PITTSBURG TEAM IS VICTORIOUS OVER TIGERS

(By Associated Press.)

PITTSBURG, Oct. 8.—The champions of the National league won the first game of the world's championship series by a score of 4 to 1 at Forbes field today. After the early innings Pittsburgh outclassed their opponents in every department of the game. In the first three innings Detroit outplayed Pittsburgh. The attendance at the game today totaled 29,265 paid admissions, the record for attendance at a world's series game.

The total receipts of the game were \$40,371.50, which will be divided as follows: To the National commission, \$4,027.15; to the players, \$2,746.61; to each club owner, \$7,248.87.

MIDNIGHT FIRE CAUSES EXCITEMENT IN DARKTOWN

DEPARTMENTS SUMMONED BY BLAZE IN "DEVIL" DAVIS' SALOON BUILDING

A match carelessly thrown to one side, a lighted cigar or cigarette, or the torch of a fire brand are the theories advanced as the cause of the conflagration which summoned the fire departments last night at 12:45 o'clock. The fire was in the rear room of the building in which "Devil" Davis conducted a saloon at the time he was transported to the other side by a revolver shot fired by his wife.

The entire rear portion of the building was gutted and but for the prompt work of the volunteers and paid department, a serious blaze would have resulted. Hose Cart No. 3 was first on the scene and was closely followed by the paid department and the remainder of the companies. The damage will total about \$300, with no insurance, so far as could be learned.

LEASERS GET \$200 GOLD ROCK NEAR AUSTIN

AUSTIN, Oct. 8.—The best news from south of the main Austin gulch for many a day is that of gold running close to the \$100 mark. This was taken from the Tom Dalton lease on the Golden Eagle claim, belonging to the Austin Manhattan company. The rock in the west drift at the 50 foot level runs \$87 in gold and carries \$110.92 in silver, or an average of more than \$200 a ton.

This work shows, among other things, that Austin is as likely to develop a gold zone as any other of the numerous old camps that have come to the front with the high grade, notably Galena and Cortez, in this county.

The Jack Pot shaft has developed a lot of water. The whin is drawing about 15 gallons a minute, but is not keeping it down.

WANTS LAW CHANGED TO FAVOR INDIANS

"There are enough fish in Pyramid lake to supply the whole state and I believe that the Indians of the Pyramid reservation should be permitted to sell all the fish they can catch, even in the closed season," remarked L. D. Creel, superintendent of the reservation, who was in Reno on official business yesterday.

Mr. Creel says that the Indians have practically no other means of making money, and he will use his influence to have the state laws prohibiting the sale of fish by the Indians changed.

KING'S BROKER MAY TRY RENO DIVORCE LAW

That Reno's fame as a divorce center has spread across the pond gained currency in the last few days when it was rumored that a stock broker of King Edward of England has arrived in New York on his way to Reno to secure a divorce.

Just how true the conjecture remains to be seen, but at all events the fact remains that the notable is at the St. Regis, accompanied by an army of servants. He is headed westward.

TRACKLAYING GANGS DRAWING CLOSE TOGETHER

The Western Pacific tracklaying gangs were only 25 miles apart on Tuesday, according to the Silver State. The gangs are laying about two miles of track a day and unless delayed by lack of material, the work should be finished by the 20th of this month. If the ballasting trains have kept up with the tracklayers, the road should be open for through business before the middle of November.

BROOKLYN MAN SENT TO BRITISH PRISON

(By Associated Press.)

LONDON, Oct. 8.—Harry Benson of Brooklyn, whose real name is Behra, has been found guilty in the criminal court and sentenced to five years penal servitude. The charges against him were of fraud in connection with the bankrupt Feltbam's bank, which he founded. In the course of the trial evidence was given that he had defrauded more than 500 persons through the bank.

TRAIN WRECK CAUSES DEATH TO SEVENTEEN

(By Associated Press.)

TOPEKA, Kas., Oct. 8.—Seventeen persons were killed, ten of whom were Mexican laborers, and ten severely injured in a collision between a construction train and a regular freight on the Atchison branch of the Santa Fe. The accident occurred near the city limits shortly before the noon hour as the train was backing in to Topeka for dinner. Disregarding of orders by the crew of the work train is supposed to have been the cause of the wreck.

BILLY PAPKE EASILY DEFEATS WILLIE LEWIS

(By Associated Press.)

PITTSBURG, Oct. 8.—Billy Papke easily defeated Willie Lewis tonight at the Duquesne gardens before the National Sporting club of Pittsburgh. Both men were standing at the end of the sixth round, with Lewis all but out.

RECEIVES A VERDICT FOR THE SUM OF \$182

At 2 o'clock yesterday afternoon business was practically suspended in Tonopah. Even the clocks stopped and those who were astray on the streets moved along on tiptoe and spoke only in the most subdued whisper. Business men wore long faces and the appearance of this town to an observer within our midst, bespoke the approach of a terrible calamity.

And well it might have been that Tonopah was expecting to see the end of the world, for in the justice court in the State Bank building there was being conducted a case whereby one lone individual was defying the world.

The title of the case as it appeared on the docket was the Tonopah Sun, an incorporation, versus some 15 or 20 business men of this city. The trouble was over the booklet issued by the Tonopah Promotion committee on which an exorbitant charge had been made, so exorbitant, in fact, that the members of the finance and entertainment committees, who had charge of the public funds, refused to pay the obligation. These gentlemen had collected funds from the Tonopah business men and they were duty bound to see that it was expended in a just and profitable manner. The original amount of the bill was for \$218.50.

It was brought out in evidence that when the dummy of the booklet was presented to the printers, the specifications called for it being bound with a handsome silken cord. The publicity committee who ordered the printing, stated that the booklet was first issued with a binding resembling cheap knitting twine, and they immediately said, to make a showing, give us something.

Plaintiff swore under oath that he was unable to secure the required cord in town, but did not state he could have purchased it on the market if he had the price, and at the price of printing the publication had not decreased a cent by the substitution of wire staples. He further stated that he informed the committee that he was going to charge a commission on the cuts for the booklet, and that they had no kick coming when he charged them \$10 for the privilege of ordering \$28.25 worth of halftones of a

"Civic Alliance" Will be Title of Hearst Party and Legal Steps Taken to Insure Name.

New York Politicians are Sharpening Their Knives for the Fray and Accusations are Being Hurlled Broadcast.

(By Associated Press.)

NEW YORK, Oct. 8.—William R. Hearst announced tonight that he would accept the nomination for mayor as tendered at the independent mass meeting Wednesday night. In a statement he repudiates his endorsement of Justice Gaynor, the democratic nominee, whom it was announced several days ago that he would support, under certain conditions, one of which was that Gaynor should publicly renounce Tammany. This Gaynor did not do.

During the day, to insure the party name, legal steps were taken to register the "civic alliance," under which title Hearst will make the race. If his requests are complied with. The choosing of a new name

was made necessary in that Tammany is charged with absorbing the old independence league machinery at the recent primaries.

Numerous statements were issued during the day. Justice Gaynor in an interview discussed the responsibility for alleged unfit candidates on the democratic county and borough tickets. Charles F. Murphy, the leader of Tammany hall, accused the republicans of urging Hearst to enter the field in order to detract from the democratic vote, while Herbert Parsons, the republican county chairman, repeated his former charges that Tammany was planning wholesale frauds, and offered rewards aggregating \$17,500 for the detection of repeaters.

MAY HAVE TWO NEGRO REPRESENTATIVES AT THE TAFT BANQUET

This Question Will Have to be Decided by President or Some Member of his Party.

(By Associated Press.)

PASADENA, Oct. 8.—Whether there shall be a representative of the negro race at the Taft banquet here on October 12, is a question the president or some member of his party will be called upon to decide tomorrow.

A committee representing the Afro-American league called today upon the committee of 25 prominent citizens in charge of the reception,

and demanded that two negroes be given places at the banquet.

It was learned during the day that two banquet tickets had been sold to a man who proclaimed that he had "received a message from the Almighty God to sit with Taft and teach him how to run the government." The man was George Sandiman, a resident here who is said to be a victim of recurrent insanity. The tickets were sold in San Diego and were revoked.

HEBREW POET BARTERS POEM FOR A GRAVE

Author of the Zionist National Hymn Makes an Unusual Exchange for Burial Plot.

(By Associated Press.)

NEW YORK, Oct. 8.—Naphthal Herzimber, the Hebrew poet, Zionist leader and author of the Zionist national hymn, died today. He will probably be buried in a grave which he bought many years ago, giving in exchange a fourteen line poem in classic Hebrew. Legal documents found today among his numerous papers told his story of the

unusual barter of poetry for a burial plot.

"As I have neither wife nor children to bury me," said the memorandum in the poet's handwriting, "I have entered into this transaction whereby my friend Usher Marcus, in consideration of a poem written by me, and which is herewith conveyed to him, shall take charge of my body when I die, and bury me in a plot which he has furnished."

metal facing. Furthermore he always charged a commission, even when the expressage was paid both ways by parties ordering the work, when he was not out a cent, and probably couldn't have been.

Expert testimony proved that the price of the work had been decreased by a sum aggregating some \$60, by the substitution of wire for silken cord.

The case was interesting and the court room was crowded through the day. At 5 o'clock a recess was taken until 7:30 when the arguments by counsel started. Great splashes of oratory resounded through the building; huge slabs of Blackstone were flung at the jury regardless of physical injury, and for two hours counsel for both sides argued over the question.

Shortly before 9 o'clock the jury retired to deliberate and during their hour of sequestration the temperature of those concerned in the case, arose to fever heat. The most exciting moment of all was when the jury announced they were ready to report.

Their verdict was that the plaintiff was entitled to receive the sum of \$182 while the defendants must pay the costs. The members of the jury were A. C. Stock, forman; V.

CONCLUDE ARGUMENTS IN MOTION FOR NEW TRIAL

The motion by attorneys in the case of Roberts, Johnson, Rand Shoe company versus H. A. McKim, for a new trial, was concluded yesterday in the district court and submitted to Judge Averill, who will render his decision next week.

Professors Voss and Tatro will play at the Nevada Club Saturday evening and each evening after the theatre, during the next week.

CHINESE LAD CONFESSES MURDER OF STEPMOTHER

(By Associated Press.)

SAN LUIS OBISPO, Oct. 8.—Willie Louis, the son of A. H. Louis, a wealthy Chinese merchant of this city, confessed today to murdering his stepmother, Gon Ying Louis, who was found dead in bed several days ago with a bullet through her body. The prisoner said he killed his step-mother because she was quarrelsome.

BALLINGER IS HONORING NEVADA WITH VISIT

(By Associated Press.)

RENO, Oct. 8.—After inspecting the government dam at Lake Tahoe, Secretary of the Interior Ballinger arrived here tonight. Tomorrow he goes to Fallon to inspect the reclamation work there. He is being entertained by the Reno Commercial club tonight.

ATHLETES OF GOLDFIELD SCHOOL IN TRAINING

ATHLETICS BEGIN TO ABSORB ATTENTION IN PUBLIC SCHOOLS

In a short time the athletes of the Tonopah high school will start in training if the plans now being considered by those in charge of this branch do not go awry. Football and basket ball will probably occupy the center of attention, and practice has already commenced in the former sport.

The first real game of the season will probably take place the latter part of this month, when the Tonopah boys will go up against their old time rivals from Goldfield. The fact that in nearly all sports during the last season the local bunch came off victorious will undoubtedly spur the boys and girls of the southern camp to their utmost in attempting to retrieve their lost prestige and to wipe out old scores.

TAFT CAMPS AT GLACIER POINT LAST NIGHT

(By Associated Press.)

GLACIER POINT, Oct. 8.—The president arrived this evening after nightfall from the drive from Wawona, where he spent the forenoon visiting the Mariposa big trees, over 26 miles of mountain road. Taft was ready for bed as soon as he finished dinner. He had his picture taken at the base of the "Griely Giant," the biggest and oldest tree in the world. He was also photographed in the stage as it was passing through the trunk of "Wawona," one of the largest of the forest monarchs.

SOLANO STILL OUT

The ferryboat Solano is still unable to make any trips at night and all night trains still have to go by way of Stockton. The broken shaft was taken to the Southern Pacific company's shops at Sacramento on Monday and it will take a few days to repair it.

FRENCH OFFICERS DISSATISFIED WITH THE TREATMENT

(By Associated Press.)

NEW YORK, Oct. 8.—The three British armored cruisers and the three French battleships which have been attending the Hudson-Fulton celebration, sailed for home today, leaving behind a substantial number of deserters. Sir Edward Seymour will leave on the inflexible tomorrow, and it is probable that this ship will try for a new trans-Atlantic record on the run to Gibraltar.

Unconfirmed reports are that certain French officers are dissatisfied at the treatment they received during the celebration. The French ships did not salute as they passed Governor's island. The British vessels, however, fired 21 guns.

THREE WEEKS TO BE PLAYED AT THE NEVADA

MISS LORAIN BUCHANAN AND COMPANY WILL PLAY HERE A WEEK

The opening performance of the play "Three Weeks," at the Nevada theatre next Monday evening, begins the engagement of an artist of note in our city. Miss Loraine Buchanan, the star, is of southern birth, delicately reared and finely educated. When but 18 years of age she won, in a competitive examination, the appointment to the chair of English in the National Academy of Brazil, South America, a position which she held for three years. It was perhaps the romantic environs of that country which determined her to adopt the stage as her profession, and it was with an English stock company playing Her Majesty's Club theatre at Sao Paulo, Brazil, that Miss Buchanan secured her first theatrical engagement. So great was the social commotion among the Americans and English that a girl in her high social position and occupying the highest place intellectually ever given to a woman in Brazil, should go upon the stage, that the American consul was asked to interfere. This he did, to no purpose. She was then given four weeks in which to avow that she would never again appear in public, or resign her position as professor of English literature in the National academy. She chose the latter and in four weeks was a passenger enroute for New York, where, with the assistance of Sir Henry Irving, and the German tragedian, Daniel Bandmann, she embarked upon the perilous sea of stage life.

Her advancement was rapid but her independent spirit and decided ideas often ran counter to lesser intelligences in positions of authority over her, and the results were broken contracts, lost engagements and disastrous seasons. After four years of this apprenticeship to rugged stage life, the unusual quality of her work so struck a manager of a house where she was playing that he offered to produce any play she would write and play the leading part in. She accepted, closed her engagement, went to her mother's home and in six weeks wrote "The Billionaire." In three months a \$5000 production of the piece with a company of 22 people was touring the eastern states with Miss Loraine Buchanan as the star.

Her company has had a successful run in summer stock and during her stay in Tonopah she will present a number of her favorite plays, the first of which will be "Three Weeks," from the much talked of book of that name by Elenor Glyn. Miss Buchanan and her company will play in Tonopah all next week and an entire change of bill will be given every night during the engagement. Special popular prices will prevail.
