He further adds that there is hardly a chance that an appeal will be taken, and that he expects a favorable settlement.

DENVER, July 14.—The administration forces controlled throughout the deliberation of the Western Federation of Miners' convention today. By a vote of almost two to one the convention gave the members of the executive board the right to vote proxies. In spite of a protest led by J. F. Hutchinson, an administration board member, the Moyer supporters scored by preventing an immediate consideration of the president's annual report in which that official bitterly denounced the opponents of the Federation as "trouble makers" and disruptors of organized labor. Moyer also referred to Samuel Gompers' failure in the last national campaign "to lead the labor voters in a solid phalanx to the polls under the banner of a party dominated by corporate greed." Practically the entire day was taken up by reading officers' reports which showed the organization to be in excellent condition as to membership, finances and free of strikes with the exception of those recently authorized at Ely, Nevada, and Alaska.

NO RETURNS FROM ORE OF ELLENDALE

H. H. Warburton returned from Millers yesterday whither he went with the shipment of ore from the Ellendale strike. Mr. Warburton did not give out any facts concerning the value of the shipment, the same secrecy apparently surrounding the worth of the ore as was displayed bringing it to the city and then on to Millers. Rumors were on the street yesterday that the ore ran \$12,500 per ton and that the entire shipment was worth in the neighborhood of \$97,500. However there were no means of verifying the rumor.

INDIAN TO HANG FOR HIS CRIME

The supreme court of the state of Nevada has refused to intervene to save the life of the Indian George Williams, who some eighteen months ago killed two prospectors near Silver Peak and who later confessed to the crime. He was tried and sentenced to be hanged. The highest tribunal in the state says that the law has been obeyed in the matter, which, provided the board of pardons does not intervene, means that the redskin will have to pay the penalty of his crime upon the gallows.

Ed Baker of Mina was an arrival yesterday. He will spend a day or so here.

HOUSE MEMBERS RAISE OBJECTION

Would Deprive President of Certain Powers

(By Associated Press.)
WASHINGTON, July 14.—Objections were raised by the house members of the tariff conference today to the senate provision in relation to the maximum and minimum features of the tariff bill which gives the president authority to employ such persons as he may desire to aid him in enforcing the tariff laws which will be useful to congress in tariff legislation in the future. This

opposition was all that prevented the adoption of practically all the sections dealing with the administration. The provision providing for the establishment of a court of customs and appeals was adopted. When adjournment was taken the maximum and minimum provision was agreed upon tentatively as a substitute for the house feature with the exception of the provision as to employment of tariff experts.

(By Associated Press.)

M. Ryan, State Controller J. Eggers, and W. M. Douglass, secretary of state, composing the board

of capitol commissioners to enjoin them from paying the money to Donnels and Steinmetz for furnishing the mansion. Immediately after filing the papers a writ of injunction was served upon the governor and his assistants. The Breuner company intimates that the contract was granted to Donnels and Steinmetz because the members of the firm were of the same political affiliations as the members of the capitol commission.
