## GEORGES CANYON WILL SOON BE IN THE PRODUCING CLASS

### Another Nye County Camp Is Making Good---Two-Stamp Mill at Work and Test Run Made.

George's Canyon, about fifty miles northeast of Tonopah, and in Nye county, is now the scene of much activity. Harry Stimler came in from there last evening, bringing in a ball of amalgam, from a run of ten tons through a two-stamp mill.

On this property about 60 feet, and good values have been obtained. The ore run through the mill is from the Fancher and Smith ground, and was in the nature of a test. On this property a shaft is down 150 feet, but water compelled them to drift on the 112-foot level of the mine. About fifty tons of ore of the class run through the mill is now on the dump.

## PEACE AGREEMENT TO BE SIGNED

JUAREZ, May 19.—According to the unanimous opinion of Madero's advisers, a peace agreement covering the republic will be signed tomorrow. Diaz's resignation is expected as early as next Monday. Madero sent a message of congratulation to President Diaz upon his patriotism, stating that he would resign as provisional president when De La Barra assumes office.

### MUCH SYMPATHY IS EXPRESSED FOR DIAZ

MEXICO CITY, May 19.—Much sympathy is expressed for President Diaz and many inquiries are made as to his condition. The president remains in bed, suffering considerable pain. The cabinet assembled at his bedside and postponed all discussion of important matters. Minister of the Interior Estenol said the cabinet is actuated by a conviction that present conditions are closely approaching anarchy.

Madero announced the news from Mexico City was entirely satisfactory and will accept the invitation to act as adviser to De La Barra. The Diaz announcement is accepted in absolute faith.

Madero said his policy will be to encourage future American investments, but a vigorous prohibition will be made against trusts and the wholesale granting of concessions.

Madero believes he will be the next president, and Gomez vice president. He says the army will be composed entirely of volunteers with convicts eliminated. He expressed the belief that Reyes never will be war minister. He promised the immediate release of all political war prisoners, including Americans.

Gomez has received from Carabahal an invitation for Madero to visit Mexico City. It is believed the rebel cabinet will advise the signing of a peace agreement first and then arrange for Madero to visit the capital. It is reported General Rascons is the government's choice for secretary of war.

Five people on the Idora stage during week ending May 20th.

## Fourth of July Meeting To Be Held This Evening

Tonopah will celebrate Fourth of July as never before in the history of the camp. A meeting of business men and citizens in general will be held at the gymnasium of the volunteer fire department tonight to discuss plans and name committees.

The program for this year will probably be on the lines of two years ago—baseball, drilling contests, foot races, day and night fireworks and a grand ball.

many will come from long distances and a three-day attraction will prove a greater drawing card than that of one.

### FARE TO MANHATTAN RAISED TO OLD FIGURE

The automobile companies who have been indulging in a rate war for the Manhattan traffic, and during which the fare was reduced to as low as \$3, have at last got together and placed the price up to \$10—the old figure.

## ROUND MOUNTAIN COMPANY INCREASES ITS PRODUCTION

### DIVIDEND PAYER OF NORTHERN CAMP IS ADDING MORE STAMPS.

For the past ten days the Wittenberg Warehouse and Transfer company has been hauling milling machinery to Round Mountain. The machinery is from the Rhyolite section and is for the Round Mountain Mining company. It consists of ten stamps and Huntington mill.

With this additional equipment the Round Mining company will double its production, and as the ore blocked out is far in excess of milling facilities an increase in the handsome dividends paid by this company in the past three years may be looked for.

## FORMER TONOPAH YOUNG MAN NOW DOWN IN MEXICO

Arthur W. Burgran, a mining engineer formerly connected with the MacNamara mine, and well-known in this city, is now in old Mexico.

Mr. Burgran has identified himself with the Santa Maria Mines company, Ltd., a large English syndicate operating at Marrillas, Zacatecas, Mexico, and is doing well in the land of the insurrecto.

In a letter to a Tonopah friend Mr. Burgran states that the revolution has not interfered with his operations.

## Get Busy and Clean Up City For the Coming Hot Weather

Clean up the streets, clean up the front yard and clean up the back yard—in fact, make it a general cleaning, as the hot weather is coming on. This is the slogan of Chief Smith and his corps of efficient deputies, and right he is. Charley Smith has the interests of Tonopah at heart and wants to see the metropolis of Southern Nevada in a sanitary condition. For the past two days extra garbage wagons have been pressed into service and the cleaning up is

general. In the next day or so the streets will be cleaned and the gutters flushed—if Mr. Burnham will furnish the water—and it is generally conceded he will.

This afternoon the chief and the health officer, Dr. Richards, have been out inspecting the outhouses (too numerous for a town as thrifty as Tonopah) with a view of trying to solve a remedy for this pest and breeder of flies, and to condemn those in too filthy a state.

## DECISION OF DIAZ IS WELL RECEIVED

### BELIEVED RENUNCIATION OF PRESIDENCY ALONE COULD BRING PEACE.

CITY OF MEXICO, May 19.—The public received the announcement of President Diaz's intention to resign with profound satisfaction. Since the battle of Juarez they realized that the president's renunciation of his high office alone could bring peace.

Business all over the republic has suffered severely and the people are generally eager for honorable peace. It is suggested that in the conditions one point over which

a quibble may occur is that of the selection of the minister of war. The selection is left entirely to De La Barra. He must, according to the agreement of the ministers and president, name a general who has the good will and respect of the army.

Many people see in this intimation that General Bernardo Reyes will be the choice. At the time Reyes left Mexico this description applied to him better than any other man in the army. It remains to be seen, however, if he retains the good will and respect of the army.

The scene wherein President Diaz renounced the sceptre he has wielded so many years would have been pathetic had it not been for the heroic character of the man who was its central figure.

In much pain, relieved by narcotics, able to utter but few words, and these with difficulty, recumbent on his bed, he was still the dominant figure in the destiny of Mexico.

"Not once did he think of himself," said Minister Lamantour. "Every thought he expressed was for the future of his country. He has an honest pride but no vanity. I venture to predict in a year or two, when the new order of things has been established, Mexico will regard him as her greatest hero."

After the meeting Lamantour said that, while the president was in great pain, his fever had subsided and his physicians in consultation decided the case would not have serious consequences.

It is said on good authority that Diaz has no wish or intention to leave Mexico following his resignation. He is an old man and new scenes and new faces have no attraction. He feels that the people

## KNIGHTS OF COLUMBUS TO DANCE TONIGHT

Tonight the Knights of Columbus will hold their annual dance at Miners' Exchange hall and a large crowd is expected to be in attendance. Through an error it was published that the dance would be held last night.

### BUCKEYE-BELMONT TRANSFORMERS ARRIVE

Two big transformer for the Buckeye-Belmont company's substation have arrived and will be hauled to the property tomorrow, and installed near the No. 1 shaft, which will give the company a total capacity of 280 horsepower, which will be increased as fact as needed. Another big motor for driving the compressor at the No. 1 shaft is enroute, as well as another transformer for the substation.

## MIDWAY MINE IS IN GOOD CONDITION

The Midway mine is looking well and development work in new territory is being prosecuted with a vigor that is a credit to the able management. This week 40 tons were shipped. Most of the new work is confined to the 635-foot level.

George Griffin, the Charles Frohman of Goldfield, was a visitor in this city yesterday, returning in the afternoon.

## Manhattan Offers \$100 Purse For Baseball Game on Fourth

Manhattan, with true American spirit, wants to celebrate the day we gained our independence and wants to celebrate it right, by having a hotly contested game of the national sport.

Bud Morris received a letter yesterday from Hugh Herd, one of Tonopah's former baseball stars, but now a prosperous merchant of the thriving camp of Manhattan, stating that a committee of that town would offer a purse of \$100 and expenses for a team to play there

over whom he has ruled are his friends and among them he wishes to end his days.

Lamantour said the government has paid its own war expenses out of the contingent fund and no new bond issues will be necessary. The revolutionary debt is estimated at six million pesos (\$3,000,000), which it is said the government can pay without embarrassment.

## "NORDHEIM" BY GRIEG WILL BE RENDERED

### POPULAR MUSIC NOW A FEAT- URE AT THE BUTLER THEATER.

At the Butler theater tonight an entire new program will be shown. Montrose and Montrose will be heard in new songs and sayings. Mr. Delaney will sing a new illustrated song. The orchestra, under the leadership of Julius Goldsmith, will play a big selection, entitled "Nordheim," by Grieg. The pictures for tonight are as follows: "Cupid's Joke," "Misplaced Jealousy," "The Snare of the City," and a Vitagraph feature comedy, entitled "Soldiers Three." This picture is a scream from beginning to end. Anyone having the blues had better come to the Butler and enjoy a laugh from start to finish.

## DEXTER CONSOLIDATED LEASING IS MAKING A GREAT SHOWING

### Manhattan Now a Steady Bullion Ship- per---Two Thousand Ounces Sent Out by One Property This Month.

That the mining outlook in Manhattan is looking brighter each day is conclusively proven by the regular shipments of bullion from the Pine Tree camp.

For the first half of this month the Dexter Consolidated Leasing company, operating on the northern end of the Union No. 9 of the Dexter properties, has shipped to the mint 2000 ounces of bullion of an average value of \$14.50 per ounce, or approximately \$29,000. This does not include the precipi-

tates. The ore was run at the War Eagle mill.

The Dexter properties are among the best in Manhattan and are being developed to a great extent by leasers.

Tonopah mines were developed under the leasing system and the management of the Dexter believes that when the leases now operating expire the company will have one of the best developed and best paying estates in Nye county, the banner mining county in the banner mining state.

## STENCH WAS THE CAUSE OF THE SURRENDER

CULIACAN, via Nogales, May 19.—Sinaloa is in a state of revolt, and it is feared the five days' armistice will have little effect. Many bands of rebels are engaging in brigandage. Culiacan momentarily expects attack. It has 400 defenders and ten machine guns.

Attati has been captured. A twelve-day battle resulted, with 1400 rebels capturing Corsala. The fighting was uninterrupted. The federal commander was obliged to surrender because he was unable to stand the stench of dead bodies in the streets.

## DESERTER LOPEZ MAY BE SHOT

### REBEL CHIEF CHARGED WITH DRUNKENNESS AND WITH ABUSING MADERO.

AGUA PRIETA, May 19.—"Red" Lopez, the rebel chief who led the command which captured Agua Prieta, and who was subsequently charged with responsibility for its recapture by the federals, arrived here yesterday from El Paso and may be shot by his late associates. He gave public expression of his opinion of the provisional president in volcanic language and was immediately locked upon a charge of drunk and disorderly conduct.

General Lomel said: "Lopez is under arrest and a charge of desertion will be placed against him. Investigation will also be made of his responsibility for the drunkenness of many soldiers on the day of the big battle of Agua Prieta. He will be tried and if found guilty he may be shot."

## NEW THEATRE IS PLAYING TO CROWDED HOUSES

### "THE SNARE OF THE CITY" TO BE A FEATURE AT TO- NIGHT'S SHOWS.

The Idora has been playing to crowded houses all this week, and last night was no exception. The acrobatic team of Mason, Wilbur and Jordan and the song and sketch team of Ballard and Alberta are proving their popularity by round after round of applause.

The orchestra at this new theatre is making friends for this popular playhouse by the excellent

music rendered, and the large, easy chairs throughout the building have proved quite a feature and caused many favorable comments to be passed. Matinees are given each afternoon. The pictures for this afternoon's and evening's performances are as follows: "Cupid's Joke," a Biograph film of much merit; "Misplaced Jealousy," another Biograph feature; "A Fascinating Bachelor," Lubin comedy drama; "The Snare of the City," Essanay dramatic masterpiece. This is a feature film and should not be missed.

## Committees Named to Arrange for Memorial Day Exercises

At a meeting held last night at the Elks' hall of representatives of various fraternal orders, committees were named to arrange for the proper observation of Memorial day.

All the orders were represented with the exception of the Serbian society and Fraternal Brotherhood. The committees named are as follows, and are now actively at work: Committee on parade—Ross Condon, Elks; William Hawkes, Eagles; John Dunsdon, I. O. O. F.; Fred Ritter, K. of P.; S. S. Clark, Miners' Union; E. A. Kellihar, Knights of Columbus.

Committee on finance—H. E. Efstine, Frank Laws, Hiram Blyeau, S. Gagne, H. R. Johnson, Patrick Carney.

Committee on flowers for the school children—J. N. Benn, E. J. Briggs and Ed Malley.

All committees are requested to meet at the Elks' hall on Monday evening at 7 o'clock. Joseph Gori, chairman; E. J. Briggs, secretary, both of the general committee.
