

WHERE TO VOTE AND HOW TO MARK BALLOTS AT TODAY'S PRIMARIES

Final Instructions On the Primary Law and a Brief Sketch of the Statutes Covering the Election.

Pink. The Republican ballots will be pink. Remember that. Let it sink in. The Democratic ballots will be white, the color emblematic of purity (three chuckles and a smile), and the Socialist ballots will be blue.

The polls must be opened, according to the provisions of the statute, at 8 o'clock a. m. and remain open until 6 p. m., provided that if there are any voters remaining in the line who have joined the line before the specified hour for closing the polls shall remain open until they have the opportunity to cast their votes, but persons appearing after the hour of 6 p. m. shall not be entitled to vote.

Each of the voting booths will be provided with ink, stamping pads and X stamps and each voter will be allowed a maximum of ten minutes time in which to fill out his ballot. The following instructions are from the official instruction card sent out to each of the voting precincts for the guidance of electors in obtaining and marking their ballots at the primary election:

Official Instruction Card. Any elector desiring to vote at any primary election on behalf of any party shall give his name and address to the ballot clerk, and announce the name of the political party for whose candidates he intends to vote. If his name be upon the register list, he will receive one ballot having the designation or heading of the political party he intends to vote for from said clerk. On receiving the ballot, the voter shall immediately retire alone to one of the compartments and prepare his ballot by marking with a stamp a cross (X) after the name of the person for whom he intends to vote, for each office. Such marking shall be done only with an (X) stamp. If he shall despoil or deface the ballot he shall at once return the same to the clerk and receive another.

Before leaving the compartment the voter shall fold his ballot in such manner that the water-mark and number of the ballot shall appear on the outside, without exposing the marks on the ballot, and shall keep it so folded until he has voted. He shall then deliver it to the inspector, giving his name.

Only one voter shall occupy one compartment at one time, not longer than ten minutes. When, however, a voter declares, under oath, that by reason of physical disability he is unable to mark his ballot, he shall be permitted to receive assistance in such marking, of an elector other than an election officer; but no person shall be permitted to go inside the guard rail as an assistant to more than one voter.

The statutes covering the perpetration of frauds at elections are explicit in providing a heavy penalty for in any manner tampering with ballots, destroying, defacing or imitating them, filing false ballots, disclosing to any one the design of water mark used, making any distinguishing mark or endorsement upon a ballot or stub, or falsely swearing that by reason of physical disability he is unable to mark his ballot. Any of these offenses is classed as a felony and upon conviction it is provided that the punishment shall be a term of imprisonment in the state prison without the alternative of a fine.

Heavy penalties are also provided by law for any person found guilty of removing or destroying any supplies placed in the booths or compartments, of removing or tearing down instruction cards or other notices posted by the election officials. The refusal of any election officer to properly perform the duties of his office is a felony and punishable by imprisonment from one to five years. No person other than a member of the board of election shall receive a ballot from any voter and none shall examine any ballot or solicit any voter to show his ballot. No person shall apply for or receive a ballot other than the one on which he is entitled to vote. No person shall show his ballot

to any other person after marking it so as to reveal any of the names voted for. No person shall ask another within 100 feet of the polling place for whom he intends to vote. No voter shall receive a ballot from any other person than one of the clerks of election nor shall any other person than one of the clerks of election deliver such ballot to such voter. No voter shall deliver to the board of election or to any member thereof any ballot other than the one received from such clerk of election. No voter shall place upon his ballot any mark by which it may afterward be identified as the one voted for him. The violation of any of these provisions is adjudged a misdemeanor and is punishable by fine and imprisonment.

The boundaries of the four Tonopah precincts are as follows:

Precinct No. 1—All of Tonopah north of Brougner avenue and east of Main street. The polling place will be the old Richlieu building, next to Gregovich's store.

Precinct No. 2—All of Tonopah north of Brougner avenue and west of Main street. The polling place will be in the Brokers' Exchange building in the office formerly occupied by Harry Epstine, but now tenanted by J. W. Skelton.

Precinct No. 3—All of Tonopah south of Brougner avenue and west of Central street. The polling place will be the store formerly occupied by Clendennin and McLeod, corner of Brougner avenue and South street.

Precinct No. 4—All of Tonopah south of Brougner avenue and east of Central street. The polling place will be underneath the Elks' hall in the New Sollerder building.

Up to last evening the primary register counted 428 names which were divided as follows: Precinct No. 1, 113 names; precinct No. 2, 105 names; precinct No. 3, 111 names; precinct No. 4, 99 names. Just what the total vote will be at the election will be hard to surmise, as all who registered for the general election here two years ago did not have to register for the primaries, but it is thought that the vote cast will be a heavy one.

The politicians were unusually active yesterday and the customary buttonholing of voters by candidates and their workers was a common sight. Both parties were out in force and the appearance of the streets was one of much business being transacted. Of course every worker was for some particular candidate and the various virtues possessed by the aforesaid candidate were wonderful to behold. The work did not stop with the setting of the sun, for on the other hand, it was kept up until a late hour when the various cliques gathered at some convenient corner and compared notes.

On the Republican side of the ticket it is known that the entire south will go for Oddie. With the Democrats it is a hard matter to surmise who will be the victor, Dickerson or Nicholas. Both men have active lieutenants in the field and as both men are out for blood, the result will be awaited with interest.

The Democrats were also busy comparing notes relative to the strength of Pittman, McIntosh and Sweeney. As the latter is expected to run third in the south, the first and second places will be hard to award. Both are Tonopah men and it is thought that they have about equal strength here.

E. E. Roberts will receive the support of the south in preference to J. F. Douglas. It is expected that Goldfield, Douglas' home town, will support Roberts and the latter is assured a handsome majority in this city.

Dr. C. J. Richards, who spent the last three weeks in San Francisco and adjacent cities, returned to Tonopah on Sunday's train.

TONOPAH TEAM PROVES VICTORS IN DRILLING MATCH

WIN FIRST PRIZE IN LABOR DAY CONTEST AT SPARKS.

Tonopah was all to the good yesterday in the Labor day celebration at Sparks, for the two drilling teams from this camp finished in first and second places. The contest was won by Perovitch and Warnock who drove the steel 4 1/4 inches in the Rocklin granite, while Jalik and Vucanivitch scored an even 40 inches. There was only one prize offered, \$300 for the first place, and which according was presented to Perovitch and Warnock.

In the try-out here before the departure of the two teams Perovitch and Warnock beat the other team by a quarter of an inch, but many believed Jalik and Vucanovitch would win in the final trial.

TONOPAH WINS THE THIRD GAME FROM GOLDFIELD

CAPTURES THE CONTEST SUNDAY AFTERNOON BY SCORE OF SEVEN TO ONE.

Excellent support afforded Prout won the baseball game Sunday for Tonopah with the score of 7 to 1. On the other hand, Seitz, who pitched for Goldfield, shone to greater advantage than the local twirler by scoring seventeen strikeouts against five for Prout.

The local team started in the first inning to score and there was never a time that there was any danger of losing the game. Every man on the team played good ball, and while the visitors connected with the ball frequently, they were only able to make four hits, while Seitz allowed his opponents six hits. There were a number of pretty plays made and the large bunch of fans in attendance had no kick coming at the close of the game.

Among the features of the contest was the battling of Pud Hattop. The little shortstop fanned out the first four times at bat and made three tallies. That may seem strange, but on each occasion the Goldfield catcher dropped the ball and Hattop made the first bag with ease.

The work of Dr. McDonnell at second base demonstrated that the medico is familiar with the game, for he was playing at all stages. He had the distinction of being the only player to be hit by the pitcher, stopping one of Seitz's steamers on the head. The only damage was a good-sized lump, which will disappear in a week or so, but which proves quite an adornment.

Early in the game the Goldfield catcher earned the title of "Grandpa" and throughout the nine scores the grand stand made an earnest and successful effort to secure his goat.

"Kilowat" Mullen of the southerners came in for his share of the panning every time he came to the bat. Once he grew quite wrathful at a small boy who persisted in calling him a grandstand player.

Hugo Quillet, the youngest player on the team, who played in the right garden, captured a difficult fly in the last portion of the game and also secured one of the tallies after making a neat steal.

Trezie at third played out of form, for on several occasions he booted the ball, allowing the batter to reach the first station.

"Dolly" Willet at the initial bag managed to stop several poor throws while Hacker as backstop allowed only one passed ball.

PERSONAL MENTION

Key Pittman visited Goldfield yesterday and returned to this city last evening.

J. G. Thompson, the Goldfield attorney, was in Tonopah Sunday with the ball team from the southern city.

Mr. and Mrs. L. S. Merton have returned from an extended visit in California.

Chas. A. Smith of the Liberty Mining company, came in from Liberty yesterday afternoon.

Jake Goodfriend, of the Butler theater, was a Goldfield visitor yesterday, returning late last evening by auto.

Eva Anderson and sister, Gussie Anderson, departed Sunday for Richmond, where they will spend several weeks.

Mike Cahalan, undersheriff of Esmeralda county, came over from Goldfield Sunday as manager of the baseball team.

The Misses Muriel and Blanche Robb, who spent six weeks visiting friends in Los Angeles, returned to Tonopah Sunday.

J. M. Gregory, of the Tonopah Banking corporation, after spending a month on the coast, returned to Tonopah yesterday.

District Attorney Cleve H. Baker, who has been spending several days in Reno, will arrive from the north on the southbound train today.

County Commissioner Chas. A. Humphrey came in from Manhattan Sunday to attend the regular meeting of the board, which convenes today.

Bob Christian, who has been managing a mining property near Sodaville, arrived from the north yesterday and will again take up his residence in this city.
