

A NEW LEDGE IS FOUND IN BOTTOM OF BELMONT SHAFT

Entire Bottom of Shaft is in Ore That Gives Good Milling Values---Found at Depth of 1065 Feet.

A brand new ore body, that gives promise to equal the famous ledge on the 1100-foot level of the Belmont mine, was uncovered yesterday morning in the same property. This new find occurred at a point sixty feet below the 1000 level in the Belmont shaft which is being sent down to gain additional depth. The whole bottom of the shaft is in ore carrying high milling values and the extent of the ledge is yet unknown, no attempt having been made to prospect the vein. It has every appearance of being a good strong ledge, for when first encountered the quartz was somewhat broken up, but the bottom of the shaft, at the conclusion of the shift's work yesterday afternoon, showed up more solid, with a strong gouge hanging wall. The vein has an easterly strike with a dip to the north of about 45 degrees. As far as can be ascertained it is a new vein in the hanging wall of the Belmont vein and should this latter body return to its former easterly strike, which is now indicated in the face of the drift on the 1100-foot level, the new discovery will be about 140 feet north of the vein on the same level. The character of the ore is sulphide showing a little oxidation. When the news became current last evening it was the one topic of conversation. It was learned that the mine management experienced considerable trouble in keeping the miners at work during the day for all were anxious to flock to the broker's office and place orders for stock.

YOUNG MINER HAS HEAD CRUSHED BY FALLING ROCK

JACK McNAMARA, AT ROUND MOUNTAIN MEETS WITH AN ACCIDENT.

Frank L. Sellstrom, of the Consolidated Auto company, who came in from Round mountain last evening, brought in the news of an accident in the Sunnyside shaft of the Round Mountain Mining company. Jack McNamara, a young miner, while employed in a stope above the 800 foot level was hit by a falling rock and his skull crushed. The accident happened about midnight and an hour later Mr. Sellstrom was en route to Manhattan for Dr. McIntyre. The physician and McNamara's father who also resides at Manhattan, accompanied Mr. Sellstrom back to the hydraulic camp.

An examination disclosed the fact that the skull had been fractured, while the injured man was suffering from a hemorrhage of the lungs. He has a strong constitution and it is believed that he will recover. His skull is badly fractured, but at 2 o'clock yesterday afternoon the young man was progressing favorably and indications pointed to his recovery.

EXTENSION MADE A GOOD SHOWING IN FIRST MONTH

REPORT FOR MONTH OF MARCH IS HIGHLY FLATTERING MANAGEMENT.

General Manager John G. Kirchen, of the Tonopah Extension, has made public the report showing the operations of the mine and mill for the month of March, the full returns for the bullion and concentrates shipped during that month having just been received. When it is considered that this report covers the first month's run of the mine and that everything was new and required to be broken in, it is a most satisfactory one and shows that this company is now in a position to make money. The report follows:

No. tons milled.....	2981 1/2
Average value per ton....	15.28
Total value of output....	45,582.98
Total extrac., per cent....	89.12
Total value of.....	40,623.54
Net returns, after marketing.....	38,036.71
Cost of mining and milling.....	22,994.65
Net profit for March.....	15,042.06
Average price of silver for the month per ounce.....	52.807

Fresh buttermilk at the Tonopah Dairy. 5-4-1f.

AGREES TO RAISE SCALE OF WAGES

COMMITTEE REPRESENTING ALLIED UNIONS WAITS ON CONTRACTOR.

A committee from the Allied unions and the Miners' union yesterday waited upon Charles S. Wilkes, the Goldfield contractor who is constructing the spur track to the Belmont shaft, to ascertain the truth regarding the rumor that the employees were working for \$3 a day. Mr. Wilkes acknowledged he was paying a \$3 scale, but readily agreed to bring the wages up to the Tonopah scale of \$4 a day, and the new scale went into effect yesterday noon.

About eight men are employed at the present time but it is understood that the force will be materially increased before long. The rumor concerning the wages paid was circulated about town Thursday and that night at a meeting of the allied unions, the committee was appointed to wait upon Mr. Wilkes. The meeting was a peaceable one and no difficulties were encountered in securing the contractor's assent to maintain the regular scale.

J. T. WOLFE MAY NOT SURVIVE THE NIGHT

DISPATCH ANNOUNCES THERE IS NO HOPE FOR HIS RECOVERY.

No hope is entertained for the recovery of J. T. Wolfe, superintendent of power and electrical construction of the Tonopah Mining company, who is ill in a Los Angeles hospital. Telegrams received last night announced that practically all hope for Mr. Wolfe to recover, had been given up and it was believed he would not survive the night.

All of Mr. Wolfe's relatives reside in Pennsylvania and they have been notified of his illness. A brother-in-law is expected to arrive today. Wolfe is a member of the Knights of Columbus, and the members of this order are looking after his welfare as is Comptroller W. W. Charles of the Tonopah Mining company, who went to the southern city Wednesday.

The ladies of Tonopah will do well to observe the announcements of Ryan and Stenson that appear in other columns of this paper this morning.

The Bonanza's rulling and binding plant is still running. Bring in your orders.

Our want ads bring results.

TOMORROW WILL BE FIRST GAME OF THE SEASON

EAGLES AND ELKS ARE IN FINE SHAPE FOR FIGHT TO FINISH.

Secret practice is now on the program for the baseball squads of the Eagles and Elks, and this afternoon all outsiders will be barred from witnessing the two aggregations at work. It is understood that this precaution is being taken in order to prevent the opposing sides from getting next to a number of trick plays that will be sprung on the unsuspecting public at the ball grounds tomorrow afternoon. Both teams are in the pink of condition and by this evening should have dispensed with all the kinks in their system.

Captain Wise of the Elks is as talkative as a clam when it comes to divulging the line-up of his champions and it is thought that he will present a few unknown stars when time is called on the battleground. On the other hand Captain Malley of the Eagles enumerated a few of his players yesterday, but this cannot be taken for certain.

The game will be called at 3 o'clock sharp. The players will parade to the ball ground, escorted by a band. In the evening there will be a benefit performance at the Butler theater, which has been donated by Manager Jake Goodfriend. The proceeds will go toward liquidating the debt of the ball grounds.

DR. GRIGSBY WAS CALLED TO DEATH VALLEY

RETURNS LAST EVENING WITH PATIENT WHO WILL UNDERGO OPERATION.

Dr. E. S. Grigsby, who was summoned to Death Valley Thursday morning, returned last night accompanied by Mrs. J. A. Rogers, who was seriously ill at the Lila C. borax mine. Mrs. Rogers was taken to the Miners' hospital and will undergo an operation in a day or so. There are no physicians at the borax mine, which is situated in the heart of Death Valley, and a telegram was sent to this city for Dr. Grigsby, who lost no time in answering the summons. Mrs. Rogers stood the trip fine and it is believed that she will be able to return in several weeks.

OLD PRINTER DIES SUDDENLY AT CARLIN

J. E. PATRICK, PIONEER TONOPAH TYPO, PASSES AWAY.

Jack E. Patrick, one of the pioneer printers of Tonopah, who for many years was employed on the Bonanza, died suddenly yesterday at Carlin, in the eastern part of the state, where he was employed on a paper in that city. Patrick was a member of the Mizpah lodge No. 25, Knights of Pythias, and the funeral will be held under the auspices of this order. So far as can be learned he has no relatives living.

For a number of years Patrick was employed at the state printing office at Carson and also had worked at Reno. He has a large number of friends throughout the state.
