

MARTIAL LAW IS PROCLAIMED AT KEY WEST

Southern Coast of Florida is Devastated by Terrific Cyclone

Tornado Also Strikes Havana Where Five are Killed and Many Injured.

Government is Asked to Hurry Troops Into Key West Which is Described as Being a Mass of Wreckage.

(By Associated Press.)
KEY WEST, Fla., Oct. 11.—As a result of the hurricane which struck the southern coast of Florida today, Key West tonight is a mass of wreckage, the damage to property being estimated at \$2,000,000. Martial law has been proclaimed and the Key West national guard has taken charge of the city. The United States government has been asked to dispatch troops here without delay. Chaos reigns on every hand, and but few people remain in their homes. Hundreds of residences were totally wrecked, and many others badly damaged. While the hurricane is the worst Key West has ever experienced, the local weather observer said tonight that the indications were that the entire east coast of Florida would suffer. Out of 100 vessels in the harbor when the storm struck the city, but five remained at anchor, the others having either gone to sea or been washed upon the shore. The streets along the water front are a mass of wreckage. It is known that many persons suffered serious injury, and unfortunately several lives were lost. The storm reached its height at 1 o'clock this afternoon, when the wind reached a velocity of 100 miles an hour.

MIAMI, Fla., Oct. 11.—All efforts of the officials of the Florida East Coast railroad here to communicate with the men working on the road's extension on the keys of the extreme southern end of the peninsula have been in vain. Between 2500 and 3000 workmen are employed in construction work on the lower keys, where there is but slight protection from the storm. During the hurricane of 1906 great damage to property was done in that section and 1400 lives were lost.
HAVANA, Oct. 11.—The most serious tornado since October 17, 1906, struck Cuba early today, devastating the western portion of the island. In Havana many minor buildings were blown down, or unroofed, while five persons were killed and about 25 injured. The greatest damage was done in the harbor, where 40 or 50 lighters, launches and small tugs were either sunk or blown ashore. The total damage in Havana and vicinity is estimated at \$1,000,000. Communication was interrupted except with parts of Havana and there were heavy floods at Abajo, fruits suffered severely. There were heavy floods at Abajo, the tobacco region, but the tobacco crop was not seriously affected beyond the washing out of the seed beds which at this season of the year may be renewed. At Arroyo Natabo the new tuberculosis hospital was blown down and many patients injured.

ICE KING IS MAKING A FIGHT FOR LIBERTY

(By Associated Press.)
NEW YORK, Oct. 11.—Unless the supreme court of the United States reverses the decision of the president of the United States interferes, Charles W. Morse, the one time "ice king," coastwise steamship line organizer, banker and capitalist, will serve 15 years at hard labor in the federal prison at Atlanta, Ga. After having been at liberty under \$125,000 bail since June 17, he is back in the Tombs prison tonight on account of a decision of the United States circuit court of appeals today, sustaining the judgment of the lower court, which in November found him guilty of violating the national banking laws. But 10 of the 53 indictments on which Morse was convicted were sustained by the appellate court. On the strength of this, Morse's counsel, Martin W. Littleton, will immediately carry the case before the United States supreme court. To this end the court of appeals granted a 40-day stay of execution, pending the decision of the supreme court, and application will be made to have the prisoner again admitted to bail.

PITTSBURG CAPTURES THE THIRD GAME

Contest is Spectacular and Fiercely Contested by Both Pirates and Tigers—Score is Nearly Evened up in the Ninth—Hans Wagner Was There Strong.

(Special to the Bonanza.)
DETROIT, Oct. 11.—Pittsburg defeated Detroit, by a score of 8 to 6, today, in one of the most spectacular and fiercely contested games ever played in a world's championship series. This gives Pittsburg a margin of two games to one and the National league champions are correspondingly jubilant. Detroit, however, showed in the final innings that it is far from hopelessly beaten. The weather conditions at the game were frightful. Rain fell frequently during the nine innings, and several times there were hard showers of several minutes duration. The sky was threatening all day. It was so dark during the last two innings that it was a hard matter for both players and spectators to follow the ball. A sharp northwest wind added to the discomfort of the players and spectators. Despite the wretched weather, the attendance was 18,277, which broke the local record for a world's series.

Pittsburg jumped into the lead immediately, by scoring 5 runs in the first inning. They batted Summers out of the box, and this was added to by some poor fielding. In the second inning another run gave Pittsburg a lead of 6 to 0, and the game then appeared to be safe for the visitors. Detroit, however, came to the fore with one of the gamest rallies ever made and scored four runs in the seventh inning, by batting Maddox hard and playing like fiends. With a score of 6 to 4 Pittsburg connected with some of Works' curves in the ninth for two runs. With the score 8 to 4 against it, Detroit smashed out two more runs in the last inning, and had Sam Crawford been able to hit up to his usual mark this afternoon there would have been a different story to tell. Detroit outbatted Pittsburg by a margin of one hit, getting 12 to the winner's 11. Summers opened for the locals, but was removed from the box before the end of the first inning. Willets succeeded him and did well until he was taken out to allow McIntyre to bat for him in the seventh. McIntyre struck out. Works, who then went in, was lucky in the eighth, after Abstein had made a two-base hit with but one out. The next two were easy outs. In the ninth Pittsburg landed for two hits, and that clinched the game. Maddox, on the rubber for Pittsburg, was hit hard in the closing innings, although Detroit could do nothing with him in the early sessions. Hans Wagner was the star of the game, but he was forced to share some of the stellar honors with Bush and Delehanty of the Detroit. Wagner made four hits, and stole four bases, although the catcher, Schmidt, was not to blame for at least one of the thefts. Besides his hitting and base running, Wagner played an admirable game in the field.

talk to E. W. Wilson, cashier of the State bank of Eudora, the deputy took the boy to the bank with him. While Woods and Wilson were conversing, Bullock suddenly drew two revolvers and, ordering them to throw up their hands, coolly marched them into the vault and locked the door. Before leaving the bank he snatched up \$1000. The men in the vault were released two hours later, after which Fringle traced the boy to his mother's home, where the officer was shot down.

that while I will not promise anyone that I will not be a candidate under any circumstances, still I do not expect to be. "I hope nothing will arise to make it necessary for me to be a candidate for any office again." "Do you believe party lines are being eliminated?" "I think that for the last fifteen years there has been increasing independence in the voter. I do not believe, however, that in our lifetime we will see but one party. I see no sign of a drift in that direction."

TAFT SHOWN THE RIGHTS OF LOS ANGELES

Is Given a Feed Which is Described as Being One of the Outstanding Features of his Long Journey.

(By Associated Press.)
LOS ANGELES, Oct. 11.—The president arrived in Los Angeles this morning, and was received with great enthusiasm. During the forenoon he visited San Pedro and inspected the deep water of the inner harbor, and later visited Point Firmin, the site of the proposed fortifications. Returning to Los Angeles shortly after noon, he was taken for an automobile ride of two hours, during which time there passed in review thousands of school children, and he made them an address in which he sought to inculcate a lesson in patriotism by questioning them as to the meaning of the flag and the meaning of the liberty which it represents. This evening Mr. Taft was the guest of honor at a banquet at the Shrine auditorium, which, in point of numbers, in lavishness of decorations and sumptuousness of repast proved to be one of the outstanding features of his trip in the west. During the late afternoon the

president visited his sister, Mrs. W. A. Edwards, wife of Dr. W. A. Edwards of this city, and retired at the Edwards home tonight. Tomorrow Mr. Taft will be taken for an auto ride to Pasadena, through the famous grove districts of Riverside. Late tomorrow night he will start for the east on the latter half of his journey. While the president was inspecting the inner harbor of San Pedro, the launch in which he was riding stuck fast in a mud bank in an incomplete section of the harbor. The delay was only for a minute or two, but during that time the president had to move from the stern to the bow, when the opposite end at once cleared the obstruction. Six Mexicans were arrested in this city tonight for public utterances in denunciation of President Taft and President Diaz. They are held by the authorities and may be kept in custody until after Taft's visit to El Paso and Juarez, Mexico, next Saturday.

JACK JOHNSON KNOCKED OUT BY GUNBOAT SMITH

SAN FRANCISCO, Oct. 11.—Responding to Jack Johnson's offer to meet all comers in lieu of his usual sparring partners, "Gunboat" Smith, a seaman from one of the United States cruisers anchored in the harbor, appeared yesterday at the champion's training quarters, and scored a clean knock-out in a four-round bout with the negro. In coming out of a clinch in the last round the sailor swung a right hand chop which took Johnson flush on the chin. The champion went down flat on his back and when he recovered his feet he was so dazed that his manager cut the round short.

for taxes, for which no receipts have been given. The reason for the non-mailing of the receipts is that the taxes are not due until November 1 and no official receipt can be given until that date. This point was made clear yesterday by County Treasurer Frank P. Mannix, who stated that he had acknowledged the letters of the parties who were in a hurry to send their tax money and had explained the law to them.

MUST NOT CALL THE HELLO GIRL A DUTCH MUTT

NEW YORK, Oct. 11.—A western judge ruled some time ago that a man is privileged to talk as he pleases over his telephone, so long as he pays rent for the phone. Local Magistrate Herbert does not coincide with this decision, for today he fined a man for using insulting language over the phone to an operator, Miss Hattie Deritz. She said in Harlem court this morning that Andrew Jackson Dubois called her a "Dutch mutt," with blank, blank attachments, over the telephone last Monday afternoon. Magistrate Herbert fined him \$2 and tacked on a severe lecture on swearing over the telephone.

THREE CHINESE ARE ELECTROCUTED FOR MURDER

BOSTON, Oct. 11.—Three Chinese, Min Sing, Leong Song and Hom Woon, were electrocuted in the state prison at Charlestown today for the murder of four of their countrymen in a "Tong" war in Chinatown in August, 1907. The slaying of the unsuspecting Chinese merchants and laundrymen as they sat quietly smoking about their doorways was one of the most cold-blooded deeds ever accredited to the "hatchet men" of the Chinese race in this country.
