have not seen. For years Indians have been bringing placer gold into Benton for sale, says the Inyo Register, and the late John F. Millner bought quantities of it at different times. Also some has occasionally been brought here and sold. White people have never been able to elicit information as to the source of supply. The Piute patriarch of Long valley will extend his simple hospitality to acquaintances, but to inquiries from even the best known the most definite information vouchsafed is "ou go look, maybe you find um." It is a certainty that the Indians know of a gold deposit, probably in the Long valley neighborhood, which yields gold with small labor and limited operations.

Connected with this, in some degree, is the old story of the lost cement mines bordering Long valley. The quest for them has cost lives and much time. One man, Gid Whiteman, gave years to the search, and finally died in the old Blaney house at Independence, poorer if anything than when he started out. Whether natural changes, landslides, and so on, have covered up the ore of which the fabulously rich cement was a part, there are excellent grounds for believing that the story which started the years of searching was true.

SENATOR KENDALL STRONGLY OPPOSES COUNTY DIVISION

Walter D. Cole yesterday received a short note from Senator Zeb Kendall in which the latter stated that he is strictly on the job working against the proposed bill of Clay Tallman's which asks for a division of Nye county. The letter reads: "I have at hand yours of recent date concerning the county division. Tallman is working hard on this bill and I am working harder against it, and you can rest assured that there will be nothing doing in the Nye county division. The bill will never pass the senate. Yours truly, 'ZEB KENDALL.'"

SCHUBERT SYMPHONY CLUB'S FINE PROGRAM

SYMPHONY CLUB AT THE PAVILION THIS EVENING

Tonight at the Pavilion theater the Schubert Symphony club will entertain the music lovers of this city in one of the most artistic programs ever presented in Tonopah. The company has been in existence for twenty years, and no doubt many of our people have had the privilege of witnessing their excellent performances. They produced their entertainment several days ago in Reno, and the Gazette has the following to say:

"Reno is not often treated to a purely musical entertainment. Saturday evening gave music lovers an opportunity in the Schubert Symphony Club and Lady Quartette. The program was rich in classical numbers and the voices blended finely in a pleasing rendering.

"Mr. Purcell with his violin delighted the audience. From childhood he has been before the public and his work on Saturday evening was that of a master.

"Miss Weatherington made herself easily at home in her impersonations and was one of the chief enjoyments in an unusually happy evening.

"On Tuesday, the company will return for a concert for the benefit of the Knights of King Arthur. Those who heard them are enthusiastic over their return. For those who were deprived on Saturday it is an opportunity not to be missed."

The performance here is given under the auspices of the Knights of Pythias and reports from lodges in other cities where the members have attended the concerts are most flattering. The price of admission will be \$1 and seats can be secured at the Union drug store.

S. A. DRAMA A SUCCESS.

The drama, "Life's Long Dream," which was presented last evening at the Pavilion theater, attracted quite a number of people. The affair was under the auspices of the Salvation Army assisted by members of the various churches. A neat sum was realized by the lassies of the army, which will be used in conducting their good work in this city.

NOTICE TO THE PUBLIC.

I will not be responsible for any debts contracted by my wife, Dixie Reise, after this date.

Yesterday morning in the district court the probate calendar was called and forty-five cases were disposed of. The case of Henry Harkless was dismissed and the administrator of the estate vacated. This is the case where a coroner's jury found that Harkless was dead when in reality he was on his ranch in the eastern part of the county. It was a case of mistaken identity and the dead person who they thought was Harkless proved to be another person. Part of Harkless' property was sold before the mistake was discovered.
