## ITALY AGAIN SHAKEN BY TREMENDORS

### All of Southern Section is Visited by Severe Earthquakes

#### Entire Island of Sardinia is Devastated by Cyclone and Great Damage Results.

#### King and Queen Depart for Devastated Area---Reports State that Many are Buried Under Ruins.

By Associated Press.  
ROME, June 7.—Great apprehension has been caused by seismic disturbances showing the zone affected by the earth shocks today is a vast one, embracing practically the whole of southern Italy, as well as a portion of Tuscany and Venetia to the north. The district where the serious damage occurred only extends about fifty miles around Mount Vulture which is an extinct volcano near the town of Calitri, in the province of Avellino. In 1851, eight hundred were killed in this region from an earthquake.

The number of casualties resulting from today's earthquake has not yet been ascertained. Some reports estimate the dead at fifty with the injured at several hundred. It is feared that many were buried in the ruins of houses which were thrown down in Calitri, while a great damage was done elsewhere with an un-

known loss of life. The king and queen left for the scene of the disaster soon after the news was received.

Misfortune seems to have chosen Italy as a target. While the south is afflicted by the earthquake, the vast region of Sardinia, the largest island in the Mediterranean after Sicily, was ravaged today by a cyclone. The districts of Lanusei, Tortolì, Ilobono, Elini and Jerzu have been devastated and crops, vineyards and cattle destroyed. The damage at Sardinia is estimated at \$2,000,000.

AVELLINO, Italy, June 7.—King Victor and Queen Helen arrived at 10 o'clock tonight on the train. They proceed tomorrow for Calitri, and other earthquake stricken towns, and later will be joined by the Duke of Aosta who is now on his way here.

## SEVENTEEN YEAR OLD GIRL AFTER REPRIMAND KILLS HERSELF AT YERINGTON

#### Lois Holland, Daughter of Proprietor of the Holland Hotel at Yerington, Shoots Herself in the Head.

YERINGTON, June 7.—Following a reprimand administered to his grandchild for going to a dance after being forbidden to do so, Miss Lois Holland, the beautiful 17 year old daughter of Charles Holland, proprietor of the Holland, at Yerington, committed suicide Sunday afternoon by firing a bullet into her right temple at her grandfather's ranch, seven miles from Yerington.

The tragedy occurred at 12:30 o'clock and the coroner's jury yesterday returned a verdict that death resulted from a gunshot wound inflicted by herself.

Very little has come to light to disclose the real cause of the suicide. It is known that the father of the young lady left Yerington a few days ago to visit Carson City. Before leaving he took his two daughters, Lois and a younger sister aged 14 to their grandfather's ranch, which is located a short distance from Yerington, to remain there during his absence.

Saturday afternoon the two girls sought to obtain permission of the grandfather to attend a dance at Mason that was to be held on Saturday evening. This permission was refused and nothing further was thought about the matter.

The two girls retired to their room early in the evening and after the balance of the family retired for the night they quietly stole out of bed and hitching up the driving team drove from the ranch to Mason, reaching there about 11 o'clock in the evening.

At Mason, according to the testimony produced at the coroner's inquest, they met Roy Coates, an engineer on the Copper Belt railroad, who escorted the girls to the dance.

After spending a number of hours at the dance hall the girls left Mason and drove back to the ranch, arriving there in the early morning hours. They unhitched the horses and placed them in their stalls and then quietly stole back to bed. Sunday morning the grandfather

found the animals in bad condition and inquiring about the matter caused Lois to admit that she had driven to Mason and attended the dance.

The grandfather, shocked and surprised that the girls should have disobeyed him, severely reprimanded Lois, telling her that if she ever repeated such a performance that she could never return to his home. The girl evidently took the reprimand sorely to heart.

The conversation occurred at the dinner table and after the meal was over Lois left the table and locked herself in her room where she wrote a number of letters, one to her sister asking her forgiveness for getting her into trouble, another to her grandfather asking forgiveness and another to Roy Coates, the lad who escorted the girls to the party. This letter spoke of their friendship and bewailed the fact that she had no friends left.

After writing the letters the girl went to the rear of the house and fired the bullet into her temple that ended her life.

The tragedy proved a shock to the entire community as the family and the girls are well known and immensely popular.

The funeral will take place tomorrow and a great number of friends of the family will follow the remains to the grave.

#### A MEMORIAL SERMON.

A memorial sermon will be preached for the Knights of Pythias and the Pythian Sisters at St. Mark's church next Sunday evening by the Rev. James J. H. Reedy, a member of the orders. The service will be plain and easily followed in the leaflets. The memories that cluster around the names of departed friends and loved ones, and the vacant chairs in our lodges from same cause, should lead us to commemorate the worthy lives of any who have gone before. Let us cherish the recollections of good deeds, and forever banish the thoughts once aroused by faults, seeming or actual. Let us endeavor to emulate the noblest examples which have been exemplified in Pythianism.

A short time ago Paxton's wife secured a divorce and this, coupled with the fact that he was a chronic sufferer from rheumatism, is believed to have led him to take his life. He was a heavy operator in the local stock market, but, according to Joseph Holtz, the cashier, he has not sustained any serious losses recently and his financial standing with the exchange board is good.

By Associated Press.  
SAN FRANCISCO, June 7.—That Tom Flannagan, who came from the east to assist Johnson to train will act as manager for the colored champion until after the fight, was the announcement made by the champion this afternoon. As a matter of fact the statement which Johnson issued surely means that the champion will conduct his own business affairs and that he will have no manager for the time being. Flannagan and Sig Hart will do the clerical work but it will be the name of Jack Johnson that will be attached to all contracts.

## HOUSE SENDS RAILROAD BILL TO THE CONFERENCE

#### Presidents of Different Roads Agree to Taft's Proposition and Will Submit matter to Commission

By Associated Press.  
WASHINGTON, June 7.—The flurry over the railroad situation became a thing of the past today. The railroad presidents went home, Taft went horseback riding and the railroad bill went to the conference. The representatives of the eastern and central roads were at a conference with the president this afternoon and agreed to withhold all the proposed freight rate increases until the new railroad law becomes effective and after that to submit reasonable rate increases with the interstate commerce commission.

The railroads interested in the south territory declared they did not file notices of an increase in rates, but if they did they would be ready to abide by the decision of the commission.

At the capitol things were not so pleasant. Taft sent a special message to congress telling of the set-

tlement he had reached with the railroads, and urging the provision of the railroad bill that gives the interstate commerce commission the power to investigate and suspend new rates, be made effective immediately upon his signing the act, rather than have it go into effect along with the other clauses, that have sixty days limitation.

There was a fight in the house whether the senate amendments be accepted as a whole or the measure should go to the conference. The insurgents and democrats opposed the conference and declared the president's wishes could be met by an agreement on the part of the house. The regulars, who desired to have the bill sent to the conference for a "smoothing out" process declared the only way to effect the president's wishes was to send the bill to the conference and they finally won out by six votes.

## NEW DEGREE CONFERRED UPON T. ROOSEVELT

#### Teddy Delivers Lecture at Oxford But Voice Fails and Portion of Address is Omitted.

By Associated Press.  
OXFORD, England, June 7.—Oxford today conferred upon Roosevelt the honorary degree of doctor to civil law. The ceremony took place in the Sheldonian theater, where for three centuries and more it has been the custom to hold the eulogical exercises, and the annual commemoration of the founders and other official assemblies, but Roosevelt's reception surpassed the enthusiasm of anything within the memory of the oldest Oxonian.

His lecture dealt with "Biblical

Analogies in History." Toward the close Roosevelt's voice failed, and he was obliged to leave undelivered a portion of his prepared lecture.

Lord Curzon, chancellor of Oxford, in introducing the ex-president, referred to him as "A ruler of men and the most conspicuous figure in America since Lincoln.

Cabins have been engaged by the Roosevelt party on the steamer Kaiserin Auguste Victoria which will sail from Southampton on June 10th for New York.

## GOOD ADVICE OF DISTRICT JUDGE IS HEEDED

#### W. B. CONNELL HAS DEPARTED FOR NEW FIELDS AND PASTURES.

It was learned yesterday that W. B. Connell, who was given a float by Judge Averill after the grand jury returned no bill against him, has at last shaken the dust of Tonopah from his No. 10's and is now believed to be a resident of Goldfield, Rhyolite or some other sluthery city.

Before departing Connell could not resist the temptation to raise funds with which to procure another jag, and he nearly succeeded in swindling one of the local preachers out of a few dollars. He informed the parson that he had been fined \$25 in the justice court and if the money was not forthcoming he would be sent to jail. The minister, who has had quite a bit of experience in this world communicated with Judge Atkinson where he learned the truth. Needless to say Connell did not procure the donation.

## DESIRES TO WITHDRAW FROM SHERIFF'S BOND

#### FIDELITY COMPANY SERVES NOTICE ON COUNTY COMMISSIONERS.

Fred L. Berry, who represents the United States Fidelity and Guaranty company, yesterday served notice on the county commissioners, district attorney and sheriff's office that the company he represented desired to withdraw from the bond of Sheriff Owens. Official notice was given the board of commissioners and after all the legal requirements are complied with a new bond will be asked for. This will not come up for final action until the next meeting of the board.

Owens had bonds in the United States Fidelity and Guaranty company amounting to \$55,000. Of this amount \$45,000 was the bond required as a sheriff and \$10,000 for assessor.
