

### PAPER PIPES VICTORIOUS IN SENATE

ASCHERS' ANTI-CIGARETTE BILL,  
IS LOST IN UPPER HOUSE,  
ANOTHER COMING.

CARSON CITY, Nev., Feb. 15.—While the preliminary work of the present legislature has been mostly of a passive nature, it looks as though the solons intended getting down to business from this time on. The anti-cigarette measure, fathered by Ascher of Washoe county, was yesterday defeated in the senate, but it is promised that a substitute measure aimed to separate the rising generation from the deadly "paper pipe," will be introduced in the near future.

Senate bill No. 51, which provided for the issuance of \$15,000 worth of bonds for the rehabilitation of the old Hawthorne courthouse and for the maintenance of the Mineral county administration, was introduced by Senator Belzar of Esmeralda. Heffernan of Esmeralda introduced a bill to control the supervision of schools throughout the state. McIntosh of Elko introduced a measure in the assembly providing that no sheriff or deputy in future can maintain an interest in a saloon business. The bill provides that the law become effective on its passage.

Other measures introduced were: One by Copperele of Lander, providing for the construction of a state road and creating a board of control; No. 118 by Schilling of Nye county, providing damages for stream pollution by tailings from cyanide plants; an inheritance tax measure by Frolich of Washoe; one creating a public service commission by Schmidt of Nye; one by Pierce of Nye prohibiting receiving payment for securing positions for or the discharging of miners by "black shiftbosses"; a speeding law directed at motor propelled vehicles, by Meder, of Ormsby; and a bill providing for \$7500 for a state fair to be held at Reno, by the Washoe delegation.

In the senate a bill was introduced authorizing the governor of the state to offer a reward for the murderers of cattlemen. This was brought about by the recent crime in the northern portion of Washoe county.

### TONOPAH IS STILL IN THE GRIP OF WINTER

"Fair tonight and Thursday" is the way the weather report reads for today, however it will be noted by reference to the report that Jack Frost is still master of the situation. The temperature for the day registered as low as eight degrees above zero, against 13 for yesterday, the opening day of the cold snap.

# NAVARRO, FEDERAL LEADER, ENTERS JUAREZ WITH AN ARMY OF 1000 MEN---NO BATTLES

EL PASO, Texas, Feb. 15.—Amid the wildest cheering and cries of "Viva Diaz; viva Navarro!" General Navarro, at the head of 1000 federal troops from Chihuahua, entered Juarez last night. The entire trip consumed twelve days, and was made by train without the firing of a shot or sighting of the revolutionists.

General Navarro, during the trip, was compelled to repair twenty-five bridges and culverts which had been blown up or wrecked by the insurrectionists. The arrival marked the end of the Juarez campaign.

Orozco and the other rebel chiefs are scattered east and south of here. It is impossible to conjecture what will be the next move on either side.

An hour after his arrival, General Navarro was escorted to the custom house, where the Taft-Diaz meeting

occurred. Here he received members of Colonel Rabago's staff and citizens generally, among them a number of women.

Two hundred insurrectos were at Guadalupe yesterday, where a new provisional capital has been established. Orozco was at Samalayuca yesterday forenoon but he had decamped when Navarro arrived.

The insurrectos here are downhearted. Orozco has accomplished nothing since the insurrection began there a month ago.

The Juarez campaign has been a miserable failure, even the leaders of the junta admit this. Had Orozco proceeded with energy and taken Juarez, as he might have done a week ago, the moral effect would have been marked and no doubt would have added much to his strength in the way of recruits and arms. Many Mexicans working

in the United States have been secretly aiding, and only awaited the signal to join actively in the movement.

The capital at Guadalupe is far from permanent. It is on wheels and will be moved upon the approach of a federal force. Driven from the border it is believed that Orozco must retreat to Casas Grandes. It is thought that he cannot even threaten the city of Chihuahua for there is a garrison of 1000 troops defending the place.

MEXICALI, Cal., Feb. 15.—American officers commanding the United States boundary guard shut down on the insurgent supplies being sent over from this side of the line. But the principal protest over this action came, not from the insurrectos, but from American merchants who have been drawing good

incomes from the rebel chest.

General Levys declared that he had sufficient supplies in sight for four months. Furthermore he apparently has a liberal supply of money and his men, from the highest to the lowest in the ranks, have been dining in the restaurants here daily. The order will put these eating places out of business, but General Levys says he can establish his own mess without inconvenience.

DOUGLAS, Ariz., Feb. 15.—A band of bandits operating around Fronteras, thirty miles south of here was rounded up by the authorities and are in prison.

A special train made up at Agua Prieta, carried fifty federals to Fronteras to assist in checking disorders. Seven bandits are arrested so far.

### KILLED FOR GIVING ALMS

TO GIVE BEGGAR A COIN  
DYING IN HOSPITAL.

SAN JOSE, Cal., Feb. 15.—Jack Morrison, advance agent of the "Girl in the Taxi" company, was assaulted last night near the Vendome hotel by a beggar and is dying in the county hospital.

His dying statement was taken late last night by the district attorney. Morrison left the hotel about 11 o'clock. While giving the beggar a piece of coin he was struck by a blackjack and robbed of \$45 in gold and jewelry.

KEEPS DEATH PACT  
WHEN HUSBAND EXPIRES

OXFORD, Me., Feb. 15.—In fulfillment of a compact made with her husband during his lingering illness, which death ended yesterday, Mrs. Lynwood S. Keene took her own life last night after having fatally wounded her 14-year-old son Gerald. The compact was found in a sealed envelope in the woman's room.

Keene once was a prosperous farmer, but, according to the compact, the family had become impoverished and discouraged during his long sickness. He was 33 years old and his wife a year or two younger.

The document found in a dresser in Mrs. Keene's room, along with several farewell letters to relatives, bore the names of both Mr. and Mrs. Keene, although the husband apparently had been too feeble to make more than his mark, his name being written by his wife.

### FAIL TO FIND THE BODIES OF WOMEN

CARSON CITY, Nev., Feb. 15.—Charles Jones, constructor of the Humboldt reservoir, whose wife, with her friend, Mrs. Campbell, was drowned when their house was swept away by the bursting of the dam last Sunday night, was brought out of the mountains on a hand-sled last evening in the hope of saving his life.

Jones was found naked and unconscious, lying in the snow and wreckage of the dam far down the creek bed. One eye was destroyed, and several bones broken. His chances for recovery are slight, as he is threatened with pneumonia as well. After searching the valley below the reservoir all day the rescuing party abandoned all hope of recovering the bodies of the women.

Repairs are being made in the effort to get a water supply to Virginia City before the mines are flooded through suspension of the hydraulic machinery.

CONDUCTOR SHOT  
BY A CRAZED MAN

LOS ANGELES, Cal., Feb. 15.—A masked man leaped on a Seventh street car last night, near the end of the line at Rampart street, and shot the conductor, G. G. Johnson. He began firing immediately after boarding the car, and when Johnson fell wounded, leaped off again without attempting to rob. Johnson was hit in the left kidney, the bullet emerging from his right side.

A detail of patrolmen and detectives searched for the bandit up to midnight without success.

MRS. MAYBRICK PLEADS  
FOR PRIVATE TRIALS

LOS ANGELES, Feb. 15.—Mrs. Florence Maybrick, who was pardoned after serving fifteen years in an English prison as the slayer of her husband, announced last night that she would launch a campaign during the coming week for the exclusion of male spectators from California courtrooms in which women prisoners are on trial.

Mrs. Maybrick will seek the aid of Griffith J. Griffith and other prison reformers in California and hopes to have a bill introduced at the present legislature for separate courts for women. She denounced scenes in California courts when women were on trial, describing them as "matinees with an audience of leering, brutal men."

"A mob of loafers," she said, "frequently made the women defendants so nervous that they said and did things they were not responsible for."

MATTERS.

WASHINGTON, Feb. 15.—Such phases of the so-called "Pacific Coast Cases" as were not disposed of by the interstate commerce commission in its decision of last June will be heard March 20. The cases involved in the proceeding will be those instituted by the city of Spokane, the railroad commission of Nevada, the traffic bureau of the merchants' exchange, the Portland chamber of commerce, the transportation bureau of the Seattle chamber of commerce, the Maricopa County Commercial club and the traffic bureau of Salt Lake City Commercial club.

As all of the cases involve interpretations and construction of the long and short haul provisions of the existing law, the thirteen applications made by the commission for relief from the operation of that provision in behalf of the transcontinental lines will be heard at the same time.

### OH, YOU PER- PETUAL TOPERS

CARSON CITY, Nev., Feb. 15.—If Senator Mack's bill, relative to dispensing drinks to those people who never know when they have enough, becomes a law there will be a number of citizens of the state who will have to buy their refreshments at wholesale instead of getting it by the glass over a mahogany bar. Following is the bill which is aimed at the men who are perpetually over loaded and at the saloonkeeper who would profit by that overload.

Section 1. It shall be the duty of every saloonkeeper or retail liquor dealer, when requested to do so by the sheriff of the county, or by the parent, wife, child, brother, sister or guardian of an habitual drunkard or dipsomaniac who is a member of a family, and a menace, when drunk or intoxicated, to the life, health or peace of his family, to place or post the name of such habitual drunkard or dipsomaniac in an appropriate place on a bulletin-board upon which shall be conspicuously placed or posted the words "Habitual Drunkards or Dipsomaniacs Who Are, When Drunk, Menaces to Their Families,"

### RYAN FUNERAL NEXT THURSDAY

PHILADELPHIA, Feb. 15.—Arrangements were completed yesterday for the funeral of Archbishop Ryan, which will be held at the cathedral tomorrow and which promises to be one of the most impressive ever witnessed in the city of Philadelphia.

The nine lessons of the office will be read by visiting prelates and the responses will be made by the assembled clergymen.

At 10 o'clock the solemn mass of requiem will be begun by Bishop Prendergast, who is now temporarily at the head of the archdiocese of Philadelphia. The music of the mass will be sung by a great choir of priests and seminarians.

Archbishop Clennon of St. Louis will preach the funeral oration. After the mass the body of the archbishop will be entombed beneath the high altar of the cathedral.

Every Catholic church in the archdiocese was draped in black yesterday and today by order of Bishop Prendergast and every day until the funeral masses will be celebrated.

SPIRITED BASKETBALL CON-

Following the game with Goldfield the local boys will clash with the Carson City team and expect to score a victory in each instance.

It is reported that the opposing teams are in considerable fear of a drubbing at the hands of the Tonopah boys and are daily practicing with the hope that chance may place them in a position to score.

18-YEAR-OLD NEGRO IS  
LYNCHED IN FLORIDA

EULALIA, Fla., Feb. 15.—Iver Peterson, an 18-year-old negro, was lynched eight miles from here early yesterday by a posse of citizens of this place.

Peterson attempted to assault Mrs. E. A. Hudson as she was crossing a dimly lighted street. Her cries brought assistance and the black man fled. He was captured this morning near the home of Congressman Henry D. Clayton by officers, who started to jail with him.

Eight miles from here a posse took the prisoner from the officers, took him to a nearby tree, strung him up and riddled his body with bullets.

### JAILED A MAN WHO HAD FORTUNE IN HIS POCKETS

RENO, Nev., Feb. 15.—It is certainly seldom that a man with any considerable amount of money in his pocket awakes in the morning in jail, unless the money were fraudulently obtained.

But such was the fate of James Corrigan, an old-time Nevada mining man, who bored into the hills in the vicinity of Marlette and Hawthorne long before Tonopah or Goldfield were thought of.

When Mr. Corrigan was escorted to the city hall by Officers Hillhouse and Elder and was searched, it was found that he had the neat sum of \$14,101 in his pockets.

This money was in the form of certificates of deposit, checks, money orders and cash. The old gentleman, for Mr. Corrigan is 77 years of age, was heartily pleased to find his wealth intact.

When he was taken to the city hall by the police, he was wandering about, bemoaning his supposed loss of money, for he had removed it to an unaccustomed pocket. The imagined loss seemed to have affected his mind and he did not fully recover until this morning, when he was released from custody and his little fortune restored.
