TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

EAST QUIETLY ABSORBS.

The revival of interest in the lower priced stocks that represent claims owned by reputable companies, has a particular significance at this time when the industrials are weary of speculation, and the unrest in Wall street is fomented by the tariff agitation. The best deduction that can be made from this awakening is that with the easing of the financial situation Goldfield will equal, if not surpass, the most active period in the history of the camp or district. The men who are retiring large blocks of the preferred prospects are doing so with a well defined purpose, which seems to be the future accretion that is bound to follow with the resumption of development. It is fair to infer that buyers, following a well defined plan, propose to place themselves in such an advantageous position that they can dictate future policies, or that they have received reliable information to the effect that a renewal of activities may be anticipated. Take Booth, Jumbo Ex., Blue Bull, C. O. D., Kewanas or Lone Star, any of them are good buys at the present low prices, and it is certain that one or all of them will eventually develop into shippers with a little more money and attention applied in the right direction. This will revive the railroad shipments, as none of the properties has milling facilities, and the railroads are down to bedrock where they are competing with the mills. Work undertaken at this time would bring most of them into the shipping list by the time the Ely and Goldfield railroad is ready to enter the field for all grades of silicious ores.

The investors of the east have more confidence in the prospect of restoring the former prosperity than some of the local holders of stock, who are ever ready to short any shares that show an advance of a few cents. The advance of the past few days served to inspire local investors with more confidence, as the sale sheet shows a steady gain. One of the best features of the depression has been to eliminate the wash sales, that formerly helped to make a strong showing on the daily call. Today there is not a sale that is not based on actual orders, and the reader may rest assured when he glances over the list that he is introduced to the actual transactions of the local board—Goldfield Tribune.

A PROMISING PROSPECT.

The late Senator Hunter, of Elko, is to be a candidate for the Democratic nomination for governor of Nevada in the next campaign. Senator Hunter is one of the three gentlemen on the Democratic side of the upper house who lately administered a dose of "hop" to the Tallman guaranty of deposits act. Senator Hunter will have the support of a great many elements. For instance, his support will include—

- All the railroads,
- All the bankers,
- Everybody in Nevada that lost money in a bunk bank,
- Himself,
- Several friends,
- The Henderson push in Elko county.
- All reactionary Democrats (23, count 'em—23).
- The Republican party (until election day).
- The down and out club.
- And others.—Reno Reveille.

INCORPORATION OF TWO PIONEER COMPANIES

ONE IS TO SUPPLY WATER TO THE NEW CAMP FROM SPRINGDALE.

The Springdale Water and Power company filed articles of incorporation yesterday at the county clerk's office. This company names its principal office as Springdale and has placed the total amount of authorized stock at 250,000 shares of a par value of \$1 a share. The incorporators are Morris Newton, Charles Newton, Morris Brick, Irving Macdonald and D. Schoenard.

This company was formed some time ago and is for the purpose of furnishing water to Pioneer, about three miles distant from Springdale. At the present time all water is hauled to the new camp in wagons.

Morris Newton, who is at the head of the concern, is a wealthy capitalist of Holyoke, Massachusetts, and is heavily interested in the Springdale district.

Another Pioneer company to file incorporation articles was the Indiana Annex Leasing and Mining company which has a capitalization of \$1,000,000. Burton Hurd, J. L. Middagh, George N. Burt, A. M. Goethelus and Claudius L. King, all of Pioneer, are the incorporators.

NEW LAWS RECEIVED.

The Bonanza is in receipt of the advance sheets of the laws of the state of Nevada as enacted by the late legislature and are furnished by the state printer. They have been placed on file and those interested are invited to call and inspect them.

TWO OF THE LEADING DAILIES OF THE WEST

OFFER MADE WHERE SUBSCRIBERS RECEIVE SOMETHING FOR NOTHING.

Two papers for the price of one is the extraordinary offer of the Daily Bonanza. Owing to a contract with the San Francisco Bulletin which we have just signed we are in a position to offer both the Bonanza and the Bulletin for the regular subscription price of \$1.25 a month. The only "if" in the agreement is if you pay your subscription in advance.

This offer is one that should not be over-looked and you will actually be losing money daily if you do not drop in the Bonanza office and kick through with the necessary coin that will enable you to receive two of the leading newspapers daily.

The Bulletin will be delivered as soon as the noon train arrives, while, as everybody knows, the Bonanza will be served in time for breakfast.

Today a sample copy of the Bulletin will be left at every residence in Tonopah, so you may conceive an idea how the two papers will go together.

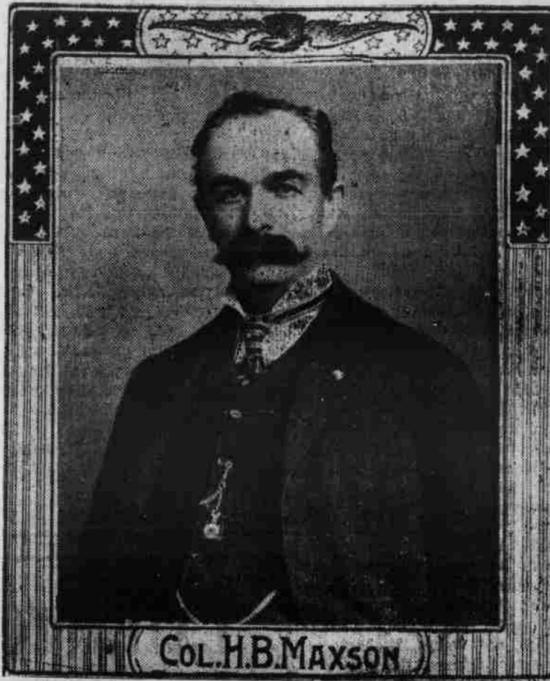

DID HE WALK OR RIDE?

Henry Bartlett of Round Mountain, who thinks he knows something about printing, came in from the north last night and immediately on his arrival here proceeded to try and inform the management of the Bonanza how a paper should be run. He succeeded—not.

Hot bread every day at 4 p. m. at City Bakery. 3-19-09.

Colonel H. B. Maxson to Become Surveyor General of the State of Nevada

The good news thus reached Tonopah that Col. H. B. Maxson, of Reno, is to be appointed to the position of United States surveyor general of Nevada, when the term of office expires of the present incumbent, Matthew Kyle, which will be early this spring. In the appointment of Colonel Maxson the state is honored by a man who

stands high in his profession. He was the Republican candidate for congress at the late election but was defeated by Hon. George A. Bartlett. His fight was a clean one and he met defeat with good grace. In the appointment of Colonel Maxson all loyal citizens of Nevada will add, "Well done; the colonel is deserving of the appointment."

VERNIE FLANIGAN DEAD.

Vernie Flanigan, who shot and killed Frank Hayes, her paramour, at Fairview a year ago, committed suicide at Dutch Flat, California, last week. Her identity became known through correspondence found on the remains. She was placed on trial for the killing of Hayes, but was acquitted by a jury at Fallon. She disappeared soon after her release. The announcement of her death was the first heard of her since that time.

ACCIDENTAL SHOOTING.

Hank C. Blanchard, father of Lee-te Blanchard of Carson, shot himself accidentally through the right hand with an automatic revolver. Luckily no bones were broken but nevertheless he received a very painful injury. Lee-te Blanchard has gone to Bodie and will care for his father while he is laid up.

Thomas Howie, a prominent mill man, who has had charge of the construction of the plant at Jefferson canyon, came in from that district last evening and will leave this morning for California.

CERTAINLY.

"I got my wife through advertising."
"Then you'll admit that advertising pays?"
"I'll admit that it brings results," was the cautious reply.—Life.

HOTEL ARRIVALS

MIZPAH HOTEL.

WANTED—Clean cotton rags, without buttons—Two cents per pound—Inquire Bonanza Office.

STOCK MARKET

The market yesterday was somewhat varied, particularly among the Tonopah stocks. Midway advanced 2 and Jim Butler closed 1 point higher than the opening. On the other hand Tonopah Mining fell away 25 and MacNamara and Belmont both dropped 1 point. The Goldfields were about the same as local securities, for Consolidated dropped 10 and Florence was weak and lost 7½, while Fraction advanced 5 points.

The following quotations are from the reliable brokerage firm of H. E. Epstein and company:

Tonopah District.	
Tonopah Mining	\$7.50
Montana	.70
Tonopah Ex.	.60
MacNamara	.31
Midway	.23
