

## LARGE CROWD ATTENDS SMOKER OF REPUBLICANS

CANDIDATES FOR COUNTY OFFICES DELIVER BRIEF ADDRESSES

Speeches, smokes and refreshments were in evidence at the smoker given Saturday night by the Nye County Republican club at the party headquarters. The room was crowded and the listeners were afforded the privilege of hearing addresses from members of the county ticket. In addition a stringed band was in attendance and the music served to break the monotony.

The first address of the evening was made by Judge J. F. Dennis, who was followed by the different candidates. Judge H. H. Atkinson responded, as did L. L. Mushett, E. P. Wilson, Kenneth J. Booth, R. B. Davis, P. S. Booth, and others. Jack E. Peck, president of the club, presided over the smoker. So successful was the affair that the club is making arrangements toward having another smoker on this coming Saturday evening.

## VERDICT IN THE ROUND MOUNTAIN CASE RENDERED

JOHN F. DAVIDSON SECURES JUDGMENT AGAINST THE MINING COMPANY

The jury in the case of J. F. Davidson versus the Round Mountain Mining company returned a verdict this morning in favor of the plaintiff. The case was sent to the jury at 10 o'clock Saturday night and shortly afterwards it became known that no verdict could be arrived at that evening. The jury was placed in the custody of the sheriff and when the court convened this morning at 10 o'clock, word was sent in that a verdict had been agreed upon.

According to the terms of the verdict Davidson is entitled to recover \$894.47 tons of ore valued at \$9,284.3 a ton, or a gross value of \$82,578.85. The statutes of the state provide that the plaintiff may recover twice the amount of a verdict, and this matter will be argued in the district court Wednesday. Should the court decide in favor of Davidson, he will be awarded \$165,157.70.

Davidson brought suit against the Round Mountain Mining company to recover \$300,000 which he claimed was due him for ore extracted from his leasehold by the defendant company. The judgment is given for the amount of ore that he could have extracted from the territory in dispute had he been allowed to do so.

McIntosh and Cooke and Alling represented the plaintiff in the case, while Attorneys R. G. Withers, W. H. Bryant, of Goldfield, and J. A. Sanders of Tonopah appeared during the trial for the defendant company.

The final verdict of the jury was nine in favor of the plaintiff and three in favor of the defendant. The jurors who agreed on the verdict are as follows: Charles Hill, George Falkenstein, Warren H. Bond, James Ford, John A. May, C. W. Girton, A. J. Gingles, Charles F. Leavett, John B. Holmes. Those opposed to the verdict were Ed Harmer, John Smith and R. J. Highland.

### ANOTHER STRANGE PIPE DREAM UP IN BODIE

Tuesday morning a large overcoat with a hat on top was discovered perambulating Bodie's main thoroughfare and all the sports were making bets as to the identity of the motive power, some claiming it would prove to be a candidate on a still hunt for votes and others that it was one of the Los Angeles dynamiters. It proved to be Dr. Ware. He dreamed that he was called to attend a patient in Alaska and when he awakened discovered snow on the ground and believed his dream had come true.—Bodie Miner.

## PRESIDENT PARK OF TONOPAH BELMONT VISITS THIS CAMP

Presence Here Believed to Indicate that Jim Butler Property Will Shortly Resume Operations.

R. G. Park, president of the Tonopah Belmont Development company, arrived from Philadelphia yesterday morning on a trip of inspection, and intends remaining here for several days. This is Mr. Park's first visit to Tonopah since last May, and during his stay he will make a thorough investigation of the underground workings of the Belmont.

During the course of a conversation with a Bonanza representative this morning President Park stated that the question of erecting a mill on the company ground near the new shaft, was still being discussed by the directors.

No definite action has been taken and it is probable that the construction of a plant will be generally discussed until after the first of the year. By that time the new shaft will be in operation and the extent of the underground ore bodies will have been more thoroughly prospected, and the final action may be taken. There has been no general attempt to block out the ore in the mine; the efforts of the management have been confined to the opening up of the different bodies and proving their length, depth or height, as the case might be. In the winze from the 166-foot level, the bottom of the workings continues in ore and while each day's work adds to the life of the mine, there are no general figures on the tonnage in sight. With the completion of the new shaft, which will mean better and cheaper working conditions, then we will be in a position to start blocking out the immense ore reserves.

That Mr. Park's present visit has something to do with the resumption of operations in the Jim Butler company, was evinced when he stated that he intended to talk the matter over with M. M. Cutter, president of the local railroad and

also a director in the Belmont, and with Superintendent Frederick Bradshaw of the Belmont. The Jim Butler company has over 300,000 shares of stock in the treasury and as there is always a demand for this stock, a neat sum to push the work should be realized.

Dividend No. 5, for 15 per cent, which was declared in August, was mailed to the stockholders of the company from the Philadelphia office on the 15th of this month. Accompanying the dividend check, is the statement of the secretary and treasurer for the six months ending August 31, 1910. The statement shows the available resources on the date mentioned were \$883,194.99. From this will be subtracted the dividend, amounting to \$225,000, but the net earnings for September and October will offset that figure and the end of this month should witness the treasury with practically the same amount on hand as when the dividend was declared.

The statement is as follows:  
Quarter ended May 31, 1910: Receipts from sales of ore, bullion, etc., \$305,854.43; mining, milling and administration expenses, \$131,656.30. Net earnings for quarter, \$174,198.13.

Quarter ended August 31, 1910: Receipts from sale of ore, bullion, etc., \$733,333.47; mining, milling and administration expenses, \$229,855.48; net earnings for quarter, \$503,477.99.

Net earnings for six months, \$677,676.12; miscellaneous income, \$3,766.41. Total net income for six months ended August 31, 1910, \$681,442.53.

Available resources, August 31, 1910:  
Due from smelters... \$235,933.09  
Due from others... 4,104.92  
Loans on collateral... 200,000.00  
Cash in banks... 443,156.16  
\$883,194.99

### DEMOCRATS TO HOLD A TALK FEST THIS EVENING

The leaders of the democratic faith will address the rank and file at the Miners' Union hall this evening, according to an announcement made this afternoon. The speakers will include Governor Dickerson, Key Pittman, Gilbert Ross, Cleve Baker and others. The party spoke at Goldfield Saturday night. From here it is understood that they will leave in the morning for the south.

### CALLED FROM RENO BY SICKNESS OF SISTER

Raymond Robb, who is attending the state university at Reno, arrived today, having been summoned on account of the illness of his little sister, Ethel. The little girl was quite ill last evening, but reports today state that she has shown signs of improvement and it is believed she is now out of danger.

### MYSTERY SURROUNDS SUDDEN DEPARTURE

J. Grant Crumley, and two grips, left on yesterday's train for Reno. J. Grant and one grip arrived from Reno about a week ago and it was announced that he would remain here for a month. The sudden departure, and several of his friends here this morning sent the following dispatch: "Congratulations. Knew it was coming, but didn't think it would happen so soon. If you need help, summon the police. We are awaiting details." From the foregoing it is presumed that the friends of Mr. Crumley surmised that he was off on a wedding trip, and the reports from the north will be awaited with interest.

B. L. Calkins, special solicitor of the Nevada State Journal, arrived from the north Sunday and spent today in this camp.

Ladies' night Monday, October 17th. DODD'S BOWLING ALLEY. 10-12-17

### NOTICE OF FORFEITURE

To Robert E. Kuhns, your heirs and assigns:  
You are hereby notified that the undersigned has expended in labor and improvements \$300 during the year 1908, \$500 during the year 1909, on the following named quartz claims: The Revelation, Vanderbilt, Culture, Fourth of July No. 1, Combination No. 3, Last Chance No. 7, Quartz King No. 2 and Carnero, situate in Tonopah mining district, Nye county, state of Nevada, under the provisions of Section 2324 of the Revised Statutes of the United States of America, and January 22, 1880, concerning annual labor on mining claims. The location certificates of the above claims are duly recorded in the county recorder's office of Nye county, state of Nevada. Said expenditure was the amount necessary to hold said mining claims during the aforesaid years. And if within 90 days from the date of the first publication of this notice you fail or refuse to contribute your portion of such expenditure as a co-owner, which amounts to \$800, together with the cost of this advertisement your interest in said claims will become the property of the subscriber, your co-owner, who has made the expenditure and improvements as above mentioned. Dated at Tonopah, Nevada, this 6th day of October, 1910.  
LARRY HOGE.

First pub. Oct. 8, 1910.  
Last pub. Jan. 7, 1911.
