JURY HAS BEEN SECURED TO TRY GRAHAM RICE

Government's Case Is Outlined—Claims That Fraud Extended All Over the United States— "Plaid Up" Rawhide Coalition.

NEW YORK, Oct. 27.—A jury for the trial of Jacob Herz, otherwise known as George Graham Rice, and associated in the brokerage firm of Scheftels & Company, was completed in the United States circuit court yesterday.

Goldwaite H. Door, for the government, outlined the case.

The alleged fraud, he said, extended all over the country and he compared the offense charged with the crime for which officers

of the United Wireless company were sent to prison.

The prosecutor declared that the Scheftels company took over the business of the Nat. C. Goodwin company when that corporation ceased to exist in 1909, and that false representations made by the Nat. C. Goodwin company were continued by the Scheftels.

They especially "plaid up" the Rawhide Coalition mines stock, inherited from the Goodwin Mines company.

HUNT OF GLOBE NOMINATED FOR GOVERNOR OF ARIZONA

PHOENIX, Ariz., Oct. 27.—Although the counting of ballots yesterday was slow all over the territory, owing to the length of the ballots, returns late last night indicate the selection of George W. P. Hunt, of Globe, chairman of the late constitutional convention, as democratic candidate for governor. Hunt will be opposed at the election on December 12 by Edward W. Wells, of Prescott, the republican nominee.

The count so far shows Hunt to be more than one thousand votes in the lead of his opponents. The remaining precincts to be heard from are mostly small, and are not expected materially to change the result.

PRESIDENT TAFT IN THE STATE OF WISCONSIN

GREEN BAY, Wis., Oct. 27.—Of this, his forty-second day out of Washington, President Taft in fact entered "the enemy's country"—Wisconsin, the home of Senator La Follette, who is to be his opponent for the republican presidential nomination in 1912.

Mr. Taft had been looking forward to his experiences in Wisconsin with a great deal of interest. Apart from the fact that he was to spend the day in the state where Senator La Follette holds sway, there was the Fond Du Lac incident, with the withdrawal and reissued invitation to attract attention and to excite interest in the events of the day.

NOTHING NEW IN THE STRIKE SITUATION YET

RENO, Nev., Oct. 27.—The strike at Sparks is practically unchanged. A number of the strikebreakers evidently came simply because they had their transportation paid from the east and quiet even before going to work, or after a few days' employment which gave them a grub stake.

But a majority of the strikebreakers are still on the job and to an outsider it would appear that no strike was in progress.

The company officials claim that the equipment is in excellent shape and that no delays have yet been caused owing to run-down or unscientifically repaired rolling stock.

Information given out by the strikers is of a different tone, but there is nothing specific to be published. The strikers, however, claim that they are holding their own and even gaining ground.

It is noticeable, however, that a number of the men who were formerly employed in the machine shops, have left Sparks, evidently anticipating that they would not again enter into the service of the

NO POISON WAS FOUND BURIED WITH GIRL'S BODY

BOSTON PASTOR'S FATHER SEES HIS SON IN JAIL; VICTIM BURIED AGAIN.

BOSTON, Oct. 27.—Col. Thomas Varland Richeson of Amherst, Va., visited in jail yesterday his youngest son, the Rev. Clarence V. T. Richeson, who is accused of the murder of Avis Linnell, his sometime fiancée.

Since the young man left his Virginia home seven years ago to enter the Baptist ministry, his father has not seen him until yesterday, and the meeting was dramatic in the extreme. In the first words of greeting, the clergyman said: "Father, I am innocent."

The veteran confederate soldier, who has all along expressed belief in his son's innocence, was visibly affected. He grasped the bars for support, while he answered only: "My boy! my boy!"

The exhumation of the body of Miss Linnell precipitated the first court clash between attorneys for the prosecution and the defense. It was the government which scored, for Judge Murray, in municipal court yesterday, ruled against the petition of Attorney Philip R. Dunbar that the defense be present at a second autopsy.

The body was subjected to an examination by Medical Examiner Timothy Leary early yesterday, following which District Attorney Pelletier issued a statement declaring that no poison receptacle was found buried with the body. He also suggested the possibility that another poison as well as cyanide of potassium may have been used.

At the close of the medical examination, the coffin was forwarded to Hyannis and reburied.

The grand jury will consider the government's evidence at a special session tomorrow.

A FINANCIAL SUCCESS.

The card party given by the Yeoman lodge at Bartlett hall last Friday evening was a decided success, both socially and financially. The neat sum of \$50 was cleared above all expenses and will be added to the exchequer of this promising young order.

ANOTHER HEIRESS REPORTED MISSING IN NEW YORK CITY

WALKED OUT OF HOTEL TO BUY MAGAZINE AND HAS NOT BEEN SEEN SINCE.

NEW YORK, Oct. 27.—In circumstances almost paralleling those in which Miss Dorothy Arnold was lost to her relatives a year ago, Miss Consuelo Fajardo, 19 years old, a Porto Rican heiress, has been missing from the Hotel Felix-Portland here since October 18, when she walked out, telling persons whom she met that she was going to buy a magazine.

Despite the inability of the police to obtain trace of the girl, her father, a wealthy sugar magnate, believes that she is still in the city and that she went away because of his objection to her friendship with a member of the diplomatic corps in Santo Domingo. So far as can be learned, however, she has not seen nor communicated with the man she desired to marry.

The police have been quietly searching for the girl for a week, but have obtained no clue to her whereabouts.

HER NAME HAS BEEN CHANGED

TERRE HAUTE, Ind., Oct. 27.—"I am glad of the opportunity to have my name changed," said Miss Katherine Ottorordemgentchenfeldts, 23 years old, yesterday, as she handed the papers which made her privileged to change the burdensome appellation. She will be married to Louis Kalen, a farmer

RAILROAD RATE HEARING COMES TO A CLOSE

RAILROAD REPRESENTATIVES APPEAR IN CARSON PROTEST- ING CHARGES.

CARSON CITY, Nev., Oct. 27.—Officials of the Southern Pacific and the Western Pacific companies appeared before the Nevada railroad commission yesterday and made a showing why the passenger rates between Nevada points should not be reduced. After hearing the presentation, the commissioners took the matter under further advisement and will make further researches. A decision and order prescribing reasonable rates according to the best judgment of the commission will follow in a few weeks.

Attorney Squires counsel for the Southern Pacific, represented that company, and Charles S. Fee, passenger traffic manager, also was present and made a statement.

W. P. Mathews, counsel for the Western Pacific, also appeared on behalf of that road, in company with General Passenger Agent Herr. The Western Pacific is intervening in the matter because any rate established for the Southern Pacific would affect through competition rates of the Western Pacific.

The evidence presented before the commission was confined to a statement of costs of transportation and maintenance, the volume of passenger traffic within the state and the influence of competition.

The railroad commission, three years ago, made an inquiry along these lines and made an order which was complied with. Orders affecting freight rates within the state have also been made, so it is expected the order made by the commission in this instance obeyed without further contest.

BAILEY INSISTS HE WILL WITHDRAW AT END OF TERM

WASHINGTON, Oct. 27.—Emphatically denying that he had changed his mind about retiring to private life, Senator Joseph Bailey, of Texas, reiterated his statements yesterday that he would leave the senate at the expiration of his present term, in 1913.

GREAT PITCHER'S CONDITION SAID TO BE QUITE SERIOUS

PHILADELPHIA TWIRLER HURT IN THE SIXTH INNING YESTERDAY.

PHILADELPHIA, Oct. 27.—Jack Coombs, the brilliant Athletic pitcher, is in bed at his home here with serious internal injuries received in the sixth inning of Wednesday's game at New York, when he wrenched his intestines. Yesterday his condition was much worse and his physician called in two other doctors. They succeeded in reducing the injury and say no operation will be necessary. Coombs, however, will be in bed for a week. He will be able to pitch again next season, the doctors say.

When seen in bed Coombs said that in the sixth inning his cleats caught in the hole in the pitcher's box and when he delivered the ball he felt a terrific jar. The pain was intense, especially on the right side, but he kept on pitching. In the ninth inning he had to quit. Rupture of the intestines is what killed Mike Powers, catcher for the Athletics, several years ago.

ARMY MEN MAKE LONG FLIGHT IN AN AIRSHIP

FORT MONROE, W. Va., Oct. 27.—After a flight of 138 miles down the coast from Annapolis in a hydro-aeroplane, Lieutenants Gordon Ellison and John G. Towers, United States navy, landed late yesterday afternoon at Buckhoe Beach, Va., three miles from here. They were suffering from cold and hurried to shelter.

COMMANDER OF CHINESE FORCES HAS BEEN KILLED

Rumored That the Emperor and Family May Come to the United States for Protection —American Legation Asks for More Ships

SHANGHAI, China, Oct. 27.—A Chinese newspaper, in an extra edition yesterday, announced that the minister of war, General Yin Tehang, commanding the imperial forces, has been assassinated by his own troops.

The paper also states that Canton has been seized by revolutionists. Great bloodshed is reported there.

The rebels are throwing up entrenchments at Kiu Kiang.

Wu, Wu, Nanking and Foochow expect that the rebels will take over their local government soon.

The entire province of Sze Chuen is practically controlled by the rebels.

Manchu officials, high and low, some wearing disguises, are coming into Shanghai from every quarter of the troubled section. All try to find refuge in the foreign concessions.

Native newspapers which are widely circulated south of the Yang Tse Kiang announce positively that the emperor and his family are prepared to start for Mukden, Manchuria, where protection has been guaranteed them by the Japanese. Later, it is stated, the imperial ones will be conducted to the United States. The open and widespread circulation of such statements as the above without interference from the authorities, is considered insignificant in view of the restraint which the press has subjected heretofore.

MORE TROUBLE OVERTAKES GREAT STEEL CORPORATION

TRENTON, N. J., Oct. 27.—The papers asking for the dissolution of the United States Steel corporation were filed in the office of the United States circuit court here yesterday afternoon.

An order signed by Judge Lansing was also filed authorizing the issuance of subpoenas for many prominent men in the financial world. Among those who will be subpoenaed to testify in the suit are Judge Gary, of the United States Steel corporation; John D. Rockefeller, J. P. Morgan, John D. Rockefeller, Jr., John F. Parsons and Charles M. Schwab.

The petition asking for the dissolution of the steel corporation was brought from Washington to Trenton by United States District Attorney Colton.

Before leaving for Chicago yesterday afternoon Judge J. M. Dickinson spoke briefly of the suit filed at Trenton, N. J., against the United States Steel corporation, when asked for a statement:

"The suit," he said, "asks the dissolution of the United States Steel corporation and its constituent companies which monopolizes a part of commerce. It asks the cancellation of the Hill leases and asks separation from the Tennessee Coal and Iron company."

Judge Dickinson said he had been at work on the case about two months. Associated with him were the attorney general, the solicitor general and the district attorney at Trenton.

GOODWIN AND EDNA INDULGE PERSONALITIES

LOS ANGELES, Oct. 27.—In the final preliminary to the legal clash between Nat Goodwin and Edna Goodrich, the latest stage star to divorce him, briefs brimful of sizzling personalities were filed yesterday by both sides. Goodwin admits that the marriage pact entered into with Edna may have been breach of propriety, but charges that the actress made him the innocent victim of a villainous fraud.

Miss Goodrich, through her attorney, secures the idea that it was possible for a man of the actor's "rich and varied matrimonial experiences" to be victimized in that line. Goodwin makes Mayor Dudley of Santa Monica a nominal defendant with Miss Goodrich, because he has served as trustee in acting as keeper of the property-pool assets.

GIVES UP LEASE.

NEW YORK, Oct. 27.—At a meeting yesterday the directors of the United States Steel corporation decided to cancel the corporation's lease on the Great Northern cre-

A native paper published a wireless dispatch from Hankow timed 2 o'clock yesterday afternoon, stating that all was quiet there.

Chinese Troops Mutiny.

PEKIN, China, Oct. 27.—The Chinese newspapers report that the troops at Chang-Tu, the capital of Sze Chuen province, have mutinied and killed General Chao Erh-Feng, commander of the imperial forces, and joined the rebels, who now hold the capital.

The legations have received no news officially from Sze Chuen province for the last ten days. They ordinarily discredit the reports published in the Chinese newspapers, but consider the statement that Cheng-Tu has fallen and the imperial commander has been assassinated as not improbable.

The American legation is asking that more warships be sent to Chinese waters, as the present number is not sufficient to cover all the ports which are in danger. No American vessel is now available at Chang Sha, where there are 29 Americans.

An official communication states that Gen. Yin Tehang telegraphed the government from Suokan yesterday that the imperial troops had advanced to Shokou and he was following them. The general added that the army had engaged in several skirmishes with the rebels, but no battle would take place until the imperial army was fully consolidated in its position.

IS ACCIDENTALLY SHOT BY BROTHER

SIX-YEAR-OLD LAD OPERATED UPON AT RENO SISTER'S HOSPITAL.

RENO, Oct. 27.—While shooting at a target at Hawthorne late Tuesday afternoon, Edward Hitchens, was accidentally shot through the stomach by his 8-year-old brother. The lads were shooting with a 22-caliber rifle at the time and the youngest boy was arranging the target, while his brother held the rifle. In some manner the weapon was accidentally discharged and the bullet entered the right side of the 6-year-old boy, penetrating the lung, liver and stomach and emerged on the left side.

The injured youth was brought to Reno, accompanied by his mother, and taken to the Sisters' hospital, where an operation was performed. The boy is in a very critical condition, owing to the serious nature of the wounds and constant medical attendance is necessary.

Mrs. King, wife of Editor King of the Carson Weekly, departed on this morning's north-bound train.
