## JAP AGITATORS SEVERELY REBUKED

The President Says that Anti-Japanese Bill Will Accomplish no Good and is Insulting in Its Makeup.

(By Associated Press.)  
WASHINGTON, Feb. 8.—The policy of the administration is to combine the maximum efficiency in achieving the real object which the people of the Pacific slope have at heart, with the minimum friction and trouble, while the misguided men who advocated such an action as this, against which I protest, are following a policy which combines a very minimum efficiency with the maximum of insult, which while totally failing to achieve any real results for good, yet might accomplish an infinity of harm." In this language, President Roosevelt today in a long telegram to Speaker Stanton of the California assembly, set forth the government's view of the Japanese school bill. The president states the bill gives just cause for irritation, and that the government would be obliged to immediately take action in the federal courts to test such a legislation because it is held to be clearly a violation of the treaty obligations of the United States. The telegram to Stanton was sent only after a conference with Senator Flint, Representative Kahn, of California, and Franklin K. Lane, of the interstate commerce commission.

### NOTED WOMAN DYING.

WASHINGTON, Feb. 8.—Miss Emily Mason, aged 94 years, a descendant of the distinguished colonial family of Masons of Gunston hall, and who, as the first confederate nurse, won renown for ministering to the union soldiers in Libby prison at Richmond, Virginia, is critically ill of paralysis at her home here.

### ROOSEVELT WILL LIVE IN WEST AFTER HUNT

(By Associated Press)  
WASHINGTON, Feb. 8.—President Roosevelt has declared to callers that after his return from Africa, where he intends to spend a year, he expects to go west and live there most of the time. "That is the country for me," said the president. "I like the east, but I have a positive longing to be among my western friends again."

## SENATOR PERKINS ATTACKED

(By Associated Press.)  
WASHINGTON, Feb. 8.—Under the guise of considering the nomination of Dr. W. B. Crum, the negro collector of customs of Charleston, South Carolina, the senate in an executive session today discussed the Japanese situation. Incidentally the discussion turned upon the reference to Senator Perkins by the president in a telegram to Governor Gillett of California, in which he said the senator California senator had hampered the administration in its efforts to build up the navy, yet now he "advised a policy of wanton insult." Considerable indignation was shown by the other senators because of the attack on Perkins. Both California senators took part.

## ALL SHIPS TO CARRY WIRELESS

(By Associated Press.)  
WASHINGTON, Feb. 8.—The president today sent a message to congress recommending an immediate legislation requiring within a reasonable limitation, that all ocean-going steamships carrying a considerable number of passengers shall carry an efficient wireless telegraph equipment.

## WIFE IDENTIFIES WRONG MAN AS DEAD HUSBAND

(By Associated Press.)  
SAN FRANCISCO, Feb. 8.—Despite the fact that all arrangements had been completed for his funeral, which was to take place Wednesday and that his wife and sister have shed many tears over his body which lies in state at the Oakland undertaking parlors, Edward Rhodes, a local ship carpenter, insisted he was very far from being a dead one, when interviewed at a Hamman bath establishment here tonight. Rhodes had been missing from his home for some days when his wife called at the morgue to look at a body found in the bay and she declared it to be that of her husband. His sister also joined her in the identification, while a lodge of which Rhodes belonged expressed its readiness to foot

**HOMESTAKE PAYING.**  
The Homestake mill turned out \$15,000 this month and is making good. About seventy-five tons of ore are treated daily.

## ANTI-GAMBLING BILL INTRODUCED

Abolishes Bookmaking on Horse Races --- Franchise Bill Causes Much Wrangling---Another Slap at the Japs.

(By Associated Press.)  
CARSON, Feb. 8.—In the Nevada legislature this morning the assembly bill prohibiting Japanese and Chinese from acquiring land or acting as corporation agents, came to the senate. This body instead of referring the measure to the federal relations committee as it was done in the assembly, placed it in the hands of the judiciary along with the anti-Japanese resolution. Either the bills will sleep in this committee or be reported on unfavorably.  
The anti-gambling bill was introduced and prohibits bookmaking on horse racing in any form. It prohibits any percentage gambling games and also prohibits slot machines where money is used. It does not prohibit slot machines or card games where money is not sought or exchanged.

## NYE COUNTY DIVISION BILL IS INTRODUCED

(Special to the Bonanza.)  
CARSON CITY, Feb. 8.—The much talked off bill to divide Nye county at the Mt. Diablo base line and thereby creating a new county of the southern portion, was introduced in the assembly today by Assemblyman Charles Kane. Speaker Giffen referred the bill to the committee on county boundaries. There is such an overwhelming opposition to the measure, over two-thirds of the voters of the last election opposing the same, that it will be sidetracked in the assembly. There are six assemblymen from Nye county who will fight to the bitter end against division. The bill will meet defeat in the senate, Senator Kendall of Tonopah, with a strong backing is opposing the measure, and Senator Tallman of Rhyolite is favoring the division. His followers can be counted on the fingers of one hand.

## MARKET RAISE EASILY TRACED

(By Associated Press.)  
NEW YORK, Feb. 8.—The source of strength of the stock market today was traceable apparently to operations to cover the short contracts that were put out last week. The movement was distinguished by the subsidence of special advances in individual stocks.  
The prospect of action by the California legislature on the question of the Japanese children in the public schools, in opposition to advice of the national executive, is reported more likely than at the close of last week. Bonds were strong.

the bill. Upon the discovery of Rhodes alive, the body was returned to the morgue and further efforts are being made to discover the identity of the dead man.

## CALIFORNIANS TAKE A REST

Transact Only Routine Business in Both Senate and Assembly---Desire Asiatic Matter to go Before Voters.

(Associated Press.)  
SACRAMENTO, Feb. 8.—Aside from a brief debate in the senate on the question of anti-Japanese legislation, and the introduction of a resolution aimed at the Cartwright anti-trust law, the business of both houses was of a routine nature. It has been expected that the senate would take final action on the report of the committee on executive communications, advising them against anti-Japanese measures at this session, but despite the efforts of Marc Anthony, the matter was postponed until Thursday.  
Senator Sanford injected a new anti-Japanese measure into the senate controversy today by the introduction of a resolution calling upon congress to include the Japanese in the provisions of the Geary act, excluding Chinese, and Senator Anthony's bill providing for the submission of the question of Asiatic immigration to the voters of the next election, as favorably reported on by the committee of labor and capital.

### SAYS ED TO BILL

(By Associated Press)  
COLOGNE, Feb. 8.—King Edward and Queen Alexandra arrived at 10:30 tonight and proceeded on to Berlin.

### THE METAL MARKET

(By Associated Press.)  
NEW YORK, Feb. 2.—Lead, dull, 4.02 1/2 @ 4.07 1/2; copper, easy, 13.625 @ 13.75; silver, 52.25.

### KEANE WONDER CLEAN-UP.

RHYOLITE, Feb. 8.—The Keane Wonder clean-up for January, in the nature of a fifty-two and a half pound gold brick, was shipped yesterday via Wells, Fargo express to the mint at Carson City. The estimated valuation is \$13,440, or \$16 fineness. Everything is going along nicely at the property. The new shaft is making good headway and the cyanide appliances are rounding into shape. Values hold about the same at all points, showing, however, a slight improvement with depth.

## RAILROADS TO SHOW REASONS

(By Associated Press.)  
WASHINGTON, Feb. 8.—The railroad companies must show that the charges in the rates or rules, and regulations proposed by them to be just and reasonable before being able to put such changes into effect, if the bill introduced by Representative Needham of California is enacted into law. By provisions the interstate commerce commission in its discretion may issue an order continuing the existing rates and rules whenever changes are proposed, until a hearing is held and a decision is rendered by the commission.

## MEMBERS UPHOLD PERKINS

(By Associated Press.)  
WASHINGTON, Feb. 8.—The fact that in the prospective reorganization of senate committees, Senator Perkins of California will succeed Senator Hale of Maine, as chairman of the committee on naval affairs, has had the effect of adding to the interest felt in the president's reference to the California senator as one who has hampered the growth of the navy. The subject received attention from the members of the California delegation. Representative Knowland expressed his opinion that Perkins did not deserve the censure. He said, "I have been inclined to uphold the president in his efforts to bring about an amicable settlement in the Japanese question, but I certainly deplore his attack upon Perkins, and I believe this is practically the sentiment of the California delegation. Instead of hampering the development of the navy, he rendered a conspicuous service in bringing it up to the present high standard of efficiency. Perkins, with other members of the California delegation, has been urging for the last two years a retention of the formidable fleet in the Pacific waters. If a serious situation has existed in our relations with Japan then it would appear to be criminal to take the entire fleet from the Pacific. The president should be backed in his efforts to settle the Japanese matter by diplomacy, but we must avoid any indications of undue fear."

## A UNIQUE SOCIAL TO BE GIVEN AT BAPTIST CHURCH

A good time is promised all who attend the Baptist church on Wednesday evening. A unique social has been planned for that night and it is requested that all who can attend, wear a coat of arms, a nick name of a flower representing their native state. In fact wear anything which will tend to reveal your nativity. An interesting program will also provide entertainment for the evening, which will be followed by a luncheon.  
Location notices in triplicate—handiest affair for prospectors and miners—contains carbon.  
Get your job work at the Bonanza.

## CONDITION OF BLANCHE WALSH MUCH IMPROVED

(By Associated Press.)  
KANSAS CITY (Mo.), Feb. 8.—The condition of Miss Blanche Walsh, the actress, who was brought here from Fort Smith, Arkansas, today, and placed in the University hospital, is not considered as critical as it was first thought. Miss Walsh's complaint, according to the physicians, is enlarged liver.

**MAYFLOWER.**  
The Mayflower mill is practically completed and will go into commission within the next two weeks. Several applications have been received by the Mayflower Consolidated for leases on the property. Consideration will be given them at the next meeting.—Beatty Miner.
