

# CALICO BALL SOCIAL EVENT OF THE SEASON

LADIES OF THE MACCABEES ENTERTAIN LAST EVENING AT SUCCESSFUL AFFAIR.

The calico ball given last evening in the Miners Exchange hall by the Ladies of the Maccabees, was one of the best attended affairs of its kind held during the present year. This was the first dance after the Lenten season, and naturally the event was one long looked forward to. It seemed that all Tonopah was present and each and every one enjoyed themselves throughout. The ladies were attired in calico dresses and the judges who awarded the prize for the best calico dress were unable to agree for over three hours. This prize was presented to Mrs. Ed Wilson. The prize for the most ridiculous necktie was won by Earl Lydon. There was also a varied assortment to choose from and the judges were forced to call in assistance. Hugh Herd and Jack Leach were candidates for the prize, but lost out by a narrow margin.

The feature of the evening was the fancy drill by the Maccabee drill team. This team was composed of sixteen ladies, all attired in a calico uniform with red, white and blue sash, wearing a mortar board cap and carrying a spear. The maneuvers they went through brought forth applause time and time again. The drill was presented without a hitch, each movement being executed with a regularity that would have done credit to a picked squad of trained soldiers. The team has been practicing for nearly two months and were deserving of the praise they received.

Dancing was kept up until a late hour this morning and at the expiration of the affair the dancers turned homeward tired but happy. The committee from the order who had charge of the dance is deserving of credit for the manner in which it was handled.

# SENATOR NIXON MAKES OFFER OF FINANCIAL AID

WIRES COMMISSIONER CUDDY HE IS WILLING TO ADVANCE MONEY.

County Commissioner W. T. Cuddy yesterday received a telegram from Senator G. S. Nixon offering financial aid to the county. The untruthful reports sent out that the county commissioners were unable to borrow money evidently reached the ears of Senator Nixon and his offer of yesterday is the result. The dispatch reads as follows:

"I notice in the Tonopah Sun that your county is in need of funds. I have written Mr. Lee, cashier of my bank at Reno, to take up the matter with you. It will please me to be of any assistance to you in your present trouble.

"GEO. S. NIXON."  
Commissioner Cuddy immediately wired an answer to the telegram, thanking the senator for his offer and stated that at the present time Nye county had been able to borrow sufficient money for its needs.

## CARD OF THANKS.

We desire to extend our most heartfelt thanks to the Miners' Union and our many friends who have aided and sympathized with us in our sad bereavement in the loss of our beloved son and brother.

## APPOINTED ADMINISTRATOR.

In the district court yesterday Public Administrator L. L. Blumenthal was appointed administrator for the estate of W. B. Witter. The court ordered that in the estate of Eric Blumquist the money due the deceased from the mining company where he worked should be paid over to the miners' union of this city, and that the union pay the outstanding bills.

# MANHATTAN PLACER DIRT WILL AVERAGE \$12 PER CUBIC YARD

Dick Carr, the well known newspaper man, and who formerly edited the Rhyolite Bulletin, is back from Manhattan and Round Mountain where he spent several days in looking over the districts. Last evening in speaking of the two camps he said: "Manhattan is at present undergoing its second awakening in the mining world, due to the efforts first of 'Dry Wash' Wilson and other citizens in developing the placer deposits recently found to contain gold in quantities not to be overlooked in any country. Placer dirt that will yield pay stuff worth from \$10 to \$20 per yard is what they are finding in many places.

"For how many miles down the gulch in which Manhattan is situated this pay streak is to be found only development will tell. At present dozens of shafts are being put down covering probably three miles of ground, while many more claims, extending to the Smoky valley, have been located and will be worked as soon as outfits can be obtained.

"The pay gravel is found at a depth ranging from fourteen to seventy feet and the gold is easily separated from the dirt. Water is found

in many of the diggings in abundance.

"'Dry Wash' Wilson made a clean-up Friday evening from his claim just below the town that was little short of phenomenal. While no figures were given out a quiet tip that returns averaged better than \$12 per yard for his pay stuff sluiced was the general understanding. Nuggets ranging in value from \$1.50 to \$5 and \$6 were plentiful.

"Below Wilson's workings dozens upon dozens of holes are being put down with all the speed possible with good mining and throughout the entire district an air of confidence in the future greatness of Manhattan prevails.

"Over at Round Mountain also placer operations are in the public eye. Besides the hydraulic which is yielding good returns William Madigan has started placering on a block of Daisy ground from which good surface pannings are obtained.

"Taken as a whole the placer propositions now being developed in both the Manhattan and Round Mountain districts bid fair to again bring the attention of the public in their direction on well deserved merits.

# FIGHTERS WILL ARRIVE TODAY FROM SOUTH

KRANT AND FIELDS ARE IN EXCELLENT SHAPE FOR THE MATCH.

Kid Krant and Frank Fields will arrive from Goldfield this morning and this afternoon will go through light work. Krant at the Big Casino and Fields at the volunteers' gymnasium. Both men are what might be termed the pink of condition, for they have been training for the contest which was to have come off Thursday night at Goldfield. Owing to the activity of the Tonopah sports the scene of operations was transferred from the southern city to this place and the men will meet Friday night at the Pavilion theater.

Of the two men Krant is the best known among the local sports and he will have a large number of rooters present at the fight. However it is a hard thing to pick the winner, and those who are in a condition to dope out the result state the scrap will be a hummer.

It is expected the admirers of both men will be out in force this afternoon when they go through their stunts.

# CHAMPION TEAM HAS CHALLENGED THE WINNERS

ARE ANXIOUS TO MEET THE WINNERS OF THE RACE SUNDAY AFTERNOON.

The hose cart race Sunday between the three teams of the volunteer fire department was won by team No. 2. The distance was traveled and the connection was made in 30 seconds. The best record previously made for this distance is 29 seconds, and this was made by No. 2 team in the race on the last Fourth of July.

Immediately after the race, the winning team was challenged by the championship team. The champs are always in good condition and on account of their long experience with the fire apparatus can run the race in a remarkable fast time any day. The contest will come off at some future date.

# LAST RITES PERFORMED OVER SAM MERTEN

FUNERAL OF UNFORTUNATE MINER IS LARGELY ATTENDED.

The funeral of Samuel Murton who met death in the Montana mine last week, took place yesterday afternoon and a large number of friends and acquaintances followed the body to its last resting place. The services were held in the Presbyterian church, the Rev. Dorris officiating. The Tonopah Miners' union attended in a body and acted as escort to the remains.

## ARTICLES OF INCORPORATION.

# MARY RECITES HER TROUBLES TO THE COURT

HER SECOND APPEARANCE IN COURT RESULTS FATALLY.

Mary O'Neil had troubles. But that was nothing unusual for Mary. She has had troubles ever since she could remember. And in order to drown these troubles Mary has acquired quite a liking for whisky.

As a result of this liking, Mary adorned a chair in the justice court yesterday, having been arrested Sunday night when she had a bun that would have done credit to John L. Sullivan. She was also very repentant and wished she was back in Goldfield.

The court listened to her troubles which were pathetic at times and on several occasions during the recital his honor was forced to use his handkerchief in wiping away the tears. Mary was using her sleeve for this same purpose. And when Mary thought she had won her freedom Judge Atkinson presented her with twenty-five days in the county bastille where she will have a chance to forget the troubles.

Mary was tried on a vagrancy charge in this court last week and was ordered to leave town. She moved to Goldfield, but returned here Sunday night and proceeded to celebrate immediately after her arrival.
