

Jefferson Co's. Mill to Start Up About April 1st

Warren J. Flick, general manager, and Charles Brenneman, president of the Jefferson Mining company, owning the famous old Kanrohat mine in Jefferson canyon, were in Manhattan Sunday, accompanied by Mrs. Flick. When seen at the Central hotel by a representative of the Mail, Mr. Flick had the following to say concerning operations on the property of which he has charge:

"The Jefferson Mining company has absorbed the Jefferson Gold and Silver Mining company and now has thirty men at work upon its property, which for thirty-five years was operated by Charles Kanrohat. In that time Mr. Kanrohat accomplished over 7000 feet of underground work and extracted over 20,000 tons of ore, now on the dumps, which is worth from \$15 to \$40 per ton.

"We expect to have our mill in operation by April 1. The timbers are

all framed and ready to put up. The mill, which is a Gaupner of sixty-ton daily capacity, has been ordered and should arrive almost any day now. We have an eighteen-horsepower gasoline hoist and a carload of lumber at Tonopah awaiting shipment to our property.

"The Gaupner is an improvement over the Huntington mill and we are confident that it will save the greatest values for us. We are arranging the building so that a second mill can be installed on short notice. Thomas Howie, an experienced millwright and constructing engineer of San Francisco, has charge of the construction of the mill and the installing of the machinery."

C. O. Burkett of Manhattan has been retained as counsel for the company. Grant E. Davis has just completed surface and underground surveying for the new corporation.—Manhattan Mail.

LAYS DOWN HIS HAND.

Lem Allen of Churchill county, who represents that section in the assembly, says he is opposed to gambling, but has heretofore sanctioned it, and if he ever expects to enter heaven he must make a change. It is too late, old boy, you will have to stay with the pot; your ante is in; you can not lay down your hand and be called a bluffer, and besides old Peter does not intend to become a case-keeper for the game. Shuffle them up again, Lem, and do not retard the game. It is too late for you to go home now.

RYAN-KEIG.

The many friends of Will Ryan and Miss Kate Kieg will be surprised and pleased to learn that they have been man and wife since the fifth of last October, the marriage ceremony being performed on that date by Judge Langan and last evening the happy couple left on a short honeymoon trip. The groom is the popular and efficient county clerk and the bride has long been one of the competent

teachers in the local schools and their numerous friends will wish them a long and happy married life.—Virginia Enterprise.

SERVES HIM RIGHT.

Ten thousand voters signed a recall on Mayor Harper of Los Angeles. All he did was to let well enough alone, but he insulted an editor. Requisite in pace, or words to that effect.—Carson Appeal.

The mayor now finds to his sorrow that the "pen is mightier than the sack."

"BABE" MAYER MARRIED.

On Wednesday evening at the home of the bride's parents in Elko, Miss Irene Blanch Abel became the bride of Mr. Stewart C. Mayer. The groom is well known in Tonopah, having been a typo on the Bonanza for some time. His typo friends know him as "Babe" and all join in wishing the newly married twain a happy voyage on life's tempestuous sea.

MILL TO START BY FEBRUARY 20

Sydney Additon, superintendent of the Mayflower, expects to put the new mill in commission by February 20, provided the big pump arrives on schedule time. The machinery is placed and everything in readiness for the trial run, which is expected to be highly satisfactory. The Mayflower has some large reserves of rich ore, as well as low grade mill rock, and will start operations on a splendid grade of material. The interested parties are very hopeful of results in the trial run, and if the same is as satisfactory as anticipated there will be talk at once of more stamps.—Rhyolite Herald.

Bonanza ads pay.

WANTED—Clean cotton rags, without buttons—Two cents per pound—Inquire Bonanza Office.

TURNING OUT THE BEST WORK

cient to establish the truth of this statement. It pays to go where only the best kind of work is done, and it pays to patronize home industry. The bindery of the Bonanza is turning out the best work in the city, and it is giving such great satisfaction that anyone who has his work done there once, never goes anywhere else. The plant is the finest and most complete, not only in the State, but this side of San Francisco. We can turn out all kinds of work that is demanded in the offices of lawyers, brokers, promoters, mining companies, or for any other kind of business, and we guarantee satisfaction in every respect.

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon

It's NOT Too Late TO SAVE \$100 Every Month

Though January has passed annual statements of foreign corporations can be published and filed in February (leaving a possible fine of \$100 for January only.) Foreign corporations that fail to comply with the requirements of the statutes are subject to a fine of \$100 for EACH MONTH in which they are delinquent. Those who have not published their statements are reminded that any District Attorney may claim the fine by instituting suit against the offending corporation. If the report is not advertised and filed during the month of February, the company becomes subject to a fine of another hundred dollars, and so on for every month in which it is delinquent. Here is the law on the subject, which will repay careful study:

Chapter CVIII.—An act requiring foreign corporations doing business in the state of Nevada to publish annual statements. Approved March 28, 1901.

Section 1. All foreign corporations doing business in the state of Nevada, shall, during the month of May this year, 1901, and in each succeeding year in the month of January, publish a statement of their last years' business in some daily newspaper in the state of Nevada for the period of one week.

Sec. 2. The secretary of the company publishing the statement shall file a copy with the several assessors of the state of Nevada.

Sec. 3. Any corporation coming within the provisions of this act who shall neglect or refuse to file a statement as required by section 1 of this act shall be liable to a penalty of \$100 for each month that the published statement remains unfilled with the several assessors of the state.

Sec. 4. Any district attorney in the state is competent to sue to recover this penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty.

It will thus be seen that there is a stiff liability attaching to a failure to file these reports. The Bonanza furnishes forms to comply with the above law for advertising purposes and attends to filing same with the fourteen assessors of the state. Those interested are invited to correspond with this office at once.
