## THE SAME OLD ODDIE.

In bold contrast to the luxurious indulgences of his opponents, Senator T. L. Oddie, in seeking the Republican endorsement for his gubernatorial candidacy at the approaching primaries, is making the trip over the state in an auto, camping out for his meals and sleeping wherever night overtakes him. He is throwing no money away simply because he hasn't any. In every particular he is making a poor man's fight, but from the flattering accounts that are reaching his friends from all over the state, he is making a winning one, and there is little doubt but that he will be the next occupant of the governor's chair at Carson.

And there is every reason why he should be. He is one of the few men whom money does not change; he is the same man now that he was a few years ago when he was rich in prospects, wealth and affluence; he has the same gentle manner and spirit that won him the undying regard and affection of the men of Tonopah in the early days of the camp, when friendship, especially during the trying times of the epidemic, could not be measured by dollars and cents. He is the same man now that he was when he, assisted by his old pal, Jim Butler, insisted that four dollars and an eight hour day were the miners' right and his mind on this point has never changed. He has the same friends now that he had in those days and added to these the friends he has made in later years, they comprise a legion that will lead him on to victory in November next.

## BRIGHT FUTURE FOR CALIFORNIA.

The Sacramento Bee takes an optimistic view of the future of California. During the recent campaign it was an ardent supporter of Hiram Johnson for governor, and naturally glorifies over his victory, but at the same time is broad enough to realize and to admit that in Theodore Bell, the Democratic nominee for governor, the people have a man who will protect their interests if elected, therefore, no matter who is elected, whether Johnson or Bell, the state of California is assured of an honest administration for the next four years. Of the two candidates the paper has the following to say:

"Hiram W. Johnson stands forth as the anti-Herrin, anti-machine, the anti-Southern Pacific, the anti-corruption nominee of the republican party for the high office of governor of this state.

Entering the lists with him to battle for gubernatorial honors is Theodore A. Bell—a democrat, whose public life has been devoted to the same great principles to which Hiram W. Johnson has consecrated his candidacy.

"Like Hiram W. Johnson, Theodore A. Bell has been known as the consistent, courageous, conscientious foe of plutocracy.

"Like Hiram W. Johnson, Theodore A. Bell has been tried in their fierce furnace and has come forth untainted.

"Like Hiram W. Johnson, Theodore A. Bell ever has raised his voice in championship of the right, as God hath given him to see that Right, and against the Wrong, no matter how entrenched, and how powerful the Wrong might be.

"Like Hiram W. Johnson, Theodore A. Bell has been tried in the fierce furnace in public office; a Savoranola attacking the corrupt mighty in the very seats of their power; a Peter the Hermit preaching the crusade that would wrest the halls of legislation and the temples of justice from the unclean hands of the defiling Herrinites.

"Like Hiram W. Johnson, no man who thoroughly knows Theodore A. Bell has ever doubted his unswerving honesty and sincerity of purpose.

"So far as the people of the state of California are concerned the situation is delightful.

"For, no matter whether Hiram W. Johnson or Theodore A. Bell shall be elected, the citizens of this state will be assured that their affairs will be in the hands of a capable, conscientious, courageous executive; a governor who will be as a watchman on the tower, looking loyally after their interests at all times; a guardian of their rights whom promises cannot swerve, cajolery turn, or threats veer from the straight course of his sworn duty."

News comes from Reno that a meeting will be held in that city on September 1st of independent republicans. George Springmeyer, candidate for the nomination of attorney general on the republican ticket, and Senator Harry Moorehouse of Goldfield, appear to be the leaders in the movement.

Thursday was a poor day in the divorce line in Reno, there being only three decrees allowed by the court, though to offset this paucity there were five new cases filed. Divorces now seem to be Reno's chief resource.

Former Vice President Charles W. Fairbanks will stump Indiana this fall for the republican congressional and state tickets.

Just at present Hiram of Tyre has to give way to Hiram Johnson of California. "Nothing succeeds like success." And it doesn't matter much whether you spell it with a "y" and a "u" or just plain Hiram, it's the man that counts when the summing up is made.

"Graft knows no party." These words of Governor Hughes will be quoted as long as there is a thief in the land. Soberly and seriously, however, there isn't much chance to uncover a thief until he has turned a trick.

## HIGHWAY FROM OCEAN TO OCEAN

### WESTERN PACIFIC COMPLETED TO ITS TERMINAL AT OAKLAND.

OAKLAND, Cal., August 19.—The completion of the Western Pacific railway from Salt Lake City to its Pacific coast terminal at Oakland, Cal., and the inauguration of passenger service today, is an event of national importance, as affecting the transportation interests of the country. This piece of road, 923 miles in length, is practically an extension of the Gould system westward, and means that a new factor has entered the field in the distribution of transcontinental traffic.

The Western Pacific connects with the Denver and Rio Grande at Salt Lake the Gould lines are now continuous from Pittsburg and Detroit to the Pacific coast and with these connections are able to supply through freight and passenger service from the Atlantic, the Gulf and the Great Lakes, to the terminal city of Oakland, located on the continental side of the Bay of San Francisco, from which ocean lines will take traffic to all points on the Pacific coast and to the Orient.

It was the ambition of Gould to control an ocean to ocean railroad line under one ownership and management, and while complications growing out of the late financial crisis caused compromises, and delayed the realization of that project, the completion of the Western Pacific is another step in the carrying out of this great plan.

It means that another vast system of railroads is reaching out for the profitable Pacific coast business, and is in readiness to participate in the tremendous development of Pacific commerce, which is certain to come with the completion of the Panama canal, and the increase in population of the western empire beyond the continental divide.

## "ALGERIAN STUD" AT THE BUTLER

The Butler theater was crowded to the doors last evening notwithstanding the extreme sultry weather. The program for today is as follows: "Caesar in Egypt," is the story of the world famed conquering hero and the adversity he meets in Egypt; "Save Us From Our Friends," opens with the scene of a village wedding and the different tricks played on the luckless couple who are unable to get away from their tormentors; "Algerian Stud," is one of those new Pathe films with all the scenes colored to represent the lifelike objects, and deals with the development of the thoroughbred horses in that far away country. "The call to Arms" is a Biograph drama that has a tendency to make one stand up and shout. Of course as the name implies, it is a war story and it will suffice to say that it will appeal to the most critical.

Miss Fitch will appear in an entirely new repertoire of songs which never fails to entertain the audiences.
