

NEW STRIKES MADE IN THE PIONEER DISTRICT

SUMMERS' LEASE HAS UNCOVERED HIGH GRADE LEDGE AT THIRTY FEET.

H. C. Jones returned yesterday from the Pioneer district, where, with George Swasey of this city, he will erect a hotel. The work on the building will start Friday and will be rushed to completion. When finished this hotel will be a valuable addition to the business section of the new town of Pioneer.

Mr. Jones reports a strike on the big Pioneer lease at a depth of 210 feet. "The ledge was found Saturday," stated Mr. Jones last evening, "but the values were low. On Monday night it cut into the high grade and now they are eight feet into the ledge. Four assays have been taken, the lowest of which went \$60 to the ton, while the highest gave returns of \$180 to the ton. Frank Keith, consulting engineer for the company, examined the strike and reported that it was the best ore body yet found. The company now has sacked 136 sacks of ore from this ledge of the estimated value of \$136 a ton.

"Mickey Summers and his partner, Brody, have made a strike on their lease, which is situated about 2000 feet north of the Pioneer lease, and while no assays have been taken, the ore will go into the hundreds. The find was made at a depth of thirty feet.

Mr. Jones will return to Pioneer this morning.

NEW GRAND JURY IS NOW READY FOR BUSINESS

MEMBERS OF NEW BODY MET YESTERDAY AND ELECT FOREMAN.

The grand jury was formed yesterday in the jury rooms at the courthouse and elected R. B. Davis as foreman. While it is understood that no business was transacted, the body will be prepared to investigate an affair that is called to their notice. The following are the members of the inquisitorial body: R. B. Davis, foreman; Fred Knock, J. W. Landquist, Peter J. Hertel, Andrew Service, William McCabe, A. C. Stock, S. D. Forman, Charles M. Hooten, George Coslett, Fred R. Brown, Herbert T. Shaw, S. R. WINGFIELD BRINGS SUIT FOR A DOG

Suit was brought today by George Wingfield against one Rinehart, whose first name is not stated, for the recovery of a Llewelyn dog, which is alleged to be in the possession of Rinehart, and which is valued at \$1000.

According to the complaint Rinehart came into possession of the dog on February 20 of this year, and although demands were made on him for the return of the dog by R. C. Turrillia and Titus Alexander he still refused to give up the dog.

The dog in question is a liver and white in color and known as "Lou." The complaint is verified by Titus Alexander, who states that he is the halter and agent of George Wingfield and is acting for the latter during his absence from the state.

CLEVER FORGERS RAISE MONEY ON TIME CHECKS

NEAT SUM REALIZED BY GOLD-FIELD CROOKS WHO PASS WORTHLESS PAPER.

By the clever forgeries of time checks used at the Consolidated Mines company of Goldfield several saloon keepers and the John S. Cook and company bank of that city were victimized out of a sum estimated to be in the neighborhood of \$15,000. The time checks were forged in such a clever manner that they came near escaping detection and it was only owing to the vigilance on the part of the bank officials that the false certificates were discovered.

The discovery was made some time ago and since then the authorities have been on the hunt for the guilty parties. The original checks were printed by the Goldfield Review publishing company, and owing to the check kept on the stock in that office it would have been impossible to make duplicate checks there. Several persons of Goldfield were in Tonopah last week investigating, and from here they went to Rawhide. A portion of the type used in the forged paper is in evidence in only two printing plants in the southern country.

A man named Love has been arrested in Goldfield on the charge and it is stated that a search of his cabin revealed a bunch of material used in the making of coin and from this evidence the authorities are confident that they have one of the guilty men. The bank officials say they will not loose the money in cashing the checks, but the business men who cashed the forged papers will be the ones who will have to make good to the bank.

DANCE PROMISES TO BE THE EVENT OF THE SEASON

EVERY LADY MEMBER OF THE FRATERNAL BROTHERHOOD TO WEAR BLOOMERS.

At the dance given by the Fraternal Brotherhood all the lady members of that order will attend in bloomers and a cordial invitation is extended to the gentlemen to attend wearing the same attire. The affair will come off on the night of March 4 at the Miners Exchange hall and promises to be a noteworthy event. The tickets have been placed on sale in all the business houses of the town, or can be secured from the members.

SPORTS

Fulletta, the most consistent racehorse on the Pacific coast today, won the Stanhope handicap yesterday, beating the crack Firestone in the easiest manner. This makes the twelfth race that Fulletta has won at the Emeryville meeting this season. Fulletta is a public favorite and is always well played any time she goes to the post. The King at 15 to 1 won the baby race, the favorite Napa Nic finishing third. The most popular win of the day was when Gypsy King won the last race without having a call. Gypsy was played by almost everybody in the Tonopah Club pool room, and the book cashed more tickets on that race than any other during the day.

Yesterday's results were as follows:

First race—The King, 15-1, won; Ollie James, 3-1, second; Napa Nic, 8-5, third.

Second race—Keep Moving, 3-1, won; Kokomo, 8-1, second; Grace G., even, third.

Third race—Dareington, 8-1, won; Dancen, 4-1, second; Apto Oro, 4-1, third.

Fourth race—Stanhope handicap—Fulletta, 7-2, won; Firestone, even, second; Nadru, 7-2, third.

Fifth race—Firstpeep, 3-1, won; Dollie Dollars, 4-1, second; Remember, 10-1, third.

Sixth race—Gypsy King, 4-1, won; Ace of Diamonds, 8-1, second; Gene Russell, third.

TODAY'S ENTRIES

First race: eleven sixteenths of a mile, selling—Deutschland, Platoon, Antigo, Severus, Tawesentia, Brush Up, John A. Malloon, Funnyside, Sevenfull, Traunmute, Old Settler, Alchilades.

Second race: seven-sixteenths of a

FREE SILVER BILL IS RESURRECTED

Nye County Democrats Introduce Measure Calling for Duty on Imported Silver.

(By Special Correspondence.)

CARSON, Feb. 23.—Speaker Giffen today introduced a bill amending the law regulating dance halls and other gilded shocks of sin, the purpose of which is, to put a crimp in the same. Winters of Elko, as has before been stated, has presented a local option anti-saloon bill. These two, with that other interest monopolizing one, the anti-gambling fulmination, as can be readily seen, makes quite a lap/full for the reformers and those of that set who hold that the last named is of vital, paramount importance look with ill concealed disfavor on the other two measures, that are endeavoring to share with it the spot light honors.

The Democratic delegation from Nye today resurrected from its mausoleum the old free silver stuff, by the introduction of a joint and concurrent resolution, directed especially to our representatives in congress, declaring that now is the time for all good and loyal silver folks to get together and have a national law enacted imposing a duty of 50 per cent on all silver importations and open the mints for the free coinage of the domestic product.

Brooks, of Esmeralda, introduced the long expected bill for the recodification and publishing of Nevada laws; Neill, of White Pine, one re-appportioning the senate and assembly districts, which, however, only adds an assemblyman and a senator to his own county's representatives; Brandon one authorizing school trustees to call elections to vote on bond

issues and another taxing legacies, gifts, etc.

The committee on public lands reported favorably on Small's irrigation bill, and the committee of the whole voted to recommend for passage a couple of university appropriation bills, carrying enough money to burn a wet mule.

The senate bill establishing an experimental farm in Churchill county and the assembly bill to establish an experimental dry farm in the northeastern portion of the county both passed the senate.

There was introduced in the senate a joint resolution for the amendment of the state constitution: section 3, article 11, pertaining to school funds, so that the same can be invested in mortgages on unincumbered Nevada real estate at not less than 6 per cent annual interest.

The tension on the anti-gambling bill has reached the painful point. Those favoring the measure are very confident, seemingly, that it will pass both houses. At this writing, 4:30, a caucus of assembly members has just adjourned, and it is claimed that twenty-six present pledged themselves to vote for the bill without other amendment than that it go into effect January 1, 1910, instead of September 1, 1909, in accordance with the majority report of the committee on public morals.

Lem Allen, of Churchill, will lead the fight for the bill, according to the caucus agreement, which is scheduled for tomorrow afternoon, but that is merely the beginning, of the scrap.

PRUNE EXPERT SENDS VIEWS ON FARMING LIFE

A PIONEER TONOPAH MAN IS NOW ENGAGED IN GREAT PRUNE INDUSTRY.

Down near Fresno, California, a former Tonopah man is now engaged in the prune industry. He recently purchased an 80-acre tract of land and when he left here made the statement that hereafter it would be the simple life for him. The success he is meeting with is told in the following letter received by this office yesterday:

"Fresno, February 22, 1909.

"The Tonopah Daily Bonanza.

"Inclosed find \$3.75 in stamps to pay the subscription bill I owe you. Have been here nearly a month and am now able to converse fluently with my Japanese laborers. Of course you know the Japs are one of the main attractions in this section. The slot machine which I brought here with me is a great success. Every week I pay the Jap boys off in quarters and inside of a couple of hours I have my money back. In fact, both of them have drawn their wages a month ahead. One wanted to quit his job last week, but as he failed to have the necessary car fare to get out of the country, he is still here and from the indications will be here for the next twenty years. Tell Count Tognini to ship me one of the nickel machines as occasionally they have some small change left which they can't play in the quarter machine. Visited Fresno yesterday and consequently engaged in a solo game. I played worse than Dick Davis and when the game had ended had lost all of my quarters. The farmers here know a little about the game or else I went up against a marked deck.

"Am having great success with my prune trees and am looking for them to bloom any day. Tell Chris Malatesta that when the first crop is picked I will send him a mess C. O. D.

"My Jap boy has just brought in the information that the farm hands have struck for higher wages and better grub. We employers usually have a bunch of troubles to contend with. The only way I can do now is to raise their wages 5 cents a week and take a chance on the slot machine arriving next week.

"Yours truly,

"Chauncey Bellott Coykendall, P. E."
