The baseball game yesterday between the married men and the single men was a tie—9 to 9—according to official Scorekeeper Bacon, who claims that the 10 runs given the married men was an error. Quite a crowd turned out to witness the sport, though the afternoon was far from being pleasant, and both teams had plenty of rooters. It looked bad for the married men at the beginning of the game, as the singles in their half of the first inning had and often on the sphere, with the result that five crossed the plate before the inning was brought to a close. The "henpecked," however, rallied on realizing what would be in store for them if they returned home as the vanquished, and in the following innings tied the score. The game was in the nature of a tryout and proved to the fans that Tonopah has excellent material to pick from to make up the nine that will represent the town this season. Prout, for the singles, pitched excellent ball, and Spencer, for the married, did remarkably well, considering that he injured his hand just before the game started and had to rely upon a straight ball.  
Hunter, at short, proved that he has not lost any of his old-time speed and played the same even game that he always does, fielding and batting in excellent form.  
"Pud" Hatton, Perry, McDonnell and Emminger also showed to good advantage in the infield. In the garden young Quilly proved to be the star, making two good catches and batting with a good eye. Willett's work behind the bat was first-class and he will make a good receiver for the delivery of either Prout or Spencer. The rest of the boys played a fair game, and considering that many were on the diamond for the first time, did remarkably well. The line-up was as follows:

## SHOOTING SCRAPE SATURDAY NIGHT IN DARK TOWN

TWO COLORED BROTHERS ARE  
PLACED UNDER ARREST.  
TRIAL WEDNESDAY.

Things livened up a little bit in darktown Saturday night, and when the smoke of battle cleared away Dave and Pearl Boyd, two colored gents, were placed under arrest. Pearl is charged with assault to kill by Gussie Albert and a simple assault is lodged against Dave by "Shorty" Latimer. It seems that the trouble started over pay for a drink and the parties involved started to fight in front of Gussie Albert's place, when the latter came to the door and told them to move the entertainment up the street.  
Gussie alleges that Pearl fired a shot at her, the bullet coming within six inches of her head, and "Shorty" Latimer alleges that Dave Boyd assaulted and beat him up.  
Both men appeared in the justice court this morning, and as the defense asked for time, the case was postponed until 10 o'clock Wednesday morning. Dave Boyd was placed under bonds in the sum of \$100, which he furnished, but the figure of \$1000 was too high for Pearl and the latter was remanded to jail.

## IDORA PLAYS TO RECORD BREAKING HOUSES SUNDAY

NEW VAUDEVILLE ACTS MAKE  
BIG HIT AND ORCHESTRA  
PLEASE EVERYBODY.

The Idora theater played to record-breaking houses last night. The program was changed completely, two new vaudeville stunts being on the boards. The team of Dunbars was very good and the imitation of the language conversed in by dogs and cats when the fur flies was particularly good. Their act is entitled "The Father and the Girl at the Zoological Gardens."  
The playing of the orchestra was particularly well received last night and many friends of the new leader were in the house. The pictures were all clear and of the very best.  
In speaking of the team of Nelusco and Levina, who made their first appearance at last night's show, an exchange has the following to say:  
"Nelusco and Levina, the headliners of the Sunday night show at the Isis theater, were held over to make the bill for last night and tonight.  
"They bill themselves as comedy magicians and on the comedy end of that same billing they are a mighty big hit. Of course, they 'pull' some very clever legerdemain tricks, but it is on their comedy work that they made themselves so popular Sunday night. It is hard to name any particular trick that is responsible for them, but all through their act some new joke or some well-turned little piece of business keeps the crowd in good humor. If you overlook their act, you are overlooking a good chance to laugh and enjoy yourself, and in this vale of tears, that same is always a mighty bad bet."

## ITALIAN WILL BE EXAMINED BY A LUNACY BOARD

Louie Zikovich was arrested Sunday on a charge of disturbing the peace and has been held to appear before a lunacy board. Zikovich appeared this morning before an examining board, but it was decided to lock him up for a few days for treatment, as he has been drink heavily and the doctors are of the belief that he may be all right in a day or so. When arrested the man had a revolver and, kindly informed Deputy Walker that he had another one at home, and if Walker would let him go he would hand that over also. Zikovich was allowed to go to his cabin and returned with the second revolver. His actions on the streets Saturday night attracted considerable attention and the officers watched him closely, finally placing him under arrest.

## HIGH GRADE ORE OPENED ON GOLD- FIELD BELMONT

STREAKS IRREGULAR AND MORE  
WORK NEEDED TO DETER-  
MINE EXTENT.

Rumors of a rich strike on the Goldfield Belmont property in the Diamondfield section have prevailed on the streets for several days, but according to official information its importance appears to have been exaggerated. F. W. Bradshaw, manager of the Tonopah Belmont company, which controls the Goldfield Belmont, was over from Tonopah Saturday to inspect the property, regarding which, he said:  
"I do not think that we have opened anything of a very sensational nature. We are drifting on the 300-foot level and have found some small stringers of high grade ore beyond the fault zone which appeared in the upper workings in connection with the ore shoot in the Burke lease about eighteen months ago.  
"The vein looks exceedingly good,

and we are saving the ore from the drift, but as yet we have not demonstrated any large body of it. The ore shoots in this section have been erratic and irregular, and we may have ore today and none tomorrow. It will require further development to tell what the present showing may amount to."—Goldfield Tribune.

## DEADLOCKS WILL NOT SURVIVE THIS

BILL INTRODUCED AIMED AT  
SUPPRESSION OF SENATORIAL  
DEADLOCKS.

WASHINGTON, May 29.—Aimed at the suppression of deadlocks in state legislatures in the election of United States senators, the bill introduced by Senator Root providing for a choice by plurality vote was favorably reported to the senate committee on privileges and elections Saturday by the subcommittee to which it was referred.  
An amendment holding that to be elected under such a law the winning candidate's vote must be one-third or more of the entire vote cast, was agreed upon. Some differences of opinion having arisen as to the constitutionality of the proposed law no action in the measure was taken by the whole committee.

## GIRTON SILVER BOW PROPERTY TO BE DEVELOPED

SUPPLIES AND MEN LEFT TO-  
DAY—MACHINERY TO BE  
INSTALLED.

Two big teams loaded with supplies and three miners left this morning for the property of C. E. Girton at Silver Bow. Mr. Girton has been working six men all winter and has opened up a good body of low-grade ore and has a very good chance of getting rock that will assay above the hundred mark.  
Recently a deal was closed whereby papers were placed in escrow for an interest in the Girton estate. The interest is taken by eastern capitalists who agree to furnish money to develop the Silver Bow property. Mr. Girton expects to be able to keep several men at work and to install an engine, air compressor and machine drills. The property is well-equipped with buildings, blacksmithshop, cars,

## SEVEN TROUGHS COMPANY SUES FOR \$10,000 DAMAGES

MARTINEZ, May 29.—Charging the Selby Smelting and Lead company with the purchase of \$10,000 worth of gold ore delivered to it by a man who had no right to do so, and who has since dropped from sight, the Seven Troughs Mining company of Nevada Saturday brought suit in the superior court for the return of the precious rock or the payment of \$10,000.  
The ore is said to have been received by the Selby company several months ago. It was purchased at Mazuma, Nevada, where the Seven Troughs company has most of its interests. The complaint filed by the mining company alleges that the ore was sold to the Selby company by a man named Wilcoxson, a Nevada mining man, who had no right to dispose of the metal-bearing rock. Wilcoxson, so the complaint avers, has since disappeared and his whereabouts are at present not known.

## TONOPAH'S POPULATION IS INCREASING RAPIDLY

Tonopah's population has increased by two in the last two days, the new arrivals are a girl at the home of Enos Murphy on the 27th, and yesterday a baby girl gladdened the home of Patrick O'Neil. Mothers and daughters are doing nicely.

## JOYRIDERS UPSET AND MACHINE BADLY WRECKED

track, airpipe and the necessary tools to work with.  
Mr. Girton is a pioneer of Silver Bow and has great faith in that section, not alone in his own property, but believes that there are a number of good mines there, and expects to put his property in the producing class very shortly.

## SAN FRANCISCO PAPER PAYS HIGH TRIBUTE TO TALENT

MUSICAL COMPANY WILL AP-  
PEAR FOR FIRST TIME IN  
TONOPAH.

The San Francisco Bulletin, in speaking of the Jacoby company, which will make its first appearance in this city tonight at the Butler theater, has the following:  
"When Paradise was fading from the sky the last of the angels loitering near the earth to get one more glimpse before ascending to the throne beyond the stars, touched a chord on the golden harp and brought forth sweet music that startled the entire world, and as the last faint notes faded away the wind took up the glad refrain and sent in murmuring through forest and dell, proclaiming the glad tidings that a new world had sprung into existence, and so it is when you sit and listen to the violinist, Miss Jacoby, now playing at the Empress.  
"Startling, enchanting and bewitching she holds her audience under a hypnotic spell and as the last notes Cavalier Rusticanna lingers, the silence is broken by loud and prolonged applause. In the history of the new Empress, no one has been able to enthuse the audiences as the Jacobys. From the time they come on the stage until the curtain is lowered on their grand musical act, everyone's attention is riveted on them.

## CARPET WEAVERS.

The Carpet Weavers' union of Toronto, Canada, assert that its members have been forced to quit work, because of a request of employers that before they can continue to work, each individual must sign an agreement he will not join or contribute to any union or organization.
