CANNON WILL BE THE SPEAKER

SENATE PASSES BILL CREATING MINE INSPECTOR

(By Associated Press.) CARSON, March 13.—The senate today passed the mine inspector bill in the amended form. It provides of an officer by the governor to hold until December 31, 1910, after which the office is elected. The free coinage bill failed to receive the constitutional majority. The general franchise measure was ordered engrossed and made a special order for Monday, following the anti-gambling bill, which is set for 2 o'clock that afternoon. Senator Boyd announced it was impossible to predict a date for the completion of the bank commission investigation as the committee was flooded with figures. The speaker stated there were a hundred bills yet undisposed of, and that it would be a hard task to clear up by Thursday, when the session comes to an end.

Republican War Horse is Named in Caucus

GENERAL BELL IS APPOINTED CHIEF OF ARMY STAFF

(By Associated Press.) WASHINGTON, March 13.—President Taft reappointed Major General Franklin Bell as chief of staff of the army. Under a provision the chief of staff's position is vacant at the expiration of the presidential term to clear the way for an appointment by the incoming executive. Bell resigned on the fourth.

All Signs of Insurrection Against Cannon Rule Have Faded Away for Present But May Make Reappearance When House Convenes Again.

(By Associated Press.) WASHINGTON, March 13.—Joseph G. Cannon was named for speaker of the house of the sixty-first congress at the Republican caucus tonight. The caucus agreed to vote on the adoption of the rules of the last house on Monday. Other house appointments are as follows: Clerk, Alexander McDowell, of Pennsylvania, and chaplain, Rev. H. N. Couden, the blind preacher, will succeed themselves. The house "whip" will be Representative John W. Dwight of New York. Currier of New Hampshire was elected chairman of the caucus, and Loudenslager of New Jersey, secretary. "Illinois is proud of the most distinguished son," said W. A. Rodenberg, of Illinois, in nominating Cannon, "who continuously for more than a third of a century has stood in the calcium light of publicity, which has served to reveal the transcendent qualities of the head and heart until the fair-minded people of the country with one accord regard Joseph Cannon as one of the greatest and most forceful of American statesmen." Replying to the demands for a speech, Cannon said: "We have a difficult session before us. The tariff legislation is in a class by itself. While we must regard the interests of the people, we must keep constantly in mind the fact that our first duty is to the United States as a whole; that the revenues may be sufficient, and that industrial life must continue to flourish as in the past. Not only is it necessary to do our work well, but we must do it quickly, and with a consistent thoroughness." The speaker declared the system of rules left by the preceding house to be the most efficient that ever guided a legislative body. He assured his hearers that though the framers of the rules were misrepresented on every side by the minority, they now had the commendation of the country, as the present members who upheld it would be certain to have when the misrepresentation died away. The fourth election of Cannon as speaker of the house showed a lack of unanimity of previous caucuses, but many signs of insurrection aimed at the Cannon rule are promised Monday. The most radical anti-Cannon men were not present, however.

STATE RAILROAD COMMISSION WILL CONVENE SOON

(By Associated Press.) CARSON, March 13.—The state railroad commission has received notification from the interstate commerce commission that it will open court in Reno on March 23 to hear the cases of the Nevada shippers against the Southern Pacific. The state commission has a mass of data gathered to support the contention of the shippers.

CITY OFFICIALS OF LOS ANGELES ARE TO RESIGN

(By Associated Press.) LOS ANGELES, March 13.—No resignation of the city officials appointed by ex-Mayor Harper were handed in today, but it is stated that several will be placed before the council on Monday. These will include members of the police, park and fire commissions. The question of procedure in the selection of a new mayor is unsolved, and it is feared that no matter what action is taken it will result in long and expensive litigation. It is stated that five of the nine councilmen are pledged to vote for former Councilman George A. Smith (Republican), when they meet Monday.

Detective Falls Victim of Dread "Black Hand"

(By Associated Press.) PALERMO (Sicily), March 13.—Lieutenant Joseph Petrosini, the New York police detective who has been the terror of the "Black Hand" societies of America for many years, and who was here searching the records to prevent the emigration of criminals to the United States, was shot and killed last night at Marina square. There is no clue to the assassins, who disappeared in the darkness. The police say it was undoubtedly men who feared the New Yorker's search of the records would reveal their connection with crimes. Petrosini had secured a mass of information concerning the Mafia members which it was hoped would prevent the landing of such men in America by supplying grounds for deportation.

NEW YORK, March 13.—The assassination of Petrosini has stirred the police force center and already a campaign against the Italian secret societies, which are believed to have instigated the murder, has begun and will be pressed in every city in the union, and no mercy to the "Black Hand" men will be shown. It is believed the Italian government will co-operate to stamp out the societies in America. Petrosini had been a member of the police force for fifteen years and his arrests have numbered in the thousands. He was prominent in the Mafia cases when Roosevelt was police commissioner. "I can say nothing," said the former president, when he heard of the murder. "Petrosini was a great and good man and did not know the name of fear."

Nicaragua Denies Report of War With Salvador

(By Associated Press.) MANAGUA (Nicaragua), March 13.—The reports of hostilities between Nicaragua and Salvador are absolutely untrue and without foundation. Peace reigns in both countries. PANAMA, March 13.—Those familiar with the conditions in Central America declare that war between Nicaragua and Salvador is improbable while the American warships are on the coast and do not credit the reported sea fight. They say the conditions are restrained between the countries and no diplomatic relations are existing. If the American ships were withdrawn there would likely

be a clash, but war is extremely improbable while the cruisers are on their posts. MEXICO CITY, March 13.—According to a statement from the assistant secretary of state the president of Mexico is prepared to co-operate with the United States in all efforts to maintain peace in Central America and if necessary to join in the intervention. The Mexican minister at Washington was so instructed tonight. The only communication with Central America is a single telegraphic line through Guatemala. Nicaragua controls the line and it is believed to have purposely been put out of order.

STATE POLICE GIVEN ADDITIONAL POWER

The Assembly Passes the Senate Measure at Session Last Night—Action Due to Skillful Use of Lash by the Democratic Leaders.

(Special to the Bonanza.) CARSON, March 13.—At the night session the assembly passed the senate state police bill by a vote of twenty-five to fourteen. Nearly every assemblyman who voted aye did so with considerable explaining. In fact, it looked like an explaining bee. This is the result of the skillful use of the party lash by the Democratic steering committee. The bill as passed gives the police power to make arrests without warrants and in several other ways give them more power than the police bill voted on by the people last fall.

FRENCH TEAM OUTDISTANCE ALL COMPETITORS

(By Associated Press.) NEW YORK, March 13.—The French team was victorious in the six-day go-as-you-please race which ended tonight, covering 732 miles and being thirteen miles ahead of the nearest competitors. The winners, Cibot and Orphee, held the lead for five days and steadily gained on

Davis and Methus, the second team. The score is thirty-eight miles less than that made by Cavanaugh and Hegelman several years ago.

LUMSDEN SENTENCED FOR KILLING SUYDAM

(By Associated Press.) NEW YORK, March 13.—John C. Lumsden, the young North Carolina inventor who was convicted of killing Harry B. Suydam, a broker, was sentenced today to not less than eighteen years nor more than nineteen years and six months in state prison.

WOMAN BANDIT LEADER IS CAPTURED IN MEXICO

(Associated Press.) VERA CRUZ (Mex.), March 13.—Augustina Mora, referred to as the "Tigress of Cordoba," leader of one of the worst of the bandit bands of this region, has been taken prisoner after a fight in the mountain rendezvous of the gang between the bandits and the rurales. The battle occurred a number of miles from Cordoba. In the battle, Perez, a rurales captain, and two of his men were killed. Three of the followers of the tigress were captured with her. The woman was wanted for three atrocious murders and many acts of robbery. She fought desperately, and it required three of the rurales to place her in irons.

PROPOSED DUTY ON COFFEE MEETS WITH DISFAVOR

(By Associated Press.) WASHINGTON, March 13.—The treasury officials are not in favor of the proposed duty on coffee. They point out that 10,000,000 bales are held as security for loans to one of the Brazilian states abroad which can be poured into this country before the tariff is effective, resulting in an enormous profit to the holders and no revenue for the first year to the government. Coffee was still on the free list when the Republican ways and means committee adjourned until next week. The National Coffee and Tea association has directed the attention of the committee that a 4 cent tax on coffee will mean \$21,000,000 profit to foreigners. First class job printing at this office. Up-to-date bindery in connection.

BROTHERS ARE REUNITED IN DEATH

(By Associated Press.) SAN FRANCISCO, March 13.—The bodies of Timothy and Daniel Danlhy, brothers, lie at the morgue tonight, both having died violent deaths. Timothy died by his own hand, and his brother by an accident. Timothy was a drinking man and while depressed from his condition resulting from a spree, cut his throat. He fought off the doctors who attempted to save him and finally succumbed. Meanwhile, Daniel, who was hunting him, made a fruitless search of the city and tired and discouraged rented a room for the night and was asphyxiated by a leaky jet. The body was brought to the morgue at the same time, reuniting the brothers in death. Subscribe for the Daily Bonanza.

RAWHIDE ASTOUNDED BY A GREAT STRIKE

A Ledge of Unknown Dimensions Encountered that Produces Ore of Fabulous Value—Camp is Agog With Excitement.

(Special to the Bonanza.) RAWHIDE, March 13.—The camp is astounded at the strike made yesterday in the east crosscut from the 120-foot level of the Grutt Balloon Hill mine on the Queen estate. The hanging wall was cut through, but up to the present writing no footwall has been encountered. The ore as it is broken from the ledge assays from \$2000 to \$3000 per ton. The vein is now five feet wide. This is the greatest strike yet made in the camp. The entire population has visited the mine and no less than a ton of the high grade ore has been taken away by those attracted by the find. Seventy sacks of the precious ore have been sacked during the past thirty hours, that will average \$2500 a ton. If the crowds continue to assemble around the shaft a barricade will be built tomorrow. Manager Barrett of the Queen estate says: "The strike is one of the greatest made in the state of Nevada."

ENGLISH TEAM OF POLO PLAYERS MEET DEFEAT

(By Associated Press.) SAN DIEGO, March 13.—A great crowd, representing the fashionable world, witnessed the beginning of the annual tournament of the Southern California Polo association today

The Burlingame team defeated the Raulagh players, the celebrated English cranks, by a score of five to two, outplaying the Britishers all the way. The Bryn Mawr players captured the game with Riverside by a score of six to one, the Californians being clearly outclassed.

POPE IS FOLLOWING PHYSICIAN'S ADVICE ROME, March 13.—Following the advice of his physicians, the pope was not present this morning at the lenten sermon.
