## A NEW PARTY IN THE FIELD SAYS SPEAKER

By Associated Press.  
ST. PAUL, June 11.—Former Forester Pinchot and the former secretary of the interior, Garfield, were the guests of honor at a reception and banquet given by the St. Paul Roosevelt club tonight. The decorations on the speaker's table consisted of miniature mountains, forests, waterfalls, and roads, with a miniature train propelled by electricity whizzing past.

President Halbert of the Roosevelt club awakened enthusiasm by his reference to an unnamed new party, "some leaders of which," he said, "are present. That party may be unnamed," said Halbert, "but its leaders are Theodore Roosevelt and our honored guests."

Garfield talked on "The ultimate results of conservation." The subject of Pinchot's address was "Our National Resources, and How to Conserve Them."

## PALMY KLONDIKE DAYS REVIVED IN IDITAROD

Fifteen Thousand People Will Leave for the Alaska Fields This Month—Thirty-Five Miles of Pay Dirt Discovered.

By Associated Press.  
SEATTLE, Wash., June 11.—Officials of companies operating steamships to Alaska points on the Behring sea estimate that 15,000 people will leave Seattle for Nome and St. Michaels during the month's sailing, drawn to the far north by the reports of rich discoveries in the new Iditarod gold fields. The first regular liner to leave for Nome sailed from Seattle last week, and every berth was sold weeks in advance. Wealthy men have been compelled to take such accommodations in the steerage, and there is a waiting list at the steamship company's office larger than the combined capacity of the northbound steamers. So great is the rush to the north that the passenger and freight officials of the Alaska steamship line say the movement, which amounts to a stampede, has been equaled but once in the history of the north, that during the Klondike rush thirteen years ago.

## Tobacco King Marries For the Fourth Time

By Associated Press.  
WASHINGTON, June 11.—Ebrodie L. Duke, and Miss Wylanta Roschelle were married today at Camden, N. J. Duke was frustrated here yesterday in his attempt to take unto himself a fourth wife by the unexpected and most unwelcome publicity given by the anti-pathy of a Presbyterian minister to marrying divorced persons. The groom is the tobacco magnate of Durham, N. C. He and his would-be bride vanished from this place and were gone until late today, when they returned to the local hotel where Duke was stopping before their disappearance. The name "Mrs. B. L. Duke, North Carolina," was added to the register. Duke is 62 years of age and his bride only 28.

Miss Roschelle is the daughter of a Durham merchant. Duke arranged to have the marriage ceremony performed yesterday, but Rev. Donald MacLeod, pastor of the First Presbyterian church, refused to marry the couple when he learned the prospective bridegroom had been married three times and there had been two divorces. The ceremony today was performed by Justice of the Peace Garrison.

## JEALOUSY LEADS TO FATAL SHOOTING AFFAIR

By Associated Press.  
SAN JOSE, Cal., June 11.—Jealousy started a shooting affair at Sunnyvale this afternoon which resulted in the death of Mrs. James Parks, wife of a Santa Clara blacksmith, who, it is alleged, deserted her six months ago, and the fatal injury of Parks, who is said to have shot the woman, and in turn to have been shot by Joseph Rasposo, an admirer of the woman, over whom the trouble arose.

## AMERICAN EAGLE IS CAPTURED IN RENO

RENO, June 11.—Wandering from his aerie in the fastnesses of the mountain heights, a young American eagle yesterday became hypnotized by the unaccustomed bustle and activity of the metropolis and allowed himself to be captured and made a prisoner.

The bird was first seen by Mrs. R. S. Page, residing at 329 West Fourth street. At that time the monster bird was flying low in an uncertain manner above the Page flats now in course of erection, next door. Soon the bird alighted on the wall of the building and Mr. Page and a number of workmen on the building dropped work for the time being in an eagle hunt.

The bird had floundered to the ground in a dazed manner by this time and was finally driven into a corner of the building where his head was pinned against the wall with the aid of a hoe, while one of the men cast a rope over the wings and talons, rendering the bird helpless.

Upon measurement the eagle was found to span six feet from tip to tip of wings. It was apparently a young bird, although the fight it put up against capture was full of ferocity.

After being tied in ignominy the

## NOT GOOD REPUBLICANS ARE THE INSURGENTS

So Declares Leslie M. Shaw in His Address at Chicago—He Pays His Respects to Southern Intelligence.

By Associated Press.  
CHICAGO, Ill., June 11.—Leslie Shaw, former secretary of the treasury, speaking before the members of the Hawkeye Fellowship club today, scored the "insurgents" of the republican party and declared the "stand pat" ideas were the only logical principles of government. He stigmatized the south as ignorant on political questions.

Shaw's remarks regarding the south were given an unexpected dramatic twist when a southern-born newspaper man, who was reporting the address, so far forgot himself that he shouted: "It is not so."

"It is true," responded the speaker, as he reiterated his statements. "The south is the best place in the world in which to make a speech," he said, "because the people are so ignorant on political questions. It is not their fault. The burden of a great struggle is still upon them. But, for all that, nowhere is there greater ignorance nor greater ignorance shown."

Championing the "stand pat" methods of legislation, particularly in regard to the tariff law, Shaw said:

"The people can't make a tariff. It would be as wise to expect the stockholders to run a railroad."

Speaking of the "insurgents," Shaw said: "I've no more respect for those people who style themselves republicans, and are not, than I have for those democrats who live in

By Associated Press.  
NEW YORK, June 11.—It is announced today that death ended the romance of Margaret Leavitt, the young heiress who ran away from home last January to marry George Smollen, former chauffeur of Jim Corbett, the pugilist.

Although it is insisted at the sanitarium there is nothing suspicious about the case, the coroner ordered the police to make an investigation.

Shortly after midnight the coroner grew more inquisitive on the strength of information which he would not discuss and ordered the body brought from Leavitt's house to the morgue, where an autopsy will be performed.

By Associated Press.  
LEADVILLE, Colo., June 11.—In five minutes today, George Allan, Steve Clemons and William Crocombe took out of their lease on a mine over \$12,000, 35 per cent of which belonged to them and 65 per cent to the mining company.

In a drift at the 600-foot level they discovered an immense nugget in the property, but in taking it out the lump of metal had to be broken. After sacking, the ore weighed 66 pounds, estimated to be 60 per cent pure gold.

That the sheep industry is one of the big money makers for Nevada is shown by the figures concerning one of its details.
