

WAS TRIED FOR CASTING STONES AT SMALL DOG

A YELLOW HOW-WOW IS INNOCENT CAUSE OF JUSTICE COURT TRIAL

A poor little yellow dog, no bigger than the average fox terrier, was the cause of considerable discussion in the justice court yesterday. The canine is the property of Capt. W. K. Wise and several days ago he had a warrant issued for H. H. Parker, whom he alleged had wilfully, maliciously and with malice aforethought, cast one small rock at the aforesaid small dog with the premeditated intent to maim or kill said dog.

The defendant asked for a jury trial, which was granted him. He conducted his own case and when on the stand testified that the dog had attacked him several times, and becoming tired of having his trousers legs perforated by the how-wow's teeth, had hurled the stone at the dog. Plaintiff stated that the dog had a very amiable disposition and never was known to bite. The dog was placed in evidence and marked "plaintiff's exhibit A." Witnesses for both sides were placed on the stand and after the case was turned over to the jury they returned a verdict in about two minutes, finding the defendant not guilty.

When this decision was made known, the plaintiff informed the defendant that if he cast any more rocks at his dog, the case would be settled out of court. In the meantime the antics of Towser will be watched with interest.

HEAVY RAIN CAUSES DAMAGE TO STREETS

As a result of the heavy rain storm Monday night, Chief of Police Ed Malley had a corps of men out yesterday repairing the flooded highways. In several cases the flow of water had caused deep ruts in the roadway, and these were repaired yesterday. The damage to the streets extended from the Celtic hotel on Florence avenue to below the railroad depot. Quite a number of stores and business houses were kept busy for an hour or so during the morning in bailing out flooded cellars. There was no heavy damage reported by the inflow of water owing to the fact that the majority had taken precautions, having had experience in past rain storms.

ANOTHER MURDER CHARGED TO INDIAN GEORGE WILLIAMS

The hanging of Indian George Williams is bringing to light other crimes with which he is charged. The killing of a man known as Smart at Wellington a few years ago is now being laid at his door by the authorities, owing to the fact that he was known to be in that section at the time of the crime.

Smart was a stranger who was never seen in the town of Wellington until his dead body was found one morning lying in the street in a pool of blood.

The evidence tended to show that he had been murdered during the night by being hit on the head with a blacksmith's hammer which was taken from a shop nearby.

It was later found that a horse and saddle had been taken from the stable and the murderer escaped never to be captured.

Temperature Report

Yesterday's hourly temperature record at the weather bureau office was as follows:

5 a. m.	50
6 a. m.	49
7 a. m.	49
8 a. m.	49
9 a. m.	49
10 a. m.	51
11 a. m.	52
12 (noon)	55
1 p. m.	57
2 p. m.	59
3 p. m.	54
4 p. m.	57
5 p. m.	52

Highest temperature a year ago, 68; lowest, 42.

MILLINERY OPENING

Mrs. Simpson will open her complete stock of millinery Monday, Sept. 27, opposite the Butler hall, upper Main St. All are invited to call. 9-27 to 10-1

GOOD HOUSE AT NEVADA THEATER LAST EVENING

CLEVER WORK IS SHOWN ON THE STAGE BY CARTER THE GREAT

A house that would be classed as a fair sized one, but which should have been crowded, greeted "Carter the Great" last night at the Nevada theater. The performance was an excellent one and the ease with which the magician executed trick after trick, won for him the admiration of the audience. Each effort was followed by great outbursts of applause.

Carter may easily be termed the superior of Herman and his acts are along a later line than that followed by his predecessor. Things disappear at will or come into view with a mere wave of the hand. One act worth mentioning is termed the cabinet trick. When bound hand and foot it takes but a second for him to change his coat for one worn by a member of the committee selected from the audience to observe the stunt. The work is clever and when Carter shows this evening at Goldfield he should be greeted with a crowded house.

EARL LEASES AT MANHATTAN LOOKING GOOD

LARGE QUANTITY OF \$50 ORE IS BEING HOISTED ON THE SWANSON LEASE

Messrs. Howell, Moore and Ross, who spent Sunday at Manhattan, report that the Earl leases present probably the most favorable showing yet developed in that camp.

On the Swanson-Lyon-Ross lease about eight tons of good ore per hour are being hoisted. The ore so far hoisted will average at least \$50 per ton—much of it goes higher than \$100. At least 1000 tons of ore can be stowed at present and a winze on the 150 level is in good ore. Several other Earl leases are also in the money. The leasers believe that the tonnage already developed is sufficient to justify the erection of a mill of their own.

Manhattan mines are looking better than ever before.

INVITATIONS OUT FOR HOTCHKISS-FORCE WEDDING

CEREMONY TO BE PERFORMED IN NEW YORK ON OCTOBER 20

Invitations were received in Tonopah yesterday to the wedding of Miss Florence Hotchkiss of New York to James Adolphus Force, the ceremony to be performed on October 20 at the bride's home in New York. The groom, who is better known as "Sunny Jim," has a host of acquaintances and friends in southern Nevada, having resided here several years. He now has charge of a large mining property in Mexico, and is rapidly rising in the ranks of the mining engineers. In his education along this line he secured considerable data from the local mines and mills.

NEW SCHOOL DISTRICT AT LUCKYBOY

Professor Bray passed through this city for Reno last evening from a visit to Luckyboy, where he has made arrangements to open a school. He states that there will be about 30 children in attendance on the first day. Luckyboy is forging steadily ahead and while it is a little quieter than it was during the spring, it is going to make a steady camp.—Carson News.

RAINFALL WAS A RECORD BREAKER

A total of 1.96 inches of rain fell from the time of commencing at 1:15 o'clock Monday morning until 5 o'clock yesterday morning. This is a record breaker for this section. The measurements were made by the United States weather observatory in this city.

NIGHT SCHOOL STARTS OFF WITH MANY STUDENTS

TWENTY NAMES ALREADY ENROLLED TO TAKE COURSE IN NIGHT STUDY

Tonopah now has a night school with twenty pupils enrolled. The first meeting was held Monday evening at the old school house, when the classes were formed, and at last night's session the preparatory work was completed. The work of teaching will be looked after for the present by Principal Claud Schoer, Jr., Prof. Harry Luttenton and Miss L. Pohl, assistant principal.

The following are the names of the students so far enrolled: John Kelley, George Woodworth, Tom Hyland, Oscar Schaffer, Tom Mackey, Harry Quill-Hel, Huey Holmes, Lawrence Rolley, Roscoe Howitt, Willie Gomm, Willie Kearns, Bob Van Datten, Tony Farrell, A. B. Tatum, Edmond Lydon, Joe Gardella, Earl Lydon, James Dakovich, Edwin Corum, Stuart McDonald. The studies include reading, arithmetic, history, spelling, grammar, mechanical drawing and bookkeeping.

PERSONAL

Miss Julia Finnegan of the Bonanza staff returned last evening from a camping trip in the Bishop country. Tom Kendall was a Goldfield visitor yesterday, returning on the evening train.

Joe Kendall spent yesterday in Goldfield in attendance at the mining congress. Tom Murphy, the Goldfield mining man, came in from Manhattan yesterday afternoon in his auto and after spending several hours in this city continued on to Goldfield.

R. B. Govan, manager of the Mizpah hotel, attended yesterday's session of the mining congress at Goldfield.

Mrs. Frank Myers, who has been visiting in San Francisco for the past few weeks, has returned to Tonopah. County Commissioner Sam F. Lindsay went over to Goldfield yesterday morning.

R. F. Gilbert is back from Goldfield where he attended the opening session of the mining congress.

Robert Stewart, who came in Monday evening from Austin, is confined to his apartments at the Mizpah hotel, suffering from a severe cold.

Branch H. Smith, who will have charge of the Nye county mineral exhibit at the mining congress, went to Goldfield yesterday.

Ross Congdon was a Goldfield passenger yesterday morning. During the day he attended the mining congress. He returned to Tonopah on the evening train.

Judge J. F. Dennis took in the mining congress yesterday at Goldfield.

Mrs. Booth, wife of P. S. Booth, auditor of the Nevada Telephone-Telegraph company, is back from a visit of a month in California.

Mrs. Ernest Tognini departed yesterday for a several weeks' visit in San Francisco.

R. P. Dunlap, chairman of the entertainment committee, journeyed to Goldfield yesterday. He will accompany the visiting members to this city.

C. H. Mace is up from Pioneer and will spend several days here.

Congressman George A. Bartlett left yesterday morning for Goldfield.

J. E. Connors, the Manhattan hotel man, came in from the north yesterday.

W. A. Schnitzer, the Reno attorney, came over from Goldfield last evening. Neil McLean came over from Goldfield on last evening's train.

Dr. Carl Gohlin, who is operating mining property near Round Mountain, arrived from the hydraulic camp last evening. He is registered at the Manhattan.

C. A. Smith came in from the Liberty district yesterday and registered at the Palace.

Mrs. Nick Rafalovich left yesterday morning for Tacoma, where she will visit for a few days.

The reason advertising in the Bonanza pays is because this paper is read by all.

MIZPAH HOTEL HAS HIGH-GRADE ON EXHIBITION

TWENTY POUND CHUNK OF GOLD HAS BEEN PLACED ON DISPLAY

One of the first sights that will greet the visiting members of the mining congress today, is a huge gold specimen in the Mizpah hotel office. The piece of rock will weigh fully 20 pounds and apparently is pure gold. Above it is a card which says: "Welcome, A. M. C. This specimen was found when excavating for the foundation of the Mizpah hotel."

Chief Clerk Schade estimated that the high grade would assay about \$800,000 to the ton. It is an elegant piece of workmanship, so natural that last night Schade had come to the conclusion that the ore was the real thing, and placed it in the safe as a precaution against high graders.

TRAMP OPENS TWO FEET OF GOOD SHIPPING ORE

The Vucovitch lease on the fourth level of the Denver made a strike of some importance this week. Two feet of \$100 rock were opened in the south drift, by the lessee. This is the best showing of ore that has yet been made on this block of ground.

Work was resumed at this point on last Monday. The first round of shots disclosed the ore. A foot farther on than had been penetrated by the earlier work brought more ore than all of that which had gone before. The work is in the nature of a drift. The vein is several feet wide and carries a good width of milling rock in addition to the two feet of shipping rock. The ore is broken down into the sacks.—Bullfrog Miner.

DIVIDEND NOTICE.

At the meeting of the board of directors of the Tonopah Mining company of Nevada, held this day, a regular quarterly dividend of Twenty-five per cent and extra dividend of Ten per cent was declared payable October 21st, 1909, to stockholders of record September 30, 1909. Transfer books close September 30th, 1909, at 3 p. m., re-open October 8th, 1909, at 10 a. m. C. A. HIGBEE, Treasurer.

Philadelphia, Pa., Sept. 24, 1909. 9-26 to 10-2
