JURY FREES SLAYER OF WIFE'S ATTORNEY

LOS ANGELES, Feb. 18.—After deliberating 23 minutes, Frank M. Bell was last night found not guilty of the charge of murdering Oliver Widaman, his wife's attorney, at Artesia last July. The verdict was based on the conclusion that Bell was insane at the time.

NEVADA COW AFTER PRIZE AT S. F. FAIR

FRANK NEVIN OF ELY CLAIMS TO OWN LARGEST ANIMAL IN THE WORLD.

ELY, Nev., Feb. 18.—At the Panama-Pacific exposition to be held in San Francisco in 1915, probably one of the greatest sights will be the largest cow in the world and she will come from White Pine county. She was purchased last week by Frank Nevin of the Ely Packing company, and he has announced his intention of feeding her up for that purpose and expects by that time she will weigh 3000 pounds. At present she tips the scales at 2500 pounds and has acquired it all from eating native grasses and sagebrush, as she has never been stall-fed nor had a halter on.

This remarkable cow was raised by P. M. (Doc) Baker of Snake valley, where she is being kept, though Mr. Baker parted with ownership to Nevin the other day for the sum of \$110. The cow stands higher than a man and her brisket almost touches the ground. She has a white face and a good pair of horns and is in every way of fine appearance, there being nothing extraordinary about her except her immense size. Nevin declares she is the biggest creature he ever saw and firmly believes she will take all kinds of prizes when placed on exhibition.

FORMER GOLDFIELDAN DIES IN SAN FRANCISCO

Mrs. Edward Walsh, wife of a former employe of the Goldfield hotel, Goldfield, and one of the most popular young matrons of that town, died in San Francisco late Thursday night. Her parents, Senator and Mrs. H. V. Morehouse, left for the Bay City yesterday to attend the funeral. It was at first reported, erroneously that it was the father of Senator Morehouse who had died. However, this report proves to have been incorrect.

AMENDMENT OF INTEREST TO RAILROAD MEN

Hon. George McIntosh of Carlin has introduced a bill amending the election law relative to registration. His amendment is of especial interest to railroad employes and reads as follows:

"Any registered elector employed in moving trains, stages, mail or otherwise upon any of the transportation routes in this state may apply to the registry agent before whom he has been duly registered for that electoral year, at any time prior to the delivery of the certified copy of the register to the inspectors of election, and have his name taken off the official register and receive from the registry agent a certificate as above provided. Upon presenting, at any time not later than one hour prior to the closing of the polls, to the inspectors of election in any precinct on the railroad, stage line or transportation route on which he is employed, including the precinct in which he originally registered, the certificate mentioned above, and his written affidavit, which may be subscribed and sworn to before any of the inspectors of election, or any officer authorized to administer oaths, stating that he was so suddenly called away or detained by the transportation business in which he is employed that he did not have time to vote in the precinct in which he was originally registered, or to re-register under his transfer in that or any other precinct before the delivery of the certified copy of the register to the inspectors of election, the inspectors of election shall accept and file the certificate and affidavit and shall cause the name of the elector to be entered upon the certified copy of the register and the check list under the designation 'Elector allowed to vote upon presentation of certificate and affidavit on election day,' and shall thereupon allow the elector to vote, the same as if his name had originally appeared upon the register, or certified copy thereof, and check list.

All kinds of ruling and binding at the Bonanza.

I. W. W.'S PROVE Active in Insurrecto Movement through LOWER CALIFORNIA

Members of the Organization Maintain That Comrades Elsewhere Have Numerous Supplies.

MEXICALI, Feb. 18.—The reason for the sudden dispatching of a United States cavalry detachment yesterday on a border inspection tour twelve miles east of Calexico became apparent last night when the insurrecto force sent out on Thursday under Berthold returned without their commander. Berthold is said to have crossed the line and is now on his way to Los Angeles.

The need of arms for the insurrecto army is becoming more urgent every day. Recruits are arriving almost hourly. Thirty-seven came in one party yesterday afternoon and there were no rifles, revolvers or ammunition to distribute among them.

General Leyva's armory is exhausted. Several American youths were seen yesterday wearing cartridge belts with no cartridges.

In another instance a rifle and cartridge belt armed two men, one carrying the rifle and the other the ammunition.

Berthold, it is believed, has been sent to Los Angeles to arrange for the smuggling of rifles and ammunition over the border at a point near here.

Members of the Industrial Workers of the World are numerous in Berthold's "American legion," with General Leyva, and some of these were free in sharing alleged information that comrades in Los Angeles, Portland, Seattle and Spokane had considerable stores of

guns and cartridges awaiting an opportunity to bring them to this side of the boundary.

GOVERNOR VEGA'S ARMY NOW ALMOST ALL SHOT TO PIECES

SAN DIEGO, Cal., Feb. 18.—As a result of the crushing defeat at Mexicali, the army which Governor Vega spent several weeks in organizing, is hopelessly dispersed, and there appears to be nothing to prevent the Mexican insurgents from taking possession of Lower California. Governor Vega, desperately and perhaps fatally wounded, reached Las Juntas with barely a body-guard out of his former force.

I. W. W.'S EMULATE THE LATE ARMY OF COXEY

REDDING, Cal., Feb. 18.—Drenched by the icy rain falling torrents and devoid of food supplies, 160 members of the Industrial Workers of the World who left Ashland yesterday morning to tramp to Fresno to reinforce their brethren there in a free speech campaign, are straggling at Sterman.

Word received from the police at Ashland states that a large part of the expedition is armed. The prevailing opinion is that the men will merely ask for food and to be helped on their way. Mountaineers who know the Siskiyou pass say there is grave danger that the wayfarers may perish in the storm and snow, of which there is six feet at Siskiyou.

SENATOR SYPHUS' MEASURE REMEDIES THE DIVORCE LAWS

Bill Calls for One Year's Residence or Cause of Action Within the State.

CARSON CITY, Nev., Feb. 18.—One year's bona fide residence within the state of Nevada, or a complaint based upon acts committed within the confines of the state, is the gist of a measure introduced by Senator Sypbus of Lincoln county yesterday. In case the act upon which the complaint is based is committed in the state, six months' residence, as at present, will suffice. The measure is well thought of in the senate and it is expected that its passage will be swift and sure. It is also believed that the assembly will act favorably on the measure.

The Mayers weights and measures bill was tabled in the senate. It will require a two-thirds vote to bring it up again. Professor Dinsmore, of the agricultural experiment station at the State University, and Railroad Commissioner Simmons spoke in favor of the bill, but Senator Tallman's motion to table it carried.

The code commission will recommend that persons convicted of capital crime may have a choice in the method of their execution. The choice will be between shooting and hanging.

The bill providing the death penalty for train robbers in Nevada passed the assembly. Salter of Ormsby introduced a bill in the assembly providing for the establishment of a law department in the state university. The bill provides an appropriation of \$28,000.

The assembly passed a resolution memorializing congress in favor of a direct vote for United States senators.

The bill of Assemblyman Campbell of Washoe to prohibit barbering on Sunday was lost. The bill of Ayres of Washoe to repeal the law requiring foreign surety com-

panies to deposit five per cent of their capital stock in the state, was passed.

Ayres' bill for the repeal of the Davis publicity commission was tabled to make way for the administration publicity measure.

WHO DOES IT HURT?

The bill introduced to compel grocers to give full weight and wooden to furnish 128 cubic feet to a cord of wood, and the like, seems to have aroused considerable opposition in some quarters.

Curiously enough the kick comes from Reno.

A number of tradesmen are up here lobbying against a bill which on its face can work no injustice to any one.

They say that the bill is an imputation on their honesty. Bosh! It means that it will in some way curtail the dishonest profits they have been raking in off the gullible public.

You don't see any Carson merchants objecting to the bill.

It looks as if the bill did not affect them in any way and it can not possibly affect any honest-tradesman.

It is high time that a roll of butter that purports to weigh two pounds should be made to weigh as actually and in fact.

It is time that the wood dealers cut their wood four feet long so as to make a full cord when it is piled four feet high and eight feet long. It will make an honest cord.

The public ought to have a list of the men who are here lobbying against the bill. They would be excellent people to avoid.

Let a healthy public opinion boycott such men and they will either have to go out of business or discover that "honesty is the best policy."—Carson Appeal.

CELEBRATE BIRTHDAY OF K. OF P.

FRATERNAL ORGANIZATION TO COMMEMORATE 47TH YEAR OF ITS LIFE.

In commemoration of the 47th year of the existence of the organization, Mizpah lodge, No. 25, Knights of Pythias of Tonopah, will hold an open session Monday night, in which it will be joined by its auxiliary organization, Pythian Sisters.

The organization was originated with the installation of Washington lodge, No. 1, by Justus H. Rathbone, in 1864, and each year the numerous different local lodges throughout the country hold a "birthday party" on the 19th. This year the date falls on Sunday and Monday has been chosen for the day to celebrate.

LABORER STRICKEN WITH BAD PAINTING SPELL

William Frohock, a laborer, was stricken with a fainting spell, believed to have been caused by heart trouble, while in the Oasis saloon Friday night. The sick man was removed to the county hospital, and under the efficient care of Matron Court is doing nicely.

DESTRUCTION OF EVIDENCE WORKS HARDSHIP ON CHINKS

LOS ANGELES, Cal., Feb. 18.—Six Chinese, believed to be contrabands, were drowned off San Diego last Wednesday night in a storm, according to a report received by the federal authorities. It is believed they were set adrift by a power boat pursued by custom officers. An effort was made to reach them, but their boat was capsized by a huge wave, and all perished.

This is believed to be the smugglers' new method of destroying incriminating evidence when pursued and hard pressed. In this connection it is pointed out that efforts to smuggle are usually made during rough weather, when contrabands set adrift have little chance to reach the shore.

ANNEXION TALK MAY KILL RECIPROCITY BILL

OTTAWA, Ont., Feb. 18.—The continued talk of annexation kept alive by the opposition journals, is causing resentment in Canada and, according to some of the leading supporters of the government, may defeat the reciprocity measure now before parliament.

While the liberals have accepted the message of President Taft to Representative McCall as the true sentiment of Washington administration, the wave of feeling that has been aroused in the Dominion can not be ignored and it is understood that Sir Wilfrid Laurier early next week will make a statement, which is asserted will set at rest forever, that annexation of Canada by the United States is possible.

FRENCH BALLOONIST SAYS EARS GROW SHARP

A French balloonist has recorded the clearness with which sounds coming from the surface of the ground can be heard at a high altitude. At the height of 5000 feet the ringing of horses hoofs on a hard road was clearly audible. At 4000 feet the splashing sound made by ducks in a pond was distinctly heard. The barking of dogs and the crowing of cocks could be heard at seven or eight thousand feet.

These sounds penetrated through a white floor of cloud that hid the earth from sight, says Harper's Weekly. In the perfect silence of the air the investigator was startled by what seemed stealthy footsteps close at hand. It was ascertained that this noise was caused by the stretching of the ropes and the yielding of the silk as the balloon continued to expand.

RAILROAD MEN MAKE INVASION OF TONOPAH

W. B. Hinchman of San Francisco, H. E. Needham of Los Angeles and D. Aspland of Goldfield, all prominent in the management of the T. & T. railroad, arrived in Tonopah this morning for a couple of days' business visit.

TONOPAH WINS FROM GOLDFIELD

BASKETBALL TEAM DEFEATS SOUTHERN OPPONENTS BY SCORE OF 25 TO 18.

With victory plainly written on the face of each member, the Tonopah high school basketball team returned from Goldfield on this morning's train, having defeated the boys of the Goldfield high school by a score of 25 to 18, in one of the hardest contested games ever fought in Southern Nevada and before one of the largest crowds that ever witnessed a basketball game in this section.

At the end of the first half of the game the score stood 12 to 11 in favor of Goldfield, and the hearts of the Tonopah boys were low, indeed. However, owing to the efficient work of Harrington and Bowler, forwards on the local team, victory was snatched from defeat late in the second half. Mayer, McCall and Somers did the star playing for Goldfield.

The Tonopah team will again visit Goldfield next week and lock horns with the Carson City team Friday night. Goldfield will meet the boys from the capital on Thursday night.

OBITUARY.

Former Oregon Governor. SAN FRANCISCO, Feb. 18.—Former Governor, William Paine Lord of Oregon died here yesterday from heart trouble, age 72 years. He came to San Francisco for treatment a week ago.

Cousin of Rockefeller.

SOUTH BEND, Ind., Feb. 18.—Joseph D. Rockefeller, cousin of John D. Rockefeller (died at his home here yesterday at the age of 90 years. Mr. Rockefeller was born in Pennsylvania and was one of the pioneer merchants of this city.

SOUTHERN PACIFIC SURVEYING RAILROAD TOWNS

Southern Pacific surveyors at work in town have caused considerable comment. They are supposed to be surveying the right-of-way for the purpose of ascertaining what buildings are not 200 feet from the center of the main track. It is reported that this is for the purpose of enabling the railroad company to reclaim the ground that is within the right-of-way and which the company sold years ago, and upon which many of the business buildings of the town are built. It is further said that the railroad company has been forced to do this by a decision of the supreme court, in which it was held that the railroad company had no right to dispose of any of its right-of-way. Whether this is true or not we are unable to say.

The writer asked one of the surveyors this afternoon what he was doing, and he replied that he was surveying all the towns on this division for the purpose of ascertaining what property abutted on the right-of-way of the railroad company. The object he did not state.—Winnemucca Star.

SUIT CASE LOST AND RECOVERED BY POLICE

Miss Clark, who has recently been visiting with her brother in Millers, when about to leave Thursday, left her suitcase at the entrance to the Ryan & Stensen apartments. The case disappeared, with the result that the matter was reported to the local police, who recovered same intact in an empty room in the adjoining building.

FRESNO WILL ENTERTAIN VISITORS ON ROCK PILE

FRESNO, Cal., Feb. 18.—In preparation for the threatened invasion of 160 members of the Industrial Workers of the World who are enroute from Seattle to this place and are tonight stormbound at Sterman, Oregon, Fresno authorities have established a rock pile at the county jail, and put 16 of the I. W. W.'s to hard labor. More will be placed on the rock pile as further convictions are secured.
