TONOPAH, NEVADA, SATURDAY EVENING, MAY 6, 1911.

PRICE 10 CENTS.

MINERVA SMITH HELD IN TONOPAH FOR OBSERVATION

**WOMAN ALLEGED INSANE IS
TAKEN TO HOSPITAL FOR
TEN DAYS.**

Minerva Smith, the colored woman who was brought over from Manhattan by Sheriff Ed Malley yesterday, alleged to be insane, was given a hearing before Judge Averill at 5 o'clock last night. The woman was remanded to the care of the county physician and will be held at the county hospital for ten days for observations.

**POSTAL BANK DEPOSITS
ARE GRADUALLY GROWING**

For the first week of the existence of the Postal Savings bank in Tonopah the sum of \$2462 has already been deposited, thirty-eight persons having taken advantage of the opening of Uncle Sam's banking institution. The above figures are from last Monday morning until noon today. The average deposit is a fraction less than \$64.79. This places Tonopah well to the front in postal savings banks of the country and it is predicted that within the next three months she will have a good lead over all of them, notwithstanding the fact that a number have two months' start.

CANADIAN COAL DUMPED INTO THE SEA

**BOSTON TEA PARTY HAS A
COUNTERPART IN ACTION
AT CORDOVA.**

SEATTLE, Wash., May 6.—Private cable advices received from Cordova, Alaska, say that a mob has boarded an Alaska Steamship company vessel that just arrived there with a cargo of Canadian coal and began dumping it overboard. The action of the mob is said to be the result of agitation against the importation of foreign fuel into Alaska.

It is asserted that the steamship company has appealed to President Taft to send troops to suppress the rioting.

SEATTLE, May 6.—A mob of 300 men, emulating revolutionary heroes who formed the "Boston tea party" in 1773, went on the dock of the Alaska Steamship company at Cordova, Alaska yesterday and began dumping into the sea 300 tons of Canadian coal stored there. They were still at work at last reports. The coal is valued at \$6000 and is part of the stock kept on hand by the Alaska Steamship company and the Copper River and Northwestern Railway company.

**NEW PHYSICIAN
LOCATES IN TONOPAH**

Dr. J. R. Masterson, physician and surgeon, has taken offices in the Brokers' Exchange building and intends to make Tonopah his future home. Dr. Masterson comes to Tonopah with a good record behind him and has a splendid future ahead of him. He is most enthusiastic over the future of Tonopah and feels that it is to be one of the premier towns of the state in the course of time. Dr. Masterson practiced in Yerington for four years and built up a large and satisfactory practice. He also practiced medicine in Hawthorne for some time. Tonopah welcomes the arrival of the new physician and wishes him the greatest of success.

**MCKELVEY CASE HAS
NOW BEEN DISMISSED**

WINNEMUCCA, May 6.—In the case of state of Nevada vs. Ed McKelvey, charged with conspiracy to deprive Alfred Stagg of a means of livelihood, Judge Dunn deemed the evidence insufficient to hold defendant on a felony charge. He was held for several hours to give Stagg an opportunity of swearing to a complaint for assault and battery, but this he declined to do and McKelvey was released.

CAMORRISTS TRIAL HAS NOW BEEN RESUMED

**VERY PLEASANT TERMS ARE
APPLIED BY PRISONERS
TO EACH OTHER.**

VITERBO, Italy, May 6.—The trial of the Camorristas was resumed yesterday, a substitute juror taking the place of Dr. Michele De Maria, whose indisposition necessitated an early adjournment yesterday.

Again Gennaro Abbattemaggio, the informer, held the center of the stage, being called on to confront Giuseppe Salvi and later Antonio Cerrato, both of whom he denounced as having taken an active part in the murder of Gennaro Cuocolo. He repeated his original accusations against Salvi, the latter denying each in turn. Then the two exchanged investives and this war of words ended as follows:

Abbattemaggio—"You are an assassin."

Salvi—"You are a cow which is called an ass with horses. You have a muddy conscience which you have sold to the carabinieri."

Serretto, whose manner suggested that he had not forgotten or forgiven the insult of yesterday when Abbattemaggio spat in his face, was released from the prisoner's cage and stood before the informer.

"This man," said Abbattemaggio, "struck Cuocolo with a club after he had been stabbed by the others and was half dead."

"You are a liar," was the response, and in this vein the dialogue was continued.

BUTLER HAS BIG BILL TONIGHT AND SUNDAY

At tonight's show at the Butler theater an elegant program is on. Miss Randall will sing "Carissima," by request; Miss Green will be heard in some raggy songs. The pictures are very fine and are as follows: "Tho' Your Sins Be as Scarlet," (Vitagraph drama); "A Knight of the Road," (Biograph drama); and a roaring Vitagraph comedy entitled "The Leading Lady." For tomorrow afternoon and evening the following program will be shown: "Madam Rex," (Biograph); "Easter Babies," (Vitagraph); "What Happened to Auntie," (Essanay); "Catching Deep Sea Turtle," (Essanay). Tomorrow night Miss Randall will sing "I Love You," by Sobeski. This is the song that Earle Clemens sang here so successfully.

**WALDORF BUFFET OPENS
FOR BUSINESS TONIGHT**

The Waldorf buffet, under the proprietorship of Tom Ryan and Billy Andrews, will open for business tonight. The Waldorf is located four doors below the postoffice and gives promise of being one of the most attractive bars in Tonopah. It is hardly necessary to comment on the ability of Messrs. Ryan and Andrews as dispensers of the beverage that cheers. Each is well known as a "mixer" (this goes both ways) and each has a line of friends that should assure the success of the Waldorf.

**GRAND CHANCELLOR
HERE FOR MEETING**

Grand Chancellor Dr. Samuels, of the Knights of Pythias, arrived in Tonopah this morning from Goldfield to be in attendance at the special meeting held at Temple hall for tonight.

Grand Chancellor Samuels is on an extended trip through the state and will visit a number of temples other than the Mizpah. A heavy attendance is anticipated and it is requested that all members of the organization be on hand at this meeting.

WILSON ON TOUR.

NEW YORK, May 6.—Governor Woodrow Wilson of New Jersey departed late yesterday for a tour of four weeks of the west.

MADERO DEMANDS THE RESIGNATION PRESIDENT BEFORE PEACE AGREEMENT

**Revolutionists Refuse to Entertain the
Dove Until Assured That the Present
Head of Mexican Government Will
Quit.**

EL PASO, Tex., May 6.—The peace commissioners of the Mexican revolutionists formally presented yesterday a statement signed by Francisco I. Madero, Jr., appealing to President Diaz to make public the assurances given privately that he intended to resign.

After offering his own resignation as provincial president of the republic, Senor Madero suggested that both President Diaz and Vice President Corral resign and that Minister of Foreign Relations Senor De La Barra become president for the interim until a general election shall have been held.

The statement, couched in most courteous Spanish phrases, informs President Diaz that there is no other way out of the present difficulty and that a word from him will bring peace in a few days.

Senor Madero, in his statement, calls on President Diaz particularly to make known to the people of Mexico his "irrevocable resolution to retire from power as soon as peace is established in the country," which General Madero declares was made to go-between interested in restoring peace.

The statement dictated by General Madero reads as follows:

"In general the conditions of peace have been accepted by me in telegrams transmitted by the government's unofficial agents, Senors Braniff and Obregon. I ought to tell you that I have acceded to treat about those conditions because some gentlemen acting as go-betweens, have, in a confidential way, indicated to me that General Diaz has made known to them his irrevocable resolution to retire from power as soon as peace is established in the country.

"This resolution appears to me

to be highly patriotic because in the present moment it is the only one which can satisfy public opinion and I am convinced that if General Diaz makes public his intention it will permit us to pacify the country in a very few days, a matter which is difficult to obtain in any other way.

"For these reasons and not doubting the patriotism of General Diaz, I wish you to present to the envoy of the government the following proposition:

"In order to assure the immediate pacification of Mexico and to furnish to the world an example which will increase the prestige of our country, both contending leaders, General Porfirio Diaz, as well as myself as provisional president, and the vice president of the republic, Roman Corral, shall resign and in the interim the minister of foreign affairs, Senor Francisco De La Barra, shall be president, calling a general election according to the constitution. As far as I am concerned, I am offering my resignation with great satisfaction, as I only wish to serve my country as circumstances demand. If General Diaz is inspired by the same patriotic sentiment, I have no doubt he will make public what he has manifested in private. I beg of you to take this proposition in the most favorable terms in order to not offend in the slightest degree and that you may not insist that he retire immediately. I believe that the country will become quiet alone through the announcement of his intention to retire from power and as soon as all the arrangements you are effecting with the representative of President Diaz are put into operation.

(Signed) "F. I. MADERO, JR.,
"Provisional President of Mexico."

FIRE DEPARTMENT WILL TEST NEW CHEMICAL APPARATUS

Fire Chief Sinclair is in receipt of the latest "chemical nozzle," manufactured by the Sieben Chemical company of Kansas City, which is maintained to be the finest piece of fire fighting apparatus placed on the market within the past decade. A thorough test will be given the new nozzle tomorrow afternoon, provided the weather will permit.

A shaft will be erected in the vicinity of Elks' hall, thoroughly saturated with inflammables and set on fire. The new nozzle will be attached to hose and played upon the flames as an experiment. Provided it is what the manufacturers claim for it, it will not only be adopted by the fire department but

GOLD MEDAL FOR CARNEGIE.

WASHINGTON, May 6.—A gold medal, awarded to Andrew Carnegie as a "benefactor of the human race," by the international conference of states, held last summer, was presented to Mr. Carnegie yesterday afternoon.

**ORE SHIPMENTS MADE
DURING PAST WEEK**

During the past week there were shipped from this district 8625 tons of ore, carrying an estimated value of \$200,625. The shipments were made as follows:

Mines,	Tons.
Midway	40
Tonopah Extension	980
Montana-Tonopah	1650
Belmont company	2505
Tonopah Mining	3450

numerous business houses throughout Tonopah will keep them in readiness to defeat any blaze that may happen along.

The Sieben nozzle, which may be attached to any sized hose, contains a cartridge carrying sufficient chemical to last three minutes and distribute 120 gallons of chemicalized water on a fire. It can be recharged within the space of three seconds and is generally admitted to be the latest improvement in its line.

Besides the tryout of the new nozzle the volunteers will hold a competitive hose race under the direction of the newly appointed captains. The time set for the excitement is 2:30 p. m.

**POLITICAL UNREST
SPREADS THROUGH CHINA**

HONGKONG, May 6.—Political unrest is widespread but the revolutionary movement begun at Canton last week appears to have been checked. There is, however, some apprehension for the future. Many missionaries from the west of Canton have fled for safety down the river and are coming to Hongkong. Divisions of the Chinese northern troops have been hurried to Canton, where occasional clashes occur between the authorities and the disorderly element. These are of no great significance. Today the men employed on the Canton Kowloon railway section were sent for shelter to Shamshuh, a town just north of the boundary of the British territory. British papers in the east severely criticize the Chinese government for permitting pirates to loot the Pacific Mail liner Asia after it was wrecked on Pinger rock.

WOULD FIRE POSTMASTER GEN. HITCHCOCK

**ALLEGED DISCRIMINATION OF
TWO PERIODICALS IS BASIS
OF MOVEMENT.**

WASHINGTON, May 6.—Senator Jefferson Davis of Arkansas yesterday gave notice in the senate that he would offer a resolution asking the president to "discharge" Postmaster General Hitchcock, unless Mr. Hitchcock replied within one week to the Davis resolution adopted April 10. In that resolution Mr. Hitchcock was asked to furnish the senate with a copy of the rulings of the postoffice department and reasons therefor in connection with alleged discrimination against two periodicals, one of St. Louis; the other of Denver.

Alleging that the postmaster general had paid no attention to the resolution Mr. Davis exclaimed excitedly:

"I want to know whether Mr. Hitchcock is bigger than the United States senate."

The discussion was on the LaFollette resolution which proposed that another investigation be ordered and that the cost be borne by the senate contingent fund.

The resolution named five new senators, headed by Works of California. Several senators who voted in favor of Senator Lorimer last session asked that the resolution be referred to the standing committee on privileges and election.

Meanwhile it became apparent at once that such a motion if carried, which would be equivalent to the repudiation of the proposed special committee, would provoke a great deal of debate. It is expected to come up again on Monday.

GRAND JURY RETURNS 20 INDICTMENTS

**McMANIGAL PRINCIPAL WIT-
NESS BEFORE BOARD
OF INQUIRY.**

LOS ANGELES, Cal., May 6.—Twenty-one new indictments, according to reliable authority, were voted late yesterday by the grand jury against the accused dynamite conspirators, James and John McNamara, and Artie McManigal.

Nineteen of the indictments, it is understood, are against the McNamaras alone, and charge them with murder in connection with the blowing up of the Los Angeles Times newspaper plant October 1, and the consequent deaths of 21 men.

The other two are said to be against McManigal, as principal, and the McNamara brothers, as accomplices, in the Llewellyn iron works explosion on Christmas day, in which no one was killed.

The inquisitors completed their work at dusk and the true bills ordered will not be filed in court until tomorrow morning. The prisoners will be arraigned this afternoon and a date set at that time for them to enter their pleas.

McManigal was the principal witness heard by the inquisitors, about whose movements and meeting place a veil of secrecy was thrown.

CHURCH NOTICE!

Presbyterian church, St. Patrick's street—Sunday evening 7:45; subject, "A Good Soldier." Morning service at 11 a. m.; Young People's meeting at 6:30 p. m.; Bible school, 9:45. Come with us and study the Bible. An earnest invitation to all the services of this church is extended. Rev. Herman L. Burnham, minister.

The United States civil service commission announces that a railway mail clerk examination for the state of Nevada will be held on June 7, 1911, at Carson City, Goldfield, Reno and Tonopah, Nevada. Application blanks and further information relative to these examinations may be obtained from the local civil service secretaries in the postoffices in the above mentioned cities.

NYE COUNTY LICENSE IS SATISFACTORY

**RECORDS ARE BEST KEPT OF
ANY THROUGHOUT
THE STATE.**

According to a letter received by Sheriff Malley from State License and Bullion Tax Collector Adamson, who was recently a Tonopah visitor, the collections of licenses for this county are most satisfactory, the records being the best kept of those of any county in the entire state. The letter reads:

"Carson City, Nev., May 2.
"To the Sheriff, the District Attorney, the Board of County Commissioners, Nye County, Tonopah, Nevada.

"Gentlemen:—In accordance with law I beg to hand you herewith a statement of licenses collected by the sheriff of Nye county during the first quarter of the current year according to his records.

"License conditions in this county are satisfactory to this department, and the records are without doubt the best kept of any county in the state of Nevada. Respectfully submitted,

"L. T. ADAMSON,
"State License and Bullion Tax Agent."

WELLINGTON BROS. WILL OPEN AT THE IDORA TOMORROW

**STERLING VAUDEVILLE TEAM
WILL BE SEEN IN TONO-
PAH SOON.**

The Wellington brothers, one of the premier vaudeville teams of the country, will arrive in Tonopah tomorrow and open at the Idora theater. This team is fresh from successes along the coast, having played a five-weeks' engagement in the city of San Francisco. This team opened up the Hippodrome in Goldfield, playing to an audience of upwards of 2500 on the opening evening. They have an entire change for each night, one member of the team giving his famous roller-skate clog dance.

Last night's pictures were enjoyed by large audiences, the Lorraine Sisters giving a sterling specialty. They will appear again tonight in an entire change, which gives promise of being a big hit. The pictures for tonight are: Biograph drama, "Paradise Lost;" Se lig, "Zulu Land" (sensational), and Pathe American, "Whiffle's Home Troubles" (comedy). Get the Idora habit—everybody has it!

**FAUST BEER ON DRAUGHT
AT TONOPAH LIQUOR CO.**

Among the many preparations that have been made for the hot summer months probably one of the greatest interest to the "man around town" is that of the importation of a shipment of the famous Faust beer, the "select" brew of the Anheuser-Busch Brewing company of St. Louis. This brew was originally made especially for sale in Tony Faust's cafe in St. Louis, Faust being a relative of the Anheuser family and interested in the brewery. Incidentally Faust is spoken of as one of the premier cafes in the "brewery" city. Connoisseurs are of the opinion that "Faust" is the finest product of the breweries of the world and from the "play" it gets in its home town there may be something in the contention. Tonopah is far removed from St. Louis, but in the beer line the liquor company is bringing St. Louis to Tonopah.

**VOLUNTEERS' PHYSICAL
DIRECTOR DUE MAY 10**

Prof. Braun, at present one of the instructors of the Olympia club of San Francisco, will leave the Bay City next Tuesday, and arrive in Tonopah on the 10th to take charge of the gymnasium work of the volunteer fire department.

Prof. Braun comes here well recommended and would have arrived on the first of the month but for the fact that he was training an Olympia team for a meet in the northwest.
