MOHAWK GAMBLING HOUSE HELD UP

W. D. STEPHENS TO BE CANDIDATE AGAINST HARPER

LOS ANGELES, Feb. 1.—At a meeting of the members of the chamber of commerce and the Merchants' and Manufacturers' association and the Municipal league of this city, called by the Municipal league this afternoon, W. D. Stephens was named in the resolutions adopted by the meeting to be the candidate in opposition to Mayor Harper, petitions for whose recall are now being circulated. Stephens was a former president of the chamber of commerce and a prominent Republican. Many Democrats were present.

WOULD STERILIZE CONFIRMED CRIMINALS

SALEM (Or.), Feb. 1.—The senate today passed by a vote of two to one a bill providing for the sterilization of criminal insane and confirmed criminals. Definition of confirmed criminal is anyone who served three or more terms in the penitentiary.

STOCK VALUES SHOW STRONG ON MONDAY MARKET

(By Associated Press.) NEW ORK, Feb. 1.—The day's developments are regarded as negatively favorable to stock values and the further firm tone of the market was the consequence. But the growing lethargy speculative interest left dealings dull at times. Selling at the opening of the market was heavy and traders demanded shorts covered with the purpose of taking advantage of expected selling with an advance in prices. Professional operations were renewed for decline when the state of affairs was perceived, but they were not pushed aggressively. The refusal of the supreme court to grant the petition of the Consolidated Gas company for a rehearing of the 80 cent gas appeal, caused another downward plunge in price of that security. Bonds were irregular.

County Commissioner Sam F. Lindsay came up from Rhyolite Sunday to be in attendance at the meeting of the board yesterday.

ONE KILLED AND ONE WOUNDED IN STREET FIGHT

(By Associated Press.) OKLAHOMA CITY, Feb. 1.—As a result of a street duel at Chickasha, Oklahoma, tonight, Elliot Goodwin, chief of police, is dead; Joe Earle, seriously wounded, and William Thomas, night chief of police is in jail charged with the double shooting. The trouble occurred over a dispute regarding the crusade against "boot leggers."

HENRY LAIR SENTENCED TO TWO YEARS IN PEN

(By Associated Press.) CHICAGO, Feb. 1.—Henry Lair was sentenced today by Judge Landis to serve two years in the government prison at Leavenworth, Kansas, and pay a fine of \$2500. Lair was convicted on a charge of being a promoter of the so-called "white-slave" traffic in this country. The next case will be that of Lucien D. Arvella, Lair's supposed wife, who was indicted with him on charges of importing French girls to this country in violation of the immigration laws.

INTERNATIONAL HARVESTER CO. TO PAY \$12,000

(Special to the Bonanza.) TOPEKA, Feb. 1.—The International Harvester company will pay a fine of \$12,600, assessed against it by the district court of Shawnee county and approved by the Kansas supreme court, for violating the Kansas anti-trust law. Within a few days the district court will be asked by the Kansas attorney general to collect the fine.

GOMEZ APPOINTS JOSE UGARTE CHIEF OF POLICE

(By Associated Press.) HAVANA, Feb. 1.—President Gomez today signed a decree appointing Jose Ugarte chief of secret police. This closes the sensational incident growing out of the proposed appointment of Ricardo Arnaut to the office, which was frustrated by Vice President Zaya's threat to resign.

H. H. Creek, who is interested in Rawhide, returned to that camp this morning after spending some time in this city.

Goldfield Is Scene of Bold Holdup --Masked Men Cover Employees of House and Force Them to Open Safe and Hand Over \$3314.

At an early hour yesterday morning three men entered the Mohawk saloon in Goldfield and lining the occupants of the bar room against the bar, ransacked the place and escaped with about \$3500. The robbers are described as two of them being tall and the other short. They entered the saloon and acted in an intoxicated manner and after securing the attention of the hangers-on gave the command "hands up," and then marched the assemblage to the lunch counter where they placed their hands on the lunch counter with their backs to the robbers. One of the men, evidently familiar with the place, walked back of the bar and taking a key from the cash register went to the safe and opened a compartment and extracted a sum of money which had been placed there only a short time before. After taking the bank rolls from the games they made their escape. During the

GOLDFIELD CONSOLIDATED AS SOUND AS GIBRALTAR

SOME MARVELS OF THE CONSOLIDATED.

- Net revenue for 1909 will be \$6,600,000, or \$550,000 per month. At the end of the fiscal year, October 31, the company had the sum of \$911,295.73 in the treasury after expending approximately \$900,000 in mill, railroad and pipe line construction. Water supply stored on Columbia mountain equal to running the mill for ten days in event of a break in the Lida line. Actual saving on the plates, 94 to 97 per cent. Cost of mining, milling and transportation has been reduced from \$11.27 per ton to \$8.81, with a prospect of a further reduction to \$6. Concentrates that cost \$30 to \$50 per ton to ship to smelters, are now treated at home for \$5 per ton. Total production for the year 22,755 tons of \$41.50 per ton, and 13,254 tons second class ore placed on the dump, worth \$7.76 per ton. Gross value of ore produced, 2,400,191.62. This is relatively small, owing to operating, but the Combination mill. The new mill will effect a saving of \$2,000,000 per year. The resumption of dividends will begin with the payment of 30 cents per share March 31st, 1909.

The second annual report of the Goldfield Consolidated Mines company will enlighten the stockholders on a great many matters that occurred during the last year when they were patiently waiting for the resumption of dividends. In reviewing the situation, Mr. George S. Nixon, the president, thanks the stockholders for their confidence, and assures them that from this time forth the property will be operated upon an aggressive scale, with the latest and best facilities for the treatment of ore and the retention of profits that would otherwise have gone to the railroads and smelters.

The report is very comprehensive, embracing every department of the company, and displaying the actual financial condition of each of the

Annual Report of Nevada's Greatest Mining Company Looms Up Like a Mountain Among Small Hills---Resources Practically Unlimited---\$15,000,000 Taken Out Above the 400-foot Level.

PROFITS REACH SUM OF \$6,600,000

Saving Realized From the Mill Foots Up About Two Million Dollars---Future of Consolidated Assured.

subsidiary companies, as well as the physical condition of each property, with the amount of development done since the consolidation was effected.

FINANCE AND LITIGATION.

Beginning with the fiscal year, the company had in cash and concentrates in transit, a reserve of \$911,295.73, after having expended \$900,000 for the construction of a pipe line, railroad and mill. The litigation over the apex troubles is referred to in detail, and then the information of the sale of the Victor claim and the adjoining fraction to the C. O. D. Consolidated is mentioned. The sale of the rights and the acreage was in consideration of the company, exclusive of the treasury 29 1-8 per cent of the capital stock of the C. O. D. Consolidated Mining stock by them to be sold for the purpose of raising funds for development. The amount of stock acquired was 583,785 shares. The reason for making the sale is the remote location of the ground, and the belief that it could be more profitably handled in a homogeneous company embracing the contiguous property.

The report continues:

"During the year the mines of your company have produced 32,755.82 tons having an average gold value of \$41.50 per ton; and 13,254 tons of second-class ore which was placed on reserve dump carrying an average value of \$7.76 per ton. The Combination twenty-stamp mill treated 28,473.47 tons containing \$1,145,157.76 or \$40.218 per ton. Leasers operating on your property during the year produced 25,539.66 tons containing \$945,196.01, or \$37.01 per ton; in all, 70,549.48 tons of a gross value of \$2,400,191.62. This production, relative small when viewed in the light of the company's facilities, it will be borne in mind, was due to the fact that only the Combination mine and mill were in operation. No attempt has been made in the direction of production beyond the capacity of the Combination mill, although development work of magnitude has been prosecuted.

"As shown in the following report, the new mill will effect a saving of \$2,000,000 per annum over the expense of shipping."

At a reduced cost for mining, transportation and milling, the output hereafter ought to net the company during the ensuing year not less than \$550,000 per month. In expressing this opinion the report believes it is safely within the limits of extravagant statement.

In the judgment of the board of directors the company will resume regular dividends at the rate of 30 cents per share quarterly, the payments to commence March 31, 1909. MAY DOUBLE THE MILL.

Treating of mill construction, the report adds:

"Should our ore reserves subsequently justify an increase in the number of stamps beyond the present equipment of 100, the present coarse crushing and belt conveying capacity of the mill is adequate to supply ore for 100 additional stamps, or 200 in all.

"The cost of the mill, including the railway and pipe line, both of which became elements in the general mill expense, was as follows: Mill and auxiliary buildings (approximate), \$790,000; and pipe line and reservoir (approximate), \$17,000, a total of \$807,000.

"In justification of this expenditure, it is well to invite attention to the saving which will be effected by milling our own ore instead of shipping to smelters, of over \$10 per ton, or \$2,000,000 annually, sufficiently to reimburse your company for the total outlay in five months.

UNDERGROUND WORK.

Underground work is treated under the names of the respective groups, as follows:

"At present the Combination, Mohawk, Clermont and Red Top shafts are in commission. These shafts are favorably situated for working the known ore bodies and for prospecting the undeveloped portions of the ledges.

"Mohawk—During the present fiscal year development work has been carried on continuously in the Mohawk, but on account of the lack of milling facilities no ore has been mined excepting a small amount extracted in the course of development work. On the 250 level old workings have been repaired and new drifts driven under the Hayes-Monette, Frances-Mohawk and other old lease stops, in order that this portion of the mine, which was very profitable under lease operations, might be made thoroughly accessible from the main shaft. On the lower

LEGISLATURE FAVORS ANTI-JAP LEGISLATION

(By Associated Press.)

CARSON, Feb. 1.—A strong resolution declaring in favor of drastic anti-Japanese legislation, criticizing Theodore Roosevelt and designating Japanese as "parasites of the world" and a menace to civilization and progress on the Pacific coast was reported favorably by the committee of the whole in special session of the Nevada legislature this afternoon, and will be voted upon tomorrow afternoon under special order.

A resolution directed to the California legislature declares in favor of that body passing measures that will prevent the influx of Japanese. It further recommends that the California legislature pay no attention to what is termed "coercion and interference on the part of President Roosevelt in the anti-Japanese movement."

The resolution states: "The president has seen fit to take advantage of his high office to the extent of attempting to coerce and intimidate legislation in California upon this subject; whereas, we view with alarm this attempted encroachment

Resolved, that we, the people of the state of Nevada, represented in senate and assembly, do hereby recommend that the state of California pay no attention whatever to admonishing of the president in this particular but go ahead and enact such stringent measures as will absolutely stop forthwith the encroachment of Japanese and further acquiring of a foothold in the nation, and, whereas, we believe there is danger of war with the Japanese, as advanced by those who oppose our views, but we believe that if we must have war with the Japanese empire sooner or later, now is a better time to lay down terms to that empire, teach those arrogant people that American rights cannot be encroached upon or given opportunity to acquire a foothold in this country or assimilate with our race; we further censure Theodore Roosevelt, president of the United States, for his uncalled for interference in attempting to deprive the citizens of the great commonwealth of California by threats and coercion for exercising their lawful rights of protecting themselves from the Japanese hordes. A copy of the resolution was ordered forwarded to the representatives in congress, urging them to use their influence in enacting an exclusion law against Japanese and Chinese.

KNIGHTS PYTHIAS WILL CELEBRATE ANNIVERSARY

At the meeting last evening of Mizpah Lodge, No. 25, Knights of Pythias, the members decided to fittingly celebrate the anniversary of the birth of the order in Tonopah. The date falls on February 19, and on that evening there will be especially prepared program at Butler hall, to be followed by a banquet in one of the downtown cafes. A committee was appointed to have charge of the affair which will be most fittingly observed in every way. This event is an important one in all lodges of the Knights of Pythias and the members of Mizpah Lodge are determined that the affair will be one to which honor can be paid to the day when a number of the pioneers of this city gathered in Butler hall and instituted the only lodge of this order in Nye county. A number of invitation will be issued and the gathering will not be restricted to members of the fraternity.

LINCOLN'S BIRTHDAY MADE LEGAL HOLIDAY

(By Associated Press.)

WASHINGTON, Feb. 1.—Without any amendments the senate today passed the house bill making February 12, 1909, the one hundredth anniversary of the birth of Abraham Lincoln, a legal holiday, and recommending its celebration throughout the United States. The president was authorized to issue a special proclamation for the day.

SENATE VOTES \$10,000 FOR INAUGURATION EXPENSES

(By Associated Press.)

WASHINGTON, Feb. 1.—The senate today unanimously agreed upon the resolution appropriating \$10,000 for fitting up the capital for the inauguration of William H. Taft. The resolution provided that an inaugural platform be erected in front of the capital that will hold 6000 people, which is a third more than four years ago.

FIRST ANNIVERSARY

(By Associated Press.)

LISBON, Feb. 1.—The first anniversary of the assassination of King Carlos of Portugal, son of Crown Prince Luis, occurred today. There was no disorder.

The Bonanza has a complete laboratory in operation.
