STANFORD AND CALIFORNIA MEET ON THE GRIDIRON

By Associated Press.
BERKELEY, Nov. 12—Under many skies and before the largest crowd that ever gathered to witness an athletic contest on this coast, Stanford university and the University of California battled for supremacy today in their twentieth annual football game, under rugby rules. Before the contest began California was the favorite owing to the greater number of veteran players and the splendid showing made in preliminary games.

FIRES INTO MEXICAN CROWD OF RIOTERS

By Associated Press.
MEXICO CITY, Nov. 12—A special dispatch from Guadalajara says that Carlos B. Carothers, the American manager of the West End Realty company last night fired into a crowd of anti-American rioters who were stoning his home, killing Jesus Loza, a 14-year-old boy, and wounding Prudenta Chavez, a night watchman. Carothers, the dispatch says, was taken from his residence at midnight and placed in jail.

LOCATE WOMAN ANSWERING DESCRIPTION OF BELLE ELMORE

Believed to Be in Canada and Detectives Are Now Searching for Her—Faints on Hear- ing News of Dr. Crippen.

By Associated Press.
ALIX, Alberta, Nov. 12—Great excitement has been caused here by a report that a woman who arrived here Wednesday is Belle Elmore, for whose supposed death Dr. Hawley H. Crippen is to be hanged in London November 23. When the woman arrived she immediately engaged a team and drove away, sending the team back by a farmer. While waiting at the livery stable for the team to be hitched up, the woman fainted on hearing a statement made to the effect that Dr. Crippen would be hanged. She again fainted on reading about the Crippen case. The description tallies with that of Belle Elmore. The woman may be arrested today.

TONOPAH COUPLE QUIETLY MARRIED LAST WEDNESDAY

MCDONALD-NINNIS NUP-TIALS PERFORMED AT HOME OF BRIDE IN RENO

At a quiet home wedding Wednesday evening, Miss Lillian McDonald, formerly of Tonopah, and Fred C. Ninnis, of Silver City, who was also a Tonopah resident several years ago, were married at Reno by the Rev. Samuel Unsworth of the Trinity Episcopal church. The wedding was witnessed by relatives and close friends of the contracting parties, while Laurina McDonald and S. Ninnis acted as bridesmaid and best man. After the wedding the couple left for San Francisco, where they will spend their honeymoon, afterward to return to Silver City, where they will reside. Miss McDonald lived in Tonopah for a number of years and has many friends here. Mr. Ninnis was also here during the early days. The news of the wedding came as a complete surprise to the friends of both parties, who are deserving of all kinds of congratulations.

BROUGHT FROM RHYOLITE WITH BROKEN LIMB

MINER WHO FRACTURED LEG SEVEN WEEKS AGO TAKEN TO LOCAL HOSPITAL

John Camp, a miner, was brought up from Rhyolite this morning and taken to the Miners' Union hospital. Camp broke his leg seven weeks ago while at work in the Montgomery Shoshone mine and was treated for his injury at Rhyolite. He refused to be brought to Tonopah until his condition became so serious that it was a necessity, and yesterday he was placed aboard the train. His condition now is somewhat serious and every effort will be made to prevent amputation of the injured limb. Dr. E. S. Grigsby now has charge of the case.

PRESIDENT PARK VERY OPTIMISTIC OVER BELMONT

ENTHUSIASTIC OVER PROPERTY, ACCORDING TO PHILADEL- PHIA INTERVIEW

The following interview with President Park of the Tonopah Belmont Development company, appears in a Philadelphia paper, and plainly shows the satisfactory condition of things in that property:

"I could not have found things better," said Richard G. Park, president of the Tonopah Belmont Development company, who has just returned from an extended visit to the mines in Nevada. He is very enthusiastic over the way things are looking at the camp. "The new buildings are coming along well," he continued. "The new shaft will be in operation about December 1, and this will not only facilitate the handling of the ore, but ought to reduce expenses. The ore bodies are showing up splendidly. Winze No. 2 is now down 97 feet from the 1166-foot level. The winze dips so that the deepest workings are about 1226 feet and the mine shows better values than it did on the levels above. The assays of ore from this winze show up very high."

When asked if his trip concerned the building of another mill, Mr. Park replied: "No, we have not reached any conclusion regarding a new mill, although, of course, that subject is always before us. A mill at Tonopah would undoubtedly be of great advantage. But before we plan to erect a mill we want to have a large ore body blocked out on four sides, so that we know that it is there. We have some blocked out on four sides at the present time, but not very much. We have a lot more blocked out on three sides, some on two sides and some on one side. If it was just a personal matter I would have the mill built, but when one is acting for a great many people he must act very slowly and carefully."

Mr. Park said that because of the lower grade of the ore run in the mill in October the earnings for that month would not be so great as those of September, which totaled \$155,000. He said that he thought October would be their lowest month and that it would be exceeded by all months to follow.

HAS COPY OF PAPER DATED JULY 26, 1855

M. B. Noel, of this city, has in his possession a copy of the Iowa Statesman, dated July 26, 1855. While the paper is somewhat yellowed with age there is no trouble in deciphering the print. It is a red hot political issue and contains an expose of a political order called the "Know Nothings."

OLD HAMPSHIRE STATE IS STILL INHABITED

By Associated Press.
WASHINGTON, Nov. 12—The population of New Hampshire is 430,572, an increase of 9.3 per cent in the past ten years.

VALE DEFEATS THE PRINCETON PLAYERS

By Associated Press.
PRINCETON, Nov. 12—The unexpected happened today when Yale defeated the Princeton football team which was heretofore unbeaten and unscorred on this season, by 5 to 3.

NET PROFITS OF TONOPAH MINING FOR LAST MONTH

MONTHLY REPORT SHOWS MOST SATISFACTORY CONDITION OF AFFAIRS

The monthly report of the Tonopah Mining Company of Nevada for the month of October, just completed, shows a most satisfactory condition of affairs, the net profits being the handsome sum of \$169,750, or over \$15,000 more than the month of September, showing that the company is earning considerably more each quarter than the regular dividend, which amounts to \$400,000. The record for the month of October shows that a total of 14,473 dry tons of ore was crushed and treated by the mill, which is about the same tonnage reported for September. The average value of the ore milled during the month was \$23 per ton, or about \$1.30 more than that worked in the preceding month. The shipments from the mill for the past month consisted of 20,321 pounds of bullion valued at \$231,813, and 100 tons of concentrates valued at \$61,236, or a total of \$293,049, exceeding the September product by \$16,859. The average extraction to date has been 92.4.

The average price of bar silver for the month of October was 55.490, the highest since February, 1908.

This is a most excellent showing, and proves that the Tonopah Mining company's property is not only a very rich mine, but that it is being excellently managed in all departments.

DISTURBER FROM MANHATTAN DRAWS A BAD HEADACHE

TRIES TO CLEAN OUT GOLD- FIELD AND LANDS IN THE COUNTY JAIL

Charles Yeiser, a would-be "bad man" from Manhattan, after circulating about the streets of Goldfield until an early hour Friday morning, ran afoul of Charles Benton, deputy sheriff, pulled a knife on him, and tried to re-arrange his facial scenery. The result was that B'r'er Yeiser became possessed of a nice, neat knob on the forward portion of his forehead, induced by a black-jack wielded by Benton.

Yeiser, a veritable giant in stature, was making himself conspicuous by bullying every little man he met. Benton happened along and warned him not to "pestigate" too far and was assaulted in turn. A well directed right cross to the jaw stopped the argument and Yeiser disappeared. A few moments later, however, he returned with a knife. Benton clinched with him and attempted to gain possession of the weapon, but so strenuous were Yeiser's struggles that Benton was finally forced to bounce a black-jack off the prisoner's head. Yeiser had eight or nine different varieties of headaches yesterday, so his court appearance was deferred temporarily.

SEVEN MORE PRECINCTS YET TO BE HEARD FROM

STANDING OF THE COUNTY CANDIDATES AS FAR AS RECEIVED

UNITED STATES MAY PROVE TO BE AGGRIEVED PARTY

By Associated Press.
WASHINGTON, Nov. 12—The statement has reached the state department through unofficial sources that Antonio Rodriguez, the alleged Mexican who was burned at the stake at Rock Springs, Texas, by a mob, was born in New Mexico. If this is the case the Mexican government will be obliged to withdraw its protest and demand for reparation. This leaves the United States the aggrieved party in the rioting at Mexico City.

INJUNCTION AGAINST RAISIN PACKERS

By Associated Press.
LOS ANGELES, Nov. 12—Judge Wellborn in the United States district court today issued a conditional injunction against four large raisin packing concerns on complaint of the United States Consolidated Raisin company, which alleges an infringement on a patented fruit seeding machine. The case is regarded as of great importance to the raisin industry of this state.

TONOPAH TO HAVE A NEW MERCHANDISE STORE

It is understood that Tonopah will soon have another large general merchandise establishment, which will be located on the ground floor of the Elks building. The firm of Porter Brothers, of Rhyolite and Beatty, it is understood, rented the building some time ago and arranged to ship their stock of goods to this city. From what can be learned, the tenth of the month was to have been the date for opening, but it is probable that unforeseen delays hindered the transportation of the stock from the south end of the county to Tonopah.

HONDURAS REVOLUTION IS GAINING HEADWAY

By Associated Press.
NEW ORLEANS, Nov. 12—The revolutionary movement against President Davila of Honduras has gained considerable headway, according to dispatches received here today from San Salvador. The adherents of General Valladares, the rebellious governor of Amapala, have hoisted the flag of Bonilla in western Honduras and have decided to make him president of the republic.

All kinds of ruling and binding at the Bonanza.
