WM. GARDELLA HAS HIS SKULL FRACTURED

FALLS THIRTY FEET WHILE AT WORK IN THE LIBERTY MILL.

William Gardella was brought in from the Liberty mine Saturday evening in an unconscious condition, suffering from a fractured skull, which he sustained from a fall. Mr. Gardella is an employe of the mill, and while at work overhead, lost his balance and fell about thirty feet. In falling he struck a two-by-four scantling and broke it in two. It is claimed that if it hadn't been for the scantling Mr. Gardella would have been instantly killed, as his head struck an iron pipe, but the scantling slackened the force with which he would have otherwise struck.

Dr. Grigsby brought the injured man to the Miners' hospital in one of the Consolidated autos and reports from there say that he has regained consciousness, and is doing nicely. Mr. Gardella was married only a short time ago in Goldfield.

SETTLERS ARE THROWN IN THE COUNTY JAIL

SOME NEVADA JUSTICE AS WAS HANDLED OUT BY OUR TRIBUNAL.

F. H. Wilson and I. G. Gregg were brought into Tonopah last Saturday evening and lodged in the county jail on contempt of judgment brought against them by Key Pittman. The case involves some land that Mr. Wilson and Mr. Gregg settled on in the Smoky valley and over which Key Pittman and his wife, claimants, have filed on under the desert land act. Key Pittman obtained an injunction restraining them from the ground and the men continued to live upon the same. Last Thursday Mr. Pittman brings Judge Somers over from Goldfield in a machine, gets the contempt of judgment against Wilson and Gregg, sends the judge back the same night and has the sheriff serve the warrant on the men and bring them in and lodge them in jail here to await a hearing. The men are poor and without the necessary means to see that they get a square deal, and they settled on the land in good faith. The Bonanza will have more to say in regard to the case tomorrow. The case comes up at 10 o'clock before Judge Taber.

TONOPAH BOYS DEFEATED ON GOLDFIELD DIAMOND

Southerners Pile Up Eight Runs to One Lonely Tally By Invaders--About Eighty People Made the Trip

Tonopah 1
Goldfield 8

"We have met the enemy and we are theirs!" Yesterday about eighty people, including the ball players, made the trip to Goldfield to show the fans of that city what we would do to them on their own grounds. But we didn't do it! The above score tells the woeful tale and tells it painfully. The day was excellent and over five hundred paid admissions were taken at the gate, and some say that the big crowd gave the Tonopah boys the stage fright and caused them to drop and kick and do everything with the ball but what was right.

The special arrived in Goldfield a little after 12 o'clock and the invaders went to the Goldfield hotel for lunch and then to the ball grounds, where the game was called by Umpire Callahan, and we might say here that Mike is a good fellow and wants to do what is right, but his decisions on balls and strikes are simply "rotten."

Goldfield made three runs in the first inning, three in the fourth, one in the fifth and one in the eighth. The one lonely tally made by the Tonopah team was in the ninth inning, when Peck crossed the plate on a hit by Hunter.

Prout pitched his usual good game but received most miserable support from the players behind him. The Tonopah twirler struck out ten men and assisted in four put-outs, and a number of hits were credited to the Goldfielders off Prout that had ought to have been fielded by the Tonopah boys, but they all seemed to be in the air.

DAWSON CITY IS IN DIRE TROUBLE

SMALLPOX BREAKS OUT AND GOVERNOR OF ALASKA ASKS FOR ASSISTANCE.

WASHINGTON, June 26.—Governor Clark of Alaska has appealed for federal aid to prevent the epidemic of smallpox in Dawson City from spreading south into American territory.

Officers of the public service in Alaska have been instructed immediately to establish quarantine at Eagle City and Skagway. The outbreak is regarded as serious at this time of the year, when prospectors are coming south from Yukon territory into Alaska at the rate of 300 a week.

SMALL CROPS FOR STATE OF ILLINOIS

SPRINGFIELD, Ill., June 26.—Regardless of the fact that there was a heavy rain throughout Illinois yesterday from Aurora to Cairo, the harvest, taking the state as a whole, will be the poorest this year than for many years, according to a statement made by Secretary H. A. McKeen, of the state farmers' institution.

ROCOVINI IMPROVING.

Joseph Rocovini, the Slavonian who was carved up in an artistic manner a few nights ago, is reported to be progressing nicely and it looks as if he would pull through. At the time of the cutting it was thought that he did not have a chance.

One thing noticeable in Goldfield is the loyalty shown by the people of the gold camp in boosting and supporting their team. The Consolidated Mines company is encouraging the team by helping in any way they can, and yesterday the auto of that company escorted the gatekeepers and their luggage to the park, and during the rest of the day the machine was at the service of the boys. Goldfield has good grounds, completely enclosed, and a wire netting on the inside keeps the crowd from getting on the diamond.

In the evening a dance was given in the lobby of the hotel and was greatly enjoyed by those who participated. At this affair the lady friends of the Goldfield Baseball club stole the ribbons of Manager Dugan's hat and they say they are going to carry them on a banner when they visit Tonopah next Sunday to play the third game of the series of seven. The train left Goldfield a little after 10 p. m. and arrived in Tonopah shortly after 11 o'clock.

Quite a bit of complaint was made by the local bunch on bus charges, as it was advertised that this service would be 25 cents, but many had to pay 50 cents to and from the park, and also to the depot. The line-up was as follows:

Tonopah	Position	Goldfield
Prout	Hopkins
		Pitcher
Dorroh	Lamer
		Catcher
Osgood	Albright
		First base
Hatton	Barr
		Second base
Perry	Crosby
		Third base
Hunter	Relley
		Shortstop
Peck	Prosser
		Left field
Quillier	Grayson
		Centerfield
Morris, Spencer	Mann
		Right field

ROTHOLTZ BROS. NOW IN NEW QUARTERS

Rotholtz brothers have been busy since moving day, about the first of the present month, in arranging and placing their large line of goods and are just getting straightened out in good shape.

The store carries one of the largest assortment of high-class cigars, cigarettes and tobaccos in one department, and another section of the capacious room is for candies, and a nicer and fresher stock is not to be found anywhere. The stationer department is also complete and anything desired in this line can be found.

Only reliable advertisers thrive. The public realizes on their risk.

PROSPECTOR GIVES OFFICERS THE LAUGH

WINNEMUCCA, Nev., June 26.—Death Valley Scotty, who gained fame throughout the United States by his lavish manner in spending money and the mysterious manner in which he secured his finances, as held up on the desert near here Saturday by officers, along with two well-known mining men, on a search warrant which charged Scotty with having high-grade ore in his possession. Following a search which failed to reveal any contraband ore with the exception of a specimen pocket piece, he and his party were allowed to proceed.

The hold-up was made by Clarence Sage, chief detective for the Goldfield Consolidated, and Deputy Sheriffs Moore and Nofsinger. With Scotty, when confronted by the officers, were J. L. Reynolds, a prominent mining man of Pasadena, Cal., and D. W. Kennedy of Reno.

Scotty and his associates were returning to Winnemucca from National in a machine hired from Charles Haefner. The officers received word that the automobile contained a large quantity of National high-grade ore that had been stolen, and securing arms, the posse set out to apprehend the alleged high-graders before they could reach Winnemucca.

They met Scotty about seven miles from town, and after placing the members of the party under restraint a search warrant was produced and the car searched. No high-grade was found and then the individuals were forced to submit to being searched.

Scotty submitted calmly and as search proceeded gave the officers the horse laugh. The only fruits of the investigation was that a pocketpiece, a small specimen of high-grade ore, was found on the person of one of the mining men.

As soon as Scotty reached Winnemucca he told the story of the heroic effort to place him within the category of the high-graders and laughed at the troubles of the posse.

The action on the part of Detective Sage and the deputy sheriffs is but a small part of an aggressive campaign that has been carried on against the high-graders of National. A large quantity of valuable ore has been stolen since the camp came into existence and every effort is being made to stamp out the practice of high-grading.

It was reported in Winnemucca that Scotty, with a pack of burros loaded with high-grade, was coming across the Buckskin range and would travel down the little Humboldt over the Snowstorm range and strike out into the open in the neighborhood of Beowawe. Investigation proved that he was just taking a trip to show the mining men some property he owned between Winnemucca and National.
