## TOM MARSHALL A CANDIDATE FOR CO. TREASURER

### PIONEER OF TONOPAH SEEKS NOMINATION ON DEMO- CRATIC TICKET.

Thomas S. Marshall, who for the past few years has been employed as deputy assessor, has announced his candidacy for the nomination of county treasurer on the democratic ticket. Mr. Marshall is one of the best known democrats in this county, having resided here since the pioneer days of the camp. For many years he was financial secretary of the local Miners' Union, he being a miner by occupation. While acting in this capacity he made many friends who will staunchly support him during the campaign. He is largely interested in real estate here and besides has mining interests scattered throughout the county.

Tom Marshall, as he is better known, will make a hard fight for the position he seeks. His campaign will be a clean one and if elected, the county will not regret having selected him to fill the important office he seeks.

## PATIENT SENT CRITTENDEN HOME IS RETURNED

### RESCUE WORK OFFICIALS SAY CASE WAS FOR COUNTY HOSPITAL.

Mrs. Minnie Stanley, who a week ago was sent to the Crittenden home at Reno by local people, was returned to this city yesterday. With her came the announcement that the Crittenden people had declared the woman a case for the county hospital and not for the home.

It was through the actions of Mrs. McNamara, who claimed to represent the home, and who was here about two weeks ago, that Mrs. Stanley was sent to Reno. At the time of Mrs. McNamara's stay here she was denounced by the Crittenden officials as having no connection with that project and the public was warned against giving contributions to her. She secured the aid of Mrs. Hurlburt, of the W. C. T. U., and sent Mrs. Stanley to Reno without first notifying the Crittenden officials. It is now believed that Mrs. Stanley will be returned to the county hospital, of which institution she was a patient for several months prior to her removal.

A report has reached Reno that sheep are dying by the hundreds in Sierra Valley, California, a short distance north of Reno, and that the owners so far have been unable to discover the cause of their death. It is believed, though, that the sheep are killed by eating the bloom of a certain weed. The heaviest loser so far is Martin Prader of Reno, who reports that he has had at least 1,400 die of the mysterious poison this season.

## THIRTY DAYS IS SENTENCE FOR CARRYING GUN

### SUSPICIOUS CHARACTER WHEN ARRESTED WAS LOADED WITH ARSENAL.

Paul James, who has been looked upon with suspicion by the police department, was arrested on Thursday night in the lower part of town, by Night Officer Ed. Welch.

When searched by the officer, a revolver and a box of cartridges were found concealed upon the person of the prisoner. Yesterday James was brought before Judge Atkinson and in a short time was walking, in the custody of an officer, to the county jail, where he will spend the next thirty days as the guest of Nye county. According to Chief of Police Malley, the town is to be cleaned of all suspicious characters and additional arrests can be looked for within the next few days.

## HAVE POSTPONED INITIATORY WORK FOR ONE WEEK

### KNIGHTS OF COLUMBUS ARE UNABLE TO HOLD BIG SES- SION SUNDAY.

Owing to the illness of P. A. McCarran, one of the grand officers of the Knights of Columbus for Nevada, the meeting of the local council, which was to have been held Sunday, has been postponed for one week. At this meeting about twenty candidates were to have been initiated and a special train was coming from Goldfield carrying members who were to participate in the work. A banquet had been arranged for which was to be given at the conclusion of the council meeting.

The news of Mr. McCarran's illness was received yesterday by Ed Malley, head of the Tonopah council, who immediately notified the Goldfield members of the postponement.

## George B. Thatcher, Democratic Candidate for Attorney General.

That he is an attorney of sterling worth is admitted even by the enemies of George B. Thatcher, who a few days ago announced that he was after the democratic nomination for the office of attorney general. He is known personally to nearly every man, woman and child in Nye county, and besides has friends scattered throughout this state. As an attorney he has won a high reputation in this section, for in the many legal battles he has engaged in, his fights have been clean and above board and he has never stooped to take undue advantage of those on the opposing side. Tactics of this sort have helped him to emerge victorious and with his knowledge of the law, he is in a position to occupy the office he is seeking.

Mr. Thatcher's strength is not confined to the ranks of the demo-

cratic party, of which he is one of the leaders in southern Nevada, and has always been prominently identified, for many of his staunch supporters are republicans. At the last democratic state convention, held in this city, he was honored with having a share in drafting the platform. While everything was not calm and serene within the convention hall, at the adjournment and following the nomination of the different party candidates, all grudges were forgotten and he placed his shoulder to the wheel and labored for the entire ticket without an exception.

George Thatcher is one of the young men of this state, yet, this does not keep him from commanding the respect of both old and young. He is a native of Aspen, Colorado, and was born in 1882. Those who are acquainted with him and know his ability would swear that he was at least ten or fifteen years older. After gradu-

ating from the schools of Pueblo he entered the law school of the university from which he graduated with honors in 1904. Right after securing his diploma he came to Nevada and became a member of the law firm of Bartlett and Thatcher.

His father, Captain George W. Thatcher, is one of the pioneers of this state, having been one of the old Comstockers. The old saying, like father, like son, is true in respect to the political ability of both, who have always been to the fore in fighting for their party.

Heretofore George Thatcher has not sought any nomination. He was always content to aid the others seeking offices, and worked untiringly in this manner until he became what might be termed, one of the leaders. Now he is after an office and feels honored by having the public think that he is capable of filling it. It had been his intention up until a month ago,

not to be an aspirant this year, but upon the solicitations of his friends, and they are legion in this state, and the many letters received from the other camps, he was finally urged to enter the race. He is a candidate that would honor any party and his name on the ticket will be a strengthening feature to democratic politics.

George Thatcher's characteristics can be enumerated briefly. He is honest and courageous, a friend to all and a foe to those who violate the statutes of the state. He is a firm believer in the upholding of law and order and at the same time believes that every man should be given a chance to defend himself, no matter how serious the charge. It is his fairmindedness that has won him friends in the past as it will in the future; and it is his honesty and fairness of purpose that has won him admirers who will work incessantly during the coming campaign.

## STOCK MARKET

Goldfield Consolidated made a material advance on yesterday's session of the San Francisco stock exchange and closed strong at \$9.30-\$9.35. Belmont was a favorite in the trading and sales were reported as high as \$3.72 1/2, although the market closed at \$3.65-\$2.67 1/2. West End continues to crawl upward slowly and a few sales were on the boards. Cash Boy, which appeared in the market Thursday after a long absence, was in evidence yesterday and 1,000 shares changed hands at 2 cents.

Doctors have discovered that they can splice nerves. One case was stated before the American Medical association in which the nerve of motion in the face had been severed by a bullet, causing paralysis of one side of the face. The paralysis was cured by splicing the stump of the nerve, which goes to show that the doctors are doing something besides performing operations on purses.

Hay hands in the Lahontan valley are receiving \$2.00 per day and board which is a wage anything but insignificant. Time was within our recollection when the hours were longer and the wages one-half what they are today, but those days should be forgotten. They mark a period when the country was wrapped in gloom and uncertainty.

### REFORM RULE IS PASSED BY HOUSE

WASHINGTON, June 17.—The house of representatives today furnished a remarkable spectacle of passing with only one member in opposition, the strongly worded "reform" rule, which was designated to correct and acknowledge the legislative abuse of the "smoothing" of legislation in committee.
