

PIONEER OF THIS CAMP HAS BEEN CALLED TO REST

This morning at 2:30 o'clock death claimed another of our esteemed citizens, who had been a sufferer from that dreaded plague, miner's consumption, in the person of William V. Ryan. A few days ago he was taken to the Miners' hospital hoping the medical attention given at that institution might prolong life, but of no avail.

Mr. Ryan came to Tonopah about ten years ago, in fact, was one of the pioneers, and by his energy and toil, helped make history for this city. He was a man liked by his many acquaintances and friends and for his square dealings with all. About six years ago he was married in Reno and two children, a boy, and a girl, are the fruit of the union. Besides his wife and children, who were at his bedside when he passed to the Great Beyond, he leaves to mourn his demise two sisters and three brothers residing in Nebraska.

The funeral, under the auspices of Tonopah Miners' union, will be held from the undertaking parlors of Wonacott & Hall tomorrow afternoon at 4:30 o'clock.

At dawn yesterday hundreds of men, still wearing their uniforms, came marching in every direction towards the hall.

"Practically all the men were at the meeting this morning," said one of the men. "Only about 50 were absent. There was not a dissenting vote on the strike proposition."

POTASH LANDS WILL BE SCENE OF DRILL OPERATIONS

The Railroad Valley Saline company, recently organized by local people who are interested in the locations of supposed potash lands, in Railroad valley, about 125 miles east of Tonopah, have just issued a prospectus on "POTASH" which gives a mass of interesting information, showing the likelihood of the existence of commercial deposits of potash salts in some of the dried up prehistoric lake-beds of Nevada.

It is generally understood that officials of this company went to great effort and expense to secure authentic information, and that the notes of this prospectus were examined and approved by the experts of the United States geological survey.

The United States geological survey is about to drill for potash near Fallon, Nevada, in one of the dried-up basins of prehistoric Lake Lahontan. The conditions in Railroad Valley are supposed equally favorable for potash deposits at depth. Within the past few days 80 claims, located on the old lake-bed there, have been filed with the county recorder of Nye county, and many will follow.

It is the intention of the Railroad Valley Saline company to drill several holes, after the government completes a hole or two near Fallon. This is pioneer work, and very little is known as to proper equipment and method for drilling these old lake-beds, or what difficulties may be met.

SERVICES HELD OVER REMAINS OF DR. BERRY

Past Exalted Ruler P. E. Keeler officiated for the Elks' lodge of Tonopah, of which the deceased was a member and the beautiful funeral service of the order was heard for the first time in Tonopah. Dr. Berry, to the sorrow of the lodge, being the first member called upon to meet the Great Exalted Ruler of the Universe. After the Elks' services were concluded, Mrs. R. T. Harris, accompanied by Mrs. William Hunter, sang the "Rosary," the doctor's favorite song. Rev. H. L. Burnham, of the Presbyterian church rendered a tribute of prayer for the deceased. At the conclusion of the services a long line of brother Elks and citizens preceded the hearse with the remains to the depot, where they were shipped to Sacramento and will be buried alongside of the mother of Dr. Berry.

Many were the eyes moistened with tears of sorrow during the services for our departed brother and citizen, gone from us forever, but his memory will live on until we too shall be called upon to solve the great problem of death.

The pallbearers, all long life friends and brother Elks, were: Robert Christian, Ross Condon, J. J. McQuillan, D. J. Robb, W. T. Cuddy and H. E. Epstein.

The sympathy of the community is extended to Mrs. W. L. Berry, the aged father who accompanied the remains, and the brother and sister in Sacramento in their hour of sorrow.
