

CAST FIRST VOTE FOR DEFEAT OF GAMBLING BILL

A. J. AYLESWORTH HAS DISTINCTION OF BEING ONE WHO WORKED FOR STATE.

The Hon. A. J. Aylesworth, assemblyman from Esmeralda, came down from Carson yesterday and spent the day in this city looking after business affairs. Mr. Aylesworth has the distinction of being the first man to vote in favor of gambling and was one of the strongest supporters at the capitol of that measure. When the roll call was started for the vote on the anti-gambling bill in the assembly the first name was that of Lem Allen of Churchill, who only recently joined the calamity howlers of Reno, and who answered with a meek "Yes." Mr. Aylesworth's name followed and his "No" could have been heard a block away.

He stated that the assembly was well attended by the calamity bunch from Reno, who during the entire roll call were offering up prayers and curses alternately as the members of the legislature announced their decisions. Some of the more ancient ladies in the gallery in way of rebuttal cast horrified glances in his direction and wondered how he happened to have the interest of the state at heart and was man enough to stand up for right.

"The dance hall bill will come up soon," said Mr. Aylesworth, "and once more the members will hear my vote recorded as 'No.' I believe that the dance hall, when run properly, as those in the southern portion of the state are, is not a place which brings ruin to a community, as the reformers have stated, but is a legitimate business and the taxes derived from it are of great help in maintaining the county. The dance halls in Tonopah and Goldfield are conducted in a respectable manner and you never hear of any one being robbed or ill treated in any of them. I am firm in my stand for their continuation and will proceed to vote so when my name is called."

MEMBERS TONOPAH MINERS UNION ELECT OFFICERS

LARGE VOTE POLLED IN WARMLY CONTESTED ELECTION OF OFFICIALS.

The members of the Tonopah Miners' union elected officers yesterday to serve for the ensuing term of six months. The election was a warmly contested one and about 475 votes were cast. M. J. Scanlon for president was elected by only eight votes over Frank Darragh, showing the popularity of both men in the union. Officers elected are as follows: President—M. J. Scanlon. Vice president—J. P. Murphy. Recording secretary—Phillip A. Lee. Financial secretary—R. H. Dazell. Conductor—Dennis Murphy. Warden—L. C. Reagle. Financial committee—Pat O'Neil, J. P. Gibson and Stewart McDonald. Doctor—R. J. Mapes.

COMMISSIONERS MAY NEGOTIATE COUNTY LOAN

DISCUSS MATTER YESTERDAY BUT FINAL ACTION NOT DECIDED UPON.

The board of county commissioners were again in session yesterday and it is thought that they will be able to negotiate a loan to carry on the affairs of the county pending the trying up of the county's finances in the Nye and Ormsby County bank of this city. Numerous other matters were considered, but nothing of importance was brought up before the meeting.

RIVAL TEAMS WILL CLASH ON FRIDAY NIGHT

WORLD FAMOUS JOB LOT OF STARS NOW ENROUTE TO THIS CITY.

A dispatch received last night from the Alamo Basketball team of Cripple Creek stated that they were victorious over the crack team from the Carlisle Indian school by a score of 3 to 2. The game was played at Madison Square Garden in New York and was witnessed by thousands. The team will play in Denver tonight, the following night in Reno, and will make their appearance in this city on Friday evening when they meet the Tonopah Basketball club at the Nevada theater. Among the Alamo players are a number of former university stars who have won fame by their skill in playing the game.

The manager of the Cripple Creek aggregation, A. H. Franquelin, acknowledges that the hardest game his team will have to play will be when they meet the Tonopah boys, but that he expects to be on the winning side. A full orchestra will accompany the visitors and a number of musical selections will be turned loose during the evening.

FRATERNAL DANCE WILL TAKE PLACE TOMORROW NIGHT

LADY MEMBERS OF THE ORGANIZATION WILL ATTEND IN BLOOMERS.

Everything is in readiness for the dance given by the Fraternal Brotherhood, which takes place tomorrow night at the Miners' Exchange hall. All the lady members of the order will wear bloomers in order to make the occasion a novel one and each will be a committee of one to see that those who attend will be well supplied with dances.

RAWHIDE QUEEN MAKES SHIPMENT

The Rawhide Queen Mines company sent out to the Hazen sampler last Tuesday fifty tons of ore from the company's workings that will average \$300 per ton. They also have fifty or sixty tons of ore of the same grade which it has been impossible to raise to the surface on account of the fact that their ore house is full. The management is also storing a lot of sensational high grade until they have a full ton, when they will ship possibly the most valuable ton of ore ever taken out in the state. Diverse estimates have been suggested as to the money this ton of ore will bring, but it can safely be said that it will go between \$50,000 and \$300,000.

The management state that they have lately cut the vein at the 100 foot level, and they are running a crosscut from the 200-foot station with the probability of encountering pay within a few feet. The vein, as exposed at the 100-foot station, discloses four and one-half feet of ore that will assay as high as \$300 per ton.

This week a shift of men are working upon the Queen estate on an independent ledge, located at the crest of Balloon hill, south of the Ogilvie-Reynolds lease. At a depth of six feet a ledge of ore of considerable value in silver has been disclosed. This vein strikes south through Balloon hill and is sure to cross the Rawhide Golden Arrow property.

In the west crosscut at the 200-foot level in the old Ogilvie-Reynolds workings the Queen people have also opened up a five-foot vein which will average from \$5 to \$30 a ton.—Rawhide Rustler.

A REMARKABLE REGION.

The Mount Lyell quadrangle, it is stated, includes every physical characteristic, every commonplace freak freak of topography, which is to be found in any other portion of the United States. The Yosemite quadrangle, looking down into the canyon of the Tuolumne, contains probably the only place in the country, except in the grand canyon of the Colorado, where there is a vertical drop of 1000 feet—a sheer granite wall.

GRAND JURY RETURNS ONE INDICTMENT

FINDS TRUE BILL AGAINST CONWAY FOR ASSAULT WITH INTENT TO KILL.

The grand jury yesterday investigated the recent shooting scrape at Golden Arrow between Frank Conway and John Hall, in which Hall was shot through the neck and had to be brought to this city for medical attendance, and at the close of the district court last evening brought in an indictment against Conway charging him with assault with intent to kill. Conway has been out on \$2000 bonds and the court again placed the bonds at that same amount. He was in the court room when the bill was brought in and was represented by P. A. McCarran. The case will probably be brought up for trial during the present term of court.

JURY SELECTED IN CASE BEFORE DISTRICT COURT

TWELVE MEN GOOD AND TRUE HAVE BEEN SECURED TO TRY SAFE CASE.

The jury in the case of the Herring-Hall-Marvin Safe company vs. Letson Balliet was secured yesterday, and before the court adjourned last evening the plaintiffs had finished their case. The defense will probably close today, but it is not known what time will be required for the rebuttal. The jury selected is as follows: James Cleary, E. E. Walker, George W. Pettygrove, Peter M. Cunningham, G. N. Benn, Angus McDonald, Ralph Wardle, Joseph Busch, Edmond Thornton, W. V. Ryan, P. R. Tewilliger and Frank P. Blake.

AREAS ALREADY SURVEYED.

The quadrangles already surveyed in the high Sierra are the Colfax, Truckee, Pyramid Peak, Markleeville, Big Trees, Dardenelles, Yosemite, Mount Lyell, Kaiser, Tehipite, Mount Whitney and Olancha. All these quadrangles lie mainly south of the line of the old Central Pacific railroad, but heights exceeding 7000 feet are reached by many peaks north of that line, in quadrangles already mapped by the survey. When the quadrangles yet unsurveyed are mapped, one of the most remarkable regions in the world will be laid before the eye on paper.

HAVE ADJOURNED SUBJECT TO CALL OF THE COURT

GRAND JURY HAS FINISHED INVESTIGATION OF ALL BUSINESS MATTERS.

After filing their report yesterday afternoon, which consisted of the indictment against Frank Conway, the grand jury adjourned subject to call from the foreman or the court. The final report will not be made for some time as various committees are out investigating the county roads and the sanitary condition of this city.

TONOPAH MAY HAVE VAUDEVILLE PLAY HOUSE

SOUTHERN NEVADA THEATRICAL KING TO START NEW THEATER IN THIS CITY.

Arthur J. Aylesworth, better known as the theatrical king of Nevada, is now considering the advisability of starting a vaudeville theater in this city, and it is understood that he has begun negotiations to secure a building on Main street for this purpose. This is said to be the object of Mr. Aylesworth's visit here yesterday. Should he open a playhouse here under his personal supervision there is no doubt of its success as he has a high rating in the theatrical world and would be able to secure the best attractions. He is now conducting a vaudeville theater in Goldfield, and with two such houses in this district the matter of securing performers would be comparatively easy. A rumor has also been circulated that Mr. Aylesworth will open a house in Reno, and from this it can be surmised that it is his intention to have a chain of theaters in Nevada.

NEW BUILDING FOR THE GEOLOGICAL SURVEY

The "sundry civil" bill for the fiscal year 1910, as reported to the house of representatives February 19, provides for a new building in Washington that will accommodate the geological survey, the general land office, the office of Indian affairs, and the reclamation service, to cost \$2,500,000, and appropriates \$100,000 for preliminary work in construction. The site named in the bill is the square bounded by E and F and Eighteenth and Nineteenth streets, west of the building occupied by the state, war and navy departments and about three blocks west of the white house.

For twenty-five years the survey has occupied a rented building on F street, in the heart of the business section of the city, the annual rental of which now amounts to \$34,900. This building is not fire proof and has three times been visited by destructive fires, the last one, in December, 1908, burning government property worth \$15,000.

The annual rentals paid by the survey and the reclamation service amount of about \$43,000, and the provision made for the Indian and land offices in the new building will permit the transfer of other bureaus, now in rented quarters, to a building owned by the government. The annual net saving accomplished will be \$51,400.

A STRONG BANK

Must be well managed. Must have large resources. Must have sufficient cash resources to meet all demands. Should be seasoned by experience and its strength proven by financial disorders and business calamities. Having these elements of strength and order: a good management, large resources, a large cash reserve and a good record, THE NEVADA FIRST NATIONAL BANK can ask with assurance for its share of the banking business of the people of Tonopah.
