

TONOPAH OBSERVES MEMORIAL DAY IN A FITTING MANNER

LONG PARADE WENDS WAY TO THE SILENT CITY BE- LOW TOWN.

Memorial day was observed yesterday in Tonopah by a larger turnout in the parade and in the crowd visiting the cemetery than on any Decoration day in the history of Tonopah. The morning was an ideal one and the only thing to mar the exercises was a little shower at the close of the program at the cemetery.

The ranks of the G. A. R. are growing thin—only seven old veterans being in line—but the different fraternal orders, miners' union and school children, were out in force and made an impressive sight as they wended their way to the silent city of the dead.

At the burial ground fitting exercises were held. The oration by the Hon. Key Pittman was one of the best ever given on an occasion of this kind in the city, and a pleasing thing to the eye was the neatness of the graves and the flowers and greens upon them. The new mounds where the victims of the recent Belmont disaster are buried, were well remembered with wreaths and flowers, and the day was made particularly impressive by that holocaust being fresh in the minds of the people of this vicinity.

In Monday's issue of the Bonanza it was stated that the Presbyterian choir would furnish the music at the exercises held in the cemetery. This was a mistake and should have been the Episcopal.

MANGANA'S NECK NOT TO STRETCH SAYS PARDONS

BOARD OF PARDONS COMMUTES MURDERER'S SENTENCE TO LIFE IMPRISONMENT.

CARSON CITY, Nev., May 31.—At yesterday's session of the board of pardons the death sentence for Ascension Mangana, convicted of murder in Nye county, was commuted to life imprisonment.

Mangana was convicted nearly two years ago of the murder of Bryon Nelson at Leeland, a small station on the Tonopah & Tidewater railroad in the southern part of Nye county, and near the California state line. Nelson and a partner conducted a saloon at that place and were murdered by Mangana and another Mexican section hand, both of whom were employed on the railroad.

The evidence that convicted Mangana was circumstantial. On the morning that the murder was discovered Mangana and his partner were missing from the railroad camp. Both were the last persons who had been observed in the saloon on the previous night. A search was started and two days later, after searchers had followed the trail over the desert, Mangana was found at Rhyolite. He attempted to hide a watch, later identified as the property of Nelson, and this was the strongest proof against him. It was an important factor in obtaining the conviction.

Attorney General Baker at the time of the trial was district attorney of Nye county and prosecuted the case, obtaining the conviction with the death penalty.

Mangana was confined in the condemned cell for eighteen months, until he was given freedom of a fenced enclosure in the prison yard about a month ago.

With the commuting of the sentence of Mangana, Warden Brother Ray of the prison has abolished the condemned cells entirely. The present inmates of this section, Casey of Goldfield and Urin of Humboldt, will be quartered with the other prisoners in the general prison. The board of prison commissioners sanctioned this recommendation of Brother Ray.

FINE PROGRAM AT IDORA THEATER FOR TONIGHT

CROWDS HAVE PACKED THE POPULAR HOUSE ALL THE WEEK.

The Idora theater has been playing to crowded houses and last night was no exception. The pictures shown at this house are of the highest class and are practically flickerless, and the vaudeville teams booked have often cause the comment that "I don't see how they can bring such talent to town and only charge a ten cent admission."

The orchestra under the capable direction of Professor Voss has played its way into favor with the theatre goers of this town and their selections are greatly appreciated.

For tonight there will be an unusually fine program of pictures and vaudeville and if you spend an hour at this show house you will go away feeling well repaid for your trouble.

On next Friday night there will be a long list of clever amateurs and cash prizes of \$5, \$2, and \$1 are to be offered.

Don't miss Friday night as there will be the usual good program beside the work of the amateurs which never fails to please an audience.

At tonight's show the Dunbars will be seen in an entire change and their acting is of a class that advertises itself.

TAFT IS PLANNING WESTERN JOURNEY

PRESIDENT MAY VISIT PACIFIC COAST THIS FALL; UTAH DATE CERTAIN.

WASHINGTON, May 31.—As having a probable bearing on his nomination in 1912, President Taft's plans for the coming fall are attracting unusual attention. The president told Senator Smoot of Utah that he expected to accept an invitation to visit Salt Lake in September, when the annual state reception to old home folks is being held there.

The White House travel book already shows engagements which carry the president into Kansas and from there to Utah. Although no engagements for stops in Nebraska or Colorado have yet been made, it is likely that they will be. The trip may take the president as far as the Pacific coast.

VIENNA MINING MAN VISITS MANHATTAN

JACOBY COMPANY MAKES BIG HIT AT THE BUTLER

One of the very best attractions that ever came to Tonopah are Mr. and Mrs. Jacoby, at the Butler theater this week. They introduce one of the best musical acts ever heard. The violin playing of Mrs. Jacoby is very fine, she having to respond to many encores at each performance. They have a refined and up-to-date repertoire of music, playing bell solos, cello and violin solos, moranzophone and piano solos. The piano being used on the stage this week is one of Stelway's best manufacture, belonging to one of Tonopah's popular matrons, who has kindly loaned it to the management of the Butler. This popular team will be heard in an entire change of music each evening during the present week. The pictures for tonight are as follows: "In the Baggage Coach Ahead," (Edison); "Broncho Billy's Redemption," (Essanay), and "The Warrant for Red Rube," (a Mollie western).

ZICKOVICH ADJUDGED INSANE BY BOARD

Louis Zickovich was adjudged insane this morning. The examination was conducted before Clerk Robert Pohl in the absence of the district judge, and the physician examining was Dr. Grigsby. Zickovich was arrested for disturbing the peace and at first it was thought that it was an over-indulgence in booze, but he seems to be a hopeless case of insanity and is giving the court house people quite a little bother by his ravings.

BEGIN WORK DOUBLE TRACKING THE S. P.

Assistant Engineer J. L. Whittenmyer of San Francisco and a force of 25 men have arrived in Ogden to take charge of the double-tracking of the Southern Pacific line between Montello and Lucin, the survey work on which was started early this week that actual construction may be commenced within a week. Mr. Whittenmyer will work under the supervision of Chief Engineer William Hood, who passed through Ogden last week for points along the Southern Pacific road.

Mr. Whittenmyer stated that at least 600 men will be employed as soon as the work is well under way and added that it would take at least two months, and perhaps the greater part of the summer to complete the job. There are several bridges to be built which will require the services of skilled mechanics.

He also stated that the double-tracking between Ogden and Little Mountain had not been assigned to anyone as yet, as far as he had any definite knowledge, although there might be a possibility of his being placed in charge of that job as well. The matter will be determined by Chief Engineer Hood. Most of the material is on the ground and additions are arriving daily.

FREEDOM IS OFFERED FOR CONFESSIONS

DE VILLIERS CAN GET RELEASE IF HE DIVULGES NAMES OF CONSPIRATORS.

EL PASO, Tex., May 31.—Daniel De Villiers, the Boer, who is being held here on a charge of conspiracy to kill Francisco I. Madero, Jr., may go free, provided he confesses the names of those Mexicans implicated in the alleged plot. This was the declaration of General Villjoen, his Boer countryman and Madero's military adviser, who last night filed the complaint against De Villiers.

"We have no doubt about the guilt of De Villiers, and also Dunn, who was arrested in Monterey," said General Villjoen, "but we know these two men personally were not interested in the plan to hurt Madero. What we are after is the names of those who have been furnishing the money and plotting to kill Madero."

General Villjoen last night received a telegram from Detective William Smith, who arrested W. L. Dunn at Monterey, Mexico, stating that many papers were found on Dunn "showing that Adolfo Garza Galan, of the bank of Coahuila, in Ciudad Porfirio Diaz and others have been putting up the money to start trouble."

Adolfo Garza Galan, is a brother of Andres Garza Galan, whom Madero claims was at the bottom of a plot hatched against him at San Antonio, Tex., recently but which was not prosecuted.

STATEMENT IN REGARD TO DEATH OF ALFRED ANDERSON

The Bonanza is in receipt of a statement from Luning in which the testimony of Lee Gorman is given in regard to the death of Alfred Anderson. At the time of the accident this paper stated that Anderson went into the tunnel at the request of Superintendent Dillabough. Coroner Atkinson corroborates the statement as practically the same as taken at the inquest. The statement follows:

Luning, Nev., May 28, 1911.
Statement as to how Alfred Anderson came to his death: Lee Gorman being duly sworn, deposes and says he was the man that was with Alfred Anderson when he met his death. That on the 16th of May, 1911, at about 4:30 p. m., Dillabough, in charge of the Wagner Azurite Copper company, situated near Atwood, Nye county, Nevada, came into the bunk house and said he was going up to the tunnel. R. F. Spier, the machine runner, said he would go up along with him. They started for the tunnel. That is all I seen of Dillabough that night. But after awhile R. F. Spier came back into the bunk house, Dillabough having gone to his bed. R. F. Spier gave Anderson, whose occupation was a teamster for the Wagner Azurite Copper company, 50 cents to go up and shoot three or four holes that had not broken bottom. Anderson got the 50 cents and Spier went to bed. I did not want to see Anderson go up alone, so I went with him, and we took in the powder, fuse and caps. From a small cresscut quite a ways back from the face, I cut the powder and Anderson loaded the holes, and when Anderson had three holes loaded and was loading the fourth, he fell

BASEBALL GAME FOR NEX SUNDAY IS A CERTAINTY

THE GAME OF LAST SUNDAY TO BE PLAYED OFF—HOT CONTEST PROMISED

The people of Tonopah will have a chance next Sunday afternoon to witness one of the bitterest contested games of baseball ever played between two home teams. The married and single men will line up on the Volunteer diamond to decide which team will be in bad with the fairer sex.

These two teams played a tie game last Sunday afternoon and both teams claim they did not get a fair deal.

Manager Dugan says that he is going to see that each side gets a fair deal Sunday if he has to send to Reno for an umpire.

Prout will be in the pitcher's box for the single men, while Spencer, the pride of Texas, will do the honors for the unhappy team.

An admission of 50 cents will be charged that a fund may be raised to start the ball season off, and the manager states that he will guarantee the public will get the worth of their money.

Some of the star ball players who will be seen in action are: Single men—Willett, Prout, Osgood, McDonald Hattan, Emmesager, Quilley, Griffen and Woods. Married men—Spencer, Malley, Brooks, Hunter, Booth, Perry, Peek, Miller and Morris.

REYES AND MADERO TO BE RECONCILED

JUAREZ, May 31.—General Bernardo Reyes and Madero may soon reconcile their political differences. This is to be the object of a meeting between them in Mexico City next week, arranged by Heriberto Barron Reyes, envoy from Havana, Cuba.

Reyes has no presidential aspirations, it was explained by Barron and he brought a letter from Gen. Reyes to support his argument. Madero replied that if Reyes came back to Mexico in favor of the new regime and willing to help in the upbuilding of the country, he will be well received.

OLD-TIME EDITOR DEAD.

ST. JOSEPH, Mo., May 27.—George Rees, who edited the St. Joseph Gazette at the beginning of the civil war, died here yesterday, aged 78 years. He published the Constitution at Keokuk, Iowa, before the war, where the late Samuel L. Clemens (Mark Twain) was a printer. Rees publish Clemens' first efforts in literature, a series of letters written from adjacent Iowa towns.

over. I tried to help him out, and when I saw I could not, I started out to the portal of the tunnel for a car, and when I was about 100 feet from the face I fell unconscious, where I was found next morning about 6:20 a. m., May 17, 1911. And when Alfred Anderson was taken out he was dead. All this was unknown to Dillabough, as he did not know about our going up to the tunnel. As neither one of us worked in the tunnel and had no orders to go to the tunnel from Dillabough and had no business going, and as Dillabough absolutely knew nothing about our going up, he is not to blame in any shape or form.
